## About this republication

### The republished law

This is a republication of the *Medicines, Poisons and Therapeutic Goods Act 2008* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 3 June 2015. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 3 June 2015.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

### Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at [www.legislation.act.gov.au](http://www.legislation.act.gov.au)):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

### Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

### Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register ([www.legislation.act.gov.au](http://www.legislation.act.gov.au)). For more information, see the home page for this law on the register.

### Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

### Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$150 for an individual and \$750 for a corporation (see *Legislation Act 2001*, s 133).

# Medicines, Poisons and Therapeutic Goods Act 2008

---

An Act to consolidate and reform the law relating to regulated substances and regulated therapeutic goods, to give effect to the medicines and poisons standard, and for other purposes

---

## Chapter 1 Preliminary

### 1 Name of Act

This Act is the *Medicines, Poisons and Therapeutic Goods Act 2008*.

### 3 Dictionary

The dictionary at the end of this Act is part of this Act.

*Note 1* The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition '*health professional*—see the [Health Professionals Act 2004](#), section 14.' means that the term 'health professional' is defined in that section and the definition applies to this Act.

*Note 2* A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

### 4 Notes

A note included in this Act is explanatory and is not part of this Act.

*Note* See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

## 5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

*Note 1 Criminal Code*

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

*Note 2 Penalty units*

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

## Chapter 2      Operation of Act

### 6      Objects

- (1) The main object of this Act is to promote and protect public health and safety by minimising—
  - (a) accidental and deliberate poisonings by regulated substances; and
  - (b) medicinal misadventures related to regulated substances; and
  - (c) the diversion of regulated substances for abuse; and
  - (d) the manufacture of regulated substances that are subject to abuse; and
  - (e) harm from regulated therapeutic goods.
- (2) The objects of this Act also include ensuring that—
  - (a) consumers of prescription medicines have adequate information and the understanding necessary to allow them to use the medicines safely and effectively; and
  - (b) consumers of non-prescription medicines have adequate information and the understanding to allow them to select the most appropriate medicines for their condition and to use the medicines safely and effectively, taking into account the condition of their health.
- (3) In regulating the dealings of health professionals or health practitioners with regulated substances, the chief health officer may, but need not, choose to take disciplinary action rather than pursuing prosecutions under this Act if the chief health officer believes it would be in the public interest to do so.
- (4) In this section:  
***non-prescription medicine*** means a medicine other than a prescription medicine.

*prescription medicine* means a prescription only medicine or controlled medicine.

## 7 Appropriate prescription and supply of medicines

- (1) A health professional or a health practitioner who prescribes or supplies a medicine must ensure that the prescription or supply of the medicine is for a quantity and purpose that is consistent with the recognised therapeutic standard of what is appropriate in the circumstances.
- (2) Subsection (1) does not apply to wholesale supply.

## 8 Obligations under other territory laws

The obligations under this Act are additional to the obligations under any other territory law unless this Act, or the other law, provides otherwise.

### Example

If there is an obligation under the *Dangerous Substances Act 2004* and under this Act in relation to a particular substance, both obligations must be complied with in relation to the substance unless either Act provides otherwise.

*Note* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

## 9 Inconsistency between Act and medicines and poisons standard

This Act prevails if there is an inconsistency between this Act and the medicines and poisons standard.

*Note* A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see [Legislation Act](#), s 104).

## Chapter 3 Important concepts

### Part 3.1 Substances to which Act applies

*Note* Schedule 7 applies to substances with a high potential for causing harm. The schedule includes some derivatives of the scheduled substances (see s 16 (2)).

***low harm poison*** means a substance to which the [medicines and poisons standard](#), schedule 5 applies.

*Note* Schedule 5 applies to substances with a low potential for causing harm. The schedule includes some derivatives of the scheduled substances (see s 16 (2)).

***moderate harm poison*** means a substance to which the [medicines and poisons standard](#), schedule 6 applies.

### 13 **Meaning of *appendix C substance* and *prohibited substance*—Act**

In this Act:

***appendix C substance*** means a substance to which the [medicines and poisons standard](#), appendix C applies.

*Note* Appendix C substances are substances, other than those in sch 9, the sale, supply and use of which is prohibited because of the degree of danger to health they represent. The appendix includes some derivatives of the substances to which the appendix applies (see s 16 (2)).

***prohibited substance*** means a substance to which the [medicines and poisons standard](#), schedule 9 applies.

*Note* Schedule 9 substances are generally illegal substances that are subject to abuse. They include some derivatives of the scheduled substances (see s 16 (2)).

