About this republication

The republished law

This is a republication of the *Planning and Development Act 2007* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 31 March 2008. It also includes any amendment, repeal or expiry affecting the republished law to 31 March 2008.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced or is affected by an uncommenced amendment, the symbol **U** appears immediately before the provision heading. The text of the uncommenced provision or amendment appears only in the last endnote.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see *Legislation Act 2001*, section 95.

Penalties

The value of a penalty unit for an offence against this republished law at the republication date is—

- (a) if the person charged is an individual—\$100; or
- (b) if the person charged is a corporation—\$500.

Planning and Development Act 2007

An Act about planning and development in the ACT

Chapter 1 Preliminary

1 Name of Act

This Act is the *Planning and Development Act 2007*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition '*conservation requirement*—see the *Heritage Act 2004*, dictionary.' means that the term 'conservation requirement' is defined in that dictionary and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Chapter 2 Object and important concepts

6 Object of Act

The object of this Act is to provide a planning and land system that contributes to the orderly and sustainable development of the ACT—

- (a) consistent with the social, environmental and economic aspirations of the people of the ACT; and
- (b) in accordance with sound financial principles.

Note This Act, like all Territory Acts, has no effect to the extent that it is inconsistent with the national capital plan, but is taken to be consistent with the national capital plan to the extent that it can operate concurrently with it (see *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth), s 11 (1)).

7 Meaning of *development*

- (1) In this Act:

development, in relation to land, means the following:

- (a) building, altering or demolishing a building or structure on the land;
- (b) carrying out earthworks or other construction work on or under the land;
- (c) carrying out work that would affect the landscape of the land;
- (d) using the land, or a building or structure on the land;
- (e) subdividing or consolidating the land;
- (f) varying a lease relating to the land (other than a variation that reduces the rent payable to a nominal rent);

- (g) putting up, attaching or displaying a sign or advertising material otherwise than in accordance with a licence issued under this Act or permit under the *Roads and Public Places Act 1937*.

- (2) In this section:

consolidation—see section 234.

subdivision—

- (a) includes—

- (i) the surrender of 1 or more leases held by the same lessee, and the grant of new leases to the lessee to subdivide the parcels of land in the surrendered leases; and
 - (ii) the subdivision of land under the *Unit Titles Act 2001*; and
 - (iii) the subdivision of land in future urban areas; but

- (b) does not include subletting a sublease.

8 Meaning of *use*—Act

In this Act:

use land, or a building or structure on the land, means any of the following:

- (a) begin a new use of the land, building or structure;
- (b) continue a use of the land, building or structure;

Note Development approval is not required for continuing use lawfully commenced (see s 201 and s 204).

- (c) change a use of the land, building or structure, whether by adding a use, stopping a use and substituting another use or otherwise.

9 **Meaning of *sustainable development***

For this Act:

sustainable development means the effective integration of social, economic and environmental considerations in decision-making processes, achievable through implementation of the following principles:

- (a) the precautionary principle;
- (b) the inter-generational equity principle;
- (c) conservation of biological diversity and ecological integrity;
- (d) appropriate valuation and pricing of environmental resources.

the inter-generational equity principle means that the present generation should ensure that the health, diversity and productivity of the environment is maintained or enhanced for the benefit of future generations.

the precautionary principle means that, if there is a threat of serious or irreversible environmental damage, a lack of full scientific certainty should not be used as a reason for postponing measures to prevent environmental degradation.

Chapter 3 The planning and land authority and chief planning executive

Part 3.1 The planning and land authority

10 Establishment of authority

- (2) The planning and land authority—

 - (b) must have a seal.
- (3) The chief planning executive is the planning and land authority.

11 Territory bound by actions of authority

Anything done in the name of, or for, the planning and land authority by the chief planning executive in exercising a function of the authority is taken to have been done for, and binds, the Territory.

Part 3.2 Functions of planning and land authority

12 Authority functions

- (1) The planning and land authority has the following functions:
- (a) to prepare and administer the territory plan;
 - (b) to continually review the territory plan and propose amendments as necessary;
 - (c) to plan and regulate the development of land;
 - (d) to advise on planning and land policy, including the broad spatial planning framework for the ACT;
 - (e) to maintain the digital cadastral database under the *Districts Act 2002*;

- (m) to review its own decisions;
- (n) to provide opportunities for community consultation about, and participation in, planning decisions;
- (o) to promote public education and understanding of the planning process, including by providing easily accessible public information and documentation on planning and land use.

- (2) The planning and land authority may exercise any other function given to the authority under this Act, another territory law or a Commonwealth law.

Note A provision of a law that gives an entity (including a person) a function also gives the entity powers necessary and convenient to exercise the function (see Legislation Act, s 196 and dict, pt 1, def *entity*).

- (3) The planning and land authority must exercise its functions—
 - (a) in a way that, as far as practicable, gives effect to sustainable development; and
 - (b) taking into consideration the statement of planning intent.

Note 1 For the meaning of *sustainable development*, see s 9. The statement of planning intent is dealt with in s 16.

Note 2 The planning and land authority must not do anything inconsistent with the territory plan (see s 50) or the national capital plan (see *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth), s 11).

13 Authority to comply with directions

The planning and land authority must comply with any directions given to the authority under this Act or another territory law.

Note The Minister may give the planning and land authority directions under s 14, s 62, s 76, s 98, s 100, s 158, s 245 (2) and s 322.

Part 3.3 Operations of planning and land authority

14 Ministerial directions to authority

- (1) The Minister may give a written direction to the planning and land authority—
 - (a) about the general policies the authority must follow; or
 - (b) requiring the authority to revise the territory plan, or a provision of the plan, or review the plan.
- (2) Before giving a direction the Minister must—
 - (a) tell the planning and land authority about the proposed direction; and
 - (b) give the authority a reasonable opportunity to comment on the proposed direction; and
 - (c) consider any comment made by the authority.
- (3) The Minister must—
 - (a) present a copy of a direction to the Legislative Assembly not later than 6 sitting days after the day it is given to the planning and land authority; and
 - (b) if the copy would not be presented to the Legislative Assembly before the end of the period of 10 working days after the day the direction is given to the authority—give a copy to the members of the Assembly before the end of the 10-day period.
- (4) If subsection (3) is not complied with, the direction is taken to have been revoked at the end of the period when the copy of the direction should have been presented or, if the copy should also have been given to members of the Legislative Assembly, when the copy of the direction should have been given to the members.

- (5) A direction is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

15 Assembly may recommend directions to authority

- (1) The Legislative Assembly may, by resolution, recommend that the Minister give the planning and land authority a stated direction under section 14.
- (2) The Minister must consider the recommended direction and must either—
 - (a) direct the planning and land authority under section 14; or
 - (b) tell the Legislative Assembly that the Minister does not propose to direct the authority as recommended and explain why.
- (3) A direction mentioned in subsection (2) (a) may be in accordance with the Legislative Assembly's resolution or as changed by the Minister.

16 Statement of planning intent

- (1) The Minister may give the planning and land authority a written statement (the *statement of planning intent*) that sets out the main principles that are to govern planning and land development in the ACT.
- (2) The Minister must—
 - (a) present a copy of the statement of planning intent to the Legislative Assembly not later than 6 sitting days after the day it is given to the planning and land authority; and
 - (b) if the copy would not be presented to the Legislative Assembly before the end of the period of 10 working days after the day the statement is given to the authority—give a copy to the members of the Assembly before the end of the 10-day period.

- (3) To remove any doubt, the statement of planning intent does not authorise a person to whom section 50 (Effect of territory plan) applies to do anything inconsistent with the territory plan.

Example

The statement of planning intent may include policy material inconsistent with the territory plan, but the plan would have to be amended before the policy could be implemented.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

17 Provision of planning services to others—ministerial approval

The planning and land authority may provide planning services to somebody other than the Territory only with the Minister's written approval.

18 Reports by authority to Minister

- (1) The planning and land authority must give the Minister a report, or information about its operations, required by the Minister.
- (2) A report under this section must be prepared in the form (if any) that the Minister requires.
- (3) This section is in addition to any other provision about the giving of reports or information by the planning and land authority.

19 Authority's annual report

A report prepared by the planning and land authority under the *Annual Reports (Government Agencies) Act 2004* for a financial year must include—

- (a) a copy of any direction given to the authority under this Act or another territory law during the year; and

- (b) a statement by the authority about action taken during the year to give effect to any direction given (whether before or during the year).

Note **Financial year** has an extended meaning in the *Annual Reports (Government Agencies) Act 2004*, s 6.

20 Delegations by authority

- (1) The planning and land authority may delegate—
 - (a) the authority's functions under this Act or another territory law to a public servant who is an authority staff member; and
 - (b) the authority's functions under part 9.11 (Licences for unleased land) in relation to an area of land to the custodian of the land.
- (2) The planning and land authority may also delegate the function of granting leases on behalf of the Executive to the land agency.

Note For the making of delegations and the exercise of delegated functions, see the Legislation Act, pt 19.4.

Part 3.4 The chief planning executive

21 Appointment of chief planning executive

- (1) The Executive must appoint a person to be the Chief Planning Executive.

Note 1 For the making of appointments generally, see the Legislation Act, div 19.3.

Note 2 A power to appoint a person to a position includes power to appoint a person to act in the position (see Legislation Act, s 209).

- (2) However, the Executive must not appoint a person under subsection (1) unless satisfied that the person has the management and planning experience or expertise to exercise the functions of the chief planning executive.
- (3) An appointment must be for a term of not longer than 5 years.

Note A person may be reappointed to a position if the person is eligible to be appointed to the position (see Legislation Act, s 208 (1) (c)).

- (4) An appointment is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

22 Chief planning executive's employment conditions

24 Suspension or ending of chief planning executive's appointment

- (1) The Executive may suspend the chief planning executive from duty—
 - (a) for misbehaviour; or
 - (b) for physical or mental incapacity, if the incapacity affects the exercise of the chief planning executive's functions; or
 - (c) if the chief planning executive is convicted, or found guilty, in Australia of an offence punishable by imprisonment for at least 1 year; or
 - (d) if the chief planning executive is convicted, or found guilty, outside Australia of an offence that, if it had been committed in the ACT, would be punishable by imprisonment for at least 1 year.
- (2) The Minister must present to the Legislative Assembly a statement of the reasons for the suspension not later than the first sitting day after the day the chief planning executive is suspended.
- (3) If, not later than 6 sitting days after the day the statement is presented, the Legislative Assembly resolves to require the Executive to end the chief planning executive's appointment, the Executive must end the chief planning executive's appointment.
- (4) The chief planning executive's suspension ends—
 - (a) if the Minister does not comply with subsection (2)—at the end of the day the Minister should have presented to the Legislative Assembly the statement mentioned in that subsection; or
 - (b) if the Assembly does not pass a resolution mentioned in subsection (3) before the end of the 6 sitting days—at the end of the 6th sitting day.

- (5) The chief planning executive is entitled to be paid salary and allowances while suspended.

Note An appointment also ends if the appointee resigns (see Legislation Act, s 210).

Part 3.5 Authority staff and consultants

25 Authority staff

The planning and land authority's staff must be employed under the *Public Sector Management Act 1994*.

26 Authority consultants

The FMA, pt 9 deals, for example, with the corporate status of territory authorities and their powers, the make-up of governing boards, the responsibilities of the governing board and board members, how governing board positions can be ended, meetings of governing boards and conflicts of interest.

31 Establishment of land agency

The Land Development Agency (the **land agency**) is established.

32 Functions of land agency

- (1) The land agency has the following functions:
 - (a) to develop land;

Note 2 For the object of the territory plan, see s 48.

Note 3 A provision of a law that gives an entity (including a person) a function also gives the entity powers necessary and convenient to exercise the function (see Legislation Act, s 196 and dict, pt 1, def *entity*).

33 Exercise of land agency functions

The land agency must comply with directions given to the land agency under this Act or another territory law.

- (5) If subsection (4) is not complied with, the direction is taken to have been revoked at the end of the period when the copy of the direction should have been presented or given to members.

36 Liability for territory taxes

This Act does not exempt the land agency from liability for a tax under any other territory law.

37 Ministerial directions to land agency

- (1) The Minister may give written directions to the land agency about the principles that are to govern the exercise of its functions.
- (2) Before giving a direction, the Minister must—

- (1) The land agency board—
 - (a) must establish an audit committee; and

Part 4.4 Land agency staff and consultants

44 Land agency staff

The land agency's staff must be employed under the *Public Sector Management Act 1994*.

Under this chapter, applications may be made, and notice may be given, electronically in certain circumstances (see the *Electronic Transactions Act 2001*).

Part 5.1 The territory plan, its object and effect

46 Territory plan

47 Public availability of territory plan

- (1) The territory plan is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

- (2) On application to the planning and land authority in writing, a person may obtain from the authority a certified copy of, or certified extract from, the territory plan.

Note Under the *Evidence Act 1971*, s 11 and s 12, a certified extract from a document admissible in a proceeding (for example, the territory plan) may be given in evidence to prove the contents of the document and a document purporting to be a certified copy of something is taken to be a certified copy of the thing unless it is proved not to be a certified copy of the thing.

48 Object of territory plan

The object of the territory plan is to ensure, in a manner not inconsistent with the national capital plan, the planning and development of the ACT provide the people of the ACT with an attractive, safe and efficient environment in which to live, work and have their recreation.

49 Giving effect to object of territory plan

- (1) The territory plan must give effect to its object in a way that gives effect to sustainability principles.
- (2) The territory plan must set out the planning principles and policies, including policies that contribute to achieving a healthy environment in the ACT, for giving effect to its object.

50 Effect of territory plan

The Territory, the Executive, a Minister or a territory authority must not do any act, or approve the doing of an act, that is inconsistent with the territory plan.

Note 1 The Territory, or a territory authority, is prevented from doing anything inconsistent with the national capital plan.

Note 2 The Territory, the Executive, a Minister or a territory authority are also prevented from doing anything inconsistent with some draft variations of the territory plan (see s 65 and s 72).

Part 5.2 Contents of territory plan

51 Contents of territory plan

(1) The territory plan must include the following:

- (a) a statement of strategic directions;
- (b) objectives for each zone;
- (c) development tables;
- (d) codes;
- (e) a map (the *territory plan map*).

Note For more about development tables, see s 54. For more about codes, see s 55. For more about a territory plan map, see s 56.

(2) The territory plan may, but need not—

- (a) identify future urban areas and include the structure plans that apply to those areas; and
- (b) identify areas of public land reserved in the plan (whether in a map or elsewhere in the plan) for a purpose mentioned in section 315 (Reserved areas—public land); and
- (c) to give effect to the object of the plan—provide for other matters relevant to the exercise of the powers of the Territory, the Executive or a territory authority under a territory law; and
- (d) make provision in relation to affordable residential housing; and
- (e) include anything else relevant to the object of the territory plan.

52 Statement of strategic directions

- (1) The statement of strategic directions in the territory plan may contain planning principles covering areas of national, regional and Territory interest, including principles for sustainable development.
- (2) The function of the statement of strategic directions is to—
 - (a) contain broad strategic principles to guide long term planning for the ACT; and
 - (b) guide the preparation and making of variations to the territory plan; and
 - (c) guide environmental impact statements, planning reports and strategic environmental assessments.
- (3) The statement of strategic directions in the territory plan should promote the planning strategy.

53 Objectives for zones

- (1) The objectives for a zone set out the policy outcomes intended to be achieved by applying the applicable development table and code to the zone.
- (2) Each objective for a zone must be consistent with the statement of strategic directions.

54 Development tables

- (1) A development table for a zone must set out—
 - (a) the minimum assessment track that applies to each development proposal; and
 - (b) development that is exempt from requiring development approval; and

Note Assessment tracks are dealt with in ch 7.

Note Exempt developments are further dealt with in div 7.2.6.

- (c) development that is prohibited; and
 - (d) the code that development proposals must comply with.
- (2) A development table may exempt a development proposal from requiring development approval subject to a condition.

Example of possible condition

A development proposal is exempt from requiring development approval if the building plans for the proposal comply with a code that applies to single residences in the development table that applies to the proposal.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (3) The assessment tracks, from minimum to maximum, are as follows:
- (a) code track;
 - (b) merit track;
 - (c) impact track.

55 Codes in territory plan

- (1) A code (other than a general code or precinct code that is a concept plan) in the territory plan must contain either or both of the following:
- (a) the detailed rules that apply to development proposals the code applies to;
 - (b) the criteria that apply to development proposals the code applies to, other than proposals in the code track.
- (2) A code must be consistent with each objective for the zone to which the code relates.
- (3) A code that sets out the requirements that apply to stated areas, or places, or states that it is a precinct code, is a ***precinct code***.

Note A concept plan is a precinct code (see s 93 (b)).

- (4) A code that sets out the requirements for types of development, or states that it is a development code, is a *development code*.
- (5) A code that sets out requirements applicable to the Territory, the Executive, a Minister or a Territory authority is a *general code*.
- (6) To remove any doubt, a general code may also contain—
 - (a) policies to be complied with; and
 - (b) rules and criteria applicable to development proposals the code applies to.

56 Territory plan map

The territory plan map must set out, in map-form, zones and precincts in the ACT.

Part 5.3 Variations of territory plan other than technical amendments

Note to pt 5.3

The planning and land authority has obligations under the *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth) in relation to the variation of the territory plan (see that Act, s 74 and s 75).

Division 5.3.1 Overview, interpretation and application—pt 5.3

57 How territory plan is varied under pt 5.3

- (1) A variation of the territory plan (other than a technical amendment) begins when—
 - (a) the planning and land authority prepares a draft plan variation (see s 60); or
 - (b) the Minister directs the authority to revise the territory plan or a provision of the plan (see s 14 (1) (b)).

Note For territory plan variations that are technical amendments, see pt 5.4 and pt 5.5.

- (2) If the planning and land authority prepares a draft plan variation, the authority must prepare a consultation notice (see s 63) that invites comments on the draft plan variation and, when publicly notified, may give the draft plan variation interim effect (see s 64 and s 65).
- (3) The planning and land authority—
 - (a) may revise or withdraw the draft plan variation after the end of public consultation (see s 68); and
 - (b) unless the variation is withdrawn, must—
 - (i) give the variation to the Minister for approval (see s 69); and

- (ii) give notice that the variation and other documents are available for public inspection (see s 70).
- (4) If notice is given of the draft plan variation's availability for inspection, the draft plan variation notified may have interim effect (see s 71 and s 72).
- (5) The Minister may, after receiving a committee report about the draft plan variation or in other circumstances, approve the plan variation, or take other action under section 76 (Minister's powers in relation to draft plan variations).
- (6) The Minister may revoke an approval of a draft plan variation before presenting the approved plan variation to the Legislative Assembly (see s 77), but otherwise must present the approved plan variation to the Legislative Assembly (see s 79).
- (7) The Legislative Assembly may reject the plan variation (see s 80) but, if the plan variation, or a provision of the plan variation, is not rejected, the Minister must fix a day when the variation commences (see s 83).
- (8) Different provisions apply to plan variations that are technical amendments (see s 87), including future urban areas (see pt 5.4 and pt 5.5, particularly s 95).

Division 5.3.2 Consultation on draft plan variations

60 Preparation of draft plan variations

The planning and land authority may prepare a document (a *draft plan variation*) to vary the territory plan.

Note The planning and land authority may prepare a planning report or strategic environmental assessment in relation to the proposed draft plan variation (see s 98 and s 100).

- (d) if the draft plan variation would, if made, vary the statement of strategic directions—consider whether the draft plan variation, if made, would promote the planning strategy.

62 Ministerial requirements for draft plan variations being prepared

- (1) This section applies if the authority tells the Minister under section 61 that the authority is preparing a draft plan variation.
- (2) The Minister may direct the planning and land authority to do 1 or both of the following:
 - (a) to prepare a planning report or strategic environmental assessment in relation to the draft plan variation that the authority is preparing;
 - (b) to tell the Minister when the draft plan variation being prepared is ready to be notified under section 63.

Note 1 The planning and land authority must comply with a direction given by the Minister (see s 13).

Note 2 Requirements for planning reports and strategic environmental assessments are dealt with in pt 5.6.

- (3) To remove any doubt, the validity of a corresponding plan variation for a draft plan variation is not affected by a failure to comply with subsection (2) (b) in relation to the draft plan variation.

63 Public consultation—notification

- (1) Before giving a draft plan variation to the Minister for approval under section 69, the planning and land authority must prepare a notice (a *consultation notice*)—

- (5) This section does not apply in relation to a draft plan variation that has been revised by the planning and land authority in accordance

with a direction under section 76 (3) (b) (Minister's powers in relation to draft plan variations).

64 Public consultation—notice of interim effect etc

- (1) A consultation notice must state—
 - (a) whether or not section 65 applies in relation to the draft plan variation, or part of the draft variation; and

65 Effect of draft plan variations publicly notified

- (1) This section applies to a draft plan variation if a consultation notice states that it applies.
- (2) The Territory, the Executive, a Minister or a territory authority must not, during the defined period or a period stated in the consultation notice, whichever is shorter, do or approve the doing of anything that would be inconsistent with the territory plan if it were varied in accordance with the draft plan variation.

draft plan variation includes a provision of a draft plan variation.

66 Public consultation—availability of draft plan variations etc

- (1) The planning and land authority must make copies of the draft plan variation and the background papers mentioned in a consultation notice available for public inspection and purchase during office hours during the consultation period and at the places stated in the consultation notice.
- (2) However, the planning and land authority must not make a part of the draft plan variation or of a background paper available under subsection (1) if satisfied that publication of the part—

- (2) The withdrawal of a draft plan variation must include a statement of the effect of section 65 (Effect of draft plan variations publicly notified) in relation to the withdrawal.
- (3) The withdrawal of a draft plan variation is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

- (4) The planning and land authority must also publish the withdrawal of a draft plan variation in a daily newspaper on the same day, or as soon as practicable after, the authority prepares the withdrawal.
- (5) In revising or withdrawing a draft plan variation under subsection (1), the planning and land authority must consider written comments (including consultation comments) about the draft variation received from any entity, including the national capital authority.
- (6) In addition to its power under subsection (1), the planning and land authority may, at any time before a draft plan variation is given, or given again, to the Minister, revise the variation to correct a formal error.

Division 5.3.4 Draft plan variations given to Minister

69 Draft plan variations to be given to Minister etc

- (1) This section applies to a draft plan variation—
 - (a) if—
 - (i) the consultation period for the variation has ended; and
 - (ii) the planning and land authority has not withdrawn the variation under section 68; and
 - (b) if the draft plan variation has been varied under section 68—as varied under section 68.
- (2) The planning and land authority must give the draft plan variation to the Minister for approval, together with—
 - (a) the background papers relating to the variation; and
 - (b) a written report setting out the issues raised in any written comments (including consultation comments) about the variation; and

- (c) a written report about the authority's consultation with—
 - (i) the public; and
 - (ii) the national capital authority; and

- (d) a copy of any written document given to the Minister by the national capital authority in relation to the draft plan variation.

Note The Minister must give a copy of the documents given to the Minister under this section to a committee of the Legislative Assembly (see s 73).

70 Public notice of documents given to Minister

- (1) The planning and land authority must prepare a notice (a **public availability notice**) stating that the documents mentioned in section 69 (2) (including the draft plan variation) are available for public inspection.
- (2) A public availability notice is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.
- (3) The planning and land authority must also publish a public availability notice in a daily newspaper.
- (4) The planning and land authority must make copies of the documents mentioned in section 69 (2) available for public inspection during office hours during the period, and at the places, stated in the public availability notice.

71 Public availability notice—notice of interim effect etc

- (1) A public availability notice must state—
 - (a) whether or not section 72 applies in relation to the draft plan variation, or part of the draft variation; and
 - (b) where further information about the draft plan variation can be found.
- (2) A public availability notice that states that section 72 applies must also state the effect of section 72.

72 Effect of draft plan variations given to Minister

- (1) This section applies to a draft plan variation if a public availability notice states that it applies.
- (2) The Territory, the Executive, a Minister or a territory authority must not, during the defined period, do or approve the doing of anything that would be inconsistent with the territory plan if it were varied in accordance with the draft plan variation.

