Last amendment made by [A2014-59](#)

Authorised by the ACT Parliamentary Counsel

About this republication

The republished law

This is a republication of the *Fisheries Act 2000* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 11 June 2015. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 11 June 2015.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$150 for an individual and \$750 for a corporation (see *Legislation Act 2001*, s 133).

1 Name of Act

This Act is the *Fisheries Act 2000*.

3 Objects

The objects of this Act are—

- (a) to conserve native fish species and their habitats; and
- (b) to manage sustainably the fisheries of the ACT by applying the principles of ecologically sustainable development mentioned in the *Environment Protection Act 1997*, section 2 (2); and
- (c) to provide high quality and viable recreational fishing; and
- (d) to cooperate with other Australian jurisdictions in sustaining fisheries and protecting native fish species.

4 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary defines certain terms, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition '*fishing closure*—see section 13' means the term 'fishing closure' is defined in section 13.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see *Legislation Act*, s 155 and s 156 (1)).

4A Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the *Legislation Act*, s 127 (1), (4) and (5) for the legal status of notes.

4B Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 2 Fisheries management plan

5 Content of fisheries management plan

- (d) guidelines to which the conservator must have regard in exercising functions under this Act.

6 Preparation of fisheries management plan

The conservator must prepare a draft management plan for management of fish species and their habitats in the ACT.

Note A power given under an Act to make a statutory instrument (including a management plan) includes power to amend or repeal the instrument (see [Legislation Act](#), s 46 (1)).
