Republication No 5

Effective: 2 February 2009 – 21 September 2009

Republication date: 2 February 2009

Last amendment made by A2008-36

Authorised by the ACT Parliamentary Counsel

About this republication

The republished law

This is a republication of the *Architects Act 2004* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 2 February 2009. It also includes any amendment, repeal or expiry affecting the republished law to 2 February 2009.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced or is affected by an uncommenced amendment, the symbol **U** appears immediately before the provision heading. The text of the uncommenced provision or amendment appears only in the last endnote.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see *Legislation Act 2001*, section 95.

Penalties

The value of a penalty unit for an offence against this republished law at the republication date is—

- (a) if the person charged is an individual—\$100; or
- (b) if the person charged is a corporation—\$500.

Architects Act 2004

An Act about the provision of architectural services, and for other purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Architects Act 2004*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition '*architects board*—see section 64.' means that the term 'architects board' is defined in that section.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 2 Objects and important concepts for Act

6 Objects

- (1) The objects of this Act include the following:
 - (a) to establish a board to regulate the provision of architectural services by architects;
 - (b) to ensure that architects provide services to the public professionally and competently;
 - (c) to provide ways to discipline architects who are found to have acted unprofessionally or incompetently;
 - (d) to ensure that the public has access to information about the qualifications and competence of architects;
 - (e) to establish a register of architects to provide that information.
- (2) In this section:

architect means a registered person.

7 Meaning of *architectural service* for Act

- (1) In this Act:

architectural service means a service provided in connection with the design, planning or construction of buildings that is ordinarily provided by architects.
- (2) The regulations may prescribe services that are, and are not, architectural services.

Part 3 Registration

Division 3.1 Registration of architects

*Note about application of the Mutual Recognition Act 1992 (Cwlth) and the Trans-Tasman Mutual Recognition Act 1997 (Cwlth) (the **Commonwealth Acts**)*

The Commonwealth Acts allow people registered in certain occupations in a local jurisdiction to carry on the occupations in another local jurisdiction and set out the method of applying for registration in the ACT or a local jurisdiction. The requirements for registration under this Act cannot validly require anything of people being registered under the Commonwealth Acts that would be inconsistent with those Acts. Accordingly, provisions of this part, such as the requirements for applications, do not apply to the registration of people under the Commonwealth Acts. Also, the Commonwealth Acts set out when conditions may be placed on people registered under those Acts by a registration board. For more information, see the Commonwealth Acts.

8 Eligibility for registration

- (1) An individual is eligible to be registered if the individual has relevant expertise and relevant experience.
- (2) An individual has *relevant expertise* if the individual—
 - (a) has—
 - (i) a qualification prescribed under the regulations; or
 - (ii) successfully completed a course of study accredited by the architects board; or
 - (iii) qualifications gained outside Australia that the board is satisfied are adequate to allow the individual to practise architecture in the ACT; and
 - (b) has passed an examination arranged or approved by the board to assess the person's competence to practise architecture.
- (3) An individual has *relevant experience* if—

- (a) the individual has at least 2 years practical experience in the practice of architecture, of which—
 - (i) at least 1 year is postgraduate experience; and
 - (ii) at least 1 year is in Australia; and
- (b) the architects board is satisfied that the period and kind of practise are adequate to allow the individual to competently practise architecture in the ACT.

Example for par (a)

a person worked as an undergraduate in architectural services in Brussels for 18 months, then graduated and worked providing architectural services for 1 year in Melbourne

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (4) The architects board may, in writing, accredit a course for subsection (2) (a) (ii).
- (5) An accreditation is a notifiable instrument.

Note A notifiable instrument must be notified under the Legislation Act.

9 Decision on registration application

- (1) If an individual applies for registration, the architects board must register, or refuse to register, the individual.
- (2) The architects board must refuse to register the individual as an architect if—
 - (a) the board is not satisfied that the applicant is eligible to be registered; or
 - (b) the individual is disqualified from applying for registration.

Note An individual may be disqualified from applying for registration under the *ACT Civil and Administrative Tribunal Act 2008*, s 66 (3).

- (3) The architects board may refuse to register the individual if, because of a relevant circumstance in relation to the individual, the board is satisfied that the public interest will or might be endangered if the individual is allowed to practice architecture in the ACT.
- (4) Each of the following is a *relevant circumstance* in relation to an individual:
- (a) the individual is bankrupt, has executed a personal insolvency agreement or is otherwise applying to take the benefit of any law for the relief of bankrupt or insolvent debtors;
 - (b) the individual has been convicted or found guilty of an offence against this Act;
 - (c) the individual has been convicted or found guilty of an offence against a Commonwealth, Territory or State law punishable by imprisonment for 1 year or longer;
 - (d) the individual's registration (however described) under the corresponding law of a local jurisdiction has been cancelled or suspended because of an act or omission of the individual that would, if the individual were registered in the ACT and the act or omission had happened here, have allowed the individual's registration to be cancelled or suspended.
- Note* *Corresponding law*—see dict.
- (5) To remove any doubt, the architects board may only register an individual.
- (6) Registration may be conditional.

10 Registration conditions

- (1) The architects board may put a condition on a person's registration—
- (a) on registration; or

(b) when the registration is renewed.