Note The Territory, the Executive, a Minister or a territory authority must also not do anything that is inconsistent with the territory plan (see s 50).

- (3) In this section:

defined period, for a draft plan variation, means the period—

- (a) starting on the day (the ***notification day***) when the draft plan variation given to the Minister is notified under the Legislation Act (see s 70); and
- (b) ending on the earliest of the following days:
 - (i) the day the corresponding plan variation, or part of it, commences;

Note The Minister must fix a day for the variation, or part of it, to commence under s 83 or s 84.

- (ii) the day the corresponding plan variation is rejected by the Legislative Assembly;
- (iii) the day the corresponding plan variation is withdrawn in accordance with a requirement under section 76 (3) (b) (v) or section 84 (3) (b);
- (iv) the period of 1 year after notification day ends.

draft plan variation includes a provision of a draft plan variation.

Division 5.3.5 Consideration of draft plan variations by Assembly committee

73 Consideration of draft plan variations by Legislative Assembly committee

- (1) This section applies if the Minister is given a draft plan variation under section 69.
- (2) The Minister may, not later than 20 working days after the day the Minister receives the draft plan variation, refer the draft plan variation documents to an appropriate committee of the Legislative Assembly together with a request that the committee report on the draft plan variation to the Legislative Assembly.
- (3) To remove any doubt, if the Minister does not refer a draft plan variation to an appropriate committee of the Legislative Assembly, the committee is not prevented from considering the draft plan variation documents if the draft plan variation is otherwise referred to the committee.
- (4) In this section:
draft plan variation documents means—
 - (a) the draft plan variation; and
 - (b) the documents mentioned in section 69 (2) that relate to the draft plan variation.

74 Committee reports on draft plan variations

- (1) This section applies if the Minister has referred a draft plan variation to a committee of the Legislative Assembly under section 73.
- (2) The Minister—
 - (a) unless section 75 applies, must not take action under section 76 in relation to the draft plan variation until the committee of the Legislative Assembly has reported on the variation; and
 - (b) after the committee reports on the variation—must take action under section 76 in relation to the variation.

75 Committee fails to report promptly on draft plan variations

- (1) This section applies if—
 - (a) the Minister has referred a draft plan variation to a committee of the Legislative Assembly under section 73; and
 - (b) the committee has not reported on the variation by the end of the period of 6 months starting on the day after the day the variation is referred.
- (2) The Minister may take action under section 76 in relation to the draft plan variation, even though the committee of the Legislative Assembly has not reported on the variation.

Division 5.3.6 Ministerial and Legislative Assembly action on draft plan variations

76 Minister's powers in relation to draft plan variations

- (1) This section applies if—
 - (a) the Minister is given a draft plan variation under section 69 or section 78 (3) or (4); or

- (2) However, this section does not apply if—
- (a) a draft plan variation has been referred to an appropriate committee of the Legislative Assembly (other than under section 73); and
 - (b) either—
 - (i) the committee has not reported on the draft plan variation; or
 - (ii) the committee has reported, but the Minister has not considered the report.
- (3) The Minister must—
- (a) approve the draft plan variation in the form given; or
- Note* A draft plan variation approved by the Minister is a plan variation (see s 58, def **plan variation**).
- (b) return the draft plan variation to the planning and land authority and direct the authority to do 1 or more of the following:

- (b) if the draft plan variation would, if made, vary the statement of strategic directions—whether the variation would promote the planning strategy.

Note—par (a)

The Minister must not take action under this section in some circumstances if the committee has not reported (see s 74 and s 75).

Note—par (b)

The territory plan has no effect to the extent that it is inconsistent with the national capital plan, but is taken to be consistent with the national capital plan to the extent that it can operate concurrently with it (see *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth), s 26).

(5) The following are notifiable instruments:

- (a) a direction under subsection (3) (b);
- (b) the withdrawal of a draft plan variation by the planning and land authority as directed under subsection (3) (b) (v).

Note A notifiable instrument must be notified under the Legislation Act.

78 Return of draft plan variations to authority

- (1) This section applies if the Minister returns a draft plan variation to the planning and land authority with a direction under section 76 (3) (b).
- (2) The planning and land authority must comply with each direction.
- (3) If the direction is given under section 76 (3) (b) (i), (ii) or (iii), the planning and land authority may revise the draft variation and give it to the Minister for approval with a written report about—
 - (a) the authority's compliance with the Minister's direction; and
 - (b) any further revision of the draft variation under section 68 (6).
- (4) If the direction is given under section 76 (3) (b) (iv), the planning and land authority must give the Minister the draft variation, as revised in accordance with the direction, together with a written report about any further revision of the draft variation under section 68 (6).

79 Presentation of plan variations to Legislative Assembly

- (1) The Minister must present to the Legislative Assembly, not later than 5 sitting days after the day the Minister approves a plan variation, copies of each the following:
 - (a) the plan variation;

80 Assembly may reject plan variations completely or partly

- (1) The Legislative Assembly may by resolution reject a plan variation, or a provision of the plan variation, presented to the Assembly.
- (2) Notice (a *rejection notice*) of a motion to reject the plan variation or a provision of the plan variation must be given not later than 5 sitting days after the day the plan variation is presented to the Legislative Assembly.
- (3) The plan variation or provision stated in a rejection notice given in accordance with subsection (2) is taken to have been rejected by the Legislative Assembly if, at the end of 5 sitting days after the day the rejection notice has been given in the Legislative Assembly—
 - (a) the motion has not been called on; or
 - (b) the motion has been called on and moved and has not been withdrawn or otherwise disposed of.

81 Effect of dissolution etc of Legislative Assembly

- (1) This section applies if, before the end of 5 sitting days after the day a rejection notice has been given in the Legislative Assembly in accordance with section 80 (2)—
 - (a) the Legislative Assembly is dissolved or expires; and
 - (b) at the time of dissolution or expiry—
 - (i) the notice has not been withdrawn and the motion has not been called on; or
 - (ii) the motion has been called on and moved and has not been withdrawn or otherwise disposed of.
- (2) If this section applies, the plan variation is taken, for section 80 (2) and (3), to have been presented to the Legislative Assembly on the first sitting day of the Legislative Assembly after the next general election of members of the Assembly.

82 Consequences of rejection of plan variations by Legislative Assembly

- (1) This section applies if a plan variation is completely rejected under section 80 (1), or taken to be completely rejected under section 80 (3).
- (2) The plan variation does not come into force if this section applies.

Note The interim effect of the draft plan variation also ends (see s 72 (3), def *defined period*, par (b) (ii)).
- (3) The planning and land authority must prepare a notice stating that the plan variation has been rejected.
- (4) The notice is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

- (5) The planning and land authority must also publish the notice in a daily newspaper on the same day, or as soon as practicable after, the rejection is notified under the Legislation Act.

Division 5.3.7 Commencement and publication of plan variations

83 Commencement and publication of plan variations

- (1) This section applies if—
- (a) at the end of 5 sitting days after the day a plan variation is presented to the Legislative Assembly, the Assembly has not passed a resolution rejecting the variation or any provision of it; and
 - (b) the plan variation, or a provision of the plan variation, is not taken to have been rejected under section 80 (3).

- (2) The Minister must fix a day when the plan variation is to commence.

Note 1 An instrument under this subsection is a **commencement notice** (see Legislation Act, s 11). A commencement notice must be notified under the Legislation Act. The plan variation commences in accordance with the commencement notice.

Note 2 On commencement, a plan variation varies the territory plan according to its terms.

- (3) The planning and land authority must publish in a daily newspaper details of—
- (a) the commencement notice under subsection (2); and
 - (b) where copies of the plan variation may be inspected or purchased.

- (4) The planning and land authority must make copies of the plan variation available for inspection or purchase during office hours at the places, and during the period, published in the newspaper under subsection (3) (b).

84 Partial rejection of plan variations by Legislative Assembly

- (1) This section applies if a plan variation is partly rejected under section 80 (1) (Assembly may reject plan variations completely or partly), or taken to be partly rejected under section 80 (3).
- (2) A provision of a plan variation does not come into force if—
- (a) it is rejected, or taken to be rejected, by the Legislative Assembly under section 80 (1) or (3); or
 - (b) it is withdrawn under subsection (3) (b).
- (3) The Minister must, in relation to each provision of the plan variation that is not rejected—
- (a) fix a day when the provision (an *approved provision*) is to commence; or
 - (b) withdraw the provision.

Note 1 An instrument under par (a) is a **commencement notice** (see Legislation Act, s 11). A commencement notice must be notified under the Legislation Act.

Note 2 On commencement, a provision of a plan variation varies the territory plan according to its terms.

- (4) A withdrawal under subsection (3) (b) is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

85 Partial rejection of plan variations—publication etc

- (1) The planning and land authority must publish in a daily newspaper details of—
 - (a) a commencement notice under section 84 (3) (a) for a provision (an *approved provision*); or
 - (b) a withdrawal notice under section 84 (3) (b).
- (2) The details of a commencement notice published under subsection (1) (a) for an approved provision must include details of where, and for what period, copies of the provision may be inspected or purchased.
- (3) The planning and land authority must make copies of each approved provision available for inspection or purchase during office hours at the place or places, and during the period, published in the newspaper under subsection (2).

Part 5.4 Plan variations—technical amendments

86 Definitions—pt 5.4

In this part:

code variation—see section 87 (b).

error variation—see section 87 (a).

limited consultation means consultation under section 90.

technical amendment—see section 87.

87 What are *technical amendments* of territory plan?

Each of the following territory plan variations is a *technical amendment*:

- (a) a variation (an *error variation*) that—
 - (i) would not adversely affect anyone's rights if approved; and
 - (ii) has as its only object the correction of a formal error in the plan;
- (b) a variation (a *code variation*) that—
 - (i) would only change a code; and
 - (ii) is consistent with the policy purpose and policy framework of the code; and
 - (iii) is not an error variation;
- (c) a variation in relation to a future urban area under section 95 (Rezoning—future urban areas) or section 96 (When land ceases to be in future urban area);

- (d) a variation to change the boundary of a zone or overlay under section 96A (Rezoning—boundary changes);
- (e) a variation required to bring the territory plan into line with the national capital plan after a change to the national capital plan.

88 Is consultation needed for technical amendments?

- (1) Only limited consultation is needed for the following technical amendments:
 - (a) a code variation;
 - (b) a variation in relation to a future urban area under section 95 (Rezoning—future urban areas).
- (2) A technical amendment, other than a technical amendment for which limited consultation is needed, does not need any consultation before it is made under section 89.

89 Making technical amendments

- (1) This section applies if—
 - (a) the planning and land authority is satisfied that a plan variation would, if made, be a technical amendment; and
 - (b) any limited consultation needed for the variation has taken place.

Note Section 88 sets out when limited consultation is needed.

- (2) The planning and land authority may put the plan variation in writing.
- (3) The plan variation is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

- (4) The planning and land authority must fix a day when the plan variation is to commence.

Note 1 An instrument under this subsection is a **commencement notice** (see Legislation Act, s 11). A commencement notice must be notified under the Legislation Act. The plan variation commences in accordance with the commencement notice.

Note 2 On commencement, a plan variation varies the territory plan according to its terms.

- (5) Not later than 5 working days after the day the plan variation is notified under the Legislation Act, the planning and land authority must publish a notice in a daily newspaper that—
- (a) describes the variation; and
 - (b) states the date of effect of the variation; and
 - (c) if the authority considers it necessary or helpful—states where the plan variation and information about the plan variation is available for inspection.

90 Limited consultation

- (1) The planning and land authority undertakes **limited consultation** for a proposed technical amendment if the authority complies with this section in relation to the amendment.
- (2) The planning and land authority must publish a notice in a daily newspaper that—
- (a) describes the proposed technical amendment; and
 - (b) states where a copy of the proposed plan variation and information about the amendment is available for inspection; and
 - (c) states how and when representations may be made on the amendment.

- (3) The period stated under subsection (2) (c) for making representations must be at least 15 working days.
- (4) The planning and land authority must tell the national capital authority about the proposed technical amendment.
- (5) The planning and land authority must consider—
 - (a) any representation made in accordance with the notice under subsection (2); and
 - (b) any views of the national capital authority.

Part 5.5 Plan variations—structure plans and rezoning

91 Including structure plan by plan variation

The territory plan may be varied under part 5.3 to include a structure plan.

92 What is a *structure plan*?

A *structure plan* sets out principles and policies for development of the future urban areas.

Note 1 Future urban areas may be identified in the territory plan (see s 51 (2) (a)).

Note 2 Certain development may be prohibited in future urban areas (see s 136).

93 What is a *concept plan*?

A *concept plan*—

- (a) applies the principles and policies in the structure plan to future urban areas; and
- (b) is a precinct code in the territory plan (see s 55 (3)) that guides—
 - (i) the preparation and assessment of development in future urban areas to which the concept plan relates; and
 - (ii) assessment of development when the areas cease to be future urban areas.

94 What is an estate development plan?

- (1) An *estate development plan*, for an estate, sets out the proposed development of the estate in a way that is consistent with—

- (a) the concept plan (if any) for the area where the estate is; and
 - (b) any other code that applies to the estate.
- (2) An estate development plan must contain—
 - (a) the block boundaries for individual blocks proposed for inside the estate and the boundaries proposed for the whole estate; and
 - (b) the zones proposed for the estate, and any existing zones that are to continue to apply.
- (3) An estate development plan may include the following for the estate:
 - (a) design and construction requirements for roads;
 - (b) design and construction requirements for infrastructure works and landscaping;
 - (c) particular areas for particular detailed purposes;
 - (d) building envelopes;
 - (e) a tree management plan;
 - (f) design and construction requirements for reticulated services;
 - (g) design and construction requirements for works on proposed public land.

Example for par (c)

An area zoned for community purposes may be stated in an estate development plan to be proposed for a primary school.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

95 Rezoning—future urban areas

- (1) The planning and land authority may vary the territory plan under section 89 (Making technical amendments) to rezone land in a

future urban area unless the rezoning is inconsistent with the principles and policies in the structure plan for the area.

- (2) The planning and land authority may vary the territory plan under section 89 to change the boundary of a future urban area if the change is consistent with the structure plan for the area.
- (3) However, the planning and land authority must not vary the territory plan under section 89 to change the boundary of a future urban area if part of the boundary proposed to be changed is aligned with the boundary of an existing leasehold.

96 When land ceases to be in future urban area

- (1) This section applies to an area of land dealt with by an estate development plan if the plan is approved under a development application.
- (2) The planning and land authority must, within a reasonable time after the approval of the estate development plan, vary the territory plan under section 89 (Making technical amendments) to—
 - (a) identify the zones that will apply to the land, consistent with the estate development plan; and
 - (b) incorporate any other element of the estate development plan that the estate development plan indicates should be ongoing.
- (3) A variation of the territory plan under subsection (2) has the effect that the land dealt with by the estate development plan ceases to be in a future urban area.

96A Rezoning—boundary changes

- (1) The planning and land authority may vary the territory plan under section 89 (Making technical amendments) to change the boundary of a zone or overlay if the change is consistent with—
 - (a) the apparent intent of the original boundary line; and

- (b) the objective for the zone.
- (2) However, the planning and land authority must not vary the territory plan under section 89 to change the boundary of the zone if part of the boundary proposed to be changed is aligned with the boundary of an existing leasehold.

Examples—changes allowed

- 1 boundary change consistent with more detailed survey work that reveals copse of trees further away from boundary than intended
- 2 boundary change to align boundary to boundaries of nearby, recently-created leases

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

Part 5.6 Planning reports and strategic environmental assessments

97 What is a *planning report*?

- (1) A *planning report* is a report prepared to inform a decision to be made under this Act, for example, whether to grant a lease or prepare a variation (other than a major variation) to the territory plan.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) A regulation may prescribe what must be included in a planning report.
- (3) In this section:

major variation, of the territory plan, means a variation that would, because of its scope or significance to the ACT, be more appropriately assessed by a strategic environmental assessment.

98 Preparation of planning reports

- (1) The planning and land authority must prepare a planning report if the Minister directs the authority to prepare a planning report in accordance with this Act.

Note The Minister may direct the planning and land authority to prepare a planning report under s 62 and s 245 (2).

- (2) The planning and land authority may prepare a planning report if satisfied that it is necessary or convenient to do so in relation to a matter relevant to the object of this Act.

99 What is a strategic environmental assessment?

A *strategic environmental assessment* is a comprehensive environmental assessment, suited to proposals in relation to major policy matters rather than individual development proposals.

Examples of when SEA may be prepared

- 1 major land use policy initiative
- 2 major plan variation

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

100 Preparation of strategic environmental assessments

- (1) The planning and land authority must prepare a strategic environmental assessment if the Minister directs the authority to prepare the assessment in relation to a matter relevant to the object of this Act or this Act otherwise requires the authority to prepare an assessment.

Note The Minister may direct the planning and land authority to prepare a strategic environmental assessment under s 62 (2) (a). The authority is required to prepare an assessment under s 103 (2).

- (2) The planning and land authority may prepare a strategic environmental assessment if satisfied that it is necessary or convenient to do so in relation to a matter relevant to the object of this Act.

101 Regulation about strategic environmental assessments

A regulation may prescribe—

- (a) how a strategic environmental assessment must or may be developed; and
- (b) what a strategic environmental assessment must or may contain; and

- (c) how recommendations made in a strategic environmental assessment are to be weighed in making any decision in relation to the matter assessed.

Part 5.7 Review of territory plan

102 Consideration of whether review of territory plan necessary

- (1) The planning and land authority must, at least once every 5 years, consider whether the territory plan should be reviewed.

Note The planning and land authority must review the territory plan if directed to do so by the Minister (see s 14 (1) (b) and s 13) or if the authority decides the plan should be reviewed (see s 103).

- (2) In deciding whether the territory plan should be reviewed, the planning and land authority must consider whether the territory plan—
- (a) is consistent with the object of this Act; and
 - (b) is consistent with its object; and
 - (c) gives effect to its object in a way that is not inconsistent with the national capital plan; and
 - (d) gives effect to its object in a way that gives effect to sustainability principles; and
 - (e) promotes the planning strategy; and
 - (f) meets current community and building industry expectations.
- (3) After the planning and land authority considers whether the territory plan should be reviewed, the authority must prepare a notice stating—
- (a) that the authority has considered whether the plan should be reviewed; and
 - (b) the authority's decision on whether the plan should be reviewed; and
 - (c) the date of the authority's decision.

- (4) A notice under subsection (3) is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

- (5) To remove any doubt—

- (a) the planning and land authority need not undertake a review of the territory plan unless—
 - (i) the authority decides a review is necessary; or
 - (ii) the Minister directs the authority to review the plan (see s 14 (1) (b)); and
- (b) a decision under this section not to review the territory plan does not affect the authority's function of continually reviewing the territory plan.

103 Review of territory plan

- (1) This section applies if the planning and land authority decides under section 102 that the territory plan should be reviewed.
- (2) The planning and land authority must review the territory plan and, for that purpose, must prepare a strategic environmental assessment in relation to the review.

Note Requirements for strategic environmental assessments are dealt with in pt 5.6.

- (3) After reviewing the territory plan, the planning and land authority must prepare a notice stating—
 - (a) that the authority has reviewed the plan; and
 - (b) the authority's findings on the review.
- (4) The planning and land authority must give the notice under subsection (3) to the Minister.
- (5) A notice under subsection (3) is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

Part 5.8 Territory plan—miscellaneous

104 Limitations on challenge to validity of territory plan provisions

- (1) The validity of a provision of the territory plan must not be questioned in any legal proceeding other than a proceeding begun not later than 3 months after the day the provision, or a variation of the provision, commenced.
- (2) The validity of a provision of the territory plan must not be questioned in any legal proceeding only because—
 - (a) the territory plan variation that inserted or varied the provision was inconsistent with the planning strategy; or
 - (b) a draft plan variation that became the territory plan variation that inserted or varied the provision was inconsistent with the planning strategy; or
 - (c) the provision, or part of it, is or was inconsistent with the planning strategy.

Chapter 6 Planning strategy

105 Planning strategy

The Executive must make a planning strategy for the ACT that sets out long term planning policy and goals to promote the orderly and sustainable development of the ACT, consistent with the social, environmental and economic aspirations of the people of the ACT.

106 Public availability of planning strategy

The planning strategy is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

107 Main object of planning strategy

The main object of the planning strategy is to promote the orderly and sustainable development of the ACT, consistent with the social, environmental and economic aspirations of the people of the ACT in accordance with sound financial principles.

108 Relationship with territory plan

- (1) The planning strategy may be used to develop the statement of strategic directions in the territory plan.
- (2) The planning strategy is not part of, and does not affect, the territory plan.

109 Consideration of planning strategy

- (1) The planning strategy must be considered by—
 - (a) the planning and land authority under section 61 and section 102 (2) (e); and
 - (b) the Minister under section 76; and

- (c) the Executive under section 110.
- (2) The planning strategy is not a relevant consideration by the planning and land authority, the Minister or another entity, except as provided by subsection (1).
- (3) Without limiting subsection (2), the planning strategy is not a relevant consideration for a decision under the following provisions:
 - (a) chapter 7 (Development approvals);
 - (b) chapter 8 (Environmental impact statements and inquiries);
 - (c) chapter 9 (Leases and licences);
 - (d) chapter 10 (Management of public land);
 - (e) chapter 11 (Controlled activities).
- (4) The planning strategy must not be considered by—
 - (a) the planning and land authority, the Minister or any other entity, in the exercise of a function under this Act, except as provided under subsection (1); or
 - (b) a court in a proceeding on a decision made by the Minister, the authority or any other entity.
- (5) In this section:
court includes a tribunal, authority or person with power to require the production of documents or the answering of questions.

110 Consideration of whether review of planning strategy necessary

- (1) The Executive must, at least once every 5 years, consider whether the planning strategy should be reviewed.

- (2) In deciding whether the planning strategy should be reviewed, the Executive must consider whether the planning strategy is consistent with its main object.

Note For the main object of the planning strategy, see s 107.

- (3) After the Executive considers whether the planning strategy should be reviewed, the Executive must prepare a notice stating—
- (a) that the Executive has considered whether the planning strategy should be reviewed; and
 - (b) the Executive's decision on whether the planning strategy should be reviewed; and
 - (c) the date of the Executive's decision.

- (4) A notice under subsection (3) is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

- (5) To remove any doubt, the Executive is not required to undertake a review of the planning strategy.

111 If review of planning strategy necessary

If the Executive decides under section 110 that the planning strategy should be reviewed, the Executive must arrange for the planning strategy to be reviewed.

Chapter 7 Development approvals

Notes to ch 7

Fees may be determined under s 424 for provisions of this chapter.

If a form is approved under s 425 for a provision of this chapter, the form must be used.

Under this chapter, applications may be made, and notice may be given, electronically in certain circumstances (see the *Electronic Transactions Act 2001*).

Part 7.1 Outline

112 Outline—ch 7

- (1) This chapter describes the assessment tracks that are to be followed for assessment of different kinds of development proposals.
- (2) The assessment tracks are as follows:
 - (a) **code track** (for development proposals that can be assessed using rules in the code that applies to the proposals);

Examples of possible code track proposals

- 1 large pergola
- 2 below ground swimming pool
- 3 dual occupancy proposal
- 4 house extension

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (b) **merit track** (for development proposals that can be assessed using the rules and criteria in the code that applies to the proposals);

Examples of possible merit track proposals

- 1 childcare centre in residential area

- 2 gymnasium in commercial area
- 3 apartment in commercial area

- (c) **impact track** (for development proposals that can be assessed using the rules and criteria in the code that applies to the proposals, relevant environmental impact statements and the statement of strategic directions).

Examples of possible impact track proposals

- 1 constructing a major dam
- 2 constructing a major road, light rail line or other linear transport corridor
- 3 clearing a significant area of native vegetation

- (3) This chapter also sets out—

- (a) when a development (an **exempt development**) may be undertaken without development approval; and
- (b) when a development (a **prohibited development**) must not be undertaken.

