## **Waste Minimisation Bill 2001**

---

### **A Bill for**

An Act relating to the management, regulation and reduction of waste, and for other purposes

---

The Legislative Assembly for the Australian Capital Territory enacts as follows:

---

2000 147B

1

2 **Part 1 Preliminary**

3

4 **1 Name of Act**

5 This Act is the *Waste Minimisation Act 2001*.

6 **2 Commencement**

7 This Act commences on a day fixed by the Minister by notice in the  
8 Gazette.

9 *Note 1* The naming and commencement provisions automatically commence on  
10 the notification day (see *Legislation Act 2001*, s 75).

11 *Note 2* A single day or time may be fixed, or different days or times may be  
12 fixed, for the commencement of different provisions (see *Legislation*  
13 *Act 2001*, s 77 (1)).

14 *Note 3* If a provision has not commenced within 6 months beginning on the  
15 notification day, it automatically commences on the first day after that  
16 period (see *Legislation Act 2001*, s 79).

17 **3 Dictionary**

18 The dictionary at the end of this Act is part of this Act.

19 *Note 1* The dictionary at the end of this Act defines certain words and  
20 expressions used in this Act, and includes references (*signpost*  
21 *definitions*) to other words and expressions defined elsewhere in this  
22 Act.

23 For example, the signpost definition '*garbage*—see section 21  
24 (Definitions for pt 3).' means that the expression 'garbage' is defined in  
25 that section.

26 *Note 2* A definition in the dictionary (including a signpost definition) applies to  
27 the entire Act unless the definition, or another provision of the Act,  
28 provides otherwise or the contrary intention otherwise appears (see  
29 *Interpretation Act 1967*, s 11F and s 11G).

30 **4 Notes**

31 A note included in this Act is explanatory and is not part of this Act.

- 1 considerations in decision-making processes and to be achievable  
2 through implementation of the following principles:
- 3 (a) the precautionary principle, namely, that, if there is a threat of  
4 serious or irreversible environmental damage, a lack of full  
5 scientific certainty should not be used as a reason for  
6 postponing measures to prevent environmental degradation;
  - 7 (b) the inter-generational equity principle, namely, that the present  
8 generation should ensure that the health, diversity and  
9 productivity of the environment is maintained or enhanced for  
10 the benefit of future generations;
  - 11 (c) conservation of biological diversity and ecological integrity;
  - 12 (d) improved valuation and pricing of environmental resources.

1

2 **Part 2** **Industry waste reduction**

3 **Division 2.1** **Industry waste reduction plans**

4 **7** **Objects of pt 2**

5 The objects of this part are as follows:

6 (a) to provide a framework for the preparation, implementation,  
7 monitoring and enforcement of industry waste reduction plans  
8 that are designed to achieve 1 or more of the following:

9 (i) minimising the amount of waste being created in the  
10 ACT;

11 (ii) minimising the consumption of natural resources;

12 (iii) ensuring greater industry responsibility for waste  
13 reduction;

14 (iv) encouraging an efficient and cost-effective approach to  
15 industry waste reduction;

16 (v) implementing national environment protection measures;

17 (b) to encourage industry members—

18 (i) to participate, and cooperate with EMA, in the  
19 negotiation and preparation of an industry waste  
20 reduction plan for the industry; and

21 (ii) if such a plan is in force in relation to the industry—to  
22 comply with the plan;

23 (c) to provide sanctions for unsatisfactory performance, or  
24 unwillingness to cooperate, in industry waste reduction plans;

25 (d) to ensure that industry waste minimisation and management  
26 initiatives reflect best practice waste policy and waste  
27 minimisation and management objectives.

1 **8 Scope of IWRP**

2 (1) An industry waste reduction plan (or IWRP) must specify the  
3 industry, or the industry members, or both, to which the plan  
4 applies.

