The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Financial Management Act 1996

An Act to provide for the financial management of the government of the Territory, to provide for the scrutiny of that management by the Legislative Assembly, to specify financial reporting requirements for the government of the Territory, and for related purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Financial Management Act 1996*.

2 Act subject to Territory Superannuation Provision Protection Act

This Act is subject to the *Territory Superannuation Provision Protection Act 2000*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain words and expressions used in the Act, and includes references (*signpost definitions*) to other words and expressions defined elsewhere in this Act or in other legislation.

For example, the signpost definition '*superannuation appropriation*—see the *Territory Superannuation Provision Protection Act 2000*, dictionary.' means that the expression 'superannuation appropriation' is defined in the dictionary to that Act and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see *Legislation Act 2001*, s 155 and s 156).

3A Notes

A note included in this Act is explanatory and is not part of the Act.

Note See *Legislation Act 2001*, s 127 (1), (4) and (5) for the legal status of notes.

3B Declaration that certain authorities are not Territory authorities for Act

- (1) The Treasurer may, in writing, declare that a stated body is not a Territory authority for this Act.
- (2) A declaration under subsection (1) is a notifiable instrument.

Note A notifiable instrument must be notified under the *Legislation Act 2001*.

4 Application of pts 2, 3 and 5 to Legislative Assembly secretariat

Unless the contrary intention appears, the provisions of parts 2, 3 and 5 apply to the Legislative Assembly secretariat as if—

- (a) a reference in those provisions to a department included a reference to the Legislative Assembly secretariat; and
- (b) a reference in those provisions to the responsible Minister of a department were a reference to the Speaker of the Legislative Assembly; and
- (c) a reference in those provisions to the responsible chief executive of a department included a reference to the clerk of the Legislative Assembly.

Part 2 Territory budget and appropriations

5 Timing of first Appropriation Bill for financial year

Except as otherwise provided by a resolution of the Legislative Assembly, the first Appropriation Bill relating to a financial year shall be introduced into the Legislative Assembly not later than 3 months after the commencement of the financial year.

6 Necessity for appropriation

No payment of public money shall be made otherwise than in accordance with an appropriation.

7 Payments authorised on lapse of appropriation

If, before the end of a financial year, no Act other than this Act has been passed appropriating public money to meet the requirements of the next financial year, the Treasurer may pay such sums as are necessary to meet those requirements subject to the following provisions:

- (a) the authority of the Treasurer under this section shall cease upon the commencement of the first Appropriation Act for the next financial year;
- (b) upon that commencement all payments made under this section for the next financial year shall be taken for all purposes to have been paid out of moneys appropriated by that Act;
- (c) the payments made under this section for any purpose shall not exceed, in total, $\frac{1}{2}$ of the amount appropriated by Appropriation Acts for the immediately preceding financial year for that purpose.

8 Form of appropriation

An Appropriation Act shall make separate appropriations in respect of each department for—

- (a) the provision of outputs by the department; and
- (b) any capital injection to be provided to the department; and
- (c) any payments to be made by the department on behalf of the Territory.

9 Net appropriations for outputs

- (1) An appropriation for the provision of outputs may be expressed to be made for the net cost of providing the outputs.
- (2) Despite section 6, if an appropriation for a department is stated to be made for the net cost of providing outputs, the department may apply the following in paying the expenses and liabilities of the department in providing the outputs:
 - (a) the payments it is entitled to receive otherwise than under an appropriation Act for providing the outputs;
 - (b) the value of the input tax credits to which it is entitled for taxable supplies in relation to providing the outputs.
- (3) To remove any doubt, it is declared that, if the appropriations made by an Appropriation Act for a department do not state an amount, or state an '0' appropriation, for the provision of outputs by the department, the appropriations have effect as if they included an appropriation stated to be made for the provision of outputs by the department at no net cost to the Territory.

9A Net appropriations for capital injections

- (1) An appropriation for a capital injection may be stated to be made for, or partly for, the net cost of purchasing or developing assets.
- (2) Despite section 6, if an appropriation is stated to be made for, or partly for, the net cost of purchasing or developing assets, the value

of the input tax credits to which the relevant entity is entitled for taxable supplies in relation to purchasing or developing the assets may be applied by the entity in paying the expenses and liabilities of the entity in purchasing or developing the assets.

(3) In this section:

relevant entity, in relation to an appropriation for a capital injection, means the department, authority or corporation that is to undertake the purchasing or developing of assets for which the appropriation is made.

9B Appropriations for payments on behalf of Territory to be net appropriations

Despite section 6 (Necessity for appropriations), if an appropriation for a department is made for payments to be made on behalf of the Territory, the department may apply input tax credits to which the Territory is entitled for taxable supplies for which the payments are made towards the payments under the appropriation.

 - (b) when prudent levels of total Territory liabilities have been achieved, maintaining these levels by ensuring that, on average, over a reasonable period of time, the total operating expenses of the Territory do not exceed its operating levels revenues; and
