Republication No 23

Effective: 23 June 2021 – 14 May 2025

Republication date: 23 June 2021

Last amendment made by [A2021-12](#)

About this republication

The republished law

This is a republication of the *Animal Diseases Act 2005* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 23 June 2021. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 23 June 2021.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see *Legislation Act 2001*, s 133).

Australian Capital Territory

Animal Diseases Act 2005

An Act to provide for the control of endemic and exotic diseases of animals, and for other purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Animal Diseases Act 2005*.

3 Objects of Act

- (1) The objects of this Act are to protect the health and welfare of people and animals and to protect markets relating to animals and animal products.
- (2) Without limiting subsection (1), this Act achieves its objects by—
 - (a) providing mechanisms for the detection, prevention and control of outbreaks of endemic and exotic animal diseases in the ACT; and
 - (b) allowing the Territory to assist in the prevention and control of outbreaks of endemic and exotic animal diseases in other jurisdictions within Australia.

4 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition, '*identifiable stock*, for part 4 (National livestock identification system)—see section 37.' means that the term 'identifiable stock' is defined in that section for part 4.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

5 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

6 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Part 2 Chief veterinary officer

7 Appointment of chief veterinary officer

- (1) The director-general may appoint a public servant as the Chief Veterinary Officer.
- (2) However, the director-general must not appoint a person as chief veterinary officer unless the person is a veterinary practitioner.

Note For the making of appointments (including acting appointments), see the [Legislation Act](#), pt 19.3.

8 Delegation by chief veterinary officer

The chief veterinary officer may delegate the chief veterinary officer's functions under this Act or another territory law to—

- (a) a public servant; or
- (b) a police officer; or
- (c) an officer or employee of a State agency, if the functions of the State agency relate, directly or indirectly, to the detection, prevention and control of outbreaks of endemic and exotic animal diseases in the State; or

Note **State** also includes the Northern Territory (see [Legislation Act](#), dict, pt 1).

- (d) an employee of a Commonwealth agency, if the functions of the Commonwealth agency relate, directly or indirectly, to the detection, prevention and control of outbreaks of endemic and exotic animal diseases in the Commonwealth.

Note 1 For the making of delegations and the exercise of delegated functions, see the [Legislation Act](#), pt 19.4.

Note 2 In exercising the delegation, the delegate is subject to any conditions, limitations or directions in the instrument making or evidencing the delegation (see [Legislation Act](#), s 239).

Division 3.1 General

9 Meaning of *infected*

- (1) For this Act, an animal is *infected* with a disease if it is suffering from the disease.

Example

a veterinary practitioner reports evidence of symptoms of a disease

- (3) For this Act, premises are *infected* with a disease if there is a reasonable basis for suspecting the premises are infected with the disease.

Example

animals infected with the disease have recently been on the premises

- 2 the animal product is a product of an animal infected with the disease

- (2) However—
- (a) a declaration may not provide for a commencement date or time that would result in the declaration commencing before it is made; and
 - (b) a declaration may not commence before it is notified under the [Legislation Act](#) unless the Minister is satisfied that the circumstances are of such seriousness and urgency that its commencement before notification is necessary to prevent a disease becoming established, or spreading, in the ACT.