Note The ACAT may also direct the registrar to place a condition on a person's registration (see *ACT Civil and Administrative Tribunal Act 2008*, s 66 (2) (g) (i)).

(2) A condition on registration may relate to—

(a) the term of the registration; or

(b) the kind of architecture the person is registered to practise; or

(c) anything else relating to the practice of architecture that the architects board considers appropriate.

(3) In considering whether to place a condition on a person's registration, the architects board must take into consideration the following:

(a) any relevant experience;

(b) any history of complaints about the person's conduct in relation to the provision of architectural services;

(c) any disciplinary action taken in relation to the person under this Act or a corresponding Act of a local jurisdiction;

(d) the need to protect the public from harm, for example, by limiting the public's exposure to a financially insecure provider of architectural services.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see *Legislation Act*, s 126 and s 132).

11 Inclusion of details in register

(1) If the architects board registers a person, the board must include in the register details of the person's registration.

(2) The regulations may prescribe the details required to be included in the register on registration.

12 Term of registration

- (1) Registration is for 1 year.
- (2) However, a condition on a person's registration may provide a shorter registration period.

Note 1 For the making of appointments (including acting appointments), see Legislation Act, pt 19.3.

- (3) The registrar must exercise a function under subsection (2) in accordance with any direction from the architects board.

- (3) The register may be kept in 1 or more parts, as the architects board considers appropriate.

- (4) The register must be open for free inspection by the public at reasonable times.

- (a) the time for any appeal of the decision has ended and no application for appeal has been made; or
 - (b) an application for appeal has been made, the decision has been confirmed on appeal and the time for further appeal has ended.

Note An occupational discipline order is a decision of the ACAT that may be appealed under the *ACT Civil and Administrative Tribunal Act 2008*, pt 8.

- (3) If the decision has been reversed or set aside, a matter included in the register in relation to the decision must not be open for public inspection.
- (4) If the decision has been changed (for example, by substitution), this section applies to a matter included in the register in relation to the decision as changed.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

16 Correction of errors

With the approval of the architects board, the registrar may correct a mistake, error or omission in the register.

17 Information may be shared

Information on the register, including information that is not available for public inspection, may be given to a local registering authority for use as part of a joint register of architects between local jurisdictions.

Note **Local registering authority**—see dict.

18 Notice of intention to remove from register

- (1) This section applies if the architects board intends to remove someone's details from the register under section 19 (2) or section 20.
- (2) The architects board must not remove the person's details unless the board has—
 - (a) given the person written notice of the board's intention to take action; and
 - (b) taken into consideration any response received from the person in accordance with the notice.
- (3) A notice under subsection (2) (a) must—
 - (a) state the action the architects board intends to take; and

- (1) The architects board must remove from the register details of a person's registration if—
 - (a) the person dies; or
 - (b) the person asks for the person's registration to be cancelled; or
 - (c) the person is no longer registered (for example, if the person fails to renew registration or pay for renewal); or
 - (d) the person's registration is cancelled.

Note An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

- (2) The architects board must remove from the register details of a person's registration if the board is satisfied that—
 - (a) the person has become mentally or physically incapacitated and the incapacity affects the person's ability to provide architectural services; or
 - (b) the person is not eligible to be registered.
- (3) However, the architects board must not remove a person's details under subsection (2) until 15 business days after the day the person is given notice of the intention to remove the details under section 18.

- (2) A ground for occupational discipline applies to an architect who is no longer registered if the ground applied to the architect while registered.

43 Application to ACAT for occupational discipline

If the architects board believes on reasonable grounds that a ground for occupational discipline exists in relation to an architect, the board may apply to the ACAT for an occupational discipline order in relation to the architect.

Note The *ACT Civil and Administrative Tribunal Act 2008*, s 66 sets out occupational discipline orders the ACAT may make.

44 Considerations before making occupational discipline orders

- (1) This section applies if the ACAT is considering an application for occupational discipline in relation to an architect.
- (2) Without limiting the matters the ACAT must consider in relation to the architect, the ACAT must consider the following:
 - (a) the degree of responsibility of the architect for the act or omission that made up the ground for occupational discipline;
 - (b) the extent to which it is necessary to discourage the architect and others from doing something, or not doing something, that made up the disciplinary ground;
 - (c) whether, and the extent to which, it is necessary to protect the public from the architect;
 - (d) the desirability of making the architect responsible for the consequences of the architect's actions or omissions;
 - (e) the desirability of maintaining public confidence in the regulatory system set up by this Act.

Note The *ACT Civil and Administrative Tribunal Act 2008*, s 65 (3) sets out other considerations that must be taken into account by the ACAT.

45 Giving local registering authorities information about cancelling or suspending registration

- (1) This section applies if the ACAT cancels or suspends an architect's registration or disqualifies an architect from applying for registration.
- (2) The architects board must give each local registering authority the following information about the architect:
 - (a) the name and any other identifying details of the architect;
 - (b) a short description of the ground for occupational discipline on which the occupational discipline order was based;
 - (c) whether the registration has been cancelled or suspended or the architect disqualified;
 - (d) if the registration has been suspended—the period of suspension;
 - (e) if the architect has been disqualified—the period of disqualification.
- (3) This section does not limit any other requirement or power, under this Act or another law in force in the ACT, to give information to a local registering authority.
