About this republication

The republished law

This is a republication of the *Powers of Attorney Act 2006* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 1 September 2016. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 1 September 2016.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol [U] appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol [M] appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$150 for an individual and \$750 for a corporation (see *Legislation Act 2001*, s 133).

Chapter 1 Preliminary

1 Name of Act

This Act is the Powers of Attorney Act 2006.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition '*decision-making capacity*—see section 9 (1).' means that the term 'decision-making capacity' is defined in that subsection.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see Legislation Act, s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the Legislation Act, s 127 (1), (4) and (5) for the legal status of notes.

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code The Criminal Code, ch 2 applies to all offences against this Act (see Code, pt 2.1).
The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms

(including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct, intention, recklessness* and *strict liability*).

Note 2 Penalty units

The Legislation Act, s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Chapter 2 General overview and important concepts

6 *Principal* and *attorney*

An *attorney* is a person who is authorised under a power of attorney to make decisions and do particular other things for the person (the *principal*) who made the power of attorney.

7 What is a general power of attorney?

A *general power of attorney* is a power of attorney under this Act that operates only while the principal has decision-making capacity.

8 What is an *enduring power of attorney*?

An *enduring power of attorney* is a power of attorney under this Act that is not revoked by the principal becoming a person with impaired decision-making capacity.

Note An enduring power of attorney operates as a general power of attorney in relation to property matters while the principal has decision-making capacity (see s 31).

9

What are decision-making capacity and impaired decision-making capacity?

(1) For this Act, a person has *decision-making capacity* if the person can make decisions in relation to the person's affairs and understands the nature and effect of the decisions.

- (2) For this Act, a person has *impaired decision-making capacity* if the person cannot make decisions in relation to the person's affairs or does not understand the nature or effect of the decisions the person makes in relation to the person's affairs.
 - *Note 1* A person is not taken to have impaired decision-making capacity only because of certain attributes or behaviours (see s 91).
 - *Note 2* For the criteria to work out if a person understands the nature and effect of making an enduring power of attorney, see s 17.

Chapter 3 How to appoint an attorney

Part 3.1 What the principal needs to do

13 Appointment of attorneys

- (1) An adult (the *principal*) may, by a power of attorney, appoint 1 or more people to do anything for the principal that the principal can lawfully do by an attorney.
 - *Note 1* If a form is approved under s 96 for this provision, the form must be used.
 - *Note 2* The principal must understand the nature and effect of making the power of attorney (see s 17 and s 18).
 - *Note 3* Section 14 contains limits on this general power of appointment in relation to enduring powers of attorney.
 - *Note 4* A power to appoint a person to do something includes a power to appoint a corporation to do the thing (see Legislation Act, s 160 (1)).
- (2) By an enduring power of attorney, an adult (the *principal*) may also appoint 1 or more people to do anything in relation to 1 or more property matters, personal care matters, health care matters or medical research matters for the principal that the principal could lawfully do by an attorney if the principal had decision-making capacity for the matter when the power to do the thing is exercised.
- (3) However, an adult must not, by a power of attorney, appoint a person younger than 18 years old as an attorney.

14 Limit on s 13 power to appoint attorneys—enduring powers of attorney

- (1) Under section 13, a principal must not, in an enduring power of attorney, appoint as an attorney for a property matter—
 - (a) a corporation other than—
 - (i) the public trustee and guardian; or

- (ii) a trustee company under the *Trustee Companies* Act 1947; or
- (b) a person who is bankrupt or personally insolvent.
- (2) Under section 13, a principal must not, in an enduring power of attorney, appoint a corporation, other than the public trustee and guardian, as an attorney for a personal care matter, health care matter or medical research matter.
- (3) A person for whom a guardian or manager is appointed under the *Guardianship and Management of Property Act 1991* cannot make an enduring power of attorney unless the ACAT approves the provisions of the power.

15 Appointment of attorneys by name or position

A principal may appoint a person to act under a power of attorney by—

- (a) naming the person; or
- (b) nominating the occupant of a position (however described), at a particular time or from time to time.
- *Note* The principal may revoke a power of attorney if the principal has decision-making capacity.

