About this republication

The republished law

This is a republication of the *Financial Management Act 1996* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 28 October 2006. It also includes any amendment, repeal or expiry affecting the republished law to 28 October 2006.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication does not include amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced or is affected by an uncommenced amendment, the symbol **U** appears immediately before the provision heading. The text of the uncommenced provision or amendment appears only in the last endnote.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see *Legislation Act 2001*, section 95.

Penalties

The value of a penalty unit for an offence against this republished law at the republication date is—

- (a) if the person charged is an individual—\$100; or
- (b) if the person charged is a corporation—\$500.

Financial Management Act 1996

An Act to provide for the financial management of the government of the Territory, to provide for the scrutiny of that management by the Legislative Assembly, to specify financial reporting requirements for the government of the Territory, and for related purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Financial Management Act 1996*.

2 Act subject to Territory Superannuation Provision Protection Act

This Act is subject to the *Territory Superannuation Provision Protection Act 2000*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in the Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act or in other legislation.

For example, the signpost definition '*superannuation appropriation*—see the *Territory Superannuation Provision Protection Act 2000*, dictionary.' means that the term 'superannuation appropriation' is defined in that dictionary and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156).

3A Notes

A note included in this Act is explanatory and is not part of the Act.

Note See the Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

3B Declaration that certain bodies are not territory authorities for Act

- (1) The Treasurer may declare that a stated body (other than a body mentioned in section 54 (1)) is not a territory authority for this Act or a stated provision of this Act.
- (2) The Treasurer may declare that a stated body mentioned in section 54 (1) is not a territory authority for a stated provision of this Act (other than section 73 (1)).

Note Section 73 gives territory authorities to which pt 9 (Governance of territory authorities) applies corporate status.

- (3) A declaration is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

4 Application of pt 2, pt 3 and pt 5 to Legislative Assembly secretariat

Unless the contrary intention appears, the provisions of part 2, part 3 and part 5 apply to the Legislative Assembly secretariat as if—

- (a) a reference in those provisions to a department included a reference to the Legislative Assembly secretariat; and
- (b) a reference in those provisions to the responsible Minister of a department were a reference to the Speaker of the Legislative Assembly; and
- (c) a reference in those provisions to the responsible chief executive of a department included a reference to the clerk of the Legislative Assembly.

Part 2 Budget management

Division 2.1 Appropriations and budgets

5 Timing of first Appropriation Bill for financial year

Except as otherwise provided by a resolution of the Legislative Assembly, the first Appropriation Bill relating to a financial year must be introduced into the Legislative Assembly not later than 3 months after the beginning of the financial year.

6 Necessity for appropriation

No payment of public money must be made otherwise than in accordance with an appropriation.

7 Payments authorised on lapse of appropriation

If, before the end of a financial year, no Act other than this Act has been passed appropriating public money to meet the requirements of the next financial year, the Treasurer may pay the amounts necessary to meet those requirements subject to the following provisions:

- (a) the authority of the Treasurer under this section ceases on the commencement of the first Appropriation Act for the next financial year;
- (b) on that commencement all payments made under this section for the next financial year are taken for all purposes to have been paid out of money appropriated by that Act;
- (c) the payments made under this section for any purpose must not exceed, in total, $\frac{1}{2}$ of the amount appropriated by Appropriation Acts for the immediately previous financial year for that purpose.

8 Form of appropriations

- (1) An Appropriation Act may make separate appropriations in relation to each department for—
 - (a) the provision of outputs by the department; and
 - (b) any capital injection to be provided to the department; and
 - (c) any payments to be made by the department on behalf of the Territory.
- (2) An Appropriation Act may make separate appropriations in relation to a territory authority or territory-owned corporation for—
 - (a) the provision of outputs by the authority or corporation; and
 - (b) any capital injection to be provided to the authority or corporation.

