EXPLANATORY STATEMENT

AUSTRALIAN CAPITAL TERRITORY

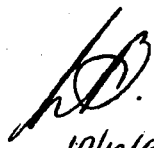

NURSES REGISTRATION ACT 1988

DETERMINATION OF FEES NO: 93 1991

This Determination comes into effect on the date of Gazettal. In late May 1991 the ACT Government approved an increase in fees levied by the Health Profession Registration Boards as part of the 1991/1992 Review of Fees and Charges. This Review has subsequently been ratified by the present Cabinet.

The fees charged by Nurses Board of the ACT are in line with fees charged by other Australian States and particular New South Wales.

The increases are the result of deliberations by the Nurses Board arising out of the recent Review of the Australian Capital Territory Health Professional Boards and are intended to assist the Board in working towards financial autonomy. The fees have not been increased since December 1988 when the legislation was first introduced.

10/10/91