Examples of possible exempt development

- 1 single residence in new housing area
- 2 small shed

Examples of possible prohibited proposals

- 1 a paint factory in a residential area
- 2 commercial office accommodation in a suburban area

Part 7.2 Assessment tracks for development applications

Division 7.2.1 Operation of assessment tracks generally

113 Relationship between development proposals and development applications

- (1) A person who has a development proposal may apply to the planning and land authority for approval to undertake the development proposed.
- (2) If an assessment track applies to a development proposal, the proposal is in that assessment track and that track must be followed in assessing the development application for the proposal.

114 Application of assessment tracks to development proposals

- (1) The development table sets out the criteria to allow the assessment track for a development application for a development proposal to be worked out.
- (2) If a development proposal is in an assessment track, the proposal must be assessed in that assessment track unless—
 - (a) the Minister makes a declaration under section 124 (Minister may declare impact track applicable) in relation to the proposal; or
 - (b) section 125 (Declaration by Public Health Act Minister affects assessment track) applies the impact track to the development.

- (3) To remove any doubt—
 - (a) the planning and land authority may refuse to accept a development application made in an assessment track other than the assessment track for the development proposal; and
 - (b) if the authority assesses a development application made in an assessment track other than the track for the proposal, the authority must refuse the application.

115 Application of inconsistent code requirements

- (1) This section applies in relation to an application for development approval for a development proposal if—
 - (a) 2 or more codes apply to the proposal; and
 - (b) the requirements under each code (the *code requirements*) that apply to the proposal are inconsistent.
- (2) If the code requirements of a precinct code and either a development code or a general code are inconsistent, the code requirements of the precinct code apply to the development proposal and not the code requirements of the development code or general code, to the extent of the inconsistency.
- (3) If the code requirements of a development code and a general code are inconsistent, the code requirements of the development code apply to the development proposal and not the code requirements of the general code, to the extent of the inconsistency.
- (4) If the code requirements of 2 or more precinct codes, development codes or general codes are inconsistent, the code requirements of the more recent code apply to the development approval and not the code requirements of the earlier code, to the extent of the inconsistency.
- (5) To remove any doubt, a code requirement is not inconsistent with the code requirements of another code only because one code deals with a matter and the other does not.

Division 7.2.2 Code track

116 Code track—when development approval must be given

Development approval must be given for a development proposal on application if—

- (a) the proposal is in the code track; and
- (b) the proposal complies with the relevant rules.

Note 1 **Relevant rules**—see the dictionary.

Note 2 **Rules**—see the dictionary.

Note 3 If a development application is made in the code track, but the development proposal is in another track, the application must be refused (see s 114 (3)).

117 Code track—notification, right of review, governmental consultation and reconsideration

To remove any doubt—

- (a) there is no requirement to publicly notify a development proposal in the code track; and
- (b) there is only a right of review under chapter 13 for a decision in relation to a development proposal in the code track by the applicant if the development application for the proposal is approved subject to a condition; and
- (c) there is no referral under division 7.3.3 (Referral of development applications) of a development application for a development proposal in the code track; and
- (d) a decision to refuse a development application for a development proposal in the code track may not be reconsidered under division 7.3.10.

118 Code track—time for decision on application

A development application for a development proposal in the code track must be decided under section 162 (Deciding development applications) not later than 20 working days after the day the application is made to the planning and land authority.

Division 7.2.3 Merit track

119 Merit track—when development approval must not be given

- (1) Development approval must not be given for a development proposal in the merit track unless the proposal is consistent with—
 - (a) the relevant code; and
 - (b) if the proposed development relates to land comprised in a rural lease—any land management agreement for the land; and
 - (c) if the proposed development will affect a registered tree or declared site—the advice of the conservator of flora and fauna in relation to the proposal.

Note 1 An application cannot be approved if it is inconsistent with the territory plan (see s 50) or the National Capital Plan (see *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth), s 11).

Note 2 **Relevant code**—see the dictionary.

- (2) Also, development approval must not be given for a development proposal in the merit track if approval would be inconsistent with any advice given by an entity to which the application was referred under division 7.3.3 unless the person deciding the application is satisfied that—
 - (a) the following have been considered:
 - (i) any applicable guidelines;

- (ii) any realistic alternative to the proposed development, or relevant aspects of it; and
- (b) the decision is consistent with the objects of the territory plan.
- (3) To remove any doubt, if a proposed development will affect a registered tree or declared site—
 - (a) the person deciding the development application for the proposed development must not approve the application unless the approval is consistent with the advice of the conservator of flora and fauna in relation to the proposal; and
 - (b) subsection (2) does not apply in relation to the conservator's advice.

120 Merit track—considerations when deciding development approval

In deciding a development application for a development proposal in the merit track, the decision-maker must consider the following:

- (a) the objectives for the zone in which the development is proposed to take place;
- (b) the suitability of the land where the development is proposed to take place for a development of the kind proposed;
- (c) each representation received by the authority in relation to the application that has not been withdrawn;
- (d) if an entity gave advice on the application in accordance with section 149 (Requirement to give advice in relation to development applications)—the entity's advice;

Note Advice on an application is given in accordance with section 149 if the advice is given by an entity not later than 15 working days (or shorter prescribed period) after the day the application is given to the entity. If the entity gives no response, the entity is taken to have given advice that supported the application (see s 150).

- (e) if the proposed development relates to land that is public land—the plan of management for the land;
- (f) the probable impact of the proposed development, including the nature, extent and significance of probable environmental impacts.

121 Merit track—notification and right of review

- (1) To remove any doubt, if a development proposal is in the merit track, the application for development approval for the proposal must be publicly notified under division 7.3.4.
- (2) If there is a right of review under chapter 13 in relation to a decision to approve an application for development approval for a development proposal in the merit track, the right of review is only in relation to the decision, or part of the decision, to the extent that—
 - (a) the development proposal is subject to a rule and does not comply with the rule; or
 - (b) no rule applies to the development proposal.

122 Merit track—time for decision on application

A development application for a development proposal in the merit track must be decided under section 162 (Deciding development applications) not later than—

- (a) if no representation is made in relation to the proposal—30 working days after the day the application is made to the planning and land authority; or
- (b) in any other case—45 working days after the day the application is made to the authority.

Division 7.2.4 Impact track

123 Impact track applicability

The impact track applies to a development proposal if—

- (a) the relevant development table states that the impact track applies; or
- (b) the proposal is of a kind mentioned in schedule 4; or
- (c) the Minister makes a declaration under section 124 in relation to the proposal; or
- (d) section 125 (Declaration by Public Health Act Minister affects assessment track) or section 132 (Impact track applicable to development proposals not otherwise provided for) provides that the impact track applies to the proposal; or
- (e) the Commonwealth Minister responsible for administering the *Environment Protection and Biodiversity Conservation Act 1999* (Cwlth) advises the Minister in writing that the development proposed—
 - (i) is a controlled action under that Act, section 76; and
 - (ii) does not require assessment under that Act, part 8 (Assessing impacts of controlled actions) because a bilateral agreement between the Commonwealth and the Territory under that Act allows the proposal to be assessed under this Act.

124 Minister may declare impact track applicable

- (1) The Minister may, in writing, declare that the impact track applies to a development proposal.
- (2) However, the Minister must not make a declaration under subsection (1) in relation to a development proposal unless satisfied

on reasonable grounds that there is a risk of significant adverse environmental impact from the development proposed.

- (3) For subsection (2), it does not matter whether the adverse environmental impact from the development is likely to occur on the site of the development or elsewhere.
- (4) For subsection (2)—
 - (a) an adverse environmental impact is *significant* if—
 - (i) the environmental function, system, value or entity that might be adversely impacted by the development proposed is significant; or
 - (ii) the cumulative or incremental effect of the development proposed might contribute to a substantial adverse impact on an environmental function, system, value or entity; and
 - (b) in deciding whether an adverse environmental impact is *significant*, the Minister must consider the following:
 - (i) the kind, size, frequency, intensity, scope and length of time of the impact;
 - (ii) the sensitivity, resilience and rarity of the environmental function, system, value or entity likely to be affected.

Note The Minister may publish guidelines about how the Minister will exercise power under this section (see s 420).

125 Declaration by Public Health Act Minister affects assessment track

- (1) This section applies if—
- (a) the Public Health Act Minister makes a declaration for this section in relation to a development application for a development proposal; and

Note The Public Health Act Minister is the Minister responsible for the *Public Health Act 1997*, section 134 (see dict, def **Public Health Act Minister**).

- (b) the application is publicly notified; and
- (c) the declaration is made during the public consultation period for the application.

Note A development application in the code track will never be publicly notified.

- (2) The impact track applies to the development proposal.

126 Declaration etc of impact track after application

- (1) This section applies to a development application if, after the application is made—
- (a) either—
 - (i) the Minister makes a declaration under section 124 in relation to the development proposal to which the application relates; or
 - (ii) the Public Health Act Minister makes a declaration for section 125 in relation to the application; and
 - (b) the application does not satisfy the requirements for an application in the impact track.
- (2) The development application is, by force of this section, taken to have been withdrawn.

- (3) The planning and land authority must give the applicant notice of the effect of this section.

127 Impact track—development applications

A development application for a development proposal in the impact track must include a completed EIS in relation to the proposal unless the application is exempted by the Minister under section 211.

Note 1 Requirements for development applications are dealt with in div 7.3.2.

Note 2 Requirements for an EIS are dealt with in pt 8.2.

Note 3 For when an EIS is completed, see s 209.

128 Impact track—when development approval must not be given

- (1) Development approval must not be given for a development application for a development proposal in the impact track unless—
- (a) either—
 - (i) an EIS for the proposal has been completed; or
 - (ii) the Minister has exempted the application under section 211; and
 - (b) the proposal is consistent with—
 - (i) the statement of strategic directions; and
 - (ii) if the proposed development relates to land comprised in a rural lease—any land management agreement for the land; and
 - (iii) if the proposed development will affect a registered tree or declared site—the advice of the conservator of flora and fauna in relation to the application.

Note 1 An application cannot be approved if it is inconsistent with the territory plan (see s 50) or the National Capital Plan (see *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth), s 11).

Note 2 Requirements for an EIS are dealt with in pt 8.2.

Note 3 For when an EIS is completed, see s 209.

Note 4 For the term of a scoping document for an EIS, see s 215.

- (2) Also, development approval must not be given for a development proposal in the impact track if approval would be inconsistent with any advice given by an entity to which the application was referred under division 7.3.3 unless the person approving the application is satisfied that—
- (a) the following have been considered:
 - (i) any applicable guidelines;
 - (ii) all reasonable development options and design solutions;
 - (iii) any realistic alternative to the proposed development, or relevant aspects of it; and
 - (b) the decision is consistent with the objects of the territory plan.
- (3) To remove any doubt, if a proposed development will affect a registered tree or declared site—
- (a) the person deciding the development application for the proposed development must not approve the application unless the approval is consistent with the advice of the conservator of flora and fauna in relation to the proposal; and
 - (b) subsection (2) does not apply in relation to the conservator's advice.

129 Impact track—considerations when deciding development approval

In deciding a development application for a development proposal in the impact track, the decision-maker must consider the following:

- (a) the objectives for the zone in which the development is proposed to take place;

- (b) the relevant code;
- (c) the suitability of the land where the development is proposed to take place for a development of the kind proposed;
- (d) each representation received by the authority in relation to the application that has not been withdrawn;
- (e) if an entity gave advice on the application in accordance with section 149 (Requirement to give advice in relation to development applications)—the entity's advice;

Note Advice on an application is given in accordance with section 149 if the advice is given by an entity not later than 15 working days (or shorter prescribed period) after the day the application is given to the entity. If the entity gives no response, the entity is taken to have given advice that supported the application (see s 150).

- (f) if the proposed development relates to land that is public land—the plan of management for the land;
 - (g) the probable impact of the proposed development, including the nature, extent and significance of probable environmental impacts;
 - (h) any completed EIS for the proposed development;
- Note* For when an EIS is completed, see s 209.
- (i) the conclusions of any inquiry about an EIS for the proposed development under chapter 8 (Environmental impact statements and inquiries).

130 Impact track—notification and right of review

If a development proposal is in the impact track, the application for development approval for the proposal must be publicly notified under division 7.3.4 and there may be a right of review under chapter 13 by someone other than the applicant in relation to the decision on the application.

131 Impact track—time for decision on application

A development application in relation to a development proposal in the impact track must be decided under section 162 (Deciding development applications) not later than—

- (a) if no representation is made in relation to the proposal—30 working days after the day the application is made to the planning and land authority; or
- (b) in any other case—45 working days after the day the application is made to the authority.

Division 7.2.5 Development proposals not in development table and not exempted

132 Impact track applicable to development proposals not otherwise provided for

- (1) In this section:

development proposal means a development proposal if—

- (a) the relevant development table for the proposal does not state—
 - (i) which assessment track applies to the proposal; or
 - (ii) that the proposal is exempt from requiring development approval or is prohibited; and
 - (b) the proposal is not exempt from requiring development approval under the relevant development table or by regulation.
- (2) The impact track applies to the development proposal.

Division 7.2.6 Exempt development

133 What is an *exempt development*?

In this Act:

exempt development means development that is exempt from requiring development approval under—

- (a) the relevant development table; or

Note 1 Development tables are dealt with in s 54.

Note 2 **Relevant development table**—see the dictionary.

- (b) section 134; or

- (c) a regulation.

134 Exempt development—authorised use

- (1) An authorised use of land, or a building or structure on the land, is exempt from requiring development approval.
- (2) However, use of the land is not exempt from requiring development approval if—
 - (a) earthworks or other construction work is carried out on the land; and
 - (b) the work requires development approval.
- (3) Also, use of the land, or a building or structure on the land, is not exempt from requiring development approval if—
 - (a) a building or structure on the land is constructed, altered or demolished; and
 - (b) the construction, alteration or demolition requires development approval.
- (4) To remove any doubt, if an authorised use of land, a building or structure is exempt from requiring development approval under

subsection (1), the right to use the land, building or structure as authorised does not end only because 1 or more of the following apply in relation to the use:

- (a) the use is not continuous;
 - (b) someone deals with the lease (the *affected lease*) that authorises the use;
 - (c) a further lease is granted for the affected lease on application under section 254, whether or not the grant happens immediately after the expiry of the affected lease.
- (5) However, the authorised use of the land, building or structure stops being exempt from requiring development approval if the use was authorised by a lease (the *affected lease*) and—
- (a) the affected lease expires and no application is made under section 254 for a further lease; or
- Note* A person may apply for the grant of a further lease not later than 6 months after the expiry of the affected lease (see s 254).
- (b) the affected lease is—
 - (i) surrendered, other than for a lease variation or renewal; or
 - (ii) terminated.
- (6) Also, the authorised use of the land, building or structure stops being exempt from requiring development approval if—
- (a) the use was authorised by a licence under this Act or a permit under the *Roads and Public Places Act 1937*; and
 - (b) the licence or permit ends—
 - (i) whether on expiry or otherwise; and
 - (ii) even if renewed.
- (7) To remove any doubt, an authorised use of a building or structure is exempt from requiring development approval if the construction of

the building or structure is exempt from requiring development approval.

(8) In this section:

authorised use, of land, or a building or structure on the land—

(a) means a use authorised by any of the following (whether expressly or by implication):

(i) a lease;

(ii) a licence under this Act;

(iii) a permit under the *Roads and Public Places Act 1937*;

(iv) a provision of chapter 15 (Transitional); and

(b) includes a use authorised by a lease that expired not more than 6 months before the use if the lease is renewed within 6 months after the expiry; and

(c) does not include a use authorised by section 247.

consolidation—see section 234.

subdivision—see section 234.

135 Exempt development—no need for application or approval

(1) An exempt development may be undertaken without a development application and development approval.

(2) A person cannot apply for approval of a development proposal for an exempt development.

Note The development proposal may still need a building approval under the *Building Act 2004*.

Division 7.2.7 Prohibited development

136 Development proposals for prohibited development

- (1) If a development is prohibited, either under the relevant development table or under subsection (2), a person cannot apply for approval of a development proposal for the development.

Note 1 A development is prohibited if any part of the development is prohibited (see dict, def *prohibited*).

Note 2 It is an offence to undertake prohibited development (see s 200).

Note 3 However, if development is authorised by a development approval and subsequently becomes prohibited, the development can continue (see s 201).

Note 4 Also, development that is lawful when it begins continues to be lawful (see s 203 and s 204).

- (2) A development by an entity other than the Territory or a territory authority in a future urban area is prohibited unless the structure plan for the area states otherwise.

137 Applications for development approval in relation to use for otherwise prohibited development

- (1) This section applies to a development proposal in relation to a use of land, or a building or structure on the land, if—

- (a) the use is an authorised use; but
- (b) beginning the use is a prohibited development.

- (2) Despite section 136—

- (a) a person may apply to the planning and land authority for development approval for the development proposal; and
- (b) the proposal is taken not to be for a prohibited development; and
- (c) the impact track applies to the proposal.

(3) In this section:

authorised use, of land, or a building or structure on the land, means—

- (a) a use authorised by—
 - (i) a lease; or
 - (ii) section 247; or
 - (iii) a provision of chapter 15 (Transitional); and
- (b) includes a use authorised by a lease that expired not more than 6 months before the use if the lease is renewed within 6 months after the expiry.

Part 7.3 Development applications

Division 7.3.1 Pre-application advice on development proposals

138 Consideration of development proposals

- (1) The planning and land authority must consider a development proposal if asked by the proponent of the proposal.
- (2) However, the planning and land authority need not consider the development proposal if satisfied that the information provided by the proponent in relation to the proposal would not allow the authority to provide adequate advice in relation to the matters mentioned in subsection (4).
- (3) The planning and land authority must tell the proponent if, because the authority is satisfied under subsection (2), the authority does not consider the development proposal.
- (4) The planning and land authority must, after considering the development proposal, tell the person, in writing, the following in relation to the proposal:
 - (a) which assessment track is likely to apply to the proposal, or if the proposal is likely to be exempt or prohibited;
 - (b) whether the application will be referred under division 7.3.3 (Referral of development applications);
 - (c) whether public notification under division 7.3.4 will be required for the application;
 - (d) whether the development proposed is consistent with existing lease conditions applying to the land where the development is proposed to take place;
 - (e) generally, what further information may be required.

- (5) The planning and land authority's advice on a proposed development application after consideration is intended to guide and assist the applicant in making the development application.
- (6) However, the planning and land authority may act inconsistently with advice under this section in relation to a development proposal if—
 - (a) the environmental circumstances surrounding the development proposal change; or
 - (b) the development proposal for which development approval is sought is different from the proposal in relation to which the advice was given; or
 - (c) when the proponent asked for advice, the request did not include relevant information; or
 - (d) the territory plan changes after the advice is given and before the authority acts; or
 - (e) the advice given was inconsistent with the territory plan because of an error.
- (7) Advice given under this section expires 6 months after the day it is given.

Division 7.3.2 Requirements for development applications

139 Form of development applications

- (1) This section applies to an application for development approval.
- (2) The application must—
 - (a) be in writing signed by the applicant; and
 - (b) if the application is made by someone other than the lessee of the land to which the application relates—also be signed by—

- (i) if the land to which the application relates is subject to a lease—the lessee of the land; or
 - (ii) if the land to which the application relates is public land or unleased land—the custodian for the land; or
 - (iii) in any other case—the planning and land authority; and
- (c) if the application is for approval of a development in the code track—be accompanied by information or documents addressing the relevant rules; and
- (d) if the application is for approval of a development in the merit track—be accompanied by information or documents addressing the relevant rules and relevant criteria; and
- (e) if the application is for approval of a development in the merit track and the territory plan requires an assessment (an *assessment of environmental effects*) of the possible environmental effects of the development in detail that is sufficient taking into consideration the size and significance of the impact of the development on the environment—be accompanied by an assessment of environmental effects; and
- (f) if the application is for approval of a development in the impact track—be accompanied by—
 - (i) information or documents addressing the relevant rules and relevant criteria; and
 - (ii) the completed EIS for the proposal; and
- (g) if the application is for approval of a variation of a nominal rent lease (other than a variation to which section 276 does not apply)—be accompanied by an assessment by an accredited valuer that sets out the amounts of the values represented by V_1 and V_2 in section 277;

- (h) if the application is for approval of a development that is a lease variation to pay out land rent for land—state the greatest of the following amounts:
 - (i) the current site value of the land;
 - (ii) if the land was purchased at auction—the reserve price of the land at the auction;
 - (iii) if the land was granted by direct sale—the value of the land when originally granted; and
- (i) if the application is for approval of a development prescribed by regulation for this paragraph—an assessment prepared using criteria provided by 1 or more of the entities to which the application is required to be referred under division 7.3.3; and
- (j) if the application is for approval of a development that requires construction work to be carried out on land that has previously been developed and is not leased for rural purposes—be accompanied by a survey certificate for the land where the development is to be carried out (unless otherwise prescribed by regulation); and
- (k) if the application is for development to which section 205 (Development applications for developments undertaken without approval) applies—be accompanied by a plan of the development prepared by a registered surveyor that sets out the dimensions of the development.

Note 1 A development application in the impact track must usually include an EIS (see s 128).

Note 2 A development application for a development proposal to which division 7.2.5 applies must include an EIS (see s 120 and div 7.2.4).

Note 3 For when an EIS is completed, see s 209.

- (3) A person who signs an application under subsection (2) (b) (i) is taken to be an applicant in relation to the application.

(4) In this section:

current site value, of a lease, means the market value of the lease on the day proposed for pay out of the lease if—

- (a) the lease were offered for sale subject to the existing conditions on the lease; and
- (b) the lease had its full term; and
- (c) the rent payable for the lease were nominal rent; and
- (d) the value of the lease were not affected by a proposed variation of the lease.

market value, of a lease—see section 234.

relevant criteria, for a development proposal, means the criteria that apply to the proposal in each relevant code.

survey certificate, for land where development is to be carried out, means a certificate prepared by a registered surveyor that shows—

- (a) the boundaries of the land; and
- (b) the location of each building or structure on the land; and
- (c) the existing contours of the land.

140 Effect of approvals in development applications

(1) This section applies if—

- (a) a code that applies to a development proposal requires an entity to approve the development or certify something in relation to the development; and
- (b) the entity approves the development, or certifies something in relation to the development, in writing; and
- (c) the development application is approved (by way of a development approval).

- (2) The entity must not act inconsistently with the development approval unless—
 - (a) further information in relation to the development proposed in the application comes to the entity's attention (other than information mentioned in subsection (3)); and
 - (b) the entity did not have the further information when the entity approved the development or certified the thing; and
 - (c) the further information is relevant to the approval of, or certification in relation to, the development; and
 - (d) the entity would not have approved the development or certified the thing considered if the entity had the further information before deciding the application.
- (3) Subsection (2) (a) does not apply to further information in relation to a development proposed in an application if—
 - (a) the information was not required in the development application; and
 - (b) the information is required by the entity after the application is approved; and
 - (c) the information is consistent in all significant respects with information already provided by the applicant, except that it is more detailed.
- (4) For this section, an entity *acts inconsistently* with a development approval if the entity—
 - (a) does not issue or give an approval or other thing required for the development; or

- (b) issues or gives the approval or other thing in a way, or subject to a condition, that prevents the applicant undertaking the development approved.

Example of thing required for development

the entity's agreement to the digging up of a footpath to allow the development

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (5) Also for this section, an entity *acts inconsistently* with a development approval if—
 - (a) the approval, or a certificate in writing by the entity in relation to the development, states that an activity to which the approval relates does not require a particular authorisation (however described); and
 - (b) the entity prosecutes someone, or takes other compliance action, in relation to the activity because the activity is carried out without the particular authorisation.

141 Authority may require further information—development applications

- (1) The planning and land authority may, by written notice, ask an applicant for development approval to give the authority stated further information in relation to a development application.
- (2) The request must—
 - (a) state the period within which the further information asked for must be provided; and
 - (b) state that the further information must be provided in writing.

Note A request for further information may affect the time for deciding a development application (see div 7.3.7).

- (3) The period stated under subsection (2) (a) must be at least 20 working days or, if a shorter period is prescribed by regulation, the shorter period.
- (4) The planning and land authority may, on application before the end of the period stated under subsection (2) (a), extend the period within which the further information must be provided once only, for a period not longer than 20 working days.