9 Net appropriations for outputs

- (1) An appropriation for the provision of outputs may be expressed to be made for the net cost of providing the outputs.
- (2) Despite section 6, if an appropriation for a department is stated to be made for the net cost of providing outputs, the department may apply the following in paying the expenses and liabilities of the department in providing the outputs:
 - (a) the payments it is entitled to receive otherwise than under an Appropriation Act for providing the outputs;
 - (b) the value of the input tax credits to which it is entitled for taxable supplies in relation to providing the outputs.
- (3) To remove any doubt, it is declared that, if the appropriations made by an Appropriation Act for a department do not state an amount, or state an '0' appropriation, for the provision of outputs by the department, the appropriations have effect as if they included an

appropriation stated to be made for the provision of outputs by the department at no net cost to the Territory.

9A Net appropriations for capital injections

- (1) An appropriation for a capital injection may be stated to be made for, or partly for, the net cost of purchasing or developing assets.
- (2) Despite section 6, if an appropriation is stated to be made for, or partly for, the net cost of purchasing or developing assets, the value of the input tax credits to which the relevant entity is entitled for taxable supplies in relation to purchasing or developing the assets may be applied by the entity in paying the expenses and liabilities of the entity in purchasing or developing the assets.
- (3) In this section:

relevant entity, in relation to an appropriation for a capital injection, means the department, authority or corporation that is to undertake the purchasing or developing of assets for which the appropriation is made.

9B Appropriations for payments on behalf of Territory to be net appropriations

Despite section 6 (Necessity for appropriations), if an appropriation for a department is made for payments to be made on behalf of the Territory, the department may apply input tax credits to which the Territory is entitled for taxable supplies for which the payments are made towards the payments under the appropriation.

10 Budget papers

The Treasurer must, for each financial year, immediately after the presentation of the bill for the first Appropriation Act relating to the year, present to the Legislative Assembly—

- (a) the proposed budget for the Territory for the year; and
- (b) the proposed budget for each department for the year; and

- (c) the proposed budget for each territory authority and territory-owned corporation for the year; and
- (d) a consolidated financial management statement in relation to—
 - (i) the general government sector; and
 - (ii) the public trading enterprise sector.

11 Territory budgets

- (1) The proposed budget for the Territory for a financial year presented to the Legislative Assembly under section 10 (a) must include—
 - (a) a financial policy objectives and strategies statement under section 11A for the financial year; and
 - (b) a statement of the economic or other assumptions used to make the budget estimates; and
 - (c) a statement about the sensitivity of the budget estimates to changes in the economic or other assumptions; and
 - (d) a statement of the risks, quantified if possible, that may affect the budget estimates, including contingent liabilities; and
 - (e) the financial statements required under the financial management guidelines.
- (2) The proposed budget must be prepared in a form that assists a comparison, for each appropriation unit, between the budget for the Territory for the previous financial year and the proposed budget.
- (3) The financial statements included in the proposed budget under subsection (1) (e) must include budget estimates, for each appropriation unit, for each of the next 3 financial years.
- (4) The proposed budget must be prepared taking into account—
 - (a) the principles of responsible fiscal management;

- (b) the object of providing a basis for sustainable social and economic services and infrastructure fairly to all ACT residents; and
 - (c) the object of ecologically sustainable development.
- (5) The proposed budget may depart from the principles of responsible fiscal management, but if it does depart—
- (a) any departure must be temporary; and
 - (b) the Treasurer must present to the Legislative Assembly, when the first Appropriation Bill for the financial year is presented to the Legislative Assembly, a statement setting out—
 - (i) the reasons for the departure; and
 - (ii) the approach intended to be taken to return to the principles; and
 - (iii) when the principles are expected to be returned to.
- (6) In this section:
- ecologically sustainable development* means the effective integration of economic and environmental considerations in decision-making processes achievable through implementation of the following principles:
- (a) the precautionary principle;
 - (b) the inter-generational equity principle;
 - (c) conservation of biological diversity and ecological integrity;
 - (d) improved valuation and pricing of environmental resources.
- fiscal risks* include the following:
- (a) risks from the level of the Territory's general government sector debt;

- (b) commercial risks from ownership of corporations and public enterprises;
- (c) risks from changes in the structure of the Territory's tax base;
- (d) risks from management of the Territory's assets and liabilities.

inter-generational equity principle means that the present generation should ensure that the health, diversity and productivity of the environment is maintained or enhanced for the benefit of future generations.