## Part 3.2                      Therapeutic goods to which Act applies

### 14                      Meaning of *regulated therapeutic good*—Act

In this Act:

*regulated therapeutic good* means—

- (a) any of the following within the meaning of the *Therapeutic Goods Act 1989* (Cwlth) as prescribed by regulation:
  - (i) a therapeutic good (other than a regulated substance);
  - (ii) a medical device;
  - (iii) a therapeutic device; or
- (b) anything else (other than a regulated substance) prescribed by regulation.

## Part 3.3 Medicines and poisons standard

### 15 Meaning of *medicines and poisons standard*—Act

- (1) In this Act:

*medicines and poisons standard* means the poisons standard, as in force from time to time and as modified by regulation (if any).

*Note* For the public availability and inspection of a copy of the [medicines and poisons standard](#), see s 18.

- (2) For subsection (1), but subject to any modification prescribed by regulation—

(a) an amendment of a current poisons standard takes effect on the date notified under the [Therapeutic Goods Act 1989](#) (Cwlth), section 52D (4) (b); and

(b) a new poisons standard takes effect on the date of effect notified under the [Therapeutic Goods Act 1989](#) (Cwlth), section 52D (3) (b).

- (3) In this section:

*current poisons standard*—see the [Therapeutic Goods Act 1989](#) (Cwlth), section 52A, definition of *current Poisons Standard*.

*new poisons standard* means a document prepared under the [Therapeutic Goods Act 1989](#) (Cwlth), section 52D (2) (b).

*poisons standard* means a document made under the [Therapeutic Goods Act 1989](#) (Cwlth), section 52D (2).

## 16 Interpretation provisions in medicines and poisons standard—application to Act

- (1) A term defined in the medicines and poisons standard (other than the definition of *poison*) has the same meaning in this Act.

*Note* The medicines and poisons standard uses the term ‘poison’ for any substance or preparation (whether it is a medicine, poison or prohibited substance) included in a schedule to the standard (see [medicines and poisons standard](#), pt 1, def *poison*).

- (2) A provision of the medicines and poisons standard relating to the interpretation of the standard applies in the interpretation of this Act.

### Example

If the medicines and poisons standard provides that, subject to stated exceptions, a reference to a substance in a schedule or appendix to the standard includes every salt, active principle or derivative of the substance, then a reference to the substance in this Act includes, subject to the exceptions, a reference to each salt, active principle or derivative of the substance.

*Note 1* A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see [Legislation Act](#), s 104).

*Note 2* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

## 17 When medicines and poisons standard *applies* to substances

For this Act, a schedule or appendix of the medicines and poisons standard *applies* to a substance in a circumstance if—

- (a) the substance is included in the schedule or appendix; and
- (b) either—
- (i) an exclusion in the standard does not, in the circumstance, exclude the substance from the operation of the schedule or appendix; or

- (ii) if a restriction is mentioned in the standard for the substance—the restriction applies in relation to the substance in the circumstance.

**Example—par (b) (ii)**

Substance X is included in sch 4 (Prescription only medicine) of the medicines and poisons standard. Its listing is followed by the restriction ‘for human therapeutic use’. Substance X is not included in another schedule or an appendix of the standard. The standard applies to substance X only for human therapeutic use.

*Note 1* See also s 9 (Inconsistency between Act and medicines and poisons standard).

*Note 2* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see [Legislation Act](#), s 126 and s 132).

## **18 Inspection of medicines and poisons standard**

The chief health officer must ensure that a copy of the medicines and poisons standard (including any amendments of the standard) is made available for inspection free of charge to the public on business days at reasonable times at an office administered by the chief health officer.

## Part 3.4 Other important concepts

### 19 Meaning of *deals* with a regulated substance—Act

- (1) For this Act, a person *deals* with a regulated substance if the person does 1 or more of the following:
  - (a) manufactures the substance;
  - (b) obtains the substance;
  - (c) possesses the substance;
  - (d) supplies the substance;
  - (e) administers the substance;
  - (f) discards the substance;
  - (g) issues a purchase order for the substance;
  - (h) if the substance is a medicine—
    - (i) prescribes the medicine; or
    - (ii) issues a requisition or standing order for the medicine;
  - (i) if the substance is a dangerous poison, prohibited substance or appendix C substance—gives a written or oral direction to—
    - (i) supply the poison or substance for administration to a person; or
    - (ii) administer the poison or substance to a person.