16 When and how power under power of attorney exercisable

(1) A principal may state in a power of attorney when, and how, power under the power of attorney is exercisable.

Examples of when power may be exercisable

- 1 if I am outside Australia for more than 1 month
- 2 if the property at 13 Mae West Drive is sold
- 3 starting on 14 February 2007
- 4 if I do not have capacity to make a decision that needs to be made about my treatment, care or support for a mental illness

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

- *Note* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).
- (2) However, if the power of attorney does not state when the power is exercisable, the power can be exercised once the power of attorney is made.

17 Understanding nature and effect of making powers of attorney

Understanding the nature and effect of making a power of attorney includes understanding each of the following:

- (a) that the principal may, in the power of attorney, state or limit the power to be given to an attorney;
- (b) that the principal may, in the power of attorney, instruct the attorney about the exercise of the power;
- (c) when the power under the power of attorney can be exercised;
- (d) that, if the power under a power of attorney can be exercised for a matter, the attorney has the power to make decisions in relation to, and will have full control over, the matter subject to terms or information about exercising the power that are included in the power of attorney;
- (e) that the principal may revoke the power of attorney at any time the principal is capable of making the power of attorney;
- (f) for enduring powers of attorney only—
 - (i) that the power given by the principal continues even if the principal becomes a person with impaired decision-making capacity; and

Chapter 3	How to appoint an attorney
Part 3.1	What the principal needs to do

- (ii) that, at any time the principal is not capable of revoking the power of attorney, the principal cannot effectively oversee the use of the power.
- *Note* A person has decision-making capacity if the person can make decisions in relation to the person's affairs and understands the nature and effect of the decisions (see s 9 (1)).

18 Presumption that principal understands nature and effect of making power of attorney

In the absence of evidence to the contrary, a principal who makes a power of attorney is taken, for this Act, to understand the nature and effect of making the power of attorney.

page 12

Powers of Attorney Act 2006 Effective: 01/09/16-10/10/17

Part 3.2 Technical requirements

19 Formal requirements for powers of attorney

- (1) A power of attorney must be signed—
 - (a) by the principal; or
 - (b) by the direction, and in the presence, of the principal, by someone eligible to sign for the principal.

Note See s 20 for who is eligible to sign for the principal.

- (2) The power of attorney must—
 - (a) be signed and dated by 2 adult witnesses in the presence of the principal and each other; and
 - (b) contain a certificate signed by each witness in accordance with section 22.

Note Section 21 sets out who can be a witness to a power of attorney.

20 Who can sign for the principal?

A person is eligible to sign a power of attorney for the principal if the person—

- (a) is an adult; and
- (b) is not a witness for the power of attorney; and
- (c) is not an attorney for the principal.

21 Who can be a witness?

- (1) A person cannot be a witness to a power of attorney if the person is—
 - (a) a person signing the power of attorney for the principal; or
 - (b) a person appointed as attorney under the power of attorney; or
 - (c) a child.
- (2) Only 1 of the witnesses to the power of attorney can be a relative of—
 - (a) the principal; or
 - (b) a person appointed as attorney under the power of attorney.
- (3) For an enduring power of attorney, 1 witness must be a person authorised to witness the signing of a statutory declaration.

22 Certificates by witnesses to powers of attorney

- (1) If a power of attorney is signed by the principal, the power of attorney must include a certificate signed by each witness stating that—
 - (a) the principal signed the power of attorney voluntarily in the presence of the witness; and
 - (b) at the time the principal signed the power of attorney, the principal appeared to the witness to understand the nature and effect of making the power of attorney.
 - *Note* A principal must understand the matters in s 17 to understand the nature and effect of making a power of attorney. However, in the absence of evidence to the contrary, the principal is taken to understand the nature and effect of making the power of attorney (see s 18).

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

- (2) If a power of attorney is signed by a person for the principal, the power of attorney must include a certificate signed by each witness stating that—
 - (a) the principal directed the person to sign the power of attorney for the principal; and
 - (b) the principal gave the direction voluntarily in the presence of the witness; and
 - (c) the person signed the power of attorney in the presence of the principal and the witness; and
 - (d) at the time the principal gave the direction to sign the power of attorney, the principal appeared to the witness to understand the nature and effect of making the power of attorney.