precautionary principle means that, if there is a threat of serious or irreversible environmental damage, a lack of full scientific certainty should not be used as a reason for postponing measures to prevent environmental degradation.

principles of responsible fiscal management means the following principles:

- (a) ensuring that the total liabilities of the Territory are at prudent levels to provide a buffer against factors that may impact adversely on the level of total Territory liabilities in the future, and ensuring that, until prudent levels have been achieved, the total operating expenses of the Territory in each financial year are less than its operating income levels in the same financial year;
- (b) when prudent levels of total Territory liabilities have been achieved, maintaining the levels by ensuring that, on average, over a reasonable period of time, the total operating expenses of the Territory do not exceed its operating income levels;
- (c) achieving and maintaining levels of Territory net worth to provide a buffer against factors that may impact adversely on levels of Territory net worth in the future;
- (d) managing prudently the fiscal risks of the Territory;

- (e) pursuing spending and taxing policies that are consistent with a reasonable degree of stability and predictability in the level of the tax burden;
- (f) giving full, accurate and timely disclosure of financial information about the activities of the government and its agencies.

11A Financial policy objectives and strategies statement

- (1) The purposes of a financial policy objectives and strategies statement included in a proposed budget under section 11 (1) (a) are—
 - (a) to make transparent the government’s financial strategies; and
 - (b) to establish a benchmark for evaluating the government’s conduct of financial policy.
- (2) The statement must be based on the principles of responsible fiscal management.
- (3) The statement must—
 - (a) state the government’s long-term financial objectives within which financial policy for the financial year and the next 3 financial years will be framed; and
 - (b) explain the broad strategic priorities on which the budget is based; and
 - (c) state the key financial measures that the government has identified as being important and against which financial policy will be set and assessed; and
 - (d) state, for the financial year and the next 3 financial years—
 - (i) the government’s short-term financial objectives; and
 - (ii) the targets for each stated key financial measure; and

- (e) explain how the financial objectives and strategic priorities mentioned in paragraphs (a), (b) and (d) relate to the principles of responsible fiscal management; and
 - (f) state the reasons for any changes from the previous financial policy objectives and strategies statement.
- (4) In this section:
principles of responsible fiscal management—see section 11 (6).

12 Departmental budgets

- (1) A proposed budget for a department for a financial year presented to the Legislative Assembly under section 10 (b) must include—
- (a) the financial statements required under the financial management guidelines; and
 - (b) a statement that sets out the outputs and classes of outputs it is proposed the department should provide during the year and the performance criteria to be met by the department in providing the outputs; and
 - (c) if, during the year, the department is to be given a capital injection that must be repaid—a statement that—
 - (i) states that the capital injection is a capital injection; and
 - (ii) sets out the conditions under which the injection is to be given, including the requirements about the time within which it must be repaid.
- (2) Subsection (1) (b) does not apply to the Legislative Assembly secretariat.
- (3) A proposed budget must be in a form that facilitates a comparison between—
- (a) the proposed budget for the department; and

- (b) the budget for the department for the previous financial year; and
 - (c) the estimated results for the department for the previous financial year.
- (4) A proposed budget must also include, for the financial statements mentioned in subsection (1) (a), budget estimates for each of the next 3 financial years.

12A Territory authority and territory-owned corporation budgets

- (1) A proposed budget presented to the Legislative Assembly under section 10 (c) for a territory authority or territory-owned corporation for a financial year must include—
- (a) the financial statements required under the financial management guidelines; and
 - (b) for a prescribed territory authority or prescribed territory-owned corporation—a statement that sets out the outputs and classes of outputs it is proposed that the authority or corporation should provide during the year and the performance criteria to be met by the authority in providing the outputs; and
 - (c) for a territory authority or territory-owned corporation that, during the year, is to be given a capital injection that must be repaid—a statement that—
 - (i) states that the capital injection is an injection that must be repaid; and
 - (ii) sets out the conditions under which the injection is to be given, including the requirements about the time within which it must be repaid.
- (2) A proposed budget must be in a form that facilitates a comparison between—

- (a) the proposed budget for the authority or corporation; and
 - (b) the budget for the authority or corporation for the previous financial year; and
 - (c) the estimated results for the authority or corporation for the previous financial year.
- (3) A proposed budget must also include, for the financial statements mentioned in subsection (1) (a), budget estimates for each of the next 3 financial years.

