DIVIDING FENCES ACT 1981

An Act relating to dividing fences

Short title

1. This Act may be cited as the *Dividing Fences Act 1981*.¹

Interpretation

2. (1) In this Act, unless the contrary intention appears—

“basic fence” means—

- (a) in the case of a fence to be erected between parcels of land in the City Area—a basic urban fence; and
- (b) in any other case—a basic rural fence;

“basic rural fence” and “basic urban fence” have the same meaning respectively as in the *Building Manual* as in force from time to time under Part II of the *Building Act 1972*;

“Court” means the Magistrates Court;

“occupier”, in relation to a parcel of land, means—

- (a) in the case of a parcel held under a lease, not being a weekly or fortnightly tenancy, from the Commonwealth—the person by whom the parcel is so held;
- (b) in the case of a parcel vested in a person for an estate in fee simple—the person in whom the parcel is so vested; and

- (c) where neither paragraph (a) nor (b) applies—
- (i) in the case of Territory Land—the Territory; and
 - (ii) in the case of National Land—the Commonwealth.
- (2) Land is a parcel of land for the purposes of this Act if—
- (a) the land is held by a person under a lease, not being a weekly or fortnightly tenancy, from the Commonwealth;
 - (b) the land is vested in a person for an estate in fee simple; or
 - (c) the land is a block within the meaning of the *Districts Act 1966* and there is upon the land a building, other than—
 - (i) a building used by the Australian Capital Territory Electricity and Water Authority in the reticulation of electricity in the Territory;
 - (ii) a building at a place that is a stopping place within the meaning of the *Motor Omnibus Services Act 1955*, being a building made available by the Commonwealth for use by persons waiting to make journeys on motor omnibus services provided under that Act; and
 - (iii) a building consisting solely of a lavatory or lavatories to which the public have access.
- (3) Land is not a parcel of land for the purposes of this Act if—
- (a) the land is a public park within the meaning of the *Public Parks Act 1928*;
 - (b) the land is a reserved area within the meaning of the *Nature Conservation Act 1980*; or
 - (c) the land is a sports ground.
- (4) For the purposes of this Act, where a new fence is to be erected in place of an existing fence, the cost of removing the existing fence shall be taken to be part of the cost of erecting the new fence.
- (5) For the purposes of this Act, the following fees shall be taken to be included in the cost of erecting a fence or erecting a new fence in place of an existing fence—
- (a) fees payable to a surveyor in connection with the ascertainment of the boundary or line along which a fence is to be erected;
 - (b) fees payable to the Building Controller in respect of an application under the *Building Act 1972* for the approval of plans or for the grant of a building permit.

(6) A reference in this Act to a form by number shall be read as a reference to the form so numbered in the Schedule.

Dividing Fences Act (N.S.W.) to cease to be in force

3. The Dividing Fences Act, 1902 of the State of New South Wales shall cease to be in force in the Territory.

Determination of questions regarding erection of fences

4. (1) Subject to this section, where—

- (a) adjoining parcels of land are not separated by a fence;
- (b) the occupier of one of the parcels has requested the occupier of the other parcel to join in the erection of a fence between the parcels; and
- (c) either—
 - (i) the occupier to whom that request was made has refused to comply with the request; or
 - (ii) the occupiers of the parcels are unable to agree with regard to a matter relating to the construction of the fence,

either of the occupiers may make application to the Court for a determination under section 5.

(2) For the purposes of subsection (1), an occupier who fails to comply with a request within 14 days after the date on which the request was made shall be deemed to have refused to comply with the request.

(3) The occupier of one of 2 adjoining parcels of land is not entitled to make application under subsection (1) until the expiration of a period of one month after the date on which he gives to the occupier of the other parcel notice in accordance with Form 1.

(4) An application under subsection (1) shall be in writing in accordance with Form 2.

(5) The parties to an application under this section shall be the applicant and the person to whom notice has been given for the purpose of subsection (3).

(6) Upon receipt of an application under subsection (1) the Registrar of the Court shall—

- (a) fix a date, time and place for the determination of the application;
- (b) notify the applicant of the date, time and place so fixed; and

- (c) cause a copy of the application together with a notice in accordance with Form 8 to be served on the other party to the application at least 10 days before the date fixed for the determination of the application.

(7) This section does not apply to, or in relation to, the erection of a fence if the erection of the fence commenced before the date of commencement of this Act.