5 (2) An IWRP may do any of the following:

6 (a) set waste reduction targets for the industry, having regard to  
7 national waste reduction targets;

8 (b) identify the opportunities and action to be taken in the areas of  
9 product design, production and packaging for reducing waste;

10 (c) identify the action to be taken to implement appropriate  
11 methods for reducing, reusing and recycling waste, for litter  
12 management and for the safe disposal of waste;

13 (d) identify how consumers are to be told about the impact on the  
14 environment of waste-generating products and packaging;

15 (e) specify the time frame for implementing proposed waste  
16 reduction targets and strategies;

17 (f) establish a public monitoring and reporting program;

18 (g) include details of the performance indicators to be used to  
19 monitor whether waste reduction targets set out in the IWRP  
20 are being reached;

21 (h) include a requirement for industry members to provide EMA  
22 with information, and to report to EMA, on the implementation  
23 of the IWRP;

24 (i) include any other matters prescribed under the regulations.

25 **9 Criteria for deciding initiation of IWRP**

26 (1) The Minister may decide that an IWRP is to be prepared in  
27 accordance with this Act for a particular industry.

28 (2) An industry can be nominated for an IWRP by—

- 1 (a) a member of the industry or a person on behalf of industry  
2 members; or  
3 (b) EMA.
- 4 (3) The Minister is to decide whether or not an IWRP is to be prepared  
5 for the nominated industry, taking into account the following  
6 matters:
- 7 (a) the impact on the environment of the waste created by the  
8 activities of industry members;
- 9 (b) the environmentally sensitive nature, or the amount, of the  
10 natural resources consumed by industry members in the  
11 production or manufacturing processes of the industry;
- 12 (a) any other matter the Minister considers appropriate.
- 13 (4) On the commencement of this section, the Minister is taken to have  
14 decided that an IWRP is to be prepared and implemented for the  
15 packaging materials industry.
- 16 (5) Subsection (4) and this subsection expire 1 year after this section  
17 commences.

18 **10 EMA to give public notice of proposed IWRP**

- 19 (1) As soon as practicable after the Minister decides that an IWRP is to  
20 be prepared for an industry, EMA is to advertise the decision by  
21 publishing a notice in a daily newspaper published and circulating in  
22 the ACT, and in any other publication EMA considers appropriate.
- 23 (2) The advertisement must invite written submissions to EMA on any  
24 relevant matter about the proposed IWRP and state a closing date (at  
25 least 1 month after the date when the advertisement is last  
26 published) for the making of submissions.

27 **11 EMA may require industry members to provide**  
28 **background information**

- 29 (1) EMA may, by written notice given to a person whom EMA believes  
30 on reasonable grounds is an industry member to whom a proposed

- 1 IWRP would apply, require the person to give EMA stated  
2 information or a document that EMA reasonably needs to assist in  
3 the preparation of the IWRP.
- 4 (2) Without limiting subsection (1), the notice may require that the  
5 following information be provided in the way stated in the notice:
- 6 (a) the quantities and classes of items that are manufactured,  
7 imported or sold by the person in the ACT;
- 8 (b) the quantities and classes of wastes that are likely to be created  
9 because of the person's activities;
- 10 (c) information about what the person has done, or is doing, in  
11 relation to waste management and reduction of the  
12 consumption of natural resources.
- 13 (3) A notice given to a person under this section must specify the date  
14 (at least 1 month after the date on which the notice was given to the  
15 person) by which the information or document must be given to  
16 EMA.
- 17 (4) Any person must not, without reasonable excuse, contravene a  
18 requirement of a notice under this section.
- 19 Maximum penalty: 250 penalty units.
- 20 (5) A person who contravenes subsection (4) commits a separate  
21 offence for each day (after the first day) during any part of which  
22 the contravention continues.
- 23 (6) An offence against subsection (5) is punishable, on conviction, by a  
24 fine not exceeding 50 penalty units.

25 **12 Report on how IWRP is to be prepared**

- 26 (1) EMA must prepare a report to the Minister on the scope of the  
27 proposed IWRP.
- 28 (2) The report must include any relevant information obtained by EMA  
29 (including that received by way of public submissions).

