Gene Technology Act 2003

A2003-57

Republication No 1

Effective: 5 June 2004 – 5 June 2006

Republication date: 5 June 2004

Last amendment made by A2004-15
(republiation for new Act and amendments by A2004-15)

Authorised by the ACT Parliamentary Counsel

About this republication

The republished law

This is a republication of the *Gene Technology Act 2003* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 5 June 2004. It also includes any amendment, repeal or expiry affecting the republished law to 5 June 2004.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced or is affected by an uncommenced amendment, the symbol **U** appears immediately before the provision heading. The text of the uncommenced provision or amendment appears only in the last endnote.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see *Legislation Act 2001*, section 95.

Penalties

The value of a penalty unit for an offence against this republished law at the republication date is—

- (a) if the person charged is an individual—\$100; or
- (b) if the person charged is a corporation—\$500.

Gene Technology Act 2003

An Act to regulate activities involving gene technology, and for related purposes

R1
05/06/04

Gene Technology Act 2003
Effective: 05/06/04-05/06/06

page 1

Part 1 Preliminary

1 Name of Act etc

- (1) This Act is the *Gene Technology Act 2003*.
- (2) This Act may also be referred to as the Gene Technology Law of the ACT or simply as the Gene Technology Law.

Note This section differs from the Commonwealth Act, s 1.

3 Object of Act

The object of this Act is to protect the health and safety of people, and to protect the environment, by identifying risks posed by or as a result of gene technology, and by managing those risks through regulating certain dealings with GMOs.

4 Regulatory framework to achieve object

The object of this Act is to be achieved through a regulatory framework that—

- (a) provides that where there are threats of serious or irreversible environmental damage, a lack of full scientific certainty should not be used as a reason for postponing cost-effective measures to prevent environmental degradation; and
- (b) provides an efficient and effective system for the application of gene technologies; and
- (c) operates in conjunction with other Commonwealth and State regulatory schemes relevant to GMOs and GM products.

Note Examples of the schemes mentioned in par (c) are those that regulate food, agricultural and veterinary chemicals, industrial chemicals and therapeutic goods.

5 **Nationally consistent scheme**

It is the intention of the Legislative Assembly that this Act form a component of a nationally consistent scheme for the regulation of certain dealings with GMOs by the Commonwealth and the States.

6 **Act to bind the Crown**

Note The Commonwealth Act includes a provision binding the Crown. The provision is unnecessary in the ACT (see Legislation Act, s 121).

7 **External Territories**

Note The Commonwealth Act includes a provision extending that Act to every external Territory other than Norfolk Island.

8 **Offences against Act—application of Criminal Code etc**

Other legislation applies to offences against this Act.

Note 1 *Criminal Code*

The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 *Penalty units*

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Note 3 This section differs from the Commonwealth Act, s 8.

8A **Numbering**

- (1) To maintain consistent section numbering between this Act and the Commonwealth Act—
 - (a) if the Commonwealth Act contains a section that is not needed in this Act—the provision number and heading to the section

appearing in the Commonwealth Act are included in this Act despite the omission of the body of the section; and

- (b) if this Act contains a section that is not included in the Commonwealth Act—the section is numbered so as to maintain consistency in numbering between sections common to both Acts.
- (2) A provision number and heading mentioned in subsection (1) (a) form part of this Act.
- (3) If a provision of this Act (other than a section) is numbered differently from the equivalent provision of the Commonwealth Act, the provision of this Act may be referred to using the number of the equivalent provision of the Commonwealth Act.

Note 1 A note appears under each heading of a kind mentioned in s (1) (a) describing the omitted section of the Commonwealth Act.

Note 2 A note appears under each section of a kind mentioned in s (1) (b) highlighting the non-appearance of an equivalent section in the Commonwealth Act.

Note 3 This section does not appear in the Commonwealth Act.

8B Notes

A note included in this Act is explanatory and is not part of this Act.

Note 1 See Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

Note 2 This section does not appear in the Commonwealth Act.

8C Outlines

The provisions appearing at the beginning of parts 2 to 12, outlining the part (simplified outlines), are intended only as a guide to readers about the general scheme and effect of the parts.

Note This section does not appear in the Commonwealth Act.

Part 2 **Interpretation and operation of Act**

Division 2.1 **Simplified outline of pt 2**

9 **Simplified outline—pt 2**

In outline, this part—

- (a) provides for the definitions used in this Act; and
- (b) contains provisions to facilitate a nationally consistent regulatory scheme; and
- (c) enables the Ministerial council to issue policy principles, policy guidelines and codes of practice.

Note This section differs from the Commonwealth Act, s 9.

Division 2.2 **Interpretation**

10 **Dictionary etc**

- (1) The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition ‘*aggravated offence*—see section 38 (1).’ means that the term ‘aggravated offence’ is defined in that section.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

- (2) If this Act requires or permits the Ministerial council to do something, the Ministerial council must do it in accordance with the gene technology agreement.