Note The planning and land authority may extend the period within which further information must be provided after the end of the period being extended (see Legislation Act, s 151C (3)).

142 Effect of failure to provide further information— development applications

- (1) This section applies if—
 - (a) the planning and land authority has asked for further information under section 141 in relation to an application; and
 - (b) the applicant has not provided some or all of the information in accordance with the request.
- (2) The planning and land authority may refuse the application under section 162.

143 Correcting development applications

- (1) The planning and land authority may, on the authority's own initiative or on application, correct a formal error in a development application.
- (2) However, the planning and land authority must not make a correction if making the correction would adversely affect someone other than the applicant.
- (3) If the planning and land authority does not tell the applicant that the authority refuses to amend a development application by not later

than 5 working days after the day the applicant asks for the correction, the authority is taken to have made the correction.

- (4) If the planning and land authority corrects a development application on the authority's own initiative, the authority must give the applicant, or if there is more than 1, each applicant, written notice about the correction.

144 Amending development applications

- (1) The planning and land authority may, if asked by the applicant, amend a development application.
- (2) However, the planning and land authority must not amend the development application unless satisfied that—
 - (a) the development applied for after the amendment will be substantially the same as the development applied for originally; and
 - (b) the assessment track for the application will not change if the application is amended.
- (3) The planning and land authority must, not later than 5 working days after the day the applicant asks for the amendment—
 - (a) amend the development application; or
 - (b) refuse to amend the development application.
- (4) If the planning and land authority does not tell the applicant that the authority refuses to amend the application within the time given under subsection (3), the authority is taken to have amended the application.

145 Referred development application amended

- (1) This section applies if—
 - (a) a development application has been amended under section 144; and

(b) before it was amended, the application was referred to an entity under division 7.3.3.

- (2) The planning and land authority must refer the development application to the entity.

Note Section 149 sets out what the entity to which the application is referred must do with the application.

- (3) A referral under subsection (2) must include a brief description of how the application has been amended since the entity last saw it.
- (4) However, if the planning and land authority is satisfied that the proposed amendment of the application does not affect any part of the application in relation to which the entity to which the application was referred made a comment, the authority need not refer the proposed amendment to the entity.

146 Notice of amended development applications

- (1) This section applies if—
- (a) the planning and land authority amends a development application; and
 - (b) the making of the application has been publicly notified.
- (2) The planning and land authority must publicly notify the amended application under division 7.3.4 (Public notification of development applications and representations).
- (3) However, the planning and land authority may waive the requirement to publicly notify the amended application for development approval if satisfied that—
- (a) no-one other than the applicant will be adversely affected by the amendment; and
 - (b) the environmental impact caused by the approval of the amendment will do no more than minimally increase the environmental impact of the development.

147 Withdrawal of development applications

An applicant may withdraw a development application at any time before the application is approved.

Division 7.3.3 Referral of development applications

148 Some development applications to be referred

- (1) The planning and land authority must refer a development application prescribed by regulation to an entity prescribed by regulation.
- (2) However, the planning and land authority must not refer a development application to an entity under subsection (1) if—
 - (a) the authority is satisfied that the applicant has adequately consulted the entity in relation to the application not earlier than 6 months before the day the application is made; and
 - (b) the entity agrees in writing to the proposed development.
- (3) A written agreement to a proposed development mentioned in subsection (2) (b) is taken to be advice received in accordance with section 149 in relation to an application for development approval for the development.
- (4) To remove any doubt, if the planning and land authority is not required to refer a development application to an entity under subsection (1)—
 - (a) the authority need not refer the application to the entity before deciding the application; and
 - (b) the decision of the authority is not affected by the authority not referring the application to the entity.

149 Requirement to give advice in relation to development applications

- (1) This section applies if a development application, including an amended application, is referred to an entity.

Note An amended application may be required to be referred to an entity under s 145.

- (2) The entity must give the planning and land authority the entity's advice in relation to the development application not later than 15 working days after the day the authority gives the application to the entity or, if a shorter period is prescribed by regulation, not later than the end of the shorter period.

Note 1 A written agreement to a development proposal under section 148 (2) (b) is taken to be advice given in accordance with this section in relation to a development application for the proposal (see s 148 (3)).

Note 2 For how documents may be given, see the Legislation Act, pt 19.5.

150 Effect of no response by referral entity

For this Act, if an entity fails to provide advice in accordance with section 149 in relation to a development application referred to the entity, the entity is taken to have given advice that the entity supports the application.

151 Effect of advice by referral entity

- (1) This section applies if—
- (a) a development application, including a development application amended under section 144, is referred to an entity; and
 - (b) the entity gives advice on the application in accordance with section 149; and

Note Advice on an application is given in accordance with section 149 if the advice is given by an entity not later than 15 working days

(or shorter prescribed period) after the day the application is given to the entity.

- (c) the planning and land authority or Minister approves the application; and
 - (d) the approval is substantially consistent with the advice.
- (2) The entity must not act inconsistently with the advice in relation to the development application unless—
- (a) further information in relation to the development proposed in the application comes to the entity's attention (other than information mentioned in subsection (3)); and
 - (b) the entity did not have the further information when the entity gave the advice; and
 - (c) the further information is relevant to the advice the entity gave; and
 - (d) the entity would have given different advice if the entity had the further information before giving the advice.
- (3) Subsection (2) (a) does not apply to further information in relation to a development proposed in an application if the information—
- (a) was not required in the development application; and
 - (b) is required by the entity after the application is approved; and
 - (c) is consistent in all significant respects with information already provided by the applicant, except that it is more detailed.
- (4) For this section, an entity *acts inconsistently* with advice in relation to a development application if—
- (a) the advice is that the entity will issue or give an approval or other thing in relation to the development; and
 - (b) the application is approved; and
 - (c) the entity—

- (i) does not issue or give the approval or other thing consistent with the advice; or
- (ii) issues or gives the approval or other thing in a way, or subject to a condition, that prevents the applicant undertaking the development approved.

Example of advice

that the entity will agree to the digging up of a footpath to allow the development

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (5) Also for this section, an entity ***acts inconsistently*** with advice in relation to an application if—
 - (a) the advice is that an activity to which the application relates does not require a particular authorisation (however described); and
 - (b) the entity prosecutes someone, or takes other compliance action, in relation to the activity because the activity is carried out without the particular authorisation.

Example of acting inconsistently

An Act prohibits activity A without an approval. The entity responsible for administering the Act gives advice under section 149 that the activity (activity B) in the application does not fall within the description of activity A. The application is approved consistent with the advice. The entity cannot prosecute a person for carrying out activity B in accordance with the approved application because activity B does fall within the description of activity A and the person did not have approval.

- (6) For this section, an entity acts inconsistently with advice that the entity is taken under section 150 to have given in relation to a development application if the entity—
 - (a) refuses to do something required to be done by the entity to allow the applicant to undertake the development approved in the application; or

- (b) does something in a way, or subject to a condition, that prevents the applicant from undertaking the development approved in the application.

Division 7.3.4 Public notification of development applications and representations

152 What is *publicly notifies* for ch 7?

- (1) For this chapter, the planning and land authority *publicly notifies* a development application if—
 - (a) for an application for a development proposal in the merit track that is prescribed by regulation—the authority notifies the application in the manner prescribed under subsection (2); or
 - (b) for any other application for a development proposal—the authority notifies the application under—
 - (i) section 153 and section 155; and
 - (ii) if the development proposal is, or includes, a lease variation—section 154 (if applicable).

Note 1 Only developments to which the merit track and impact track applies are required to be publicly notified (see s 121 and s 130). Also, the planning and land authority must re-notify some amended development applications (see s 146).

Note 2 An entity other than an applicant may apply for review of a decision to approve a development application in the merit track only if the application is required to be notified under section 153 and section 155 (see sch 1, item 4).

- (2) For an application prescribed under subsection (1) (a), the planning and land authority may, by regulation, prescribe either of the following ways of notifying the application:
 - (a) under section 155 (Major public notification) and, if applicable, section 154 (Public notice to registered interest holders);

- (b) under section 153 (Public notice to adjoining premises) and, if the development proposal is, or includes, a lease variation—section 154 (if applicable).

153 Public notice to adjoining premises

- (1) This section applies in relation to a development application if—
 - (a) the planning and land authority must notify the application under this section; and
 - (b) a place (the *adjoining place*) other than unleased land adjoins the place (the *developing place*) to which the application relates.

- (2) If the adjoining place is occupied, the planning and land authority must give written notice of the making of the development application to the registered proprietor of the lease of the adjoining place at the adjoining place.

Note For how documents may be given, see the Legislation Act, pt 19.5.

- (3) If the adjoining place is unoccupied, the planning and land authority must give written notice of the making of the development application to the lessee of the adjoining place at the lessee's last-known address.
- (4) However, the planning and land authority need not give public notice under subsection (2) or (3) in relation to an adjoining place that is leased by the applicant or a person for whom the applicant has been appointed to act as agent.

Note This section is subject to s 411 and s 412.

- (5) The validity of a development approval is not affected by a failure by the planning and land authority to comply with this section.

- (6) In this section:

adjoins—a place *adjoins* another place if the place touches the other place, or is separated from the other place only by a road, reserve, river, watercourse or similar division.

registered proprietor—see section 234.

154 Public notice to registered interest-holders

- (1) This section applies in relation to a development application if—
- (a) the planning and land authority must notify the application under this section because it is, or includes, a lease variation; and
 - (b) a person other than the applicant has a registered interest in the land comprised in the lease to be varied.
- (2) The planning and land authority must give written notice of the making of the development application to each person, other than the applicant, with a registered interest in the land comprised in the lease.

155 Major public notification

- (1) If the planning and land authority must notify a development application under this section, the authority must do each of the following:
- (a) display a sign on the place to which the application relates that states the development proposed to be undertaken;
 - (b) publish notice of the making of the application in a daily newspaper.

Note This section is subject to s 411 and s 412.

- (2) A person commits an offence if—
- (a) a sign is displayed under subsection (1) (a); and

- (b) the person moves, alters, damages, defaces, covers or prevents access to the sign while it is required to be displayed.

Maximum penalty: 5 penalty units.

- (3) An offence against subsection (2) is a strict liability offence.
- (4) Subsection (2) does not apply to a person if the person acts with the written approval of the chief planning executive.
- (5) The validity of a development approval is not affected by a failure by the planning and land authority to comply with this section.

156 Representations about development applications

- (1) Anyone may make a written representation about a development application that has been publicly notified under this Act.

Note Only developments in the merit track and impact track are required to be publicly notified (see s 121 and s 130). Also, the planning and land authority must re-notify some amended development applications (see s 146).

- (2) A representation about a development application must be made during the public consultation period for the application.

Note **Public consultation period** for a development application—see s 157.

- (3) The planning and land authority may, by notice published in a daily newspaper, extend the public consultation period.

Note The planning and land authority may extend the public consultation period after it has ended (see Legislation Act, s 151C).

- (4) If the planning and land authority extends the public consultation period under subsection (3), the authority must give the applicant for the development approval written notice of the extension.
- (5) A person who makes a representation about a development application may, in writing, withdraw the representation at any time before the application is decided.

- (6) To remove any doubt, a representation about a development application—
- (a) may relate to how the development proposed in the application meets, or does not meet, any finding or recommendation of the EIS for the development; and
 - (b) must not relate to the adequacy of the EIS for the development.

Note Representations about a draft EIS may be made under s 219.

157 Meaning of *public consultation period* for development applications—Act

In this Act:

public consultation period, for a development application, means—

- (a) the period prescribed by regulation; or
- (b) if the period prescribed is extended under section 156 (3)—the prescribed period as extended.

Division 7.3.5 Ministerial call-in power for development applications

158 Direction that development applications be referred to Minister

- (1) The Minister may, in writing, direct the planning and land authority to refer to the Minister a development application that has not been decided by the authority.

Note 1 Section 13 provides that the planning and land authority must comply with directions given to it under this Act or a territory law.

Note 2 The power to make a statutory instrument (like the Minister's direction) about a matter includes the power to make the instrument for a particular class of matters (see Legislation Act, s 48 (2)).

- (2) The planning and land authority must give a copy of the Minister's direction in relation to a development application to each entity to whom the application—
 - (a) is required to be referred, or has been referred, under section 148; and
 - (b) would be required to be referred under section 148 but for section 148 (2).
- (3) If the Minister gives a direction under subsection (1) in relation to an application, the planning and land authority must take no further action that would lead to a decision by the authority on the application.
- (4) When complying with the direction under subsection (1), the planning and land authority must also give the Minister—
 - (a) the information and documents received by the authority in relation to the application, including any advice given to the authority under division 7.3.3 (Referral of development applications); and
 - (b) any other relevant information and documents held by the authority.

159 Minister may decide to consider development applications

- (1) This section applies in relation to an application referred to the Minister under section 158.
- (2) The Minister may decide to consider the application if, in the Minister's opinion—
 - (a) the application raises a major policy issue; or
 - (b) the application seeks approval for a development that may have a substantial effect on the achievement or development of the object of the territory plan as set out in the statement of

strategic directions and objectives for each zone to which the application relates; or

- (c) the approval or refusal of the application would provide a substantial public benefit.
- (3) If the Minister is satisfied that the Minister should not consider the application, the Minister must refer the application back to the planning and land authority for decision.

Note Section 162 applies to an application referred back to the planning and land authority under s (3) (see s 162 (4)).

160 Minister decides to consider referred development applications

- (1) This section applies if the Minister decides under section 159 to consider an application referred to the Minister.
- (2) The Minister must—
 - (a) tell the planning and land authority about the decision to consider the application; and
 - (b) tell the applicant in writing about the decision and the grounds on which the decision was made; and
 - (c) ensure that the Minister has the comments of the authority on the application; and
 - (d) approve or refuse the application under section 162 (Deciding development applications).
- (3) A notice under subsection (2) (a) is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

- (4) A notice under subsection (2) (a) must be notified under the Legislation Act not later than 15 working days after the day it is given.

161 After Minister decides referred development applications

- (1) This section applies if the Minister decides an application under section 162.
- (2) Not later than 3 sitting days after the day the Minister decides the application, the Minister must present to the Legislative Assembly a statement containing—
 - (a) a description of the development to which the application relates; and
 - (b) details of the land where the development is proposed to take place; and
 - (c) the applicant's name; and
 - (d) details of the Minister's decision; and
 - (e) the grounds for the decision.

Division 7.3.6 Deciding development applications

162 Deciding development applications

- (1) The planning and land authority or, for a development application that the Minister decides to consider under division 7.3.5 (Ministerial call-in power for development applications), the Minister, must—
 - (a) approve a development application; or
 - (b) approve a development application subject to a condition; or
 - (c) refuse a development application.

Note 1 For provisions about conditions, see s 165. Also, a development application to vary a lease granted as a concessional lease by surrender and regrant of the lease as a market value lease is subject to a condition (see s 262).

Note 2 Notice of a decision under s (1) must be given under div 7.3.8.

Note 3 If a development application has been referred to an entity under division 7.3.3, the notice of the decision under this section must include information about any comment by the referral entity and whether the authority has followed the entity's advice (see s 172).

Note 4 The criteria for a decision on an application to vary a lease granted as a concessional lease are in div 9.4.2.

Note 5 An applicant and, in some cases, other people may have a right to apply for review of a decision under s (1) (see ch 13 and sch 1). However, the right to apply for legal review of a decision by the Minister is time-limited (see s 410).

- (2) However, the planning and land authority or Minister must refuse a development application to which division 9.4.2 (Varying concessional leases to remove concessional status) applies if the Minister decides under section 261 that considering the application is not in the public interest.
- (3) The planning and land authority or Minister must take action under subsection (1) in relation to a development application not later than the end of the prescribed time period for the application.
- (4) To remove any doubt, the time for deciding a development application is not affected by—
 - (a) the referral of the application to the Minister by the planning and land authority under section 158; or
 - (b) the referral of the application back to the authority by the Minister under section 159.
- (5) If the planning and land authority approves a development application that relates to a regulated tree, the authority may, under this section—
 - (a) if a tree management plan is already in force for the tree—approve an amendment of, or replacement for, the tree management plan; or
 - (b) in any other case—approve a tree management plan for the tree.

(6) In this section:

prescribed time period, for a development application, means—

- (a) the period set out in part 7.2 (Assessment tracks for development applications) for deciding an application for a development proposal in the assessment track that applies to the proposal; or
- (b) if the period mentioned in paragraph (a) is extended under division 7.3.7—the period mentioned in paragraph (a) plus each extension that applies to the application under division 7.3.7.

Note The time for deciding a development application is 20 working days for a development proposal in the code track (see s 118), 30 or 45 working days for a development proposal in the merit track (see s 122) or different periods for a development proposal in the impact track (see s 131).

163 Power to approve etc development applications deemed refused

- (1) This section applies if—
 - (a) a development application has been made; and
 - (b) the time for deciding the application has ended; and
 - (c) neither the planning and land authority nor the Minister has decided the application under section 162.
- (2) The planning and land authority or, if the Minister has decided to consider the application under division 7.3.5, the Minister, may approve the application, or approve the application subject to a condition, under section 162 despite the ending of the time for deciding the application.
- (3) To remove any doubt, if neither the planning and land authority nor the Minister has decided an application under section 162, the

authority is taken to have decided to refuse the application under the *Administrative Appeals Tribunal Act 1989*, section 24 (6).

Note A decision of the AAT on review is taken to have been a decision of the original decision-maker, so the planning and land authority or Minister will not be able to approve an application if the AAT has decided an application for review of the deemed refusal (see *Administrative Appeals Tribunal Act 1989*, s 44 (11)).

164 Refusal does not affect existing use

The refusal of a development application in relation to the use of land does not affect an existing use of the land.

165 Conditional approvals

- (1) This section applies in relation to the conditions subject to which the planning and land authority, or the Minister, may approve a development application under section 162 (1) (b).
- (2) The approval under section 162 (1) (b)—
 - (a) must include any condition that is required to be included by the territory plan; and
 - (b) must not include a condition inconsistent with a condition required to be included by the territory plan.
- (3) Following are examples of the conditions subject to which a development approval in relation to land may be given, other than an approval for a code track proposal:
 - (a) that a development, or a stated stage of a development, is to be carried out to the satisfaction of a stated entity;
 - (b) requiring a development to be carried out in stages within the periods stated in or under the approval;
 - (c) stating a period in which a development or any stage of a development is to be carried out;

- (d) that the approval does not take effect unless a stated approval is revoked, amended or given;
- (e) that a lease relating to the land be varied and the variation registered under the *Land Titles Act 1925*;
- (f) requiring an existing licence to be varied;
- (g) that another approval relating to the land be surrendered;
- (h) that stated things be done to prevent or minimise adverse environmental impacts;
- (i) if the approval relates to a use of land, or a building or structure on the land—that the land, or buildings or structures on the land, may only be used for the use in stated circumstances;
- (j) in relation to an approval to carry out a development for a stated period—
 - (i) that building works or other works carried out in or on a place the subject of the approval are to be removed at the end of the period; or
 - (ii) that the place where the development is to take place is to be restored to a particular state at the end of the period;
- (k) that a bond be entered into securing performance against the conditions of the approval;
- (l) if the approval is in relation to a place registered, or nominated for provisional registration, under the *Heritage Act 2004*—that the applicant enter into a heritage agreement under that Act for the conservation of the heritage significance of the place;
- (m) that a development be carried out to a stated standard;
- (n) that stated works, services or facilities that the relevant authority considers reasonable in the circumstances—

- (i) be provided by the applicant on or to a place the subject of the approval, or on or to another place; or
- (ii) be paid for completely or partly by the applicant; or
- (iii) be provided on or to a place the subject of the approval by agreement between the applicant and the Minister responsible for the provision of the works, services or facilities;
- (o) that plans, drawings, specifications or other documents be prepared by the applicant and lodged with the planning and land authority for approval before the development or a stated part of it starts;
- (p) requiring changes to be made to any plan, drawing, specification or other document forming part of the application for approval.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (4) A code track proposal must not be approved subject to a condition unless the condition is prescribed by regulation for this subsection.

Examples of conditions that may be prescribed

- 1 requirement to keep documents or other administrative requirement
 - 2 manage the impact of carrying out development, whether on or off development site
- (5) The planning and land authority may approve an amendment to a plan, drawing or other document approved under subsection (3) (o) if the amendment—
 - (a) if made, would not make the approval inconsistent with section 179 (When development approval takes effect—activity not allowed by lease); and
 - (b) is not inconsistent with an approval under subsection (3) (o).

165A Lease to be varied to give effect to development approval

- (1) This section applies if—
 - (a) the planning and land authority or the Minister approves a development application under section 162; and
 - (b) the development consists of or includes a lease variation.
- (2) The planning and land authority must vary the lease in accordance with the terms of the approval.
- (3) This section is subject to division 9.6 (Lease variations).

Note Section 179 and s 180 set out when development approvals requiring lease variations take effect.

Division 7.3.7 Extensions of time for deciding development applications

166 Extension of time for further information—further information sufficient

- (1) This section applies to a development application if—
 - (a) the planning and land authority gives the applicant a notice (a *request notice*) under section 141 asking for further information in relation to the application; and
 - (b) the authority decides to give the applicant the request notice not later than 10 working days after the day the application is lodged; and
 - (c) the notice is given to the applicant as soon as possible after the authority decides to give the notice; and
 - (d) the authority has not asked for further information by request notice in relation to the application before; and

- (e) the applicant gives the authority the information required by the request notice before the end of the period stated in the notice, or any extension of the period under section 141 (4).
- (2) The time for deciding the development application under section 162 is extended by a period—

 - (f) if the development approval relates to land comprised in a lease that requires the development to be completed on a stated date—the date stated in the lease for completion of the development; or
 - (g) the approval is revoked under section 189.
- (3) On application made before the end of a prescribed period, the planning and land authority may extend the prescribed period.

- (4) In this section:

prescribed period, in relation to a development approval, means—

- (a) the time stated in the approval for finishing the development or a stage of the development; or

 - (a) a development approval that consists only of a variation of a lease; or

- (4) If more than 1 use is allowed under the development approval and none of the uses in accordance with the development approval begin or happen before the end of the period of 2 years starting on the day after the day the approval is given, the development approval ends at the end of the 2-year period.

- (5) To remove any doubt, a development approval relating to use does not end only because 1 or more of the following apply to the development or lease:

- (a) the use is not continuous;
- (b) someone deals with the affected lease;
- (c) a further lease is granted for the affected lease on application under section 254, whether the grant happens immediately after the expiry of the affected lease or otherwise.

Examples of use not being continuous for par (a)

- 1 the use is interrupted

- (c) the approval is surrendered; or
- (d) the licence or permit ends—
 - (i) whether on expiry or otherwise; and
 - (ii) even if renewed.

Note A development approval to which this section applies continues unless the approval ends under s 184, s 185, s 186 or this section.

- (3) If use in accordance with the development approval does not begin or happen before the end of the period of 2 years starting on the day after the day the approval is given, the development approval ends at the end of the 2-year period.
- (4) To remove any doubt, a development approval relating to use does not end only because the use is not continuous.

Examples of use not being continuous

- 1 the use is interrupted
- 2 the use is intermittent

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

188 Development approvals continue unless ended

- (1) This section applies to a development approval to which any of the following applies:
 - (a) section 184 (End of development approvals other than lease variations);

- (2) The planning and land authority must tell the registrar-general about the revocation of the development approval if the authority gave the registrar-general notice of the approval.

190 Definitions—div 7.3.10

In this division:

original application—see section 191 (1) (a).

original decision—see section 191 (1) (a).

reconsideration application—see section 191 (3).

191 Applications for reconsideration

- (1) This section applies if—
 - (a) a development application, or an application for amendment of a development approval, (the ***original application***) has been approved subject to a condition or refused (the ***original decision***) by the planning and land authority; and
 - (b) an application has not previously been made under this section for reconsideration of the original decision; and
 - (c) the AAT has not decided an application for review of the original decision.
- (2) However, this section does not apply in relation to—
 - (a) the refusal of a development application, or an application for amendment of a development approval, in the code track; or
 - (b) the refusal of a development application to which division 9.4.2 (Varying concessional leases to remove concessional status) applies if the Minister decides that considering the application is not in the public interest.
- (3) The applicant for the original application may apply (the ***reconsideration application***) for reconsideration of the original decision.
- (4) The reconsideration application must—
 - (a) be in writing signed by the applicant; and
 - (b) if the application is made by someone other than the lessee of the land to which the application relates and the land is not unleased—also be signed by the lessee of the land.
- (5) The reconsideration application must be made not later than—
 - (a) 20 working days after the day the applicant is told about the original decision by the planning and land authority; or

- (b) any longer period allowed by the planning and land authority.

