## About this republication

### The republished law

This is a republication of the *Health Act 1993* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 1 July 2011. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 1 July 2011.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

### Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at [www.legislation.act.gov.au](http://www.legislation.act.gov.au)):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

### Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication does not include amendments made under part 11.3 (see endnote 1).

### Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register ([www.legislation.act.gov.au](http://www.legislation.act.gov.au)). For more information, see the home page for this law on the register.

### Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

### Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$110 for an individual and \$550 for a corporation (see *Legislation Act 2001*, s 133).

# Health Act 1993

---

An Act relating to the provision of health services

---

## Part 1 Preliminary

### 1 Name of Act

This Act is the *Health Act 1993*.

### 2 Dictionary

The dictionary at the end of this Act is part of this Act.

*Note 1* The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition '*health facility*—see section 6.' means that the term 'health facility' is defined in that section.

*Note 2* A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

### 3 Notes

A note included in this Act is explanatory and is not part of this Act.

*Note* See Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

## 4 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

*Note 1 Criminal Code*

The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

*Note 2 Penalty units*

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

## Part 2 Important concepts

### 5 What is a *health service*?

For this Act, a *health service* is a service provided to someone (the *service user*) for any of the following purposes:

- (a) assessing, recording, maintaining or improving the physical, mental or emotional health, comfort or wellbeing of the service user;
- (b) diagnosing, treating or preventing an illness, disability, disorder or condition of the service user.

### 6 What is a *health facility*?

(1) In this Act:

*health facility* means the following facilities where health services are provided:

- (a) a hospital, including a day hospital;
- (b) a hospice;
- (c) a nursing home;
- (d) a health practitioner's consulting room;
- (e) another facility ordinarily used by the Territory to provide health services;
- (f) any other facility prescribed by regulation for this section.

### 7 Who is a *health service provider*?

In this Act:

*health service provider*—

- (a) means a health practitioner or other person who provides a health service; and

- (b) for a health facility, means a health service provider who—
- (i) provides a health service at the health facility; or
  - (ii) uses the equipment or other facilities of the health facility to provide a health service elsewhere.

**Examples of people who may be health service providers**

- 1 a chiropractor
- 2 a dentist
- 3 a dental technician
- 4 a dental prosthetist
- 5 a doctor
- 6 a nurse
- 7 an osteopath
- 8 an optometrist
- 9 a pharmacist
- 10 a physiotherapist

*Note* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

## **8 What is the *local hospital network*?**

In this Act:

*local hospital network* means the system of health services in the ACT that is made up of health services provided by each of the following health facilities in accordance with an agreement between each facility and ACT Health:

- (a) Calvary Hospital (as a deliverer of hospital services to public patients);
- (b) Canberra Hospital;
- (c) Clare Holland House;
- (d) Queen Elizabeth II Family Centre.

## Part 3 Health care principles

### 10 Objectives

In providing health services the Territory must have regard to the following objectives:

- (a) to improve the efficiency, effectiveness and quality of health services;
- (b) to guarantee equitable access to and participation in health services and to ensure that language and cultural differences are not barriers to such access or participation;
- (c) to maintain a strong and viable public hospital system and a full range of community health services;
- (d) to support worker and community participation in the development of policies for the delivery of health services;
- (e) to ensure that the community is aware of the range of health services that is available and that patients have information that is sufficient to enable them to make informed choices;
- (f) to foster disease prevention and primary health care;
- (g) to cooperate with community groups in the provision of health services.

### 11 Medicare principles and commitments

- (1) The following guidelines govern the delivery of public hospital services to eligible persons in the ACT:

*Note* The guidelines focus on the provision of public hospital services to eligible persons, but operate in an environment where eligible persons have the right to choose private health care in public and private hospitals supported by private health insurance.

- (a) eligible persons must be given the choice to receive public hospital services free of charge as public patients;

*Note 1* Hospital services include in-patient, outpatient, emergency services (including primary care where appropriate) and day patient services consistent with currently acceptable medical and health service standards.

*Note 2* At the time of admission to a hospital, or as soon as practicable after that, an eligible person will be required to elect or confirm whether he or she wishes to be treated as a public or private patient.

- (b) access to public hospital services is to be on the basis of clinical need;

*Note 1* None of the following factors are to be a determinant of an eligible person's priority for receiving hospital services:

- (a) whether or not an eligible person has health insurance;
- (b) an eligible person's financial status or place of residence;
- (c) whether or not an eligible person intends to elect, or elects, to be treated as a public or private patient.

*Note 2* This guideline applies equally to waiting times for elective surgery.

- (c) to the maximum practicable extent, the Territory will ensure the provision of public hospital services equitably to all eligible persons, regardless of their geographical location;

*Note 1* This guideline does not require a local hospital to be equipped to provide eligible persons with every hospital service they may need.

*Note 2* In rural and remote areas, the Territory should ensure provision of reasonable public access to a basic range of hospital services that are in accord with clinical practices.

- (d) the Commonwealth and the Territory must make available information on the public hospital services eligible persons can expect to receive as public patients;

*Note 1* The joint Commonwealth/Territory development of a Public Patients Hospital Charter for the Territory will be a vehicle for the public dissemination of this information.

*Note 2* The Charter will set out the public hospital services available to public patients.

- (e) the Commonwealth and the Territory are committed to making improvements in the efficiency, effectiveness and quality of hospital service delivery.

*Note* This includes a commitment to quality improvement, outcome measurement, management efficiency and effort to integrate the delivery of hospital and other health and community services.

- (2) A word or expression used in the *Medicare Agreements Act 1992* (Cwlth) has the same meaning in subsection (1).

## 12 Legal effect

Nothing in this part is to be taken to create any legal rights not in existence before the enactment of this part or to affect any legal rights in existence before that enactment or that would, apart from this part, have come into existence after that enactment.