Powers of Court regarding erection of fences

5. (1) Where an application has been made under section 4, the Court may conduct an inquiry into the facts and circumstances of the matter and may determine—

- (a) the nature of the fence that should be erected between the parcels of land occupied by the parties;
- (b) the line along which the fence should be erected;
- (c) the party who should be responsible for the erection of the fence;
- (d) the amount that should be contributed by the party other than the party referred to in paragraph (c) towards the cost of erecting the fence; and
- (e) the manner in which, and the time within which, an amount referred to in paragraph (d) should be paid to the party responsible for the erection of the fence.

(2) Where, on an application under section 4, a party to the application has requested the Court to determine that a basic fence should be erected between the parcels of land to which the application relates, the Court shall not determine that that party should contribute towards the cost of erecting a fence between those parcels an amount exceeding one-half of the cost of erecting a basic fence between those parcels.

(3) Subsection (2) does not apply where the Court is satisfied—

- (a) that it is not practicable for a basic fence to be erected between the parcels of land in question; or
- (b) that there are special circumstances that require the erection of a fence of a kind other than a basic fence.

Application to Court where occupiers unable to agree on repairs

6. (1) Subject to subsection (3), where—

- (a) adjoining parcels of land are separated by a fence;

- (b) the occupier of one of the parcels of land has requested the occupier of the other parcel to join in repairing the fence or constructing a new fence in place of the existing fence; and
- (c) either—
 - (i) the occupier to whom the request was made has refused to comply with the request; or
 - (ii) the occupiers of the parcels of land are unable to agree with regard to a matter relating to the repair or replacement of the fence,

either of the occupiers may make application to the Court for a determination under subsection 7 (1).

(2) For the purposes of subsection (1), an occupier who fails to comply with a request within 14 days after the date on which the request was made shall be deemed to have refused to comply with the request.

(3) The occupier of one of 2 adjoining parcels of land is not entitled to make application under subsection (1) until the expiration of a period of one month after the date on which he gives to the occupier of the other parcel notice in accordance with Form 3.

(4) Where—

- (a) a fence erected between adjoining parcels of land has been damaged or destroyed; and
- (b) it is necessary, in order to protect persons residing in premises situated on one of the parcels or to prevent the escape of animals, that the fence be repaired or replaced, as the case may be, without delay,

the occupier of either of the parcels may, without giving notice to the occupier of the other parcel, repair or replace the fence.

(5) Subject to subsection (6), where in pursuance of subsection (4), an occupier of a parcel of land has repaired or replaced a fence, that occupier may make application to the Court for a determination under subsection 7 (4).

(6) An occupier of a parcel of land is not entitled to make an application under subsection (5) until the expiration of a period of 14 days after the date on which he requests the occupier of the adjoining parcel of land to contribute to the cost of the repair or replacement effected by the first-mentioned occupier.

(7) An application under subsection (1) shall be in writing in accordance with Form 4.

(8) An application under subsection (5) shall be in writing in accordance with Form 5.

(9) The parties to an application under this section shall be the applicant and the occupier to whom notice has been given under subsection (3) or to whom, but for subsection (4), the applicant would have been required to give notice under subsection (3).

(10) Upon receipt of an application under subsection (1) or (5) the Registrar of the Court shall—

- (a)** fix a date, time and place for the determination of the application;
- (b)** notify the applicant of the date, time and place so fixed; and
- (c)** cause a copy of the application together with a notice in accordance with Form 8 to be served on the other party to the application at least 10 days before the date fixed for the determination of the application.

Powers of Court regarding repair of fences

7. (1) Where an application has been made under subsection 6 (1), the Court shall determine whether the fence to which the application relates is in need of repair or replacement.

(2) Where, on an application under subsection 6 (1), the Court determines that a fence is in need of repair or replacement, the Court may determine—

- (a)** whether the party or parties other than the applicant should be required to contribute to the cost of the repair or replacement of the fence;
- (b)** the nature of the repair that is required or the nature of the fence that should be erected in place of the existing fence;
- (c)** the party who should be responsible for effecting the repair or replacement;
- (d)** the amount that should be contributed by the party other than the party referred to in paragraph (c) towards the cost of the repair or replacement; and
- (e)** the manner in which, and the time within which, an amount referred to in paragraph (d) should be paid to the party responsible for effecting the repair or replacement.

(3) For the purpose of determining the amount that should be contributed by a party referred to in paragraph (2) (d) towards the cost of repairing or replacing a fence, the Court shall adopt the principle that the cost should be borne by the parties in equal proportions unless there are

circumstances that render it just that one party bear a greater proportion of the cost than the other party.

(4) On an application under subsection 6 (5), the Court shall determine whether it is reasonable that the party to the application other than the applicant be required to contribute to the cost of the repair or replacement effected by the applicant.

(5) Where, on an application under subsection 6 (5), the Court determines that it is reasonable that a person be required to contribute to the cost of the repair or replacement of a fence, the Court shall also determine—

- (a) the amount that should be contributed; and
- (b) the manner in which, and the time within which, that amount should be paid to the applicant.