Note The planning and land authority may extend the period after the end of the period being extended (see Legislation Act, s 151C (3)).

- (6) The reconsideration application must set out the grounds on which reconsideration of the original decision is sought.

Note Making an application under this section stays the operation of the decision for which reconsideration is sought.

192 Notice to AAT of reconsideration application

- (1) This section applies if—
- (a) a development application, or an application for amendment of a development approval, (the *original application*) has been approved subject to a condition or refused (the *original decision*) by the planning and land authority; and
 - (b) a person applies for reconsideration of the original decision; and
 - (c) the person also applies to the AAT for review of the original decision, whether before or after applying for reconsideration; and
 - (d) the AAT gives the planning and land authority notice of the application for review.
- (2) The planning and land authority must tell the AAT in writing about the application for reconsideration.

193 Reconsideration

- (1) If the planning and land authority receives a reconsideration application, the authority must—
- (a) reconsider the original decision; and
 - (b) not later than 20 working days after the day the authority receives the application—

- (i) make any decision in substitution for the original decision that the authority could have made on the original application; or
 - (ii) confirm the original decision.
- (2) However, the planning and land authority must not take action under subsection (1) (b) if the AAT has decided an application for review of the original decision.
- (3) Also, the planning and land authority may only reconsider the original decision to the extent that the development proposal approved or refused in the original decision or part of the original decision—
 - (a) is subject to a rule and does not comply with the rule; or
 - (b) is not subject to a rule.
- (4) The 20 working days mentioned in subsection (1) may be extended for a stated period by agreement between the planning and land authority and the applicant.
- (5) In reconsidering the original decision, the planning and land authority—
 - (a) need not publicly notify the reconsideration application under division 7.3.4; but
 - (b) must give written notice of the reconsideration application to anyone who made a representation under section 156 about the original application, allow the person reasonable time (that is not shorter than 2 weeks) to make a representation on the reconsideration application, and consider any representation made within the time allowed.
- (6) Also, in reconsidering the original decision, the planning and land authority—

- (a) must consider any information available to the authority when it made the original decision and information given in the reconsideration application; and
- (b) may consider any other relevant information.

Example of other relevant information

information from representations

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (7) The planning and land authority must ensure that, if the original decision is made on the authority's behalf by a person (the ***original decision-maker***), the authority or someone other than the original decision-maker reconsiders the decision.

194 No action by authority within time

If the planning and land authority does not make a substitute decision, or confirm the original decision, by the end of the 20 working days, or the 20-working day period as extended by agreement, mentioned in section 193, the authority is taken to have confirmed the original decision.

195 Notice of decisions on reconsideration

As soon as practicable after reconsidering the original decision, the planning and land authority must give written notice of the decision on the reconsideration to—

- (a) the applicant; and
- (b) anyone who was given notice of the reconsideration application under section 193 (5) (b); and

- (c) if the original decision was an approval subject to conditions and the authority gave the registrar-general notice of the approval—the registrar-general.

Note If the notice is given to a person who may apply to the AAT for review of the decision to which it relates, the notice must comply with the requirements of the code of practice in force under the *Administrative Appeals Tribunal Act 1989*, s 25B (1) (see s 408 (3)).

Division 7.3.11 Correction and amendment of development approvals

196 Correcting development approvals

- (1) The planning and land authority may, on its own initiative or on application, correct a formal error in a development approval.
- (2) If the planning and land authority corrects a development approval, the authority must give the approval holder, or if there is more than 1, each approval holder, written notice about the correction.

Note *Approval holder*—see dict.

197 Applications to amend development approvals

- (1) This section applies if—
 - (a) the planning and land authority has given development approval for a development proposal (the *original development proposal*); and
 - (b) the development proposal changes (the *changed development proposal*) so that it is not covered by the approval.
- (2) An approval holder may apply to the planning and land authority to amend the development approval so that it approves the changed development proposal.
- (3) An application under subsection (2) must—
 - (a) be in writing signed by the applicant; and

- (b) if the application is made by someone other than the lessee of the land to which the application relates, be signed by—
 - (i) if the land to which the application relates is subject to a lease—the lessee of the land; or
 - (ii) if the land to which the application relates is public land or unleased land—the custodian for the land; or
 - (iii) in any other case—the planning and land authority.
- (4) A person who signs an application under subsection (3) (b) (i) is taken to be an applicant in relation to the application.

198 Deciding applications to amend development approvals

- (1) In deciding whether to amend a development approval in accordance with an application under section 197, the planning and land authority must consider the application, and take action in relation to the application, as if—
 - (a) the development originally approved had been completed; and
 - (b) the application for amendment were an application for approval of a development proposal (the ***proposed development***) to change the completed development to give effect to the amendment.

Example

Philip has development approval (the ***original approval***) to build a house. Philip starts to build the house, but discovers that he needs an extra floor in the house. He applies to amend the original approval.

In considering whether to amend the original approval, the planning and land authority must treat the application to amend as if the house has been built in accordance with the original approval, and the application is for approval to add an extra floor. This means the authority must assess the application in the assessment track that would apply to an application to add an extra floor, and any requirement to notify agencies or publish the application would have to be followed.

Note 1 An application for amendment of a development application may be reconsidered under pt 7.3.10 (see s 191 (1) (a)) and the approval holder

may apply for review of a decision to refuse to amend the approval (see sch 1, item 13).

Note 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) The planning and land authority must refuse to amend the development approval if satisfied that the changed development proposal and the original development proposal would be in different assessment tracks.
- (3) Also, the planning and land authority must refuse to amend a development approval unless satisfied that, after the amendment, the development approved will be substantially the same as the development for which approval was originally given.
- (4) To remove any doubt, if public notification of the proposed development is required under the assessment track that applies to the proposed development, only the application for the amendment need be publicly notified.

Part 7.4 Developments without approval

199 Offence to develop without approval

- (1) A person commits an offence if—
- (a) the person undertakes development without development approval; and
 - (b) the development requires development approval; and

Maximum penalty:

- (a) for an individual—2 000 penalty units; or
- (b) for a corporation—2 500 penalty units.

 - (b) the development requires development approval; and
 - (c) the person is reckless about whether the development requires development approval.

Maximum penalty: 1 000 penalty units.

- (3) A person commits an offence if—
- (a) the person undertakes development without development approval; and
 - (b) the development requires development approval; and

- (c) the person is negligent about whether the development requires development approval.

Maximum penalty: 500 penalty units.

- (4) A person commits an offence if—
 - (a) the person undertakes development without development approval; and
 - (b) the development requires development approval.

Maximum penalty: 60 penalty units.

- (5) An offence against subsection (4) is a strict liability offence.
- (6) It is a defence to a prosecution for an offence against subsection (4) if the defendant proves that the defendant took all reasonable steps to find out whether the development required development approval before undertaking the development.
- (7) To remove any doubt, this section does not apply to development that is lawful because of section 203 or section 204.

Note A person also commits an offence if the person occupies or uses, or allows someone else to occupy or use, a building, or part of a building, if a certificate of occupancy has not been issued for the building or part of the building (see *Building Act 2004*, s 76 (1)).

200 Offence to undertake prohibited development

- (1) A person commits an offence if—
 - (a) the person undertakes development; and
 - (b) the development is prohibited; and

- (c) the person knows that the development is prohibited.

Maximum penalty:

- (a) for an individual: 2 000 penalty units; or
- (b) for a corporation: 2 500 penalty units.

Maximum penalty: 500 penalty units.

- (4) A person commits an offence if—

- (a) the person undertakes development; and
- (b) the development is prohibited.

Maximum penalty: 60 penalty units.

Note Section 137 and s 201 disapply s (1) to (4) in certain cases.

- (5) An offence against subsection (4) is a strict liability offence.
- (6) To remove any doubt, this section does not apply to development that is lawful—
 - (a) because of section 201, section 203 or section 204; or

- (b) because it is in accordance with a development approval granted on an application mentioned in subsection 137 (2) (a).

201 Development authorised by approval before prohibition

- (1) This section applies if—
 - (a) a person undertakes development; and
 - (b) the development is in accordance with a development approval given in relation to the development; and
 - (c) the development becomes prohibited.
- (2) Section 200 (1) to (4) does not apply to the development if it is undertaken in accordance with the development approval, despite any other provision of this Act.

Note 1 The development may still need building approval, or further building approval, under the *Building Act 2004*.

Note 2 A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see Legislation Act, s 104).

202 Offence to develop other than in accordance with conditions

- (1) A person commits an offence if—
 - (a) the person undertakes development; and
 - (b) the person has development approval for the development; and
 - (c) the development approval is conditional; and
 - (d) the person does not comply with a condition of the development approval when undertaking the development.

Maximum penalty: 60 penalty units.

- (2) An offence against subsection (1) is a strict liability offence.

203 Development other than use lawful when begun

- (1) This section applies if—
 - (a) a development, other than a development that is a use, is exempt from requiring development approval under a development table or by regulation; and
 - (b) a person undertakes, or begins, the development; and
 - (c) after the person undertakes, or begins, the development, the development stops being exempt.
- (2) The development is lawful despite any other provision of this Act.

204 Use as development lawful when begun

- (1) This section applies to the use of land, or a building or structure on the land, if—
 - (a) the use, when it began, was exempt from requiring development approval in a development table or by regulation; and
 - (b) the use is authorised by—
 - (i) a lease (the *affected lease*) for the land; or
 - (ii) a licence under this Act; or
 - (iii) a permit under the *Roads and Public Places Act 1937*; or
 - (iv) section 247; and
 - (c) the use stops being exempt.
- (2) Also, this section applies in relation to a use of land, or a building or structure on the land, even if 1 or more of the following apply in relation to the use:
 - (a) the use is not continuous;
 - (b) someone deals with the affected lease;

- (c) a further lease is granted for the affected lease on application under section 254, whether the grant happens immediately after the expiry of the affected lease or otherwise.
 - (3) However, this section does not apply in relation to the use of land, or a building or structure on the land, if—
 - (a) the affected lease is surrendered (other than under section 254) or terminated; or
 - (b) if the use is authorised by a licence under this Act or a permit under the *Roads and Public Places Act 1937*—the licence or permit ends—
 - (i) whether on expiry or otherwise; and
 - (ii) even if renewed; or
 - (c) the affected lease expires and no application is made under section 254 for a further lease.
- Note* A person may apply for the grant of a further lease not later than 6 months after the expiry of the affected lease (see s 254 (1) (c)).
- (4) The use of the land, or building or structure, is lawful while authorised by a lease for the land, a licence, a permit or section 247, despite any other provision of this Act.
 - (5) In this section:
deal with a lease—see section 234.

205 Development applications for developments undertaken without approval

- (1) This section applies if—
 - (a) a development has been undertaken; and
 - (b) development approval was required for the development; and
 - (c) there was no development approval for the development.

- (2) The lessee of the land where the development was undertaken may apply for approval for the development under part 7.3 (Development applications).
- (3) The planning and land authority must treat an application for development approval for the development as if the development had not been undertaken, subject to section 139 (2) (k) (Form of development applications).

Note Development applications (including an application to which this section applies) are decided under s 162.

- (4) To remove any doubt, the making of an application for approval of a development to which this section applies, or the approval of the application, does not affect any proceeding under this part, whether or not the proceeding starts before the making or approval of the application.

Part 8.1 Interpretation—ch 8

206 Definitions—ch 8

In this chapter:

draft EIS—see section 216 (2) (a).

EIS—see section 208.

environmental impact statement means an EIS (see s 208).

inquiry means an inquiry into an EIS established under section 228.

proponent, for a development proposal, means the person proposing the proposal.

Note See also s 207.

representation, about a draft EIS, means a representation made about the draft EIS under section 219.

scoping document, for a development proposal—see section 212 (2) (b).

Note For when an EIS is completed, see s 209.

207 Proponents

- (1) The relevant Minister in relation to a defined decision may, in writing, designate a person or territory authority as the proponent in relation to the decision.

- (2) In this section:

defined decision means a decision of the Territory, the Executive, a Minister or a territory authority about a proposal in relation to which a Minister is empowered—

- (a) to direct that an environmental impact statement be prepared;
or
(b) to establish a panel to conduct an inquiry.

relevant Minister, means the Minister responsible for the administration of the Act or subordinate law under which—

- (a) in relation to a statement or inquiry—the statement or inquiry is authorised to be prepared or conducted; or
(b) in relation to a defined decision—the relevant decision is authorised to be made.

Part 8.2 Environmental impact statements

208 What is an *EIS* and a *s 125-related EIS*?

- (1) An *EIS* is an environmental impact statement prepared as prescribed by regulation.
- (2) A *s 125-related EIS* is an environmental impact statement prepared for a development proposal in a development application in relation to which the Public Health Minister has made a declaration for section 125 (Declaration by Public Health Act Minister affects assessment track).

209 When is an *EIS completed*?

- (1) For this Act, an EIS (other than a *s 125-related EIS*) is *completed* if—
 - (a) the Minister gives the planning and land authority notice under section 226 (Notice of no action on EIS given to Minister) in relation to the EIS; or
 - (b) the Minister has not decided under section 228 to establish a panel to conduct an inquiry about the EIS; or
 - (c) the Minister has established an inquiry panel for the EIS and—
 - (i) the panel has reported the results of the inquiry; or
 - (ii) the time for reporting under section 230 has ended.
- (2) To remove any doubt, for subsection (1), it does not matter whether or not the Minister intends to present, or has presented, a copy of the EIS to the Legislative Assembly under section 227.

209A When is a s 125-related EIS completed?

- (1) For this Act, a s 125-related EIS is *completed* if—
- (a) notice in relation to the EIS is given to the planning and land authority by—
 - (i) the Minister under section 226 (Notice of no action on EIS given to Minister); and
 - (ii) the Public Health Act Minister under the *Public Health Act 1997*, section 134 (3) (b); or
 - (b) at least 15 working days have elapsed since the EIS was given to the Minister and the Public Health Act Minister and—
 - (i) the Minister has not decided, within the 15-day period mentioned in section 228 (1), to establish an inquiry panel to inquire about the EIS; and
 - (ii) the Public Health Act Minister has not decided, within the 15-day period mentioned in the *Public Health Act 1997*, section 134 (4), that an inquiry panel to inquire about the EIS must be established; or
 - (c) both of the following apply:
 - (i) notice in relation to the EIS is given to the authority by—
 - (A) the Minister under section 226; or
 - (B) the Public Health Act Minister under the *Public Health Act 1997*, section 134 (3) (b);
 - (ii) at least 15 days have elapsed since the EIS was given to the Minister and the Public Health Minister and—
 - (A) if the Minister gave the authority notice in relation to the EIS under section 226—the Public Health Act Minister has not decided, within the 15-day period mentioned in the *Public Health Act 1997*,

section 134 (4), that an inquiry panel to inquire about the EIS must be established; or

- (B) in any other case—the Minister has not decided, within the 15-day period mentioned in section 228 (1), to establish an inquiry panel to inquire about the EIS; or
- (d) the Minister has established an inquiry panel for the EIS and—
 - (i) the panel has reported the results of the inquiry; or
 - (ii) the time for reporting under section 230 has ended.
- (2) To remove any doubt, for subsection (1), it does not matter whether or not the Minister intends to present, or has presented, a copy of the EIS to the Legislative Assembly under section 227.

210 When is a completed EIS required?

A completed EIS is required in relation to a development proposal if this Act requires a completed environmental impact statement in relation to the proposal, unless the application for development approval for the proposal is exempted under section 211.

Note A completed EIS is required under s 127. See div 7.2.4 for requirements for applications in the impact track.

211 EIS not required if development application exempted

The Minister may exempt a development application for development approval for a development proposal from a requirement to include an EIS if satisfied that the expected environmental impact of the development proposal has already been sufficiently addressed by another study, whether or not the study relates to the particular development proposal.

212 Scoping of EIS

- (1) This section applies if the proponent for a development proposal for which a completed EIS is required applies to the planning and land authority under this section.
- (2) The planning and land authority must—
 - (a) identify the matters that are to be addressed by an EIS in relation to the development proposal; and
 - (b) prepare a written notice (the *scoping document*) of the matters.

Note The time for giving a scoping document to the applicant is set out in s 214.

- (3) A regulation may prescribe entities the planning and land authority may or must consult in preparing a scoping document.

213 Contents of scoping document

- (1) The matters identified in the scoping document for a development proposal must include any minimum content for scoping documents prescribed by regulation.
- (2) The planning and land authority may, in the scoping document for a development proposal, require the proponent to engage a consultant to help prepare an EIS for the proposal.
- (3) In this section:

consultant means a person who satisfies the criteria prescribed by regulation.

Note See also s 426 (2) (c) (Regulation-making power).

214 Time to provide scoping document

- (1) This section applies if a person applies under section 212 in relation to a development proposal.

- (2) The planning and land authority must give the scoping document for the development proposal to the applicant not later than—
 - (a) 30 working days after the day the application is made; or
 - (b) if the chief planning executive allows a further period under subsection (3)—the end of the further period allowed.
- (3) The chief planning executive may, in writing, allow a further period for the planning and land authority to provide a scoping document in relation to a development proposal if satisfied that, because of the complexity of the proposal and the consultation required, the further period is necessary.
- (4) If the chief planning executive allows a further period under subsection (3) in relation to a development proposal, the chief planning executive must tell the applicant in writing.

215 Term of scoping document

A scoping document is in force for 18 months starting on the day after the day the document is given to the proponent of the development proposal to which the document relates.

216 Preparing draft EIS

- (1) This section applies if the planning and land authority gives the proponent of a development proposal a scoping document for the proposal.
- (2) The proponent must—
 - (a) prepare a document (a ***draft EIS***) that addresses each matter raised in the scoping document for the development proposal; and
 - (b) give the draft EIS to the planning and land authority for public notification.

217 Public notification of draft EIS

The planning and land authority *publicly notifies* a draft EIS by—

- (a) putting a notice in a daily newspaper and on the authority website stating—
 - (i) that the draft EIS is available for public inspection and for purchase at stated places and times; and
 - (ii) how and when representations may be made on the draft EIS; and
- (b) making 1 or more copies of the draft EIS available as stated in the notice; and
- (c) if practicable, making a copy of the draft EIS available on the authority website.

Note **Authority website**—see the dictionary.

218 Meaning of *public consultation period* for draft EIS—Act

In this Act:

public consultation period, for a draft EIS, means—

- (a) the period, not less than 20 working days, when representations may be made on the draft EIS under section 217 (1) (a) (ii); or
- (b) if the period is extended under section 219 (3)—the period as extended.

219 Representations about draft EIS

- (1) Anyone may make a representation about a draft EIS publicly notified under section 217.
- (2) A representation about a draft EIS must be made during the public consultation period for the draft EIS.

- (3) The planning and land authority may, by notice published in a daily newspaper, extend the public consultation period.

Note The planning and land authority may extend the public consultation period after it has ended (see Legislation Act, s 151C).

- (4) If the planning and land authority extends the public consultation period under subsection (3), the authority must give the proponent of the development proposal written notice of the extension.
- (5) A person who makes a representation about a draft EIS may, in writing, withdraw the representation at any time before the planning and land authority accepts the EIS under section 222.
- (6) In this section:

public consultation period, for a draft EIS—see section 218.

Note The public consultation period may be extended under s (3).

220 Publication of representations about draft EIS

- (1) This section applies if—
- (a) the planning and land authority has publicly notified a draft EIS under section 217; and
 - (b) a person makes a representation about the draft EIS in accordance with the notice under section 217 (a).
- (2) The planning and land authority must—
- (a) make a copy of the representation available on the authority website until—
 - (i) the EIS is completed; or
- Note* For when an EIS is completed, see s 209.
- (ii) the representation is withdrawn; and

- (b) give a copy of the representation to the proponent of the development proposal.

Note 1 This section is subject to s 411 and s 412.

Note 2 **Authority website**—see dict.

221 Revising draft EIS

- (1) This section applies if—
 - (a) a draft EIS for a development proposal has been publicly notified under section 217; and
 - (b) the public consultation period for the draft EIS has ended.

Note The public consultation period may be extended under s 219 (3).

- (2) The proponent of the development proposal must revise the draft EIS and give the revised EIS to the planning and land authority.
- (3) However, the revised EIS must—
 - (a) address each matter raised in the scoping document for the development proposal; and
 - (b) for any matter raised in a representation made within the public consultation period for the draft EIS—
 - (i) address the matter; and
 - (ii) demonstrate how the matter has been taken into account in the revised EIS.

222 Authority consideration of EIS

- (1) This section applies—
 - (a) if the proponent of a development proposal gives the planning and land authority an EIS under section 221 not later than 18 months after the scoping document for the proposal is given to the proponent under section 214; or

- (b) if—
 - (i) the proponent of a development proposal gives the authority an EIS under section 221 more than 18 months after the scoping document for the proposal is given to the proponent under section 214; and
 - (ii) the authority is satisfied that there has been no significant change to the circumstances surrounding the development proposal that is not sufficiently addressed in the EIS; or
 - (c) if the proponent of a development proposal gives the authority an EIS in accordance with a notice under section 224 (2).
- (2) The planning and land authority must—
- (a) accept the EIS if satisfied that the EIS sufficiently—
 - (i) addresses each matter raised in the scoping document for the proposal; and
 - (ii) takes any timely representation on the draft EIS into account; and
 - (iii) demonstrates how any timely representation has been taken into account; or
 - (b) in any other case—take action under section 224.
- (3) In this section:
- EIS*** includes an EIS revised under section 224.
- timely representation***, on a draft EIS, means a representation—
- (a) on the draft EIS; and
 - (b) made in accordance with section 219.

223 EIS given to authority out of time

- (1) This section applies if—

- (a) the proponent of a development proposal gives the planning and land authority an EIS under section 221 more than 18 months after the scoping document for the proposal is given to the proponent under section 214; and
- (b) the authority is satisfied that—
 - (i) there has been significant change to the circumstances surrounding the proposal; and
 - (ii) the change is not sufficiently addressed in the EIS.
- (2) The planning and land authority must—
 - (a) reject the EIS; and
 - (b) give the proponent written notice of the rejection.

224 Chance to address unaddressed matters

- (1) This section applies in relation to the EIS for a development proposal given to the planning and land authority under section 221 if the authority is not satisfied that the EIS sufficiently addresses each matter (the *outstanding matters*) raised in the scoping document for the proposal.
- (2) The planning and land authority must give the proponent of the development proposal written notice that—
 - (a) the authority does not accept the EIS under section 222; and
 - (b) explains why the authority does not accept the EIS; and
 - (c) states the time within which the proponent may respond to the notice, whether by providing a revised EIS or otherwise.
- (3) The time stated under subsection (2) (c) must not be shorter than 20 working days.
- (4) In this section:
EIS includes an EIS revised under this section.

225 Giving EIS to Minister

- (1) This section applies if—
 - (a) the planning and land authority accepts an EIS under section 222; or
 - (b) the authority has given the proponent for a development proposal written notice under section 224 and the time for responding to the notice has ended, whether or not the proponent has revised the EIS and given it to the authority.
- (2) The planning and land authority must give the EIS to—
 - (a) the Minister; and
 - (b) for a s 125-related EIS—the Public Health Act Minister.

Note The Minister may establish a panel to consider the EIS for the development proposal (see pt 8.3).

- (3) If a development application has been made for the development proposal, the planning and land authority must give the application to the Minister with the EIS.

226 Notice of no action on EIS given to Minister

- (1) This section applies if—
 - (a) the planning and land authority gives the Minister an EIS under section 225; and
 - (b) the Minister decides not to present the EIS to the Legislative Assembly under section 227; and
 - (c) the Minister decides not to establish a panel under section 228 to conduct an inquiry about the EIS.