Note Subsection (1) differs from the Commonwealth Act, s 10 (1).

11 Meaning of *intentional release of a GMO into the environment*

A dealing with a GMO involves the *intentional release of the GMO into the environment* if the GMO is intentionally released into the open environment, whether or not it is released with provision for limiting the dissemination or persistence of the GMO or its genetic material in the environment.

12 Meaning of *corresponding State law*

Note The Commonwealth Act includes a provision defining ‘corresponding State law’ for that Act.

Division 2.3 Operation of Act

13 Operation of Act

Note The Commonwealth Act includes a provision about the application of that Act.

14 Wind-back of reach of Act

Note The Commonwealth Act includes a provision about the giving of wind-back notices to a State.

15 Relationship to other Territory laws

This Act is in addition to, and not in substitution for, the requirements of any other Territory law, whether passed or made before or after the commencement of this section.

Note The equivalent section in the Commonwealth Act deals with the relationship of that Act to other Commonwealth laws.

Division 2.4 Provisions to facilitate a nationally consistent scheme

Subdivision 2.4.1 General provisions

16 State laws may operate concurrently

Note The Commonwealth Act includes a provision allowing State laws, other than State laws prescribed for the provision, to operate concurrently with that Act.

17 Conferral of functions on Commonwealth officers and bodies

Note The Commonwealth Act includes a provision allowing corresponding State laws to give functions, powers and duties to certain Commonwealth officers and bodies.

18 No doubling-up of liabilities

If a person has been ordered to pay a pecuniary penalty under the Commonwealth Act, the person is not liable to a pecuniary penalty under this Act in relation to the same conduct.

Note The Commonwealth Act, s 18 also includes a provision preventing a person being prosecuted for an offence against this Act and the Commonwealth Act. The provision is unnecessary in the ACT (see Legislation Act, s 191).

19 Review of certain decisions

- (1) Application may be made to the Commonwealth administrative appeals tribunal for review of a reviewable State decision.
- (2) A decision made by the regulator in the exercise of a function under this Act is a *reviewable State decision* if—
 - (a) this Act provides for review of the decision by the Commonwealth administrative appeals tribunal; and

- (b) the decision is declared by regulations made under the Commonwealth Act to be a reviewable State decision for the Commonwealth Act, section 19.
- (3) The Commonwealth Administrative Appeals Tribunal Act (other than part 4A) applies as a Territory law in relation to reviewable State decisions.
- (4) For this section, a reference in a provision of the Commonwealth Administrative Appeals Tribunal Act (as that provision applies as a Territory law) to all or any part of part 4A of that Act is taken to be a reference to all or any part of that part as it has effect as a law of the Commonwealth.

Note 1 The reference in s (3) to the Commonwealth Administrative Appeals Tribunal Act includes a reference to the regulations in force under that Act from time to time (see Legislation Act, s 102 and s 104).

Note 2 This section differs from the Commonwealth Act, s 19.

20 Things done for multiple purposes

The validity of a licence, certificate or other thing issued, given or done for this Act is not affected only because it was issued, given or done also for the Commonwealth Act.

Subdivision 2.4.2 Policy principles, policy guidelines and codes of practice

21 Ministerial council may issue policy principles

- (1) The Ministerial council may issue policy principles in relation to the following:
 - (a) ethical issues relating to dealings with GMOs;

(b) recognising areas (if any) designated under a Territory law for the purpose of preserving the identity of 1 or both of the following for marketing purposes:

- (i) GM crops;
- (ii) non-GM crops;

(c) matters relating to dealings with GMOs prescribed under the regulations for this paragraph.

Note 1 Section 57 provides that the regulator must not issue a licence if to do so would be inconsistent with a policy principle.

Note 2 The Legislation Act, s 46 gives power to amend or repeal an instrument made under an Act.

(2) Before issuing a policy principle, the Ministerial council must be satisfied that the policy principle was developed in accordance with the Commonwealth Act, section 22.

(3) Regulations for subsection (1) (c) may relate to matters other than the health and safety of people or the environment, but must not derogate from the health and safety of people or the environment.

Note This section differs from the Commonwealth Act, s 21.

22 Consultation on policy principles

Note The Commonwealth Act includes a provision about how policy principles are to be developed.

23 Ministerial council may issue policy guidelines

The Ministerial council may issue policy guidelines in relation to matters relevant to the functions of the regulator under this Act.

Note 1 Section 56, among other things, requires the regulator to have regard to policy guidelines when deciding an application for a GMO licence. Section 30 provides that the regulator is not subject to direction in relation to individual decisions.

Note 2 The Legislation Act, s 46 gives power to amend or repeal an instrument made under an Act.

24 Ministerial council may issue codes of practice

The Ministerial council may issue codes of practice, developed under the Commonwealth Act, section 24 (2) in relation to gene technology.

Note 1 The Legislation Act, s 46 gives power to amend or repeal an instrument made under an Act.

Note 2 The Commonwealth Act, s 24 includes provisions about how codes of practice are to be developed and making them disallowable instruments.