23 Enduring power of attorney ineffective for attorney unless accepted

An enduring power of attorney is effective in relation to an attorney only if the attorney has accepted the appointment by signing the enduring power of attorney.

Note For what happens if 1 of multiple attorneys does not accept appointment, see section 28.

24 Powers of attorney may be made outside ACT

For this Act, it does not matter whether a power of attorney made under this Act is made in or outside the ACT.

Part 3.3 Authorisation of 2 or more attorneys

Note to pt 3.3

For provisions about multiple attorneys and revocation, see s 65 to s 68.

25

Authorisation of 2 or more attorneys under power of attorney

A principal may, under a power of attorney, authorise 2 or more attorneys in either or both of the following ways:

- (a) by authorising the attorneys to act together or separately, or in any combination;
- (b) by authorising different attorneys to act in different circumstances, on the happening of different events or in relation to different matters.

Examples

- 1 A power of attorney authorises Jo to act for the principal only if Wilhelm (another attorney) becomes a person with impaired decision-making capacity.
- 2 A power of attorney authorises Frank to act for the principal until Melissa turns 18 and becomes the attorney.
- 3 A power of attorney authorises Violet and Ian as attorneys act separately for the principal, except in relation to health care matters when they must make decisions together.
- *Note* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

26 Multiple attorneys usually joint

- (1) This section applies if—
 - (a) 2 or more attorneys are authorised under a power of attorney in relation to a matter; and
 - (b) the power of attorney does not state how they are to share a power given to them.
- (2) The attorneys are authorised to exercise the power together but not separately.

27 If multiple attorneys cannot exercise power unanimously

- (1) This section applies if—
 - (a) 2 or more attorneys are authorised under an enduring power of attorney by a principal in relation to a matter; and
 - (b) the power of attorney does not state how they are to share a power given to them; and
 - (c) the principal has impaired decision-making capacity; and
 - (d) it is impracticable or impossible for the attorneys to exercise the power unanimously.
- (2) One or more of the attorneys, or another interested person in relation to the power of attorney, may apply to the ACAT for directions or an order.
- (3) In this section:

interested person—see section 74.

28 Effect of joint attorney not accepting enduring power of attorney

- (1) This section applies if—
 - (a) an enduring power of attorney authorises 3 or more attorneys to exercise a power together but not separately; and
 - (b) the power of attorney does not require a stated number of attorneys to accept the power of attorney before the attorneys may exercise the power; and
 - (c) not all, but at least 2, of the attorneys have accepted the power of attorney.
- (2) The attorneys who have accepted the power under the enduring power of attorney may exercise the power.

Example

Alex authorises Beryl, Claude and David to act together as attorneys under an enduring power of attorney. Beryl and David accept the power of attorney, Claude does not. Beryl and David may exercise a power under the power of attorney together. Claude accepts the enduring power of attorney later. After Claude accepts, Beryl and David cannot exercise the power without Claude.

- *Note* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).
- (3) However, if the enduring power of attorney requires a stated number of attorneys to exercise a power together, the power must not be exercised unless that number of attorneys accepts the power of attorney.

Chapter 4 Operation of powers of attorney

Part 4.1 Operation of powers of attorney generally

29 Powers of attorney are deeds

- (1) A power of attorney that complies with this Act is, for all purposes, taken to be a deed, even though it is not expressed to be a deed or to be sealed.
 - *Note* A deed may be registered (see *Registration of Deeds Act 1957*) and must be registered for a dealing with land by the attorney to be registered (see *Land Titles Act 1925*, s 130).
- (2) In this section:

power of attorney includes-

- (a) an amendment of a power of attorney; and
- (b) a revocation of a power of attorney.

30 Principal may act despite giving power of attorney

To remove any doubt, the giving of a power of attorney does not affect the principal's power to do anything that the principal is otherwise legally capable of doing.