- (2) For this Act, a person also *deals* with a regulated substance if the regulated substance otherwise comes into, or goes out of, the person's possession, including, for example, if the person loses or finds the regulated substance or the substance is stolen from the person.

- (2) However, the person is not entitled to observe the search if—
  - (a) to do so would impede the search; or
  - (b) the person is under arrest, and allowing the person to observe the search being conducted would interfere with the objectives of the search.
- (3) This section does not prevent 2 or more areas of the premises being searched at the same time.

**114 Moving things to another place for examination or processing**

- (1) A thing found at premises entered under a search warrant may be moved to another place for examination or processing to decide whether it may be seized under the warrant if—
  - (a) both of the following apply:
    - (i) there are reasonable grounds for believing that the thing is or contains something to which the warrant relates;
    - (ii) it is significantly more practicable to do so having regard to the timeliness and cost of examining or processing the thing at another place and the availability of expert assistance; or
  - (b) the occupier of the premises agrees in writing.
- (2) The thing may be moved to another place for examination or processing for not longer than 72 hours.

- (3) A medicines and poisons inspector may apply to a magistrate for an extension of time if the inspector believes on reasonable grounds that the thing cannot be examined or processed within 72 hours.
- (4) The medicines and poisons inspector must give notice of the application to the occupier of the premises, and the occupier is entitled to be heard on the application.
- (5) If a thing is moved to another place under this section, the medicines and poisons inspector must, if practicable—
  - (a) tell the occupier of the premises the address of the place where, and time when, the examination or processing will be carried out; and
  - (b) allow the occupier or the occupier's representative to be present during the examination or processing.
- (6) The provisions of this part relating to the issue of search warrants apply, with any necessary changes, to the giving of an extension under this section.

## **115 Use of electronic equipment at premises**

- (1) A medicines and poisons inspector or a person assisting may operate electronic equipment at premises entered under a search warrant to access data (including data not held at the premises) if the inspector or person believes on reasonable grounds that—
  - (a) the data might be something to which the warrant relates; and
  - (b) the equipment can be operated without damaging the data.
- (2) If the medicines and poisons inspector or person assisting believes on reasonable grounds that any data accessed by operating the electronic equipment might be something to which the warrant relates, the inspector or person may—
  - (a) copy the data to a data storage device brought to the premises;  
or

- (b) if the occupier of the premises agrees in writing—copy the data to a data storage device at the premises.
- (3) The medicines and poisons inspector or person assisting may take the device from the premises.
- (4) The medicines and poisons inspector or person assisting may do the following things if the inspector or person finds that anything (the *material*) to which the warrant relates is accessible using the equipment:
  - (a) seize the equipment and any data storage device;
  - (b) if the material can, by using facilities at the premises, be put in documentary form—operate the facilities to put the material in documentary form and seize the documents produced.
- (5) A medicines and poisons inspector may seize equipment under subsection (4) (a) only if—
  - (a) it is not practicable to copy the data as mentioned in subsection (2) or to put the material in documentary form as mentioned in subsection (4) (b); or
  - (b) possession of the equipment by the occupier of the premises or someone else could be an offence.

## **116 Person with knowledge of computer to assist access etc**

- (1) A medicines and poisons inspector may apply to a magistrate for an order requiring a stated person to provide any information or assistance that is reasonably necessary to allow the inspector or a person assisting to do 1 or more of the following:
  - (a) access data held in or accessible from a computer that is at the premises;
  - (b) copy the data to a data storage device;
  - (c) convert the data into documentary form.

- (2) The magistrate may make an order if satisfied that—
- (a) there are reasonable grounds for suspecting that something to which the warrant relates is accessible from the computer; and
  - (b) the stated person is—
    - (i) reasonably suspected of possessing, or having under the person’s control, something to which the warrant relates; or
    - (ii) the owner or lessee of the computer; or
    - (iii) an employee or agent of the owner or lessee of the computer; and
  - (c) the stated person has knowledge of—
    - (i) the computer or a computer network of which the computer forms a part; or
    - (ii) measures applied to protect data held in or accessible from the computer.
- (3) A person commits an offence if the person contravenes an order under this section.
- Maximum penalty: 50 penalty units, imprisonment for 6 months or both.
- (4) The provisions of this part relating to the issue of search warrants apply, with any necessary changes, to the making of an order under this section.