- (2) The Minister must give the planning and land authority written notice that the Minister has decided to take no action in relation to the EIS.

Note If the Minister gives notice under this section, the EIS to which the notice relates is completed (see s 209).

227 Minister may present EIS to Legislative Assembly

The Minister may, but need not, present to the Legislative Assembly an EIS given to the Minister under section 225.

Part 8.3 Inquiry panels

228 Establishment of inquiry panels

- (1) The Minister must, not later than 15 working days after the day an EIS is given to the Minister under section 225—
 - (a) decide whether to establish a panel to conduct an inquiry about the EIS; and
 - (b) if the Minister decides to establish a panel—tell the planning and land authority about the decision.

Note If the Minister decides not to establish a panel and not to present the EIS to the Legislative Assembly, the Minister must give the planning and land authority written notice of the decision (see s 226).

- (2) If the Minister decides to establish a panel to conduct an inquiry about an EIS, the Minister may establish the panel to inquire about any or all aspects of the EIS.
- (3) However, if the Public Health Act Minister gives notice, under the *Public Health Act 1997*, section 134 that a panel to conduct an inquiry about an EIS should be established, the Minister must establish a panel to conduct an inquiry in relation to the effects on public health of the proposal that is the subject of the EIS.
- (4) If the Minister establishes a panel to conduct an inquiry, the Minister must, in writing—
 - (a) prepare terms of reference for the inquiry; and
 - (b) give the proponent notice of the inquiry.

Note The power to prepare terms of reference for the inquiry includes the power to amend or repeal the terms of reference (see Legislation Act, s 46).

- (5) The terms of reference are a notifiable instrument.

Note 1 A notifiable instrument must be notified under the Legislation Act.

Note 2 An instrument amending or repealing the terms of reference must also be notified (see Legislation Act, s 46 (2)).

229 How does the Minister establish an inquiry panel?

- (1) The Minister establishes an inquiry panel for an EIS by—
- (a) appointing 1 or more people to the panel; and
 - (b) preparing written terms of reference for the inquiry.
- (2) If the Minister appoints more than 1 person to an inquiry panel, the Minister must, in writing, nominate a person appointed to be the presiding member of the panel.
- (3) However, the Minister must not appoint a person to an inquiry panel unless satisfied that the person has the expertise necessary to exercise the functions of the panel in relation to the matter inquired into.
- (4) Also, the Minister must not appoint any of the following people to an inquiry panel for an EIS:
- (a) the chief planning executive;
 - (b) a member of the planning and land authority's staff;
 - (c) a member of the land agency's staff;
 - (d) a person prescribed by regulation in relation to the EIS.

230 Time for reporting by inquiry panels

- (1) This section applies if the Minister establishes a panel to conduct an inquiry.

- (2) The panel must report in writing to the Minister on the result of the inquiry not later than—
 - (a) 60 working days after the day the Minister establishes the panel; or
 - (b) if the period under paragraph (a) is extended under subsection (3)—the period under paragraph (a) as extended.
- (3) The Minister may, on application by the panel, extend by written notice the period for reporting.

231 Inquiry panel findings and report to be independent

- (1) The report of an inquiry panel must be the view of the inquiry panel based on the findings of the panel.
- (2) To remove any doubt, the Minister must not direct an inquiry panel in relation to the findings or report of the panel.

232 Protection of people on inquiry panels from liability

- (1) A person appointed to an inquiry panel is not personally liable for anything done, or omitted to be done, honestly and without recklessness—
 - (a) in the exercise of a function under this Act; or
 - (b) in the reasonable belief that the conduct was in the exercise of a function under this Act.
- (2) Any liability that would, apart from this section, attach to a person appointed to an inquiry panel attaches instead to the Territory.

233 Recovery of inquiry panel costs

The direct and indirect costs to the Territory of the conduct of an inquiry about an EIS are recoverable from the proponent of the development proposal to which the EIS relates.

Example of indirect costs

the administrative overheads of staff exercising functions in relation to the inquiry

Note 1 The costs may be recovered in a court of competent jurisdiction (see Legislation Act, s 177).

Note 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

Chapter 9 Leases and licences

235 Meaning of *concessional lease* and *lease*—Act

- (1) In this Act:

***concessional lease*—**

- (a) means a lease granted for a consideration less than the full market value of the lease, or for no consideration, if neither of the following payments has been made to the Territory:
 - (i) an amount in relation to the grant of the lease that is equal to the lease's market value at the time of payment or, if the amount is paid in parts, at the time of the last payment;
 - (ii) an amount to reduce the rent payable under the lease to a nominal rent under section 273 (Variation of lease to pay out rent); and
- (b) includes the following leases:

lease means a lease (other than a sublease) of territory land—

- (a) granted under this Act; or

Note Some leases are taken to have been granted under this Act and so come within this definition of ***lease*** (see s 456).

- (2) For subsection (1), definition of ***concessional lease***, paragraph (a), it does not matter whether the consideration for the grant of the lease was paid as a lump sum or is payable under the lease as rent.
- (3) In this section:

consolidated or subdivided concessional lease means a lease granted during a consolidation or subdivision involving the surrender of 1 or more previous leases if 1 or more of the previous leases was a concessional lease.

further concessional lease means a further lease if the surrendered lease was a concessional lease.

regranted concessional lease means a regranted lease (whether the regrant is on the same or different conditions) if the surrendered lease was a concessional lease.

Part 9.2 Grants of leases generally

236 Effect subject to pt 9.7

This part has effect subject to part 9.7 (Rural leases).

237 Authority may grant leases

The planning and land authority is authorised to grant, on behalf of the Executive, leases that the Executive may grant on behalf of the Commonwealth.

Note 1 **Lease**—see s 235.

Note 2 For power to delegate this function, see s 20 (2).

238 Granting leases

- (1) The planning and land authority may grant a lease by—

- (a) auction; or
- (b) tender; or
- (c) ballot; or
- (d) direct sale.

Note 1 Not everyone may be eligible to be granted a lease under this subsection (see s 239).

Note 2 Section 240, s 241, s 242 and s 243 also apply to grants under par (d).

- (2) A lease granted under this section must include a statement about whether the lease is a concessional lease.

Note A grant must be lodged with the registrar-general under the *Land Titles Act 1925* (see *Land Titles Act 1925*, s 17 (2)).

- (3) A lease granted under this section may include provisions—

- (a) requiring the lessee to develop the land comprised in the lease, or any unleased territory land, in a stated way; or

- (b) requiring the lessee to give security for the performance of any of the lessee's obligations under the lease.

239 Eligibility for grant of lease

The planning and land authority may restrict the people eligible for the grant of a lease under section 238 by stating, in the relevant notice of auction, tender, ballot or direct sale, that a class of people is eligible or ineligible for the grant of a lease under the auction, tender, ballot or direct sale.

240 Restriction on direct sale by authority

- (1) The planning and land authority must not grant a lease under section 238 (1) (d) unless—
 - (a) for a lease prescribed by regulation for this paragraph—
 - (i) the grant is in accordance with criteria prescribed by regulation for this paragraph; and
 - (ii) the Executive approves the grant; or
 - (b) for a lease prescribed by regulation for this paragraph—
 - (i) the grant is in accordance with criteria prescribed by regulation for this paragraph; and
 - (ii) the Minister approves the grant; or
 - (c) the Executive approves the grant under subsection (2); or
 - (d) the lease is prescribed by regulation; or
 - (e) the grant is of a residential lease for a single dwelling house; or
 - (f) the grant is to give effect to a lease variation (whether by consolidation, subdivision or otherwise); or

- (g) the grant is in accordance with—
 - (i) section 241 (Direct sale if single person in restricted class); or
 - (ii) section 254 (Grant of further leases).

Note Power to make a statutory instrument (including a regulation) includes power to make different provision for different categories (see Legislation Act, s 48).

- (2) The Executive may approve the grant by direct sale of a lease other than in accordance with criteria prescribed if satisfied that the grant meets 1 or more of the following objectives:
 - (a) benefit the economy of the ACT or region;
 - (b) contribute to the environment, or social or cultural features in the ACT;
 - (c) introduce new skills, technology or services in the ACT;
 - (d) contribute to the export earnings and import replacement of the ACT or region;
 - (e) facilitate the achievement of a major policy objective.
- (3) The validity of a lease granted under section 238 (1) (d) is not taken to be affected by a failure to comply with the criteria prescribed by regulation for this section.
- (4) In this section:
single dwelling house—see the territory plan.

241 Direct sale if single person in restricted class

- (1) This section applies if—
 - (a) under section 239 (Eligibility for grant of lease by auction, tender or ballot), the planning and land authority restricts the people eligible to apply for a lease; and

- (b) only 1 person is eligible for the grant of the lease.
- (2) The planning and land authority may grant the lease to the person under section 238 (1) (d) without auctioning the lease, calling for tenders or holding a ballot.

242 Notice of direct sale

- (1) The planning and land authority must, not later than 5 working days after the end of a quarter, give the Minister—
 - (a) a statement of—
 - (i) the number of single dwelling house leases granted during the quarter; and
 - (ii) any other information prescribed by regulation for single dwelling house leases; and
 - (b) a statement that sets out the prescribed information for each other direct sale lease granted during the quarter; and
 - (c) a copy of each other direct sale lease granted during the quarter.
- (2) The Minister must present the documents given under subsection (1) to the Legislative Assembly not later than 5 sitting days after the day the Minister receives the information.
- (3) To remove any doubt, the validity of a single dwelling house lease or other direct sale lease is not affected by a failure to comply with subsection (1) or (2) in relation to the lease.
- (4) In this section:

other direct sale lease means a lease granted by direct sale, other than a single dwelling house lease.

Note ***Single dwelling house lease***—see s 234.

prescribed information, for an other direct sale lease, means—

- (a) the amount (if any) paid for the grant of the lease; and
- (b) if the lease was granted with the approval of the Executive under section 240 (2)—the reason for granting the lease with the approval of the Executive.

243 Direct sale leases subject to agreed provisions

A lease granted under section 238 (1) (d) must be granted subject to the provisions that are agreed between the planning and land authority and the applicant for the lease.

244 Authority need not grant lease

- (1) The planning and land authority need not grant a lease to an applicant, even if applications for the lease have been invited.
- (2) If applications for a lease have been invited subject to conditions, the planning and land authority may, without granting a lease, invite fresh applications for the lease subject to the same or other conditions.

245 Planning report before granting leases

- (1) The planning and land authority may, but need not, prepare a planning report in relation to a proposal to grant a lease.
- (2) The planning and land authority must prepare a planning report in relation to a proposal to grant a lease if directed in writing to do so by the Minister.

246 Payment for leases

- (1) The planning and land authority must not grant a lease other than for payment of an amount that is not less than the market value of the lease.

Note *Lease*—see s 235.

- (2) However, subsection (1) does not apply in relation to—
- (a) a rental lease granted for the full market rental value of the lease; or
- Note* **Rental lease**—see s 234.
- (b) a further lease (other than a rural lease) granted under section 254; or
 - (c) a further rural lease granted on payment of an amount determined under section 280; or
 - (d) the grant of a lease prescribed by regulation for which the amount prescribed by regulation has been paid.
- (3) To remove any doubt, an entity pays an amount that is not less than the market value of a lease if—
- (a) the entity pays less than the market value of the lease (the **monetary component**); and
 - (b) the entity provides infrastructure, or carries out other work, in relation to the lease (the **works component**); and
 - (c) the total of the monetary component and the value of the works component is not less than the market value of the lease.
- (4) The validity of a lease granted by the planning and land authority is not affected by a failure to comply with this section.

247 Use of land for leased purpose

- (1) Territory land, or a building or structure on the land, in relation to which a lease has been granted, whether before or after the commencement of this part, must not be used for a purpose other than a purpose authorised by the lease.

Note Beginning a use of land, or a building or structure on the land, is development and may require development approval (see s 7, def **development**, par (d) and s 8, def **use**, par (a)).

- (2) However, if the lease is a residential lease, the land may also be used for home business.

Note While the use of a residential lease for a home business is authorised, the use of the land for a home business is not exempt from requiring development approval unless the use is an exempt development (see div 7.2.6).

- (3) In this section:

home business, carried on on land subject to a residential lease, means a profession, trade or other occupation carried on by a resident of the land.

248 Access to leased land from roads and road related areas

- (1) The planning and land authority must not grant a lease unless satisfied that, during the term of the lease, the lessee will have—
- (a) direct access to the leased land from a road or road related area; or
 - (b) access to the leased land from a road or road related area by way of an access road or track, or in another way, that the lessee may use for entry or exit only, without charge and at any hour of the day or night.
- (2) Access provided by the planning and land authority because of subsection (1) (b)—
- (a) must not interfere with a building, garden or stockyard on the land (the **affected land**) through which the access is provided at the time the access is provided; and
 - (b) must be located in a way that causes as little damage or inconvenience to the lessee of the affected land as possible.
- (3) The validity of a lease granted under this part is not affected by a failure to comply with this section.

- (4) In this section:

road—see the *Road Transport (General) Act 1999*, dictionary.

road related area—see the *Road Transport (General) Act 1999*, dictionary.

249 No right to use, flow and control of water

A lease or further lease granted under this chapter does not give a right to the use, flow and control of water (including water containing impurities) under the land comprised in the lease.

Note This section does not apply in relation to leases or further leases granted before 11 December 1998 (see s 455).

250 Failure to accept and execute lease

- (1) This section applies if, not later than the end of the period prescribed by regulation, a person who is entitled to the grant of a lease under this chapter fails to—

- (a) accept and execute the lease; or
- (b) pay any amount the person is required to pay before being granted the lease.

- (2) The planning and land authority may, by written notice given to the person, end the person's right to be granted the lease.

Note For how documents may be given, see the Legislation Act, pt 19.5.

- (3) The notice under subsection (2) must—

- (a) state the ground on which it is given; and
- (b) state that it takes effect on the day 20 working days after the day it is given.

- (4) If the planning and land authority does not know the residential address of the person to whom the notice under subsection (2) is to

be given, the authority may give the person the notice by publishing a copy of the notice in a daily newspaper.

- (5) A notice given under subsection (2) takes effect on the day 20 working days after the day it is given.
- (6) A person whose right to be granted a lease has been ended under this section does not have any claim for compensation in relation to the ending of the right or for the recovery of any money paid to the planning and land authority in relation to the grant of the lease.

251 Restrictions on dealings with certain leases

- (1) This section applies in relation to the following leases:
 - (a) a lease that provides that the lessee cannot deal with the land, or part of the land, comprised in the lease without the prior written consent of the planning and land authority;
 - (b) a lease granted under section 238 (1) by auction, tender or ballot, if the class of people eligible or ineligible for the grant was restricted under section 239;
 - (c) a lease granted under section 238 (1) (d), other than—
 - (i) a lease granted to the Territory; or
 - (ii) a single dwelling house lease, other than a single dwelling house lease prescribed by regulation;
 - (d) a lease prescribed by regulation.

Note 1 This section has extended application (see s 450 and s 451).

Note 2 Dealings with concessional leases and rural leases, which are not restricted by this section, are restricted under s 265 and s 284.

- (2) The lessee, or anyone else with an interest in the lease, must not, during the restricted period for the lease, deal with the lease without the written consent of the planning and land authority under section 252.

- (3) However, a regulation may exempt a lease from this section, whether generally or in relation to a particular dealing.
- (4) A dealing in relation to a lease to which this section applies that is made or entered into without consent has no effect.
- (5) If this section applies to a lease, the planning and land authority must tell the registrar-general that it applies.

Note If the planning and land authority tells the registrar-general that this section applies to a lease, the registrar-general must include a memorial in the register to that effect (see *Land Titles Act 1925*, s 72D).

- (6) The application of this section to a lease is not affected by—
 - (a) failure by the planning and land authority to comply with subsection (5); or
 - (a) failure by the registrar-general to comply with the *Land Titles Act 1925*, section 72D.
- (7) In this section:

deal, with a lease, does not include sublet the lease.

restricted period, for a lease to which this section applies, means—

- (a) for a lease that provides that the lessee cannot deal with the land, or part of the land, comprised in the lease without the prior written consent of the planning and land authority—the period stated in the lease or, if no period is stated, the term of the lease; or
- (b) for a lease granted under section 238 (1) by auction, tender or ballot, if the class of people eligible or ineligible for the grant was restricted under section 239—5 years after the day the lease was granted; or
- (c) for a lease granted under section 238 (1) (d)—the period ending 5 years after the day the lease was granted; or
- (d) for a lease prescribed by regulation—

- (i) the period prescribed by regulation for the lease; or
- (ii) if no period is prescribed—the term of the lease.

252 Consent to s 251 dealings

- (1) The planning and land authority must not consent to a dealing under section 251 in relation to a lease unless—
 - (a) satisfied that the person to whom it is proposed that the lease should be assigned or transferred or the person to whom it is proposed that possession of the land should be given, is a person who satisfies the criteria prescribed under section 240 in relation to the class of leases in which the lease is included; or
 - (b) if the lease was originally granted by restricted auction, tender or ballot—satisfied that the person to whom it is proposed that the lease should be assigned or transferred or the person to whom it is proposed that possession of the land should be given, is a person who could have been granted the original lease.
- (2) The validity of a dealing made or entered into with the consent of the planning and land authority is not affected—
 - (a) by a defect or irregularity in relation to the giving of the consent; or
 - (b) because a ground, or all grounds, for the consent had not arisen.

253 Leases held by Territory not to be transferred or assigned

- (1) The Territory must not transfer or assign a lease if the Territory is the registered proprietor of the lease.
- (2) To remove any doubt, subsection (1) does not prevent the Territory from subletting a lease if the Territory is the registered proprietor of the lease.

Part 9.3 Grants of further leases

254 Grant of further leases

- (1) This section applies if—
 - (a) a person (the *lessee*) who is or was the holder of a lease (the *old lease*) of land applies to the planning and land authority for the grant of a further lease of the land; and
 - (b) neither the Territory nor the Commonwealth needs the land for a public purpose; and
 - (c) either—
 - (i) before expiry of the old lease, the lessee surrenders the old lease; or
 - (ii) the old lease expired not more than 6 months before the application for the grant of a further lease; and
 - (d) if the old lease is not a residential lease—all rent due under the old lease is paid; and
 - (e) if the lease is a rural lease—the amount determined under section 280 for the grant is paid; and
 - (f) the criteria (if any) prescribed by regulation are satisfied.
- (2) The planning and land authority must grant the lessee a further lease of the land for a term not longer than—
 - (a) 99 years; or
 - (b) for a rural lease for which a period shorter than 99 years is determined under section 281—the shorter period.

- (3) A further lease granted under this section must include a statement about whether the lease is a concessional lease.

Note A grant must be lodged with the registrar-general under the *Land Titles Act 1925* (see *Land Titles Act 1925*, s 17 (2)).

- (4) A further lease begins on the day after—
- (a) the day the old lease is surrendered; or
 - (b) for a further lease granted on application after the expiry of the old lease—the day after the old lease expires.
- (5) If the term of a further lease granted under subsection (2) is not longer than the term of the old lease, any fee payable under subsection (2) for the grant of the further lease must not be more than the cost of granting the further lease.

255 Grant of further lease includes authorised use

- (1) This section applies if a further lease is granted under this part on the surrender of an existing lease.
- (2) The further lease must authorise each use of the leased land, and any building or structure on the land, that the lease surrendered authorised.
- (3) However, this section does not apply if a change of use of land, or a building or structure on the land, that involves a lease variation is applied for at the same time as the grant of the further lease is applied for.

Part 9.4 Concessional leases

Division 9.4.1 Deciding whether leases concessional

256 Application for decision about whether lease concessional

A lessee may apply to the planning and land authority for a decision about whether the lease is a concessional lease.

257 Decision about whether lease concessional

- (1) On application under section 256, the planning and land authority must decide whether the lease is concessional or not.
- (2) However, the planning and land authority must not make a decision under subsection (1) unless the authority has—
 - (a) given written notice (the *application notice*) of the application to each person (other than the lessee) with a registered interest in the lease; and
 - (b) in the application notice, invited the person to give written representations about the application to the authority at a stated address by not later than the end of a stated period of not less than 15 working days after the date the notice is given to the person; and
 - (c) considered any representations made in the time given in the application notice.

- (3) If the planning and land authority has not made a decision on the application at the end of the period of 15 working days after the day the period for making representations given in the application notice ends, the authority is taken to have decided (the *deemed decision*) that the lease is a concessional lease.

Note A lessee has a right to apply for review of a decision under this provision (see ch 13 and sch 1).

- (4) If the planning and land authority is taken to have decided that a lease is a concessional lease under subsection (3), the authority may decide that the lease is not concessional under this section despite the deemed decision.

Note A decision of the AAT on review is taken to have been a decision of the original decision-maker, so the planning and land authority will not be able to decide that the lease is not concessional if the AAT has decided an application for review of the deemed decision (see *Administrative Appeals Tribunal Act 1989*, s 44 (11)).

- (5) The planning and land authority must give written notice of the decision under subsection (1) to the applicant and anyone else with an interest in the lease to which the decision relates.

Note If the notice is given to a person who may apply to the AAT for review of the decision to which it relates, the notice must comply with the requirements of the code of practice in force under the *Administrative Appeals Tribunal Act 1989*, s 25B (1) (see s 408 (3)).

258 Authority may decide whether lease concessional on own initiative

- (1) The planning and land authority may, on its own initiative, decide whether a lease is concessional.
- (2) However, the planning and land authority must not make a decision under subsection (1) unless the authority has—
- (a) given written notice (the *lease decision notice*) of the authority's intention to make a decision under subsection (1) to each person with a registered interest in the lease; and

- (b) in the lease decision notice, invited the person to give written representations about the proposed decision to the authority at a stated address by not later than the end of a stated period of not less than 15 working days after the date the notice is given to the person; and
 - (c) considered any representations made in the time given in the lease decision notice.
- (3) Also, if the planning and land authority gives a lease decision notice in relation to a lease, the authority must make a decision under subsection (1) in relation to the lease not later than 15 working days after the day the period for making representations given in the lease decision notice ends.
- (4) The planning and land authority must give written notice of the decision under subsection (1) to each person with an interest in the lease to which the decision relates.

Note 1 If the notice is given to a person who may apply to the AAT for review of the decision to which it relates, the notice must comply with the requirements of the code of practice in force under the *Administrative Appeals Tribunal Act 1989*, s 25B (1) (see s 408 (3)).

Note 2 A lessee has a right to apply for review of a decision under this provision (see ch 13 and sch 1).

259 Decision that lease is concessional

- (1) This section applies if—
 - (a) the planning and land authority decides that a lease is concessional; and
 - (b) either—
 - (i) no application is made to the AAT for review of the decision that the lease is concessional within the time allowed for applications; or

- (ii) an application for review of the decision is made and the tribunal decides to confirm the decision.

Note The planning and land authority may decide that a lease is concessional under s 257 or s 258.

- (2) The planning and land authority must lodge notice that the lease is a concessional lease with the registrar-general for registration under the *Land Titles Act 1925*.

Division 9.4.2 Varying concessional leases to remove concessional status

260 Application—div 9.4.2

This division applies to an application for development approval to vary a lease granted as a concessional lease if the application includes the removal of its concessional status.

Example of varying lease to remove concessional status

surrender of the concessional lease and regrant of a lease for market value

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

261 No decision on application unless consideration in public interest

- (1) The planning and land authority, or Minister, must not decide a development application to which this part applies under section 162 (Deciding development applications) unless the Minister decides whether it is in the public interest to consider the application.
- (2) In deciding whether it is in the public interest to consider the development application, the Minister must consider the following:
 - (a) whether the Territory wishes to continue to monitor the use and operation of the lease by requiring consent before the lease is dealt with;

- (b) whether approving the application would cause any disadvantage to the community;
 - (c) whether the application to vary the lease to make it a market value lease is, or is likely to be, part of a larger development and, if so, what that development will involve;
 - (d) whether the Territory should buy back, or otherwise acquire, the lease.
- (3) The Minister must give notice of the decision to the planning and land authority.
 - (4) The decision is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

262 Development approval of application about concessional lease subject to condition

If the planning and land authority or Minister approves a development application to vary a lease granted as a concessional lease, the approval is subject to the condition that the lessee pays the Territory the payout amount worked out under section 263.

