## About this republication

### The republished law

This is a republication of the *Food Act 2001* (including any amendment made under the [Legislation Act 2001](#), part 11.3 (Editorial changes)) as in force on 16 December 2025. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 16 December 2025.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

### Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at [www.legislation.act.gov.au](http://www.legislation.act.gov.au)):

- authorised republications to which the [Legislation Act 2001](#) applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

### Editorial changes

The [Legislation Act 2001](#), part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see [Legislation Act 2001](#), s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

### Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register ([www.legislation.act.gov.au](http://www.legislation.act.gov.au)). For more information, see the home page for this law on the register.

### Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the [Legislation Act 2001](#), section 95.

### Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see [Legislation Act 2001](#), s 133).

# Food Act 2001

---

An Act to regulate the sale of food for human consumption, and for other purposes

---

## Part 1 Preliminary

### 1 Name of Act

This Act is the *Food Act 2001*.

### 3 Objects of Act

The objects of this Act include the following:

- (a) to ensure food for sale is both safe and suitable for human consumption;
- (b) to prevent misleading conduct in relation to the sale of food;
- (c) to provide for the application in the ACT of the food standards code.

### 4 Dictionary

The dictionary at the end of this Act is part of this Act.

*Note 1* The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition '*food*—see section 8.' means that the expression 'food' is defined in that section.

*Note 2* A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

### 5 Notes

A note included in this Act is explanatory and is not part of this Act.

*Note* See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

## **5A Offences against Act—application of Criminal Code etc**

Other legislation applies in relation to offences against this Act.

*Note 1 Criminal Code*

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

*Note 2 Penalty units*

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

## **6 Application of Act to primary food production**

- (1) The following parts do not apply in relation to primary food production:
  - (a) part 7 (Improvement notices and prohibition orders);
  - (b) part 8 (Registration of food businesses).
- (2) The functions given to authorised officers under part 5 (Inspection and seizure powers) and part 6 (Taking and analysis of food samples) may only be exercised in relation to primary food production—
  - (a) to allow the investigation and prosecution of offences against this Act; or
  - (b) in relation to the making or enforcement of emergency orders under part 4 (Emergency powers).

- (3) In this section:

**offence** includes an offence that there are reasonable grounds for believing has been, is being, or will be committed.

*Note 1* The definition of **food business** excludes primary food production (see s 10).

*Note 2* A reference to an Act includes a reference to the statutory instruments made or in force under the Act, including any regulation, the food standards code and any approved code of practice (see [Legislation Act](#), s 104).

  - (e) section 24 (Misleading conduct relating to sale of food);
  - (f) section 25 (Sale of food not complying with purchaser's demand);
  - (g) section 26 (Sale of unfit equipment or packaging or labelling material);
  - (h) part 7 (Improvement notices and prohibition orders);
  - (i) part 8 (Registration of food businesses).

- (2) Section 27 (Compliance with food standards code), to the extent to which it requires compliance with the requirements of the food safety standards, does not apply in relation to the supply of water for human consumption through a relevant reticulated water system.
- (3) In this section:
- relevant reticulated water system* means—
- (a) a reticulated water system provided by a utility under the *Utilities Act 2000* that is licensed under that Act for the distribution of water through a water network; or

## 10      **Meaning of food business**

For this Act, *food business* is a business, enterprise or activity (other than a business, enterprise or activity that is primary food production) that involves—

- (a) the handling of food intended for sale; or
- (b) the sale of food;

whether or not the business, enterprise or activity is of a commercial, charitable or community nature or whether it involves the handling or sale of food on a single occasion only.

**11      Meaning of *primary food production***

- (1) For this Act, *primary food production* is the growing, raising, cultivation, picking, harvesting, collection or catching of food, and includes the following:
- (a) the transport or delivery of food on, from or between the premises where it was grown, raised, cultivated, picked, harvested, collected or caught;
  - (b) the packing, treating (for example, washing) or storing of food on the premises where it was grown, raised, cultivated, picked, harvested, collected or caught;
  - (c) the storage of food in a silo that is not connected with a food processing operation and the transport or delivery of food from, between or to such silos;
  - (d) the sale of livestock at saleyards and the transport of livestock to and from saleyards;
  - (e) any other food production activity that is regulated under an Act prescribed by regulation for this subsection.
- (2) However, *primary food production* does not include—
- (a) any process involving the substantial transformation of food (for example, manufacturing or canning), whether or not the process is carried out on the premises where the food was grown, cultivated, picked, harvested, collected or caught; or
  - (b) the sale or service of food directly to the public; or
  - (c) any other food production activity that is prescribed by regulation for this subsection.