## **117 Securing electronic equipment**

- (1) This section applies if the medicines and poisons inspector or a person assisting believes on reasonable grounds that—
  - (a) something (the *material*) to which the warrant relates may be accessible by operating electronic equipment at the premises; and
  - (b) expert assistance is required to operate the equipment; and
  - (c) the material may be destroyed, altered or otherwise interfered with if the inspector or person does not take action.
- (2) The medicines and poisons inspector or person assisting may do whatever is necessary to secure the equipment, whether by locking it up, placing a guard or otherwise.
- (3) The medicines and poisons inspector or a person assisting must give written notice to an occupier of the premises of—
  - (a) the inspector's or person's intention to secure the equipment; and
  - (b) the fact that the equipment may be secured for up to 24 hours.
- (4) The equipment may be secured until the earlier of the following events happens:
  - (a) the end of the 24-hour period;
  - (b) the equipment is operated by the expert.
- (5) If the medicines and poisons inspector or a person assisting believes on reasonable grounds that the expert assistance will not be available within the 24-hour period, the inspector or person may apply to a magistrate to extend the period.
- (6) The medicines and poisons inspector or a person assisting must tell an occupier of the premises of the intention to apply for an extension, and the occupier is entitled to be heard on the application.

- (7) The provisions of this part relating to the issue of search warrants apply, with any necessary changes, to the giving of an extension under this section.

## **118 Copies of seized things to be provided**

- (1) This section applies if—
- (a) an occupier of premises, or someone else who apparently represents the occupier, is present at the premises while a search warrant is executed; and
  - (b) the medicines and poisons inspector seizes—
    - (i) a document, film, computer file or something else that can be readily copied; or
    - (ii) a data storage device containing information that can be readily copied.
- (2) The occupier or other person may ask the medicines and poisons inspector to give the person a copy of the thing or information.
- (3) The medicines and poisons inspector must give the person the copy as soon as practicable after the seizure.
- (4) However, the medicines and poisons inspector is not required to give the copy if—
- (a) the thing was seized under section 115 (Use of electronic equipment at premises); or
  - (b) possession of the thing or information by an occupier of the premises or someone else would be an offence.

## **Division 7.1.5      Return and forfeiture of things seized**

### **119      Receipt for things seized**

- (1) As soon as practicable after a medicines and poisons inspector seizes a thing under this part, the inspector must give a receipt for it to the person from whom it was seized.
- (2) If, for any reason, it is not practicable to comply with subsection (1), the medicines and poisons inspector must leave the receipt, secured conspicuously, at the place of seizure under section 106 (Power to seize things).

### **120      Access to things seized**

- (1) A person who would, apart from the seizure, be entitled to inspect a thing seized under this part may—
  - (a) inspect it; and
  - (b) if it is a document—take extracts from it or make copies of it.
- (2) This section does not apply to—
  - (a) a thing seized under section 106 (4) (which is about the seizure of a thing that poses a risk to the health or safety of people or of damage to property or the environment); or

- (b) a thing or information if possession of it by the person otherwise entitled to inspect it would be an offence.

## **121 Return of things seized**

- (1) A thing seized under this part must be returned to its owner, or reasonable compensation must be paid by the Territory to the owner for the loss of the thing, if—
  - (a) an infringement notice for an offence relating to the thing is not served on the owner within 90 days after the day of seizure and a prosecution for an offence relating to the thing—
    - (i) is not started within the 90-day period; or
    - (ii) is started within the 90-day period but the court does not find the offence proved; or
  - (b) an infringement notice for an offence relating to the thing is served on the owner within 90 days after the day of seizure, the infringement notice is withdrawn and a prosecution for an offence relating to the thing—
    - (i) is not started within the 90-day period; or
    - (ii) is started within the 90-day period but the court does not find the offence proved; or
  - (c) an infringement notice for an offence relating to the thing is served on the owner and not withdrawn within 90 days after the day of seizure, liability for the offence is disputed in accordance with the *Magistrates Court Act 1930*, section 132 (Disputing liability for infringement notice offence) and an information—
    - (i) is not laid in the Magistrates Court against the person for the offence within 60 days after the day notice is given under section 132 that liability is disputed; or

- (ii) is laid in the Magistrates Court against the person for the offence within the 60-day period, but the Magistrates Court does not find the offence proved.
- (2) However, this section does not apply—
- (a) to a thing seized under section 106 (4) (which is about the seizure of things that pose a risk to the health or safety of people or of damage to property or the environment); or
  - (b) to a thing if the chief health officer believes on reasonable grounds that the only practical use of the thing in relation to the premises where it was seized would be an offence against this Act or another territory law; or
  - (c) to a thing if possession of it by its owner would be an offence.