Note 1 The ways a lease may be varied to change its concessional status include by surrender and regrant (see s 260, example).

Note 2 For approval of development applications—see s 162.

263 Working out amount payable to discharge concessional leases

- (1) This section applies if a development application in relation to a lease is subject to the condition that the lessee pays the Territory the payout amount worked out under this section.

- (2) The payout amount for the lease is the amount worked out as follows:

$$MV - \left(\frac{AP}{OV} \times MV \right)$$

Note A person may also be required to pay a change of use charge, less any remittance, plus any increase, under div 9.6.3.

- (3) In this section:

AP, for a lease, means the amount (if any) paid for the lease at grant.

MV, for a lease, means the market value of the lease if it were a market value lease.

OV, for a lease, means the market value of the lease at grant if it had been a market value lease.

- (4) To remove any doubt, an amount paid as rent under a lease is not an amount paid for the lease.

264 Uses under leases varied by surrender and regrant to remove concessional status

- (1) This section applies to a lease varied only to remove the concessional status of the lease by surrender and regrant of the lease.
- (2) The regranted lease authorises each use of the land, and any building or structure on the land, authorised under the lease before the lease was varied to remove its concessional status.
- (3) To remove any doubt—
- (a) this section does not apply if the lease is varied other than to remove the concessional status of the lease; and
 - (b) subsection (2) applies despite anything to the contrary in the territory plan.

Division 9.4.3 Restrictions on dealings with concessional leases

265 Restrictions on dealings with concessional leases

- (1) The lessee, or anyone else with an interest in a concessional lease, must not, during the term of the lease, deal with the lease without the written consent of the planning and land authority.
- (2) A dealing in relation to a lease to which this section applies that is made or entered into without consent has no effect.

266 Consent to s 265 dealings

- (1) The planning and land authority must not consent to a dealing under section 265 in relation to a lease unless—
 - (a) satisfied that the person to whom it is proposed that the lease should be assigned or transferred, the person to whom it is proposed that a sublease should be granted or the person to whom it is proposed that possession of the land should be given, is a person (an *eligible person*) who could be granted the concessional lease; or
 - (b) for a dealing that is a subletting—satisfied that the lessee, or an eligible person, continues to be the main user of the lease.

Examples of lessee continuing to be main user

- 1 A community hospital (the *lessee*) with a concessional lease proposes to sublet an area within the hospital for a coffee shop. The lessee continues to operate the hospital, which is the majority of the site and offers most of the services being provided from the site. The sublease is likely to be allowed because it is a complementary proposed use of the sublet area.

- 2 A community group has subleased part of a lease to a commercial enterprise and the remainder of the lease to an eligible person. The sublease to the commercial enterprise is likely to be allowed as long as the eligible person is the main user of the lease.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) In deciding whether the lessee proposing to sublet the lease, or an eligible person, continues to be the main user of the lease, the planning and land authority must consider the following:
- (a) the proposed area of the sublease;
 - (b) the extent to which the lessee or eligible person continues to provide most of the goods, services or both to be provided from the area leased;
 - (c) the extent to which the use of the area proposed to be subleased will be ancillary to the permitted uses of the area that is not proposed to be subleased;
 - (d) the extent to which the use of the area proposed to be subleased will be complementary to the use of the area that is not proposed to be subleased.
- (3) The validity of a dealing made or entered into with the consent of the planning and land authority is not affected—
- (a) by a defect or irregularity in relation to the giving of the consent; or
 - (b) because a ground, or all grounds, for the consent had not arisen.

Part 9.5

Rent variations and relief from provisions of leases

267 Variations of rent

- (1) If the rent payable under a lease is varied in accordance with the provisions of the lease, the planning and land authority must give the lessee written notice of the variation.

Note For how documents may be given, see the Legislation Act, pt 19.5.

- (2) A variation of rent mentioned in a notice under subsection (1) comes into operation on—
 - (a) the day 20 working days after the day the notice is given; or
 - (b) if the lease under which the variation is made provides that the variation comes into operation on a later day—the later day.

268 Review of variations of rent

- (1) This section applies if—
 - (a) the rent payable under a lease is varied in accordance with the provisions of the lease; and
 - (b) the lease does not provide for the submission to arbitration of differences between the parties to the lease about variation of the rent.
- (2) The lessee may, not later than 20 working days after receiving the notice under section 267 (1) about the variation, ask the planning and land authority in writing to review the variation.
- (3) The making of the request does not affect the operation of the variation to which the request relates or prevent the taking of action to implement the variation.

- (4) If the request is made in relation to a variation, the planning and land authority must review the variation and may—
 - (a) confirm the variation; or
 - (b) set the variation aside and substitute any other variation the authority considers appropriate.

269 Reduction of rent and relief from provisions of lease

- (1) The planning and land authority may approve—
 - (a) a reduction of the rent payable under a lease, or of the amount payable, in relation to any occupation of territory land; or
 - (b) the grant of relief, to a lessee or occupier of territory land, from compliance, completely or partly, with any provision to which the person's lease or occupation is subject.
- (2) The reduction or grant of relief may be for a maximum period of 3 years, and may include a period before the approval.
- (3) If the planning and land authority gives an approval under subsection (1), the liability or obligation of the lessee or occupier under the lease, or in relation to the person's occupation, is discharged for the period approved, to the extent of the reduction or grant of relief approved.
- (4) An approval under subsection (1) may be conditional.
- (5) If the planning and land authority approves a grant of relief to a lessee or occupier under subsection (1), the authority must give the lessee or occupier written notice of the reduction of rent or amount payable or other grant of relief approved.

Note For how documents may be given, see the Legislation Act, pt 19.5.

- (6) For subsection (1), the reduction or grant of relief may be for, or include, a period before the commencement of this section.

- (7) Subsection (6), this subsection and subsection (8) expire 1 year after the day this section commences.
- (8) Subsection (6) is a law to which the Legislation Act, section 88 (Repeal does not end transitional effect) applies.

Part 9.6 Lease variations

Division 9.6.1 Lease variations—general

270 Effect subject to pt 9.7

This part has effect subject to part 9.7 (Rural leases).

Division 9.6.2 Variation of rental leases

271 Variation of rental leases

- (1) The planning and land authority must not execute a variation of a rental lease unless any rent, including additional rent, payable under the lease up to the day of variation has been paid.
- (2) If the planning and land authority executes a variation of a rental lease, the authority must reappraise the rent payable under the lease, following (as far as possible) the method provided by the rental provisions of the lease.

Note The application of subsection (2) (and s (3)) is reduced by subsection (4).

- (3) If the planning and land authority executes a variation of a rental lease, the rent payable under the lease is to be adjusted in accordance with the reappraisal under subsection (2) with effect from the day the variation is executed.
- (4) Subsections (2) and (3) do not apply to a variation of a rental lease—
 - (a) to reduce the rent payable to a nominal rent; or
 - (b) otherwise affecting the rental provisions of the lease.

272 Advice of rent payable on variation of lease

- (1) This section applies if—
 - (a) the planning and land authority agrees to a variation of a lease; and
 - (b) the lease is a lease under which rent or additional rent is payable.
- (2) The planning and land authority must—
 - (a) calculate the amount that would be payable under the lease for rent, including additional rent, up to the day when the authority expects the variation to be executed; and
 - (b) give the lessee written notice of—
 - (i) the amount calculated for rent, including additional rent, under paragraph (a); and
 - (ii) the day up to which the amount payable for rent and additional rent has been calculated; and
 - (iii) the day by which the authority requires payment of the amount stated under subparagraph (i) to allow the variation of the lease to be executed on the day stated under subparagraph (ii).

272A Application for rent payout lease variation

- (1) This section applies to a lease that is included in a class of leases prescribed by regulation.
- (2) The lessee may apply to the planning and land authority for a variation of the lease to reduce the rent payable to a nominal rent.

Note If a form is approved under s 425 for this provision, the form must be used.

272B Decision on rent payout lease variation application

- (1) Within the period prescribed by regulation after the day the planning and land authority receives an application by a lessee under section 272A, the authority must—
 - (a) decide to vary the lease to reduce the rent payable to nominal rent; or
 - (b) if subsection (2) prevents the authority from varying the lease—refuse to vary the lease.
- (2) The planning and land authority must not vary the lease to reduce the rent payable to a nominal rent unless—
 - (a) all amounts payable to the Territory up to the day of variation of the lease for rates and land tax levied in relation to the land comprised in the lease have been paid; and
 - (b) the provisions of the lease requiring the lessee to develop the land comprised in the lease have been complied with up to the day of the variation; and
 - (c) the lessee has paid the Territory an amount decided by the planning and land authority by reference to any policy direction made under section 272C.
- (3) The planning and development authority must give written notice of the decision on the application to the applicant.

Note If the notice is given to a person who may apply to the AAT for review of the decision to which it relates, the notice must comply with the requirements of the code of practice in force under the *Administrative Appeals Tribunal Act 1989*, s 25B (1) (see s 408 (3)).

272C Policy directions for paying out rent

- (1) The Minister may make policy directions for section 272B (2) (c).

- (2) A policy direction is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the Legislation Act.

272D Power to decide rent payout applications deemed refused

- (1) This section applies if—
- (a) an application has been made under section 272A (Application for rent payout lease variation); and
 - (b) the time for deciding the application has ended; and
 - (c) the planning and land authority has not decided the application under section 272B.
- (2) The planning and land authority may decide to vary the lease to reduce the rent payable to nominal rent under section 272B despite the ending of the time for deciding the application.
- (3) To remove any doubt, if the planning and land authority has not decided an application under section 272B, the authority is taken to have decided to refuse the application under the *Administrative Appeals Tribunal Act 1989*, section 24 (6).

273 Lease to be varied to pay out rent

- (1) This section applies if the planning and land authority decides to vary a lease under section 272B to reduce the rent payable to a nominal rent.
- (2) The planning and land authority must vary the lease in accordance with the decision.
- (3) The lease as varied must provide that the lessee is to pay a rent of 5 cents each year if and when that rent is demanded.

274 No variations to extend term

The planning and land authority must not execute a variation of a lease to extend the term of the lease.

275 No variation of certain leases for 5 years

- (1) This section applies to the following leases:

- (a) a lease granted in accordance with section 241;
- (b) a lease to which section 251 applies.

Note This section also applies to leases granted under the *Land (Planning and Environment) Act 1991*, s 164 (see s 451).

- (2) However, this does not apply to a lease exempted by regulation.
- (3) The planning and land authority must not consent to the variation of a lease to which this section applies earlier than 5 years after the day the lease is granted.

Division 9.6.3 Variation of nominal rent leases

276 Variation of nominal rent lease—change of use charge

- (1) The planning and land authority must not execute a variation of a nominal rent lease unless the lessee has paid the Territory any change of use charge worked out by the authority, less any remission under section 278, plus any increase under section 279.

Note The change of use charge is worked out under s 277.

- (2) A variation of a lease has no effect if the change of use charge payable under subsection (1) for the variation is not paid.
- (3) This section does not apply to a variation of a nominal rent lease if—
 - (a) the only effect of the variation would be to alter a common boundary between 2 or more adjoining leases; and

- (b) the land comprised in each adjoining lease is leased for the same purpose; and
- (c) none of the adjoining leases is a rural lease.

277 Working out change of use charge

- (1) The planning and land authority works out the change of use charge for a variation of a lease as follows:

$$\text{CUC} = (V_1 - V_2) \times 75\%$$

- (2) In this section:

CUC means the change of use charge payable for the variation of the lease.

V_I —

- (a) for a variation other than a consolidation or subdivision, means the capital sum that the lease might be expected to realise if—
 - (i) the lease were varied as proposed; and
 - (ii) the lease were genuinely offered for sale immediately after the variation on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the lease or, for a variation that involves the surrender of a lease and issue of a new lease, the new lease, were a nominal rent; or
- (b) for a variation that is a consolidation or subdivision, means the capital sum that the new lease or leases to be granted under the consolidation or subdivision might be expected to realise if—
 - (i) the consolidation or subdivision were to take place as proposed; and
 - (ii) the new lease or leases were genuinely offered for sale immediately after the variation on the reasonable terms and conditions that a genuine seller would require; and

- (iii) the rent payable throughout the term of the new lease or leases were a nominal rent.

V_2 —

- (a) for a variation other than a consolidation or subdivision, means the capital sum that the lease might be expected to realise if—
 - (i) the lease were not varied during the remainder of its term; and
 - (ii) the lease were genuinely offered for sale immediately before the variation on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the lease, or lease to be surrendered, were a nominal rent; or
 - (b) for a variation that is a consolidation or subdivision, means the capital sum that the lease or leases to be surrendered under the consolidation or subdivision might be expected to realise if—
 - (i) no consolidation or subdivision were to take place during the remainder of the term of the surrendered lease or leases; and
 - (ii) the lease or leases were genuinely offered for sale immediately before the consolidation or subdivision on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the lease or leases to be surrendered were a nominal rent.
- (3) If the capital value assessed as V_1 is equal to or less than the capital value assessed as V_2 , no change of use charge is payable.

278 When authority must remit change of use charge

- (1) The planning and land authority must remit all or part of a change of use charge for a variation of a lease under section 276 as prescribed by regulation.
- (2) A regulation may prescribe the amount to be remitted under subsection (1).

279 When authority must increase change of use charge

- (1) The planning and land authority must increase a change of use charge for a variation of a lease under section 276 as prescribed by regulation.
- (2) A regulation may prescribe the amount of the increase under subsection (1).

Part 9.7 Rural leases

Note to pt 9.7

Improvement, in relation to rural leases, has a special meaning (see s 288).

Division 9.7.1 Further rural leases

280 Determination of amount payable for further leases—rural land

- (1) The Minister may make a determination for section 254 (1) (e).
- (2) If the Minister has not made a determination under this section, the amount that is taken to have been determined for a rural lease is the market value.
- (3) A determination under subsection (1) is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the Legislation Act.

281 Fixing period for further leases—rural land

- (1) The Minister may make a determination for section 254 (2) (b).
- (2) However, if the national capital authority has set a maximum term for a rural lease of land in a designated area, the Minister must not determine a period under subsection (1) for a further rural lease of the land in a designated area that is longer than the maximum term set by the national capital authority.
- (3) A determination under subsection (1) is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the Legislation Act.

Division 9.7.2 Exceptions for rural leases

282 Definitions—div 9.7.2

In this division:

discharge amount means the discharge amount worked out as prescribed by regulation.

- (a) if the discharge amount is paid—when the discharge amount is paid; or
- (b) in relation to a lease for a term of 21 years or longer—10 years after the lease commences; or
- (c) in relation to a lease for a term shorter than 21 years—at the end of $\frac{1}{3}$ the term of the lease.

283 Land management agreements

Note Section 285 contains exceptions to this section.

- (1) This section applies to the following actions:
 - (a) granting a rural lease;
 - (b) granting a further rural lease;
 - (c) varying a rural lease;
 - (d) consenting to the assignment or transfer of a rural lease.
- (2) The planning and land authority may take action to which this section applies only if—

 - (b) the agreement complies with this section.

- (3) An agreement between a person and the Territory complies with this section if it is—
 - (a) in accordance with a form approved by the Minister under section 425 (Approved forms) for this section; and
 - (b) signed by—
 - (i) the conservator of flora and fauna; and
 - (ii) the person.
- (4) An agreement may contain a provision allowing the agreement to be varied other than by agreement between the parties.

284 Dealings with rural leases

Note Section 285 contains exceptions to this section.

- (1) This section applies to—
 - (a) a rural lease granted under section 238 (Granting leases); and
 - (b) a grant of a further lease of a rural lease.
- Note* This section has an extended application (see s 454).
- (2) A lessee, or anyone else with an interest in the lease, must not deal with a lease to which this section applies without the written consent of the planning and land authority.
 - (3) A dealing in relation to a lease made or entered into without consent has no effect.
 - (4) The planning and land authority must not consent under this section to a dealing in relation to a lease unless—
 - (a) the lessee's domestic partner or child is the person to whom—
 - (i) the lease is being assigned or transferred; or
 - (ii) the land comprised in the lease, or part of it, is sublet; or

- (iii) possession of the land comprised in the lease, or part of it, is being given; or
 - (b) the holding period for the lease has ended.
- (5) The validity of a dealing made or entered into with the consent of the planning and land authority is not affected—
 - (a) by a defect or irregularity in relation to the giving of the consent; or
 - (b) because a ground, or all grounds, for the consent had not arisen.
- (6) To remove any doubt, a person is not required to pay a discharge amount more than once under this section in relation to a rural lease.
- (7) In this section:
child, of a lessee, includes a child of the lessee's domestic partner.

285 Exceptions to s 283 and s 284

Section 283 and section 284 do not apply to the transfer or assignment of a lease, or an interest in the lease, if—

- (a) the lessee has died; or
- (b) the transfer or assignment is made under any of the following orders:
 - (i) an order of the Family Court;
 - (ii) an order of another court having jurisdiction under the *Family Law Act 1975* (Cwlth);
 - (iii) an order under the *Domestic Relationships Act 1994*, division 3.2 adjusting the property interests of the parties in a domestic relationship; or

- (c) the transfer or assignment happens by operation of, or under, bankruptcy or insolvency.

Note The person to whom the lease, or interest, has been transferred or assigned must enter into a land management agreement (see s 286).

286 Delayed requirement to enter into land management agreement

- (1) This section applies if a lease, part of the lease or an interest in the lease, to which section 283 or section 284 applies has been transferred or assigned to someone (the *interest holder*) who has not entered into a land management agreement for the rural land comprised in the lease, or part of the lease, or to which the interest relates.
- (2) The interest holder must enter into a land management agreement for the rural land comprised in the lease, or part of the lease, or to which the interest relates not later than 6 months (or any extended period) after the day the lease, part of the lease or interest, is transferred or assigned to the interest holder.
- (3) The planning and land authority may, in writing, extend the period under subsection (2) for entering into a land management agreement.

Note The planning and land authority may extend the period under s (2) after the end of the period being extended (see Legislation Act, s 151C (3)).

287 No subdivision or consolidation of rural leases

The planning and land authority must not consent to the consolidation or subdivision of a lease to which section 284 applies during the holding period.

Part 9.8 Leases—improvements

288 Definitions—pt 9.8

In this part:

- (a) a building or structure on or under the land; or
- (b) for land held under a rural lease—
 - (i) a building or structure on or under the land; or
 - (ii) any earthworks, planting or other work that affects the landscape of the land that is reasonably undertaken for rural purposes.

lessee, for a lease that has ended, whether by termination, surrender, end of term or otherwise, means the person who was the lessee under the lease when the lease ended.

undertaken, in relation to an improvement that is a building or structure, means the construction of the building or structure.

289 Application of pt 9.8 to improvements

This part applies only to the following improvements to land:

- (a) an improvement undertaken in a way consistent with the law of the Territory, and with any lease over the land, other than—
 - (i) an improvement undertaken by the Territory or the Commonwealth (subject to paragraph (b)); or
 - (ii) an improvement acquired by the Territory or the Commonwealth (subject to paragraph (c));
- (b) an improvement undertaken by the Territory or the Commonwealth, if the Territory or the Commonwealth has

received, or is entitled to receive, payment for the improvement;

- (c) an improvement acquired by the Territory or the Commonwealth, if the Territory or the Commonwealth has received, or is entitled to receive, payment for the improvement.

290 Renewing lessee not liable to pay for improvements

- (1) This section applies if—
 - (a) the term of a lease expires; and
 - (b) there are improvements to which this part applies on the land comprised in the lease; and
 - (c) the lessee is granted a further lease of the land or part of it.
- (2) The lessee is not liable to pay the planning and land authority for the improvements on the land or part of the land.

291 Authority to pay for certain improvements

- (1) This section applies if—
 - (a) the term of a lease expires; and
 - (b) there are improvements to which this part applies on the land comprised in the lease; and
 - (c) there is no provision in the lease that precludes or limits the right of the lessee to payment in relation to the improvements; and
 - (d) the lessee is not granted a further lease of the land, or is granted a lease of only part of the land.

Note Section 293 and s 294 make this section apply in other cases.

- (2) The planning and land authority is liable to pay the lessee—

- (a) if no further lease of the land is granted to the lessee—the amount decided by the authority to be the value of the improvements on the land; or
- (b) if a further lease of only part of the land is granted to the lessee—the amount decided by the authority to be the value of the improvements to which this section applies on the part of the land not leased.

Note Under s 292, the planning and land authority may be required to deduct an amount from the amount payable under this section.

292 Land declared available for further lease

- (1) This section applies if—
 - (a) the planning and land authority is liable to pay a lessee an amount under section 291; and
 - (b) before the expiry of the term of the lease, the authority declared that the land comprised in the lease, or part of the land, was available for a further lease; and
 - (c) the lessee does not elect to take a further lease of the land, or part of the land, declared to be available not later than 6 months after the expiry of the term of the lease.
- (2) The amount of any expenditure reasonably incurred by the Territory, the planning and land authority or both, in relation to the grant of a lease of the land, or part of the land, to anyone else must be deducted from the amount payable to the lessee under section 291.

293 Lease surrendered or terminated

- (1) This section applies if—
 - (a) a lease is surrendered or terminated; and

- (b) the lessee has fully complied with the provisions (if any) of the lease relating to the construction of a building on the land comprised in the lease; and
 - (c) there is no provision in the lease that precludes or limits the right of the lessee to payment in relation to improvements on the land comprised in the lease.
- (2) Section 291 and section 292 apply in relation to the lease (so far as applicable) as if the term of the lease had expired on the day the lease was surrendered or terminated.
- (3) However, the amount worked out under subsection (4) must be deducted from any amount payable under section 291 to the lessee of the surrendered or terminated lease.
- (4) The planning and land authority may work out the amount of the expenditure reasonably incurred by the Territory, the authority or both, in relation to the surrender or termination of the lease.

294 Withdrawal of lease or part before end

- (1) This section applies if—
 - (a) before the end of the term of a lease, the planning and land authority withdraws all or part of the leased land from the lease under a provision of the lease; and
 - (b) the lessee has fully complied with the provisions (if any) of the lease relating to the construction of a building on the land comprised in the lease; and
 - (c) there is no provision in the lease that precludes or limits the right of the lessee to payment in relation to improvements on the land comprised in the lease.
- (2) Section 291 and section 292 apply in relation to the lease, or the part of the lease that comprises the land withdrawn, as if the term of the lease, or part of the lease, had ended on the day of the withdrawal.

295 Deciding value of improvements

- (1) In this section:

assessment day means—

- (a) in relation to land if the term of the lease has expired—the day the term expired; or
- (b) in relation to land a lease of which has been terminated or surrendered—the day the lease was terminated or surrendered; or
- (c) in relation to land that has been withdrawn from a lease—the day of withdrawal.

market value, in relation to improvements on land, means the amount by which the improvements increase the value of the lease of the land, assuming that the lease, together with the improvements, were offered for sale on the open market on the day before the assessment day on the reasonable terms and conditions that a genuine seller might require.

- (2) If compensation is payable under this part in relation to improvements, the planning and land authority must, as soon as practicable after the assessment day in relation to the land where the improvements are situated, in writing, decide, in accordance with this section, the market value of the improvements on the land as at the assessment day.
- (3) If compensation is payable under section 291, the planning and land authority must, in valuing the improvements, assume that a further lease of the land had been granted subject to the same provisions, and for the same term, as the lease the term of which has expired.
- (4) If compensation is payable under section 293, the planning and land authority must, in valuing the improvements, assume that the lease of the land had not been terminated or surrendered.

- (5) If compensation is payable under section 294, the planning and land authority must, in valuing the improvements, assume that the leased land or part of the leased land had not been withdrawn from the lease.

Part 9.9 Leases—certificates of compliance and building and development provisions

296 Certificates of compliance

- (1) If a building and development provision of a lease has been fully complied with, the planning and land authority must, on application by the lessee, issue a certificate of compliance stating that the provision has been complied with.

Note A single form may be used for a number of provisions, so a joint certificate of completion, certificate of compliance and certificate of occupancy may be issued (see Legislation Act, s 255 (7)).