- 1 (3) The report must also recommend to the Minister how the proposed  
2 IWRP should be prepared, including—
- 3 (a) a recommendation about the people and organisations (if any)  
4 that EMA considers should be involved in the negotiation of  
5 the proposed IWRP; or
- 6 (b) a recommendation that the proposed IWRP be prepared in  
7 accordance with section 14 (Preparation of IWRP by EMA  
8 without negotiation).

### 9 **13 Preparation of IWRP—process of negotiation**

- 10 (1) The Minister may—
- 11 (a) nominate the people and organisations (if any) that are to be  
12 involved in the negotiation of the proposed IWRP with EMA;  
13 and
- 14 (b) decide the time within which the proposed IWRP is to be  
15 finalised.
- 16 (2) If the Minister decides that the proposed IWRP is to be negotiated  
17 between EMA and any nominated people or organisations, a draft  
18 IWRP must be prepared in accordance with the negotiation process,  
19 and be submitted to EMA within the time decided by EMA after  
20 consultation with the nominees.
- 21 (3) After the draft IWRP is referred to the Minister, the Minister may—
- 22 (a) approve the draft IWRP; or
- 23 (b) reject the draft IWRP; or
- 24 (c) require changes to be made to the draft IWRP.

### 25 **14 Preparation of IWRP by EMA without negotiation**

- 26 (1) Despite section 13, the Minister may decide that the proposed IWRP  
27 is to be prepared by EMA without negotiation with any nominated  
28 industry members.

- 1 (2) The Minister's decision may be based on, but is not limited to, an  
2 assessment of the following matters:
- 3 (a) the past performance of the industry in collecting, recycling or  
4 reducing waste created by the activities of industry members;
- 5 (b) whether industry members have participated, sought to  
6 participate, or are likely to participate, with EMA in the  
7 preparation of an IWRP for the industry;
- 8 (c) the diversity, complexity or competitive nature of the industry.
- 9 (3) The Minister may also decide that the proposed IWRP is to be  
10 prepared by EMA if—
- 11 (a) the industry has failed to participate, or participate fully, in  
12 preparing a draft IWRP in accordance with section 13; or
- 13 (b) the Minister is of the opinion that any draft IWRP prepared in  
14 accordance with section 13 is inadequate.
- 15 (4) If the Minister decides that the proposed IWRP is to be prepared by  
16 EMA without negotiation with industry members, EMA is to decide  
17 the contents of the IWRP.
- 18 (5) Without limiting section 8 (Scope of IWRP), the contents of the  
19 IWRP may include waste reduction targets decided by EMA (and  
20 based on the factors that EMA considers appropriate).
- 21 (6) After the draft IWRP is referred to the Minister, the Minister may,  
22 in writing—
- 23 (a) approve the draft IWRP; or
- 24 (b) reject the draft IWRP; or
- 25 (c) require changes to be made to the draft IWRP.

26 **15 Preparation of IWRP to implement national measure**

- 27 (1) The Minister may, in writing, direct EMA to prepare an IWRP for  
28 an industry to implement a national environment protection  
29 measure.

1 (2) A draft IWRP prepared under this section may be prepared without  
2 complying with the following sections:

3 •section 10 (EMA to give public notice of proposed IWRP)

4 •section 12 (Report on how IWRP is to be prepared)

5 •section 13 (Preparation of IWRP—process of negotiation).

6 (3) Once the draft IWRP is prepared, EMA is to submit it to the  
7 Minister for approval.

8 (4) After the draft IWRP is referred to the Minister, the Minister may,  
9 in writing—

10 (a) approve the draft IWRP; or

11 (b) require changes to be made to the draft IWRP.

## 12 **16 IWRP may apply other instruments etc**

13 An IWRP may apply, adopt or incorporate any instrument, or any  
14 provision of an instrument, as in force from time to time.