*Note* See also section 125 (Forfeiture of seized things).

## **122 Application for order disallowing seizure**

- (1) A person claiming to be entitled to anything seized under this part may apply to the Magistrates Court within 10 days after the day of the seizure for an order disallowing the seizure.
- (2) However, this section does not apply to a thing seized under section 106 (4) (which is about the seizure of things that pose a risk to the health or safety of people or of damage to property or the environment).
- (3) The application may be heard only if the applicant has served a copy of the application on the chief health officer.
- (4) The chief health officer is entitled to appear as respondent at the hearing of the application.

### **123 Order for return of seized thing**

- (1) This section applies if a person claiming to be entitled to anything seized under this part applies to the Magistrates Court under section 122 for an order disallowing the seizure.
- (2) The Magistrates Court must make an order disallowing the seizure if satisfied that—
  - (a) the applicant would, apart from the seizure, be entitled to the return of the seized thing; and
  - (b) the thing is not connected with an offence against this Act; and
  - (c) possession of the thing by the person would not be an offence.
- (3) The Magistrates Court may also make an order disallowing the seizure if satisfied there are exceptional circumstances justifying the making of the order.
- (4) If the Magistrates Court makes an order disallowing the seizure, the court may make 1 or more of the following ancillary orders:
  - (a) an order directing the chief health officer to return the thing to the applicant or someone else that appears to be entitled to it;
  - (b) if the thing cannot be returned or has depreciated in value because of the seizure—an order directing the Territory to pay reasonable compensation;
  - (c) an order about the payment of costs in relation to the application.

### **124 Adjournment pending hearing of other proceedings**

- (1) This section applies to the hearing of an application under section 122 (Application for order disallowing seizure).

- (2) If it appears to the Magistrates Court that the seized thing is required to be produced in evidence in a pending proceeding in relation to an offence against a territory law, the court may, on the application of the chief health officer or its own initiative, adjourn the hearing until the end of the pending proceeding.

## **125 Forfeiture of seized things**

- (1) This section applies if—
- (a) anything seized under this part has not been returned under section 121 (Return of things seized); and
  - (b) an application for disallowance of the seizure under section 122 (Application for order disallowing seizure)—
    - (i) has not been made within 10 days after the day of seizure; or
    - (ii) has been made within the 10-day period, but the application has been refused or has been withdrawn before a decision in relation to the application had been made.
- (2) If this section applies to the seized thing—
- (a) it is forfeited to the Territory; and
  - (b) it may be sold, destroyed or otherwise disposed of as the chief health officer directs.

## **126 Return of forfeited things**

- (1) This section applies to something forfeited under section 125 that has not been disposed of in a way that would prevent its return.

- (2) If the chief health officer becomes satisfied that there has been no offence against this Act with which the thing is connected, the chief health officer must, as soon as practicable, return the thing to the person from whom it was seized or someone else who appears to the chief health officer to be entitled to it.
- (3) On its return, any proprietary and other interests in the thing that existed immediately before its forfeiture are restored.

## **127 Cost of disposal of forfeited things**

- (1) This section applies if—
  - (a) a person is convicted, or found guilty, of an offence against this Act in relation to something forfeited to the Territory under this part; and
  - (b) the thing is connected with an offence against this Act; and
  - (c) the person was the owner of the thing immediately before its forfeiture.

*Note* **Found guilty**—see the [Legislation Act](#), dict, pt 1.

- (2) If this section applies, costs incurred by or on behalf of the Territory in relation to the lawful disposal of the thing (including storage costs) are a debt owing to the Territory by the person.

## **Division 7.1.6 Medicines and poisons inspectors— other provisions**

### **128 Disposal etc of things obtained otherwise than under pt 7.1**

- (1) This section applies if the chief health officer comes into possession of a regulated substance or regulated therapeutic good otherwise than under this part.

- (2) The chief health officer may dispose of the regulated substance or regulated therapeutic good as prescribed by regulation.

### **129 Damage etc to be minimised**

- (1) In the exercise, or purported exercise, of a function under this part, a medicines and poisons inspector must take all reasonable steps to ensure that the inspector, and any person assisting the inspector, causes as little inconvenience, detriment and damage as practicable.
- (2) If a medicines and poisons inspector, or a person assisting a medicines and poisons inspector, damages anything in the exercise or purported exercise of a function under this part, the inspector must give written notice of the particulars of the damage to the person the inspector believes on reasonable grounds is the owner of the thing.
- (3) If the damage happens at premises entered under this part in the absence of the occupier, the notice may be given by leaving it, secured conspicuously, at the premises.