13 Supplementary budget papers

- (1) The Treasurer must, on the presentation of a bill for an Appropriation Act other than the first Appropriation Act relating to a financial year, present to the Legislative Assembly supplementary budget papers.
- (2) The supplementary budget papers must, for each department, territory authority and territory-owned corporation for which an appropriation is provided by the bill (an *affected entity*)—
- (a) state, for each purpose mentioned in section 8 that applies to the affected entity—
 - (i) the amount of the appropriation provided in the first Appropriation Act; and
 - (ii) the variations (if any) previously made to the appropriation under this Act; and
 - (iii) the amount of the appropriation provided by the bill; and
 - (iv) the total amount appropriated for the entity for the financial year; and
 - (b) indicate the impact of the proposed variation.

- (3) For subsection (2) (b), the supplementary budget papers need not include an original or final budgeted financial statement (a *budgeted statement*) for an affected entity.
- (4) If the supplementary budget papers do not include a budgeted statement for an affected entity—
 - (a) the supplementary budget papers must state the reasons why the budgeted statement for the entity is not included; and
 - (b) the Treasurer must present the budgeted statement for the entity to the Legislative Assembly as soon as practicable after the passing of the bill.
- (5) A budgeted statement for an affected entity—
 - (a) must include details of the impact on the budget of the entity of all variations to the appropriation that happened in the financial year before the passing of the bill; and
 - (b) may show the impact of variations other than variations resulting from additional appropriations.

Example for par (b)

the impact of revised economic forecasts

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

13A Amendment of budgets for supplementary appropriation

- (1) If an appropriation is made for a department, territory authority or territory-owned corporation by an Appropriation Act other than the first Appropriation Act for a financial year, the budget for the department, authority or corporation is amended in accordance with—
 - (a) the supplementary budget papers presented to the Legislative Assembly under section 13 (1) in relation to the bill for the Act by which the appropriation was made; and

(b) any statement presented to the Legislative Assembly under section 13 (4) (b) in relation to the bill.

(2) In this section:

budget, for the department, territory authority or territory-owned corporation, means the budget for the department, authority or corporation for the financial year presented to the Legislative Assembly under section 10 (b) or (c) (Budget papers) and, if the budget has been amended under this Act, the budget as amended.

14 Transfer of funds between appropriations

- (1) Despite section 6, the Executive may, in writing, direct that appropriations made by an Appropriation Act be varied by transfers of funds between the appropriations.
- (3) A transfer of funds between appropriations under this section must not cause an appropriation from which funds are transferred to be reduced by more than 3%.
- (4) If the Executive gives a direction under subsection (1), the Treasurer must present the following to the Legislative Assembly within 3 sitting days after the direction is given:
 - (a) a copy of the direction;
 - (b) a statement of the reasons for giving it.
- (5) Subsection (1) does not apply to a superannuation appropriation.

15 Transfer of funds within appropriations

- (1) The Executive may, in writing, direct that funds within the same appropriation that are allocated for the provision of different classes of outputs be reallocated in relation to those classes of outputs.
- (2) If a reallocation of funds under subsection (1) involves an amount larger than 3% of the appropriation within which the reallocation is made or \$150 000 (whichever is the larger), the Treasurer must

present the following to the Legislative Assembly within 3 sitting days after a direction is given:

- (a) a copy of the direction;
- (b) a statement of the reasons for the reallocation.

15A Reclassification of certain appropriations

- (1) If an appropriation has been classified by the Act by which it was made as an appropriation for payments to be made by a department on behalf of the Territory, the Treasurer may, if the Treasurer is satisfied that the appropriation should be classified as an appropriation for the provision of outputs by the department, in writing, direct that the classification of the appropriation be changed accordingly.
- (2) If an appropriation has been classified by the Act by which it was made as an appropriation for the provision of outputs by a department, the Treasurer may, if the Treasurer is satisfied that the appropriation should be classified as an appropriation for payments to be made by the department on behalf of the Territory, in writing, direct that the classification of the appropriation be changed accordingly.
- (3) If the Treasurer gives a direction under subsection (1) or (2), the Treasurer must present a copy of the direction to the Legislative Assembly within 3 sitting days after the direction is given.