15 *Note 1* A statutory instrument such as an IWRP may also apply, adopt or  
16 incorporate (with or without change) a law or instrument (or a provision  
17 of a law or instrument) as in force at a particular time (see *Legislation*  
18 *Act 2001*, s 47 (1)).

19 *Note 2* If a statutory instrument applies, adopts or incorporates a law or  
20 instrument (or a provision of a law or instrument), the law, instrument  
21 or provision may be taken to be a notifiable instrument that must be  
22 notified under the *Legislation Act 2001* (see s 47 (2)-(6)).

## 23 **17 Notice of approval of IWRP**

24 (1) The Minister may, in writing, approve an IWRP a draft of which has  
25 been given to the Minister under this division.

26 (2) An approval under subsection (1) is a notifiable instrument.

27 *Note* A notifiable instrument must be notified under the *Legislation Act 2001*.

28 (3) If the Minister approves an IWRP under subsection (1), EMA must  
29 publish notice of the approval in a daily newspaper circulating in the  
30 ACT, and in any other publication EMA considers appropriate.

- 1 (4) The notice under subsection (3) must include a statement that copies  
2 of the IWRP are available from EMA.
- 3 (5) EMA must also—
- 4 (a) give a copy of the IWRP to any industry member or other  
5 person who made a submission, or who provided information  
6 under section 11 (EMA may require industry members to give  
7 background information), or who was otherwise involved in  
8 the negotiation of the plan, under this Part; and
- 9 (b) make copies of the IWRP available for inspection or purchase  
10 by anyone.

11 **18 Contravention of IWRP**

- 12 (1) If EMA believes on reasonable grounds that an industry member has  
13 contravened an IWRP that applies to the member, EMA may give  
14 the industry member a copy of the IWRP and a written notice  
15 stating the contravention.
- 16 (2) For this section, the contravention of the IWRP includes the failure  
17 to meet any of the requirements stated in the IWRP.
- 18 (3) The notice under subsection (1) must—
- 19 (a) require the member to remedy the contravention within a stated  
20 period of at least 1 month after the date the notice is given to  
21 the member; and
- 22 (b) be in accordance with the requirements of the code of practice  
23 in force under the *Administrative Appeals Tribunal Act 1989*,  
24 section 25B (1).
- 25 (4) However, EMA may withdraw the notice within the stated period.
- 26 (5) A person must not, without reasonable excuse, contravene a  
27 requirement of a notice given to the person under this section.
- 28 Maximum penalty: 250 penalty units.

1 (6) A person who contravenes subsection (5) commits a separate  
2 offence for each day (after the first day) during any part of which  
3 the contravention continues.

4 (7) An offence against subsection (6) is punishable, on conviction, by a  
5 fine not exceeding 50 penalty units.

6 **19 Annual reports by EMA**

7 EMA must include in each annual report under the *Annual Reports*  
8 *(Government Agencies) Act 1995* particulars of each contravention  
9 during the year of a requirement of a notice under section 18.

10 **Division 2.2 Regulations relating to industry**  
11 **waste reduction**

12 **20 Regulations for pt 2**

13 (1) For this part, the regulations may make provision in relation to the  
14 following matters:

15 (a) restricting the sale of prescribed products;

16 (b) requiring the implementation and operation of prescribed waste  
17 management schemes, including recycling, reuse, refundable  
18 deposit or take back and utilisation schemes in relation to  
19 products that result in the creation of waste.

20 (2) Without limiting subsection (1) (b), the regulations may make  
21 provision in relation to the following matters about a prescribed  
22 waste management scheme:

23 (a) the percentage of products to be recovered under the scheme  
24 that must be used in reuse or reprocessing;

25 (b) requiring the provision of a performance bond to ensure  
26 compliance with the scheme;

27 (c) the forfeiture of a performance bond;

28 (d) the documentation or particulars to be given to EMA in  
29 relation to compliance with the scheme.