(6) For the purpose of determining, on an application under subsection 6 (5), the amount that should be contributed by a party to the application to the cost of repairing or replacing a fence, the Court shall adopt the principle that the cost of repairing or replacing the fence, as the case may be, should be borne by the parties to the application in equal proportions unless there are circumstances that render it just that one party bear a greater proportion of the cost than the other party.

Variation of determinations

8. (1) An occupier of a parcel of land who was a party to an application upon which a determination was made by the Court under section 5 or section 7 may make application to the Court for a variation of the determination.

(2) An application under subsection (1) shall be in writing in accordance with Form 6.

(3) The parties to an application under subsection (1) shall be the applicant and the other party to the application on which the determination was made.

(4) Upon receipt of an application under subsection (1) the Registrar of the Court shall—

- (a) fix a date, time and place for the determination of the application;
- (b) notify the applicant of the date, time and place so fixed; and
- (c) cause a copy of the application together with a notice in accordance with Form 8 to be served on the other party to the application at least 10 days before the date fixed for the determination of the application.

(5) Where an application has been made under subsection (1), the Court shall, before making a decision on the application, conduct an inquiry into the facts and circumstances of the matter.

(6) On an application under subsection (1), the Court shall not vary a determination in such a way that the determination, as varied, is a determination that could not have been made on the original application.

Costs

9. (1) Where the Court is satisfied that the making of an application for a determination, or for the variation of a determination, under this Act was unreasonable, whether or not it makes the determination or variation, the Court may make an order that the applicant pay to the other party to the application such sum in respect of the costs incurred by that party in connection with the application as the Court thinks proper.

(2) Where—

- (a) the Court makes or varies a determination under this Act; and
- (b) the Court is satisfied that the making of the application for the determination or for the variation of the determination, as the case may be, was occasioned by the unreasonable conduct of the party other than the applicant,

the Court may make an order that that party pay to the applicant such sum in respect of the costs incurred by the applicant in connection with the application as the Court thinks proper.

(3) An order under this section may be enforced as if it were an order for the payment of costs by a party to proceedings commenced by a claim made under the *Magistrates Court (Civil Jurisdiction) Act 1982*.

Orders for payment of contribution

10. (1) Where—

- (a) there is in force a determination under this Act requiring a person to contribute to the cost of erecting, repairing or replacing a fence; and
- (b) the time specified in the determination for the payment of that amount has expired,

the person to whom, under the determination, the amount of the contribution is to be paid may apply to the Court for an order that the person by whom the money is to be contributed pay the money to the applicant.

(2) The Court shall not make an order under subsection (1) unless the fence has been erected, repaired or replaced, as the case may be, in accordance with the determination.

(3) An order under subsection (1) is enforceable as if it were a judgment given or entered under the *Magistrates Court (Civil Jurisdiction) Act 1982* in proceedings commenced by a claim.

Contribution by occupier of previously unleased land

11. (1) Where—

- (a) the occupier of a parcel of land has commenced erecting a fence between that parcel and adjoining land that is not a parcel of land for the purpose of this Act; and
- (b) within 6 months after the date on which the erection of the fence commenced, the adjoining land becomes a parcel of land for the purposes of this Act,

the person who occupies the first-mentioned parcel of land at the time at which the adjoining land becomes a parcel of land for the purposes of this Act may make application to the Court for a determination under section 12.

(2) Where—

- (a) the occupier of a parcel of land has commenced erecting a fence between that parcel and adjoining land that is not a parcel of land for the purposes of this Act; and
- (b) not earlier than 6 months after the date on which the erection of the fence commenced, the adjoining land becomes a parcel of land for the purposes of this Act,

the person who occupies the first-mentioned parcel of land at the time at which the adjoining land becomes a parcel of land for the purposes of this Act may make application to the Court for a determination under section 12.

(3) An application under subsection (1) or (2) shall be in writing in accordance with Form 7.

(4) Upon receipt of an application under subsection (1) or (2) the Registrar of the Court shall—

- (a) fix a date, time and place for the determination of the application;
- (b) notify the applicant of the date, time and place so fixed; and
- (c) cause a copy of the application together with a notice in accordance with Form 8 to be served on the other party to the application at least 10 days before the date fixed for the determination of the application.

Powers of Court regarding erection of fences on previously unleased land

12. (1) On an application under section 11, the Court shall determine whether it is reasonable that the party to the application other than the applicant be required to contribute to the cost of the erection of the fence by the applicant.