Part 3 Gene technology regulator

25 Simplified outline—pt 3

In outline, this part provides the functions and powers of the gene technology regulator under this Act.

Note This section differs from the Commonwealth Act, s 25.

26 Gene technology regulator

Note The Commonwealth Act, s 26 creates the office of gene technology regulator.

27 Functions of regulator

The regulator has the following functions:

- (a) to exercise functions relating to GMO licences under part 5;
- (b) to develop draft policy principles and policy guidelines, as requested by the Ministerial council;
- (c) to develop codes of practice;
- (d) to issue technical and procedural guidelines about GMOs;
- (e) to provide information and advice to other regulatory agencies about GMOs and GM products;
- (f) to provide information and advice to the public about the regulation of GMOs;
- (g) to provide advice to the Ministerial council about—
 - (i) the operations of the regulator and the gene technology technical advisory committee; and
 - (ii) the effectiveness of the legislative framework for the regulation of GMOs, including about possible amendments of relevant legislation;

- (h) to undertake or commission research about risk assessment and the biosafety of GMOs;
- (i) to promote the harmonisation of risk assessments for GMOs and GM products by regulatory agencies;
- (j) to monitor international practice for regulating GMOs;
- (k) to maintain links with international organisations dealing with the regulation of gene technology and with agencies regulating GMOs in places outside the ACT;
- (l) to exercise other functions given to the regulator under this Act or any other law.

28 Powers of regulator

Note The Commonwealth Act, s 28 gives the regulator powers. The provision is unnecessary in the ACT (see Legislation Act, s 196).

29 Delegation

- (1) The regulator may delegate the regulator's functions under this Act to any of the following:
 - (a) a public servant;
 - (b) an officer or employee of a Territory agency, if the functions of the Territory agency relate, directly or indirectly, to GMOs or GM products;
 - (c) an employee of a Commonwealth authority, if the functions of the Commonwealth authority relate, directly or indirectly, to GMOs or GM products.

Note For the making of delegations and the exercise of delegated functions, see Legislation Act, pt 19.4.

- (2) In exercising a function under a delegation, the delegate must comply with any directions of the regulator.

Note This section differs from the Commonwealth Act, s 29.

30 Independence of regulator

- (1) The regulator has discretion in the exercise of the regulator's functions under this Act.
- (2) In particular, the regulator is not subject to direction from anyone about—
 - (a) whether or not a particular application for a GMO licence is issued or refused; or
 - (b) the conditions to which a particular GMO licence is subject.

Part 4 Regulation of dealings with GMOs

Division 4.1 Simplified outline of pt 4

31 Simplified outline—pt 4

In outline, this part—

- (a) deals with the regulation of dealings with GMOs; and
- (b) prohibits dealings with GMOs unless—
 - (i) the person undertaking the dealing is authorised to do so by a GMO licence; or
 - (ii) the dealing is a notifiable low risk dealing (see division 6.2); or
 - (iii) the dealing is an exempt dealing; or
 - (iv) the dealing is included in the GMO register (see division 6.3); and

- (b) sets out the processes the regulator must follow for applications involving the following kinds of dealings:
 - (i) those that involve the intentional release of a GMO into the environment;
 - (ii) those that do not involve the intentional release of a GMO into the environment; and
- (c) provides that a licence can cover dealings by people other than the licence holder and requires the licence holder to tell them of any conditions of the licence that apply to them.

Division 5.2 **Licence applications**

40 **Person may apply for a licence**

- (1) A person may apply to the regulator for a licence authorising stated dealings with 1 or more stated GMOs.

Division 5.7 Suspension, cancellation and variation of licences

68 Suspension and cancellation of licence

The regulator may, by written notice given to the holder of a GMO licence, suspend or cancel the licence if—

- (b) the regulator believes on reasonable grounds that the licence holder, or a person covered by the licence, has committed an offence against this Act; or
- (c) any annual charge payable for the licence remains unpaid after the due date; or
- (d) the licence was obtained improperly; or

- (f) the regulator is satisfied that the licence holder is no longer a suitable person to hold the licence.

69 Surrender of licence

A licence holder may surrender the licence with the regulator's consent.

70 Transfer of licences

- (1) The licence holder and someone else (the *transferee*) may jointly apply to the regulator for the licence to be transferred from the licence holder to the transferee.

- (1) The regulator may, at any time, by written notice given to the licence holder, vary a licence.
- (2) However, the regulator must not vary a licence to authorise dealings involving the intentional release of a GMO into the environment if the application for the licence was originally considered under division 5.3.

Note Applications may only be considered under div 5.3 if none of the dealings proposed to be authorised by the licence would involve the intentional release of a GMO into the environment.

- (3) Without limiting subsection (1), the regulator may—
- (a) impose licence conditions or additional licence conditions; or
 - (b) remove or vary licence conditions that were imposed by the regulator; or
 - (c) extend or reduce the authority granted by the licence.