- (2) If a building and development provision of a lease has been partly complied with, the planning and land authority may issue a certificate of compliance stating that the provision has been partly complied with.
- (3) A certificate of compliance under subsection (2) may be issued subject to a condition (stated in the certificate) that the lessee provides security in a stated form against failure to complete stated outstanding work.
- (4) This section is subject to section 297.

297 Certificates of compliance relating to Unit Titles Act leases

- (1) The planning and land authority must not issue a certificate of compliance under section 296 in relation to a building and development provision that a lease under the *Unit Titles Act 2001* is subject to unless satisfied under subsection (2).

- (2) The planning and land authority must be satisfied—
- (a) for every other lease in relation to the same subdivision under the *Unit Titles Act 2001* that is subject to a building and development provision—that the provision has been complied with, or a certificate of compliance has been issued under section 296 in relation to the provision; or
 - (b) that the occupier of the unit that is held under the lease will not, as occupier, be substantially inconvenienced by works being carried out, or that are to be carried out, in compliance with a building and development provision to which the lease of the common property or another unit contained in the same subdivision under the *Unit Titles Act 2001* is subject.
- (3) For subsection (2), an occupier is *substantially inconvenienced* by works being carried out, or that are to be carried out, if the works are being, or are to be, carried out to the common property, or another unit, in the same stage of the development as the occupier's unit.

298 Transfer of land subject to building and development provision

- (1) A lease containing a building and development provision, or an interest in the lease, cannot be transferred or assigned, either at law or in equity, unless—
- (a) the lessee has died; or
 - (b) the transfer or assignment is made under any of the following orders:
 - (i) an order of the Family Court;
 - (ii) an order of another court having jurisdiction under the *Family Law Act 1975* (Cwlth);

- (iii) an order under the *Domestic Relationships Act 1994*, division 3.2 adjusting the property interests of the parties in a domestic relationship; or
- (c) the transfer or assignment happens by operation of, or under, bankruptcy or insolvency; or
- (d) the lessee has—
 - (i) a certificate of compliance under section 296; or
 - (ii) the consent of the planning and land authority under subsection (2) or (4).

Note A consent under the *City Area Leases Ordinance 1936* may be taken to be a consent under s (2) (see *Land (Planning and Environment) Act 1991*, s 292 (expired)).

- (2) The planning and land authority may, in writing, consent to a legal or equitable transfer or assignment of a lease containing a building and development provision, or an interest in the lease, if—
 - (a) the authority—
 - (i) is satisfied that the proposed transferee or assignee intends to comply with the building and development provision; and
 - (ii) has been given the security (if any) required by the authority for compliance with the provision by the proposed transferee or assignee; and
 - (b) either—
 - (i) the authority is satisfied that the lessee cannot, for personal reasons prescribed by regulation, comply with the building and development provision; or
 - (ii) the authority is satisfied that—
 - (A) the lessee cannot comply with the building and development provision for financial reasons; and

- (B) the financial reasons are connected with the lease; or
- (iii) the authority is satisfied that—
 - (A) an unforeseen major event outside the lessee's control happened after the lessee purchased the lease; and
 - (B) the event has had a demonstrable affect on the lessee's ability to develop the land comprised in the lease; or
- (iv) the proposed transferee or assignee (the *homebuyer*) has a contract with the person (the *builder*) proposing to transfer or assign the lease and, under the contract, the builder is required to build a home on the leased land for the homebuyer.

Examples of unforeseen major events

- 1 a bushfire
- 2 a large increase in interest rates

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (3) For subsection (2) (b) (ii), a financial reason is connected with the lease unless—
 - (a) the reason is that the lessee has borrowed an amount, using the land as security, for a purpose other than to purchase or develop the land; and
 - (b) the amount is used for a purpose other than to meet an expense arising from a personal reason prescribed by regulation for subsection (2) (b) (i).

Examples of financial reasons not connected with lease

- 1 expenditure on purchase of other land
- 2 purchase of luxury car
- 3 expenditure on extended overseas holiday

- (4) The planning and land authority may also, in writing, consent to a transfer of a lease containing a building and development provision, or an interest in the lease, if the proposed transfer is the first sale of an individual lease of undeveloped land by the person who provided the infrastructure on, and subdivided, the holding lease of which the individual lease is a subdivision.
- (5) In deciding under subsection (2) or (4) whether to consent to a transfer or assignment of a lease, the planning and land authority must take into consideration any matters prescribed by regulation.

298A Application for extension of time to commence or complete building and development

- (1) This section applies if a lease includes a building and development provision requiring the commencement or completion of building or development to take place within a stated time.

Note The planning and land authority may make a controlled activity order under div 11.3.2 (Controlled activity orders on authority's initiative) or terminate a lease under s 382 (Termination of leases) if a lessee fails to comply with a building and development provision.

- (2) The lessee may, at any time before or after the stated time has ended, apply to the planning and land authority to extend the stated time under section 298B.

Note If a form is approved under s 425 for this provision, the form must be used.

- (3) The application must be accompanied by—
 - (a) the most recent assessment notice for rates for the land; and
 - (b) the amount (the *required fee*) worked out as follows:

$$A \times \frac{D}{365} \times B$$

- (4) The required fee is not affected by the number of stated times under the lease for which an extension is sought.

(5) In this section:

A is—

- (a) 5; or
- (b) if a lower figure is prescribed by regulation—the figure prescribed.

Note Power to make a statutory instrument (including a regulation) includes power to make different provision for different categories (see Legislation Act, s 48).

B is the amount of rates payable in relation to the land under the *Rates Act 2004*, for the financial year when the application is made.

D means the number of days for which the extension is sought.

Note The required fee may be waived under the *Financial Management Act 1996*, s 131.

298B Extension of time to commence or complete building and development

- (1) This section applies to an application for extension of a stated time under section 298A.
- (2) The planning and land authority must—
 - (a) approve the extension; or
 - (b) refuse to approve the extension.
- (3) The planning and land authority may approve the extension only if satisfied on reasonable grounds that the extension for the period sought would not cause an unacceptable delay to another development or land release.
- (4) An approval may be given for a shorter extension than that sought by the application.
- (5) However, the planning and land authority must not approve an extension—

- (a) for more than the prescribed period; or
 - (b) for a period that, together with any earlier extension, would total more than the prescribed period.
- (6) In this section:

prescribed period means—

- (a) 3 years; or
- (b) if another period is prescribed by regulation—the other period.

Example—par (b)

the prescription of a longer period in hardship cases

Note 1 Power to make a statutory instrument (including a regulation) includes power to make different provision for different categories (see Legislation Act, s 48), and power for the stated entity to make provision about a matter or any aspect of a matter (see Legislation Act, s 52).

Note 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

Part 9.10 Surrendering and termination of leases

299 Refund on lease surrender or termination

- (1) This section applies if a lease is surrendered or terminated under this Act.

- (2) The planning and land authority may agree to accept the surrender of a lease, or part of the land comprised in a lease, under subsection (1) either unconditionally or subject to any condition the authority considers appropriate.
- (3) The surrender of a lease, or part of the land comprised in a lease, does not entitle the lessee to a refund or remission of any rent already paid or owing.

Part 9.11 Licences for unleased land

301 Criteria for granting licences for unleased land

- (1) The Executive may determine criteria for the granting of licences to occupy or use unleased land.

Note A licence is a contractual right to do something that would be unlawful to do without the licence, eg to occupy or use land under the contract.

- (2) A determination is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the Legislation Act.

302 Applications for licences for unleased land

- (1) A person may apply to the planning and land authority for a licence to occupy or use an area of unleased territory land.

Example of when a licence might be given to a person

to allow grazing of livestock on an area of unleased territory land

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) An application under subsection (1) must—

(a) be in writing signed by the applicant; and

(b) state—

- (i) the land (the *subject land*) in relation to which the licence is sought; and
- (ii) the period for which the licence is sought; and

- (c) be accompanied by a written consent by the custodian for the subject land to the issue of the licence applied for.

303 Decision on licence applications for unleased land

- (1) On receiving an application under section 302, the planning and land authority may grant the applicant a licence to occupy or use the land, and any building or structure on the land, stated in the application for the purposes and period stated in the application.

Note An application must be accompanied by the custodian's written consent to the issue of the licence applied for.

- (2) However, the planning and land authority must not grant a licence under subsection (1) to occupy or use public land unless the conservator of flora and fauna agrees in writing to the grant.

304 Licences—form etc

- (1) A licence granted under section 303 must—
 - (a) be in writing; and
 - (b) state the period for which it is granted.
- (2) A licence granted under section 303—
 - (a) applies to the person to whom it is granted; and
 - (b) is subject to the conditions (if any) stated in the licence.

305 Licences—when not needed

A person need not hold a licence granted under section 303 to occupy or use an area of unleased territory land if—

- (a) the person holds a permit under the *Roads and Public Places Act 1937* to place an object in, over or across the area; and
- (b) the area is being occupied or used in accordance with the permit; and

- (c) for an occupation or use that requires development approval—
 - (i) the occupation or use has development approval; and
 - (ii) if the occupation or use has development approval subject to a condition—the person is complying with the condition.

Part 9.12 Leases and licences— miscellaneous

306 Land leased to be held as undivided parcel

- (1) The land comprised in a lease must at all times be held and occupied by or under the lessee as 1 undivided parcel, unless section 307, section 308 or section 309 provides otherwise.
- (2) The land comprised in a lease may be sublet and the lease and any interest in it may be assigned, transferred or mortgaged, unless a provision of this chapter provides otherwise.

307 Power of lessee to sublet part of building

- (1) Any part of a building on land comprised in a lease may, subject to the lease, any sublease of the land and this Act, be sublet separately from the remainder of the building.

Note Section 251 and s 284 require consent before subleasing in some cases.

- (2) If a part of a building is sublet separately from the remainder of the building, any part of the parcel of land with the building on it may be sublet with the part of the building separately from the remainder of the parcel of land, as long as the part of the parcel of land sublet adjoins the part of the parcel of land with the building on it.
- (3) To remove any doubt, nothing in this section prevents the subletting of a whole building.

308 Power of lessee to sublet part of land

- (1) Any part of land comprised in a lease must not be sublet without the prior written approval of the planning and land authority.
- (2) The planning and land authority must not approve the subletting of a part of land comprised in a lease other than in accordance with criteria prescribed by regulation.

- (3) This section does not apply to a part of land sublet under section 309.
- (4) To remove any doubt, nothing in this section prevents development in accordance with this Act on land sublet.

- (1) This section applies if—
 - (a) a lease of territory land authorises the use of the land comprised in the lease as a mobile home park; and
 - (b) part of the land is being used, or intended to be used, for the siting of a mobile home.
- (2) The part of the land may, subject to the lease and any sublease of the land, be sublet separately from the remainder of the land.
- (3) In this section:

mobile home means a dwelling (whether or not on wheels) capable of being transferred from place to place and re-erected.

mobile home park means land used for the purpose of accommodating mobile homes or caravans, and includes a caravan park or camping ground.

310 Reservation of minerals

A reservation of minerals contained in a lease must be read as a reservation of all minerals and mineral substances in or on the land, including gold, silver, copper, tin, other metals, ores and substances containing metals, gems, precious stones, coal, limestone, shale, mineral oils, valuable earths and substances, stone, clay, gravel and sand.

311 Access to lease documents and development agreements

- (1) The *Freedom of Information Act 1989*, section 11 (2) does not apply to a document that became a document of a Commonwealth agency before 1 January 1977 and is—
- (a) a lease; or
 - (b) a variation of a lease; or
 - (c) a renewal of a lease.
- (2) A document is taken not to be an exempt document for the *Freedom of Information Act 1989* if the document is—

 - (b) a person who has been a licensee remains in possession of the land after—
 - (i) the term of the licence has ended; or
 - (ii) the licence has been surrendered or ended.

- (2) The planning and land authority may, by written notice to the person (the *unlawful occupier*), demand that the unlawful occupier give possession of the land to the authority within the reasonable period stated in the demand.
- (3) If a demand is not complied with—
 - (a) the planning and land authority may apply to the Magistrates Court for an order that possession of the land be given to the authority; and
 - (b) the court may issue a warrant authorising a police officer, within 20 working days after the day the warrant is issued, to enter the land with the assistance and by the force that is reasonable, and give possession of the land to the authority.
- (4) In this section:
licence means a licence granted by the Territory, the Commonwealth or the planning and land authority.

Part 11.1 Interpretation—ch 11

339 Definitions

In this Act:

complainant—see section 341 (1) (b).

- (b) an activity, including an activity under another Act, prescribed by regulation.

controlled activity order means an order made under part 11.3.

Part 11.2 Complaints about controlled activities

340 Who may complain?

- (1) Anyone who believes a person is conducting, or has conducted, a controlled activity may complain to the planning and land authority.

Note A person is not required to make a complaint (see Legislation Act, s 146 (1)).

- (2) The following are taken to be complaints made under this section:
- (a) notice of a contravention given under the *Building Act 2004*, section 50A (Notification by certifier of possible noncompliant site work);
 - (b) a complaint referred to the planning and land authority under the *Construction Occupations (Licensing) Act 2004*, section 123 (Action after investigating complaint).

341 Form of complaints

- (1) A complaint must—
- (a) be in writing; and
 - (b) be signed by the person making the complaint (the *complainant*); and
 - (c) include the complainant's name and a contact address; and
 - (d) identify the conduct complained about.

Examples of complaints in writing

- 1 emailed complaints
- 2 faxed complaints
- 3 complaints by mail

Examples of contact addresses

- 1 email address
- 2 postal address
- 3 work address
- 4 home address

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) However, the planning and land authority—
 - (a) may accept a complaint for consideration even if it does not comply with subsection (1); and
 - (b) must accept a complaint for consideration even if it does not comply with subsection (1) if the complaint is notice given under the *Building Act 2004*, section 50A (Notification by certifier of possible noncompliant site work).
- (3) If the planning and land authority accepts for consideration a complaint that is not in writing, the authority must require the complainant to put the complaint in writing unless there is a good reason for not doing so.

342 Withdrawal of complaints

- (1) A complainant may withdraw the complaint at any time by written notice to the planning and land authority.
- (2) If the complainant withdraws the complaint, the planning and land authority—
 - (a) need take no further action on the complaint; but
 - (b) may continue to act on the complaint if the authority considers it appropriate to do so.
- (3) Also, if the complainant withdraws the complaint, the planning and land authority need not report to the complainant under section 345 on the result of any action in relation to the complaint.

343 Further information about complaints etc

- (1) The planning and land authority may, at any time, require a complainant to give the authority further information about the complaint.
- (2) When making a requirement under this section, the planning and land authority must give the complainant a reasonable period of time within which the requirement is to be satisfied and may extend that period.
- (3) If the complainant does not comply with a requirement made of the complainant under subsection (1), the planning and land authority may, but need not, take further action in relation to the complaint.
- (4) To remove any doubt, this section also applies to a complaint that is a notice given under the *Building Act 2004*, section 50A (Notification by certifier of possible noncompliant site work).

344 Investigation of complaints

The planning and land authority must take reasonable steps to investigate each complaint made in accordance with section 341.

345 Action after investigating complaints

- (1) After investigating a complaint made under this part, the planning and land authority must do 1 or more of the following:
 - (a) if satisfied that no further action is necessary in relation to the complaint—give the complainant notice under subsection (2) and take no further action in relation to the complaint;
 - (b) if satisfied that the complaint can be more appropriately dealt with by another entity—refer the complaint to the other entity under section 347;

Note For what the authority must consider for par (a), see s 346.

Note See examples below.

- (c) if satisfied that the complaint contains evidence that suggests that a disciplinary ground exists in relation to a construction occupations licensee—refer the complaint to the construction occupations registrar;
- (d) if sufficient grounds exist to give someone an information requirement—give someone an information requirement under section 395;
- (e) take action under part 11.3 (Controlled activity orders) in relation to the conduct complained about;
- (f) if grounds exist under a regulation to issue an infringement notice in relation to the conduct complained about—issue an infringement notice in relation to the conduct;
- (g) if satisfied that it would be appropriate for rectification work to be done—direct a person to carry out rectification work under part 11.4 (Rectification work) in relation to the conduct complained about;
- (h) if satisfied that it would be appropriate to give a prohibition notice in relation to the conduct complained about—give a prohibition notice under part 11.5 (Prohibition notices) in relation to the conduct;
- (i) if satisfied that there are grounds for issuing an injunction in relation to the conduct complained about—apply to the Supreme Court for an injunction under part 11.6 (Injunctions, terminations and ending leases and licences) in relation to the conduct;
- (j) take action under part 11.6 to terminate a lease or licence;
- (k) take any other action the authority considers appropriate.

Examples—par (b)

- 1 the complaint is about a potential fire hazard and would be better dealt with by the emergency services authority

- 2 the complaint is about a leasehold that is unclean because leftover chemicals are stored on it and would be better dealt with by the environment protection authority
- 3 the complaint is about a leasehold that is unclean because a person with a disability cannot make decisions about day-to-day living, and would be better dealt with by the public advocate

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) The planning and land authority must give the complainant written notice about the action the authority decides to take under subsection (1).
- (3) To remove any doubt, the planning and land authority may take action under a provision mentioned in subsection (1) (c) to (j) even if—
 - (a) the authority is not acting on a complaint; or
 - (b) the complaint the authority is acting on has been withdrawn.
- (4) In this section:

construction occupations licensee—

- (a) means a person who is licensed under the *Construction Occupations (Licensing) Act 2004*; and
- (b) in relation to conduct, includes a person who was licensed under that Act when the conduct happened.

disciplinary ground, in relation to a construction occupations licensee—see the *Construction Occupations (Licensing) Act 2004*, section 54.

rectification work—see section 365.

346 When authority satisfied no further action on complaint necessary

- (1) In considering whether no further action should be taken in relation to a complaint under section 345, the planning and land authority must consider whether the complaint—
- (a) lacks substance; or
 - (b) is frivolous, vexatious or was not made honestly; or
 - (c) has been adequately dealt with.

Examples of complaints lacking substance—par (a)

- 1 the conduct complained about is not a controlled activity
- 2 the conduct complained about has development approval
- 3 the conduct complained about did not happen

Note 1 The planning and land authority may also take no further action on a complaint if the complainant has not complied with a requirement made under s 343 (1) (see s 343 (3)).

Note 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) To remove any doubt, this section also applies to a complaint that is a notice given under the *Building Act 2004*, section 50A (Notification by certifier of possible noncompliant site work).

347 Referral of complaints under s 345 (1) (b)

The planning and land authority refers a complaint to another entity by giving the other entity—

- (a) a copy of the complaint or a summary of the information provided in the complaint; and
- (b) any information relating to the complaint that the authority considers may be helpful to the entity; and

- (c) a statement about why the authority considers that the entity is more appropriate to deal with the complaint than the authority.

348 Use of information received and discovered

- (1) This section applies to information in a complaint, or information found during the investigation of a complaint.
- (2) To remove any doubt, the planning and land authority may use the information in deciding whether to make a controlled activity order, whether on the authority's own initiative or on application, under part 11.3.

Part 11.3 Controlled activity orders

Division 11.3.1 Controlled activity orders on application

349 Meaning of *show cause notice*—div 11.3.1

In this division:

 - (a) the lessee or occupier of premises where a controlled activity was, is being, or is to be, conducted;
 - (b) anyone by whom or on whose behalf a controlled activity was, is being, or is to be, conducted.

Note A person is not required to make an application (see Legislation Act, s 146 (1)).

- (2) The application must—

- (6) To remove any doubt, a person is not prevented from applying for a controlled activity order only because the person has made a complaint in relation to the same matter.

351 Decision on application for controlled activity order

Example of less burdensome order—par (b)

A person applies for an order for the demolition of an unapproved structure but the planning and land authority makes an order that a development application be lodged for the structure within a stated period and, if the application is not lodged within that period or is not approved, the structure is to be demolished.

(4) The planning and land authority is taken to have refused to make the controlled activity order applied for under section 350 if the authority fails to decide the application before the end of the period prescribed by regulation.

Note There may be a right of review for a decision under this section (see ch 13 and sch 1).

Division 11.3.2 Controlled activity orders on authority's initiative

352 Meaning of *show cause notice*—div 11.3.2

In this division:

show cause notice—see section 353 (2).

353 Controlled activity orders on authority's own initiative

 - (a) each person to whom the order is to be directed; and
 - (b) if different from the person or people mentioned in paragraph (a)—the lessee or occupier of the premises in relation to which the order is to apply.

- (3) The show cause notice must—
 - (a) describe the controlled activity to which the notice relates; and
 - (b) state each person to whom a controlled activity order in relation to the activity would be directed.

- (b) may include any other information that the authority considers appropriate.

354 Inaction after show cause notice

- (1) This section applies if—

 - (b) the authority has not made a decision under section 355 in relation to the controlled activity order mentioned in the notice within the time prescribed by regulation.
- (2) The planning and land authority is taken to have decided not to make the controlled activity order.
- (3) Also, the planning and land authority must not make the controlled activity order unless the authority gives a further show cause notice in relation to the order.

355 Decision on proposed controlled activity order on authority's own initiative

- (1) Before deciding whether to make a controlled activity order mentioned in a show cause notice, the planning and land authority must consider any reasons given in accordance with the show cause notice.

- (b) not to make the controlled activity order mentioned in the show cause notice.
- (3) A controlled activity order may be directed to 1 or more of the following:
 - (a) the person against whom the order mentioned in the show cause notice is directed;
 - (b) if the planning and land authority considers that the order would be more appropriately directed to someone else mentioned in section 353 (2) (b)—that person.

- (2) However, the planning and land authority must not make an ongoing controlled activity order unless—
 - (a) the controlled activity to which the order relates is failing to keep a leasehold clean; and
 - (b) the order is directed to a named person; and

- (c) each person to whom the order is directed has contravened 2 or more controlled activity orders relating to failing to keep a leasehold clean in relation to the leasehold for which the ongoing controlled activity order is proposed to be made; and
- (d) at least 2 of the contraventions by each person happened in the period of 5 years ending on the day the ongoing controlled activity order is made.

Example of order not against named person

an order directed to the occupier of the premises at 123 Happy Street

371 Liability for cost of rectification work

The person who is required to comply with a direction under section 366 (Direction to carry out rectification work) must pay to the Territory the reasonable cost of any rectification work carried out by an authorised person to which the direction related.

Note An amount owing under a law may be recovered as a debt in a court of competent jurisdiction (see Legislation Act, s 177).

372 Criteria for deferral of rectification work costs

- (1) The planning and land authority may, in writing, determine circumstances when the payment of all or part of the cost of rectification work carried out by an authorised person on a lessee's leasehold may be deferred by the lessee.
- (2) A determination is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

373 Application for deferral of rectification work costs

- (1) A lessee who is required to pay the cost of rectification work carried out on the lessee's leasehold may, in writing, apply to the planning and land authority for the deferment of payment of all or part of the cost of the rectification work.
- (2) The application must state the grounds for the application.

374 Deferral of rectification work costs

- (1) The planning and land authority may, in writing, declare that all or part of the cost of rectification work payable by a lessee is deferred if satisfied that a circumstance determined under section 372 (1) exists in relation to the lessee.

Note Interest is payable on the deferred amount, see s 375.

- (2) The planning and land authority may make a declaration under subsection (1) on its own initiative or on application under section 373.

- (2) For the *Land Titles Act 1925*, section 104 (1) (Lodging of caveat), the Territory is taken to be a person claiming an interest in the leasehold to which the declaration relates.
- (3) The registration under the *Land Titles Act 1925* of the copy of a declaration under section 374 creates a charge over the leasehold to which the declaration relates for—
 - (a) the amount stated in the declaration; and
 - (b) interest on the amount calculated on a daily basis at the interest rate applying from time to time under the *Taxation Administration Act 1999*, section 26 (Interest rate).

376A Protection of authorised people from liability

- (1) An authorised person does not incur civil liability for rectification work carried out in accordance with the directions of an inspector.

- (2) A civil liability that would, apart from this section, attach to the authorised person attaches instead to the Territory.

 - (b) to prevent an entity from continuing to undertake development if—
 - (i) the entity has started to undertake the development; and
 - (ii) the development requires development approval; and