### **130 Compensation for exercise of enforcement powers**

- (1) A person may claim compensation from the Territory if the person suffers loss or expense because of the exercise, or purported exercise, of a function under this part by a medicines and poisons inspector or a person assisting the inspector.
- (2) Compensation may be claimed and ordered in a proceeding for—
  - (a) compensation brought in a court of competent jurisdiction; or
  - (b) an offence against this Act brought against the person making the claim for compensation.
- (3) A court may order the payment of reasonable compensation for the loss or expense only if satisfied it is just to make the order in the circumstances of the particular case.

- (4) A regulation may prescribe matters that may, must or must not be taken into account by the court in considering whether it is just to make the order.
- (5) To remove any doubt, this section does not authorise a court to order the payment of compensation for regulated substances or regulated therapeutic goods seized by a medicines and poisons inspector if the substance or good was recalled under the *Therapeutic Goods Act 1989* (Cwlth).

## Part 7.2 Taking and analysis of samples of substances

### 131 Inspector may buy samples without complying with pt 7.2

This part does not stop a medicines and poisons inspector from buying a sample of a substance for analysis for the routine monitoring of compliance with this Act without complying with the requirements of this part.

*Note* For the admissibility of the analysis of a sample of a substance taken by a medicines and poisons inspector, see s 181.

### 132 Person in charge etc to be told sample to be analysed

- (1) This section applies if a medicines and poisons inspector proposes to take, or takes, a sample of a substance for analysis from premises where a regulated substance is dealt with.
- (2) Before or as soon as practicable after taking the sample, the medicines and poisons inspector must tell a person in charge of the premises of the inspector's intention to have the sample analysed.
- (3) If a person in charge is not present or readily available, the medicines and poisons inspector must instead tell the person from whom the sample was obtained of the inspector's intention to have the sample analysed.

### 133 Payment for samples

- (1) This section applies if a medicines and poisons inspector takes a sample of a substance for analysis from premises where a regulated substance is dealt with.
- (2) The medicines and poisons inspector must pay, or offer to pay, the person from whom the sample is taken—
  - (a) the amount (if any) prescribed by regulation as the amount payable for the sample; or

- (b) if no amount is prescribed—the current market value of the sample.

**134 Samples from packaged substances**

If a package of a substance contains 2 or more smaller packages of the same substance, the medicines and poisons inspector may take 1 of the smaller packages for analysis.

**135 Procedures for dividing samples**

- (1) This section—
  - (a) applies to a sample of a substance being taken by a medicines and poisons inspector for analysis; and
  - (b) is subject to section 136.
- (2) The medicines and poisons inspector must—
  - (a) divide the sample into 3 parts, and mark and either seal or fasten each part; and
  - (b) leave 1 part with the person told under section 132 (Person in charge etc to be told sample to be analysed) of the inspector's intention to have the sample analysed; and
  - (c) keep 1 part for analysis; and
  - (d) keep 1 part for future comparison with the other parts.
- (3) If a sample of a substance taken by a medicines and poisons inspector is in the form of separate or severable objects, the inspector—
  - (a) may take a number of the objects; and
  - (b) if the inspector takes a number of the objects, must—
    - (i) divide them into 3 parts each consisting of 1 or more of the objects, or of the severable parts of the objects, and mark and either seal or fasten each part; and

(ii) deal with the sample under subsection (2) (b) to (d).

**136 Exception to usual procedures for dividing samples**

- (1) This section applies to a sample of a substance being taken by a medicines and poisons inspector for analysis if dividing the substance into 3 parts would, in the inspector's opinion—
  - (a) so affect or impair the composition or quality of the sample as to make the parts unsuitable for accurate analysis; or
  - (b) result in the parts being too small for accurate analysis; or
  - (c) otherwise make the sample unsuitable for analysis (including a method of analysis prescribed by regulation for the substance in relation to which the sample is taken).
- (2) The medicines and poisons inspector may take as many samples as the inspector considers necessary to allow an accurate analysis to be made, and may deal with each sample in any way that is appropriate in the circumstances, instead of complying with section 135.

**137 Certificates of analysis by authorised analysts**

- (1) The analysis of a sample of a substance for the chief health officer must be carried out by, or under the supervision of, an authorised analyst.
- (2) An authorised analyst who analyses the sample must give to the chief health officer a certificate of analysis that—
  - (a) is signed and dated by the analyst; and
  - (b) contains a written report of the analysis that sets out the findings; and

(c) identifies the method of analysis.