16 Transfer of functions after Appropriation Act passed

- (1) This section applies if, after an Appropriation Act for a financial year is passed, the responsibility for a service or function for which an appropriation is made in the Act is transferred from the entity to which the appropriation is made to another entity.
- (2) The Treasurer may, in writing, direct that the appropriation does not lapse but may, in accordance with the direction, be issued to, or applied by, the other entity for the service or function.

- (3) If the Treasurer gives a direction under subsection (2), the Treasurer must present a copy of the direction to the Legislative Assembly within 3 sitting days after the day it is given.

 - (a) must not be for longer than 3 years, unless the establishing Act allows a longer period; and
 - (b) is an appointment under the provision of the establishing Act that establishes the governing board.
- (6) The conditions of appointment of a member (other than a member required under the establishing Act to be a public servant or statutory office holder) are the conditions agreed between the Minister and the member, subject to any determination under the *Remuneration Tribunal Act 1995*.

79 Appointment of chair and deputy chair

- (1) The responsible Minister for a territory authority with a governing board may appoint a chair for the board and, unless the establishing Act otherwise provides, a deputy chair for the board.

Note 1 For the making of appointments (including acting appointments), see the Legislation Act, pt 19.3.

Note 2 In particular, an appointment may be made by naming a person or nominating the occupant of a position (see s 207).

Note 3 Certain Ministerial appointments require consultation with an Assembly committee and are disallowable (see Legislation Act, div 19.3.3).

- (2) However, the responsible Minister must not appoint the CEO of the territory authority as chair or deputy chair.
- (3) The responsible Minister must try to ensure that the governing board of a territory authority always has a chair and, unless the establishing Act otherwise provides, deputy chair.

80 Appointment of CEO of authority with governing board

- (1) This section applies to a territory authority with a governing board.

- (2) The governing board of the territory authority must, after consulting the responsible Minister, appoint a CEO for the authority.

Note 1 For the making of appointments (including acting appointments), see the Legislation Act, pt 19.3.

Note 2 In particular, an appointment may be made by naming a person or nominating the occupant of a position (see s 207).

- (4) The CEO is a member of the governing board.
- (5) However, the CEO is not a member of the governing board if it is considering or deciding—
- (a) the appointment, or the ending of the appointment, of the CEO; or
 - (b) the CEO's conditions of appointment.
- (6) The conditions of appointment of a CEO (other than a CEO required under the establishing Act to be a public servant) are the conditions agreed between the governing board and the CEO, subject to any determination under the *Remuneration Tribunal Act 1995*.

81 Ending board member appointments

- (1) This section applies to a governing board member other than the CEO.
- (2) The responsible Minister may end the member's appointment—
- (a) if the member contravenes a territory law; or
 - (b) for misbehaviour; or

- (c) if the member becomes bankrupt or executes a personal insolvency agreement; or
- (d) if the member is convicted, or found guilty, in Australia of an offence punishable by imprisonment for at least 1 year; or

- (i) if the member is absent from 3 consecutive meetings of the board, otherwise than on approved leave; or
- (j) for physical or mental incapacity, if the incapacity substantially affects the exercise of the member's functions.

Note A person's appointment also ends if the person resigns (see Legislation Act, s 210).

- (3) The Minister may also end the appointment of the member (the ***member concerned***) if the board tells the Minister in writing that it has resolved, by a majority of at least $\frac{2}{3}$ of the members, to recommend to the Minister that the member's appointment be ended.
- (4) The governing board may pass a resolution mentioned in subsection (3) only if—

- (a) at least 3 weeks written notice of the intention to consider the proposed resolution has been given to the member concerned; and
- (b) the member concerned has been given an opportunity to make submissions and present documents to a meeting of the board; and
- (c) if the member concerned has used the opportunity mentioned in paragraph (b)—a summary of the member’s submissions is recorded in the minutes of the board and a copy of any documents presented is included in the minutes.

