

EXPLANATORY STATEMENT

SEAT OF GOVERNMENT (ADMINISTRATION) ACT 1910
AUSTRALIAN CAPITAL TERRITORY
STATISTICS (REPEAL) ORDINANCE 1985

No. 48 of 1985

The Statistics (Repeal) Ordinance 1985 repeals the Statistics Ordinance 1929, which is no longer of practical utility given the outdated nature of some of its provisions. The Census and Statistics Act 1905 and the Statistics Regulations provide for Commonwealth statistical surveys throughout Australia, including the ACT. The Australian Statistician supports the repeal of the Statistics Ordinance.

The ACT House of Assembly has agreed to the Ordinance.