*Note 1* If a form is approved under s 198 for the certificate, the form must be used.

*Note 2* For evidentiary certificates by authorised analysts, see the *Public Health Act 1997*, s 135A.

(3) In this section:

*authorised analyst* means an analyst appointed under the *Public Health Act 1997*, section 15 who is authorised under that Act to exercise a function under this Act.

## Chapter 8                      Restrictions on dealing with regulated substances and regulated therapeutic goods

### Part 8.1                      Authorisations—disciplinary action

#### 138                      Application—pt 8.1

- (1) This part does not apply in relation to a dealing by a person with a regulated substance or regulated therapeutic good if the dealing is—
- (a) authorised by a licence or permit under a Commonwealth Act; or
  - (b) the dealing is otherwise in accordance with a Commonwealth Act.

*Note*                      A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see [Legislation Act](#), s 104).

- (2) To remove any doubt, this part does not limit the power of anyone exercising a function under this Act to—
- (a) make a notification under the *Health Practitioner Regulation National Law (ACT)* about a health practitioner; or
  - (b) make a report under the *Health Professionals Act 2004*, part 9.2 about a health professional.

*Note*                      **Function** includes authority, duty and power (see [Legislation Act](#), dict, pt 1).

### **139 Definitions—pt 8.1**

In this part:

**authorisation holder** means a person who is, or has been, authorised to deal with a regulated substance or regulated therapeutic good.

**disciplinary action**—see section 141.

**disciplinary notice**—see section 142.

**ground for disciplinary action**, against an authorisation holder—see section 140.

**interstate wholesaler** means a person who is or has been authorised under—

- (a) section 20 (4) (When *authorised* to deal with regulated substances) to supply a regulated substance by wholesale; or
- (b) section 22 (2) (When *authorised* to deal with regulated therapeutic goods) to supply a regulated therapeutic good by wholesale.

### **140 Grounds for disciplinary action against authorisation holders**

- (1) Each of the following is a **ground for disciplinary action** against an authorisation holder:
  - (a) the authorisation holder has given information to the chief health officer that was false or misleading in a material particular;

  - (c) the authorisation holder has contravened a condition of the authorisation;
  - (d) the authorisation holder, or an agent or employee of the authorisation holder, has contravened this Act (whether or not

the authorisation holder or employee is convicted, or found guilty, of the offence);

*Note* A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation (see [Legislation Act](#), s 104).

- (e) if the authorisation holder is or has been a licence-holder—
- (i) when the chief health officer issued the licence, grounds existed to refuse the application for the licence but the chief health officer was not aware of them; or
  - (ii) the licence-holder is not, or is no longer, a suitable person for a licence; or
  - (iii) the licence-holder no longer carries out the dealing to which the licence relates; or
  - (iv) a ground mentioned in paragraph (a), (b), (c) or (d) applies in relation to a close associate of, or influential person for, the licence-holder; or
  - (v) a close associate of, or influential person for, the licence-holder is not, or is no longer, a suitable person for the licence;
- (f) if the person is or was an interstate wholesaler—
- (i) the person, or an agent or employee of the person, supplied a regulated substance or regulated therapeutic good to someone not authorised to obtain it; or

- (2) In subsection (1) (d), a reference to a contravention of this Act includes a reference to the following:
- (a) a contravention of the [Criminal Code](#) in relation to a document completed, kept or given, or required to be completed, kept or given, under this Act;
  - (b) a contravention of the [Criminal Code](#) in relation to anything else done, or not done, under this Act.

*Note* See also the [Criminal Code](#), pt 2.4 (Extensions of criminal responsibility) and pt 2.5 (Corporate criminal responsibility).

- (3) In this section:

*close associate*—see section 79.

*influential person*—see section 80.

## **141 Disciplinary action against authorisation holders**

- (1) Each of the following is *disciplinary action* when taken against an authorisation holder (other than a former authorisation holder):
- (a) reprimanding the authorisation holder;
  - (b) requiring the authorisation holder, or an employee of the authorisation holder, to complete a stated course of training to the satisfaction of the chief health officer or another stated person;
  - (c) imposing a condition on the authorisation holder's authority to deal with a regulated substance or regulated therapeutic good;
  - (d) varying the authorisation holder's authority to deal with a regulated substance or regulated therapeutic good;

