A1997-69

Republication No 38

Effective: 24 August 2022 – 9 September 2022

Republication date: 24 August 2022

Last amendment made by [A2022-14](#)

## About this republication

### The republished law

This is a republication of the *Public Health Act 1997* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 24 August 2022. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 24 August 2022.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

### Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at [www.legislation.act.gov.au](http://www.legislation.act.gov.au)):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

### Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication does not include amendments made under part 11.3 (see endnote 1).

### Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register ([www.legislation.act.gov.au](http://www.legislation.act.gov.au)). For more information, see the home page for this law on the register.

### Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

### Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see *Legislation Act 2001*, s 133).

---

An Act relating to public health, and for related purposes

---

## Part 1 Preliminary

### 1 Name of Act

This Act is the *Public Health Act 1997*.

### 2 Dictionary

The dictionary at the end of this Act is part of this Act.

*Note 1* The dictionary at the end of this Act defines certain words and expressions used in this Act, and includes references (*signpost definitions*) to other words and expressions defined elsewhere in this Act. For example, the signpost definition ‘*notified suspension or cancellation*, of registration—see section 56P (1).’ means that the expression ‘notified suspension or cancellation’ is defined in section 56P (1).

*Note 2* A definition in the dictionary applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

### 3 Notes

A note included in this Act is explanatory and is not part of this Act.

*Note* See [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

#### **4 Objectives**

This Act must be construed and administered in accordance with the following objectives:

- (e) the avoidance of any undue infringement of individual liberty and privacy in the exercise of functions under this Act.

#### **6 Construction consistent with certain other laws**

- (1) This Act must be construed and administered in a way that is consistent with a health law or an environment law unless the contrary intention appears from this Act or that law.
- (2) This Act must be taken to be consistent with a health law or an environment law to the extent that it is capable of operating concurrently with that law.

- (3) Without limiting subsection (2)—

  - (b) a function under this Act may be exercised independently of, in conjunction with, or instead of, a function under the *Food Act 2001*.

**Examples of s (3)**

- 1 The issue of an abatement notice under this Act in relation to unfit food premises instead of an improvement notice under the *Food Act 2001*.
- 2 For food handled by a person with a highly contagious serious disease, a public health emergency could be declared under this Act and directions given to isolate affected people and require them to undergo a medical examination and the food could be recalled under the *Food Act 2001*, pt 4 (Emergency powers).

- (4) In this section:

***environment law*** means a law of the Territory that has as 1 of its objects or purposes the protection of the environment.

***health law*** means—

- (a) a law of the Territory that has as 1 of its objects or purposes the protection of public health; or
- (b) the *Food Act 2001*; or
