Gene Technology (GM Crop Moratorium) Act 2004

A2004-40

An Act to enable a moratorium to be imposed on the cultivation of certain genetically modified plants, and for other purposes

The Legislative Assembly for the Australian Capital Territory enacts as follows:

2003 109B

Authorised by the ACT Parliamentary Counsel—also accessible at www.legislation.act.gov.au

Part 1 Preliminary

1 Name of Act

This Act is the *Gene Technology (GM Crop Moratorium) Act 2004*.

2 Commencement

This Act commences on the day after its notification day.

Note The naming and commencement provisions automatically commence on the notification day (see Legislation Act, s 75 (1)).

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act or in other legislation.

For example, the signpost definition '*gene technology*—see the *Gene Technology Act 2003*, dictionary.' means that the term 'gene technology' is defined in that dictionary and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

6 Purpose of Act

The purpose of this Act is to designate the ACT as an area in which certain genetically modified plants may not be cultivated, in order to preserve the identity of 1 or both of the following for marketing purposes:

- (a) GM crops;
- (b) non-GM crops.

Part 2 Moratorium on cultivating certain GM plants

7 Moratorium orders

- (1) The Minister may, in writing, make an order (a *moratorium order*) prohibiting the cultivation in the ACT of a stated GM food plant.
- (2) A moratorium order is a disallowable instrument.

Note A disallowable instrument must be notified under the Legislation Act.

8 Exemptions

- (1) The Minister may, in writing, exempt a person, area or anything else from the operation of a moratorium order.
- (2) Before giving an exemption, the Minister must ask the advisory council, in writing, for its recommendation about whether the exemption should be given.
- (3) If the Minister does not receive a recommendation from the advisory council within 28 days after the day the Minister asks for it, the Minister may give an exemption without a recommendation.
- (4) If the advisory council recommends against giving an exemption but the Minister decides to give the exemption, the Minister must—
 - (a) give the advisory council written reasons for not following its recommendation; and
 - (b) make those reasons, and the recommendation, publicly available.
- (5) An exemption is a disallowable instrument.

Note A disallowable instrument must be notified under the Legislation Act.
- (6) An exemption may be subject to conditions.

- (7) An exemption may form part of a moratorium order or may be a separate instrument.
- (8) The cultivation of a GM food plant in accordance with an exemption from a moratorium order is not a contravention of the moratorium order.

9 Offence—contravention of moratorium order

A person commits an offence if—

- (a) the person cultivates a GM food plant; and
- (b) the cultivation is in contravention of a moratorium order; and
- (c) the person is reckless about whether—
 - (i) the plant is a GM food plant; and
 - (ii) the cultivation is in contravention of a moratorium order.

Maximum penalty: 200 penalty units, imprisonment for 2 years or both.

10 Orders cannot be challenged

- (1) This part does not create a right in relation to the making of a moratorium order or exemption.
- (2) Without limiting subsection (1), a moratorium order or exemption in force under this Act—
 - (a) may not be challenged or called into question in any court; and
 - (b) is not subject to prohibition, mandamus or injunction in any court.

- (5) The advisory council has the following functions:
 - (a) to investigate anything the Minister refers to the advisory council;
 - (b) to give advice in relation to proposals for research trials for GM food plants the Minister refers to the advisory council;