- (e) suspending the authorisation holder's authority to deal with a regulated substance or regulated therapeutic good, or a particular authorised dealing under the authorisation—
    - (i) for a stated period; or
    - (ii) until the authorisation holder, or an employee of the authorisation holder, completes a stated course of training to the satisfaction of the chief health officer or someone else; or
    - (iii) until a stated event happens;
  - (f) cancelling the authorisation holder's authority to deal with a regulated substance or regulated therapeutic good;
  - (g) if the authorisation holder is an interstate wholesaler—prohibiting the authorisation holder from supplying a regulated substance or regulated therapeutic good by wholesale in the ACT.
- (2) Each of the following is *disciplinary action* when taken against a former authorisation holder:
- (a) reprimanding the former authorisation holder;
  - (b) disqualifying the former authorisation holder from being authorised, or authorised in a particular way, to deal with a regulated substance or regulated therapeutic good—
    - (i) for a stated period; or
    - (ii) until the former authorisation holder, or an employee of the former authorisation holder, completes a stated course of training to the satisfaction of the chief health officer or someone else; or
    - (iii) until a stated event happens;

- (c) if the former authorisation holder was an interstate wholesaler—prohibiting the former authorisation holder from supplying a regulated substance or regulated therapeutic good by wholesale in the ACT.

## **142 Taking disciplinary action against authorisation holders**

- (1) If the chief health officer is satisfied that a ground for disciplinary action exists, or may exist, in relation to an authorisation holder, the chief health officer may give the authorisation holder a notice (a *disciplinary notice*).
- (2) The disciplinary notice must—
  - (a) state the ground for disciplinary action; and
  - (b) tell the authorisation holder that he or she may, not later than 3 weeks after the day the authorisation holder is given the notice, give a written response to the chief health officer about the notice.
- (3) If, after considering any response given not later than the end of the 3-week period, the chief health officer is satisfied that a ground for disciplinary action exists in relation to the authorisation holder, the chief health officer may take disciplinary action against the authorisation holder.
- (4) To remove any doubt, the disciplinary action may consist of 2 or more of the actions mentioned in section 141.
- (5) The disciplinary action takes effect when the authorisation holder receives written notice of the action or, if the notice states a later time of effect, at the stated time.

### 143 Immediate suspension of authorisations

- (1) This section applies if the chief health officer has given, or is considering whether to give, a disciplinary notice to an authorisation holder.
- (2) The chief health officer may give the authorisation holder a written notice (an *immediate suspension notice*) suspending—
  - (a) the authorisation holder's authority to deal with a regulated substance or regulated therapeutic good; or
  - (b) a particular authorised dealing under the authorisation.
- (3) However, the chief health officer may suspend the authorisation under subsection (2) only if—
  - (a) the chief health officer has taken into account the circumstances leading to the decision to give or consider giving the disciplinary notice and the grounds stated, or that may be stated, in the disciplinary notice; and
  - (b) the chief health officer believes on reasonable grounds that it is in the public interest that the authorisation be suspended before a decision is made whether or not to take action against the authorisation holder under section 142.
- (4) If an immediate suspension notice is given to the authorisation holder, the authorisation holder's authority to deal with the regulated substance or regulated therapeutic good to which the authorisation relates is suspended when the notice is given to the authorisation holder.

*Note* If the authorisation is a licence or approval, the licence or approval must be returned to the chief health officer, see s 145.

- (5) If the authorisation holder is given an immediate suspension notice because the chief health officer is considering whether to give a disciplinary notice to the authorisation holder, the chief health officer must, as soon as practicable—
- (a) give a disciplinary notice to the authorisation holder; or
  - (b) tell the authorisation holder in writing that a disciplinary notice will not be given to the authorisation holder.
- (6) An immediate suspension notice ends—
- (a) if the chief health officer decides not to give a disciplinary notice to the authorisation holder—when the chief health officer tells the authorisation holder about the decision under subsection (5) (b); or
  - (b) if a disciplinary notice is given to the authorisation holder—
    - (i) when any disciplinary action takes effect; or
    - (ii) the authorisation holder is given written notice by the chief health officer that no disciplinary action will be taken.

#### **144 Effect of suspension of authorisations**

- (1) If an authorisation to deal with a regulated substance or regulated therapeutic good is suspended, the authorisation does not authorise the authorisation holder to carry on any dealing with the regulated substance or regulated therapeutic good under the authorisation during the suspension.
- (2) If an authorised dealing with a regulated substance or regulated therapeutic good under an authorisation is suspended, the authorisation—
- (a) does not authorise the authorisation holder to carry out the dealing under the authorisation during the suspension; and