Division 9.3 Functions of governing board members

82 Chair’s functions

The chair of the governing board of a territory authority has the following functions:

- (a) managing the affairs of the governing board;
- (b) ensuring, as far as practicable, that there is a good working relationship between the governing board and management of the authority;
- (c) ensuring the responsible Minister is kept informed about the operations of the authority.

83 Deputy chair’s functions

- (1) If the chair of the governing board of a territory authority is absent or cannot for any reason exercise the functions of the chair, the deputy chair of the governing board must exercise the functions of the chair.

- (2) However, this section does not apply to a territory authority if the establishing Act for the authority provides that it need not have a deputy chair.

Note The Legislation Act, s 209 deals with acting appointments.

84 CEO's functions

- (1) The CEO of a territory authority with a governing board has the following functions:

- (a) ensuring, as far as practicable, that the authority's statement of intent is implemented effectively and efficiently;

Example of implementation of statement of intent

achieving objectives in statement of intent

- (b) managing the day-to-day operations of the authority in accordance with—

(i) applicable governmental policies (if any); and

(ii) the policies of the authority set by the board; and

(iii) each legal requirement that applies to the authority;

Example for par (iii)

a direction by the independent competition and regulatory commission that relates to the authority

- (c) regularly advising the board about the operation and financial performance of the authority;

- (d) immediately advising the board about significant events.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) In this section:

significant event, for a territory authority, means an event that the authority is required to tell the responsible Minister about under section 101.

85 Honesty, care and diligence of governing board members

In exercising the functions of a governing board member, a member must exercise the degree of honesty, care and diligence required to be exercised by a director of a corporation in relation to the affairs of the corporation.

86 Conflicts of interest by governing board members

A governing board member must take all reasonable steps to avoid being placed in a position where a conflict of interest arises during the exercise of the member's functions.

87 Agenda to require disclosure of interest item

The agenda for each meeting of a territory authority governing board must include an item requiring any material interest in an issue to be considered at the meeting to be disclosed to the meeting.

88 Disclosure of interests by governing board members

- (1) If a governing board member has a material interest in an issue being considered, or about to be considered, by the governing board, the member must disclose the nature of the interest at a board meeting as soon as practicable after the relevant facts come to the member's knowledge.

Note **Material interest** is defined in s (4). The definition of **indirect interest** in s (4) applies to the definition of **material interest**.

- (2) The disclosure must be recorded in the governing board's minutes and, unless the board otherwise decides, the member must not—
 - (a) be present when the board considers the issue; or
 - (b) take part in a decision of the board on the issue.

Example

Albert, Boris and Chloe are members of a governing board. They have an interest in an issue being considered at a governing board meeting and they disclose the

interest as soon as they become aware of it. Albert's and Boris's interests are minor but Chloe has a direct financial interest in the issue.

The governing board considers the disclosures and decides that because of the nature of the interests:

- Albert may be present when the board considers the issue but not take part in the decision
- Boris may be present for the consideration and take part in the decision.

The board does not make a decision allowing Chloe to be present or take part in the board's decision. Accordingly, since Chloe has a material interest she cannot be present for the consideration of the issue or take part in the decision.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (b) a direct or indirect interest of any other kind if the interest could conflict with the proper exercise of the member's functions in relation to the board's consideration of the issue.

89 Reporting of disclosed governing board interests to Minister

- (1) Within 3 months after the day a material interest is disclosed under section 88 (1), the chair of the governing board must report to the responsible Minister in writing about—

 - (a) in the exercise of a function under a territory law; or

- (2) Any liability that would, apart from this section, attach to a governing board member of a territory authority attaches instead to the authority.

- (3) A court may order the payment of reasonable compensation for the loss or expense only if it is satisfied it is just to make the order in the circumstances of the particular case.
- (4) A regulation may prescribe matters that may, must or must not be taken into account by the court in considering whether it is just to make the order.

97 Conduct of governing board meetings etc

- (1) The governing board may conduct its proceedings (including its meetings) as it considers appropriate.
- (2) A meeting may be held using a method of communication, or a combination of methods of communication, that allows a board member taking part to hear what each other member taking part says without the members being in each other's presence.

Examples

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (3) A governing board member who takes part in a meeting conducted under subsection (2) is taken, for all purposes, to be present at the meeting.