**Example—activity that may be prescribed for par (c)**

a food production activity in relation to which significant and unmanaged food safety hazards have been identified

## 12      **Meaning of *unsafe* food**

- (1) For this Act, food is ***unsafe*** at a particular time if it would be likely to cause physical harm to a person who might later consume it, assuming—
  - (a) it was, after that particular time and before being consumed by the person, properly subjected to all processes (if any) that are relevant to its reasonable intended use; and
  - (b) nothing happened to it after that particular time and before being consumed by the person that would prevent its being used for its reasonable intended use; and
  - (c) it was consumed by the person according to its reasonable intended use.
- (2) However, food is not ***unsafe*** for this Act only because its inherent nutritional or chemical properties cause, or its inherent nature causes, adverse reactions only in people with allergies or sensitivities that are not common to the majority of people.
- (3) In subsection (1):  
***processes*** include processes involving storage and preparation.

## 13      **Meaning of *unsuitable* food**

- (1) For this Act, food is ***unsuitable*** if it is food that—
  - (a) is damaged, deteriorated or perished to an extent that affects its reasonable intended use; or
  - (b) contains any damaged, deteriorated or perished substance that affects its reasonable intended use; or
  - (c) is the product of a diseased animal, or an animal that has died otherwise than by slaughter, and has not been declared under another territory law to be safe for human consumption; or

- (d) contains a biological or chemical agent, or other matter or substance, that is foreign to the nature of the food.
- (2) However, food is not *unsuitable* for this Act only because—
  - (a) at any particular time before it is sold for human consumption it contains an agricultural or veterinary chemical; or
  - (b) when it is sold for human consumption it contains an agricultural or veterinary chemical in an amount that does not contravene the food standards code; or
  - (c) it contains a metal or nonmetal contaminant (within the meaning of the food standards code) in an amount that does not contravene the permitted level for the contaminant as provided by the food standards code; or
  - (d) it contains any matter or substance that is permitted by the food standards code.
- (3) In this section:  
*slaughter*, of an animal, includes killing the animal in the process of capturing, taking or harvesting it for the purposes of preparing it for use as food.

### **13A      Meaning of food standards code**

- (1) In this Act:  
*food standards code* means the Australia New Zealand Food Standards Code as defined in the [Commonwealth Act](#), section 4 (1), as in force from time to time.
- (2) The [Legislation Act](#), section 47 (6) does not apply to the food standards code.

*Note*      The food standards code does not need to be notified under the [Legislation Act](#) because s 47 (6) does not apply (see [Legislation Act](#), s 47 (7)).

## **Part 3                      Offences relating to food**

### **Division 3.1              Preliminary**

#### **14                      Application of pt 3 to food sold etc outside ACT**

For this part, it does not matter that the food concerned was sold or intended for sale outside the ACT.

*Note*            For a defence in relation to food intended for export to another country, see s 29.

#### **15                      False descriptions of food**

- (1) For this part, food that is ***falsely described*** includes food to which 1 or more of the following paragraphs applies:
- (a) the food is represented as being of a particular nature or substance for which there is a prescribed standard under the food standards code and the food does not comply with that prescribed standard;
  - (b) the food is represented as being of a particular nature or substance and it contains, or is mixed or diluted with, any substance in a quantity or proportion that significantly diminishes its food value or nutritive properties as compared with food of the represented nature or substance;
  - (c) the food is represented as being of a particular nature or substance and it contains, or is mixed or diluted with, any substance of lower commercial value than food of the represented nature or substance;
  - (d) the food is represented as being of a particular nature or substance and a constituent of the food has been completely or partly removed so that its properties are diminished as compared with food of the represented nature or substance;

- (e) any word, statement, device or design used in the packaging or labelling of the food, or in an advertisement for the food, would create a false impression about the nature or substance of the food, or the commercial value of the food, in the mind of a reasonable person;
  - (f) the food is not of the nature or substance represented by the way in which it is packaged, labelled or offered for sale.
- (2) Without limiting the application of subsection (1) to section 18 (2) (Knowingly describing food falsely) or section 21 (2) (Negligently describing food falsely), food is ***falsely described*** for those subsections if it is supplied in response to a purchaser's demand or other request for a particular type of food, or a food that does not contain a particular ingredient, and the food is not of that type or contains that ingredient.

## **Division 3.2                      Serious offences relating to food**

    - (ii) deal with the sample under subsection (2) (b) to (d).
- (4) The authorised officer may comply with subsection (5) if the division of a sample of food into 3 separate parts would, in the authorised officer's opinion—
  - (a) so affect or impair the composition or quality of the sample as to make the separate parts unsuitable for accurate analysis; or
  - (b) result in the separate parts being of an insufficient size for accurate analysis; or
  - (c) otherwise make the sample unsuitable for analysis (including a method of analysis prescribed by regulation in relation to the food from which the sample was taken).
- (5) If subsection (4) applies in relation to a sample of food, the authorised officer may take as many samples as the authorised officer considers necessary to allow an accurate analysis to be made and may deal with the sample or samples in any way that is appropriate in the circumstances.

**77 Analysis to comply with food standards code**

A person who carries out an analysis of a sample of food for this Act must comply with any requirements of the food standards code relating to the carrying out of analyses.

*Note 2* A court may order the analysis of a sample of food under s 137.

**78 Certificates of analysis by authorised analysts**