(2) Where, on an application under section 11, the Court determines that it is reasonable that a person be required to contribute to the cost of the erection of a fence, the Court shall also determine—

- (a)** the amount that should be contributed; and
- (b)** the manner in which, and the time within which that amount should be paid to the applicant.

(3) For the purposes of determining the amount that should be contributed under paragraph (2) (a) the Court shall adopt the principle that—

- (a)** in the case of an application under subsection 11 (1), the amount should be an amount equal to one-half of the cost of erecting the fence referred to in paragraph 11 (1) (a) or an amount equal to one-half of the amount that would have represented the cost of erecting that fence if that fence had been a basic fence, whichever is the less; and
- (b)** in the case of an application under subsection 11 (2), the amount should be a reasonable amount but, in any event, the amount should not exceed one-half of the cost of erecting the fence or one-half of the amount that would have represented the cost of erecting the fence if the fence had been a basic fence, whichever is the less.

Procedure at inquiry

13. (1) The procedure at an inquiry under this Act is within the discretion of the Court.

(2) At an inquiry under this Act, the Court shall give each of the parties an opportunity of being heard.

(3) Where a party to an application fails to appear on the date, and at the time and place, fixed for the hearing of the application, the Court, if it is satisfied that notice of that date, time and place was served on the party, may proceed in the absence of that party.

Representation of parties

14. A party to an application under this Act is entitled to be represented by a barrister and solicitor or by an agent appointed for the purpose.

Applications may be heard together

15. (1) Where the same person is a party to 2 or more applications to the Court under the same section of this Act, the Court may, if it is satisfied that the circumstances so warrant, direct that the applications be dealt with together.

(2) Where a direction is given under subsection (1), the Court shall conduct one inquiry in respect of all of the applications to which the direction relates.

Court not bound by rules of evidence

16. In conducting an inquiry under this Act, the Court is not bound by the rules of evidence.

Adjournment of inquiries

17. The Court may, at any time, adjourn an inquiry under this Act for such period as it thinks fit.

Service of documents

18. (1) A document that is required by this Act to be served on the occupier of a parcel of land may be served—

- (a)** where the occupier is the Territory—by sending the notice by post to the administrative head;
- (aa)** where the occupier is the Commonwealth—by sending the notice by post to the Secretary to the Department of the Commonwealth for the time being responsible for the administration of National Land; and
- (b)** in any other case—by sending the document by post addressed to the occupier at his address last-known to the person sending the document or at the parcel of land.

(2) Where two or more persons are the occupiers of a parcel of land, a document that has been served on one of those persons shall be deemed to have been served on both or all of those persons, as the case may be.

(3) Service of a document required by this Act may be proved by the oath of the person who served it or by affidavit or otherwise.

Apportionment of liability of joint lessees

19. (1) In this section, “order” means—

- (a)** a determination made under section 5, 7 or 12; or
- (b)** an order made under section 10.

(2) Where two or more persons occupy a parcel of land as joint tenants, tenants in common or joint lessees and an order requires those persons to make a payment—

- (a) those persons are jointly and severally liable for the payment of the amount payable under the order;
- (b) as between themselves, the liability to pay the amount shall, in the absence of agreement to the contrary, be borne in equal proportions; and
- (c) one of those persons who pays more than his proportionate amount may recover the excess as a debt due by the other person or persons.

***Ex parte* orders may be set aside**

20. (1) Where—

- (a) an order has been made in the absence of a person; and
- (b) the order requires that person to make a payment,

the Court may, on application by that person, set aside the order on such terms as the Court thinks just.

(2) Where an order is set aside, the Court shall fix a date for the further hearing of the application in which the order was made and shall direct that notice of the setting aside of the order and of the date so fixed be given to such persons as the Court thinks fit to specify.

(3) In this section, “order” has the same meaning as in section 19.

Other Acts not affected

21. Nothing in this Act affects the operation of—

- (a) section 11 of the *Careless Use of Fire Act 1936*; or
- (b) the *Rabbit Destruction Act 1919*.

Directions regarding entry by tradesmen upon land

22. (1) Where the Court makes a determination under this Act in relation to the erection, repair or replacement of a fence, the Court may, by its determination, give such directions as it thinks necessary in relation to the entry of persons upon land in connection with the erection, repair or replacement of the fence.

(2) The Court shall not give directions under this section in relation to the entry of persons upon land other than land—

- (a) occupied by a party to the application; or
- (b) occupied by a sub-lessee, tenant, licensee or other person in possession from a party to the application,

on which the directions were given.

(3) Where a person has been given a direction under this section he may, at all reasonable times, enter upon land in accordance with that direction for the purpose of undertaking such work as may be necessary for the erection, repair or replacement of a fence specified in that direction.