31 How does enduring power of attorney operate while principal has capacity?

- (1) This section applies to an enduring power of attorney that operates while the principal has decision-making capacity.
- (2) While the principal has decision-making capacity, the power of attorney operates as a general power of attorney in relation to property matters.

Part 4.2 Operation of enduring powers of attorney

32 Enduring power of attorney—principal's impaired decision-making capacity

- (1) An enduring power of attorney giving power in relation to a matter is not revoked by the principal becoming a person with impaired decision-making capacity, either generally or in relation to the matter.
- (2) Also, a power under an enduring power of attorney can be exercised—
 - (a) while the principal has impaired decision-making capacity; and
 - (b) whether or not a condition about when the power is to start to operate is satisfied.

Example

An enduring power of attorney appointing Jack is stated to take effect on 3 January 2007. However, the principal becomes a person with impaired decision-making capacity on 27 October 2006. Jack can exercise a power under the enduring power of attorney starting on 27 October 2006.

- *Note 1* A medical certificate can be evidence that the principal had, or did not have, impaired decision-making capacity (see s 87).
- *Note* 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

Part 4.3 Things attorneys can and cannot do

Division 4.3.1 Things attorneys can and cannot do generally

33 Others acting for attorney

(1) An attorney under a general power of attorney may authorise someone else to exercise all or any of the attorney's powers, whether or not there is express power for the authorisation.

Examples of authorisations

- 1 substitute decision-maker
- 2 delegate
- 3 sub-attorney
- *Note 1* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).
- *Note 2* If a form is approved under s 96 for this provision, the form must be used.
- (2) An enduring power of attorney does not authorise an attorney to authorise anyone else to exercise the powers of the attorney while the principal has impaired decision-making capacity.
- (3) However, if an enduring power of attorney expressly authorises an attorney to authorise someone else to exercise all or any of the attorney's powers, the attorney may, in accordance with the express authorisation, authorise someone else to exercise the attorney's powers if—
 - (a) the person could be appointed as an attorney under an enduring power of attorney; and

- (b) the person authorised is known to the principal, or was known to the principal when the principal had decision-making capacity.
- (4) To remove any doubt, a person authorised under this section to exercise an attorney's powers is taken to be the attorney for this Act.

34 Powers of attorney do not generally give authority to benefit attorneys

A power of attorney does not authorise an attorney to execute an assurance or other document, or do anything else, that would result in a benefit being given to the attorney unless the power of attorney expressly authorises the giving of a benefit of that kind to the attorney.

35 Things that cannot be lawfully done by attorneys

A principal cannot do the following by an attorney under a power of attorney:

- (a) authorise the attorney to exercise power in relation to special personal matters;
- (b) authorise the attorney to exercise power in relation to special health care matters.
- *Note* Special personal matter—see s 36. Special health care matter—see s 37.

36 Special personal matters

For this Act, each of the following is a *special personal matter* for a principal:

- (a) making or revoking the principal's will;
- (b) making or revoking a power of attorney for the principal;
- (c) exercising the principal's right to vote in a Commonwealth, Territory, State or local government election or referendum;

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

- (d) consenting to the adoption of a child of the principal who is under 18 years;
- (e) consenting to the marriage of the principal.

37 Special health care matters

- (1) For this Act, each of the following is a *special health care matter* for a principal:
 - (a) removal of non-regenerative tissue from the principal while alive for donation to someone else;
 - (b) sterilisation of the principal if the principal is, or is reasonably likely to be, fertile;
 - (c) termination of the principal's pregnancy;
 - (d) electroconvulsive therapy or psychiatric surgery;
 - (e) health care prescribed by regulation.
 - *Note Health care*—see the dictionary.
- (2) In this section:

electroconvulsive therapy—see the *Mental Health Act 2015*, section 145.

health care primarily to treat organic malfunction or disease, of a principal, means health care without which an organic malfunction or disease of the principal is likely to cause serious or irreversible damage to the principal's physical health.

Examples of health care covered by par (a)

- 1 Health care involving sterilisation may be primarily to treat organic malfunction or disease if the principal has cancer affecting the reproductive system or cryptorchidism.
- 2 A procedure involving termination of a principal's pregnancy may be primarily to treat organic malfunction if the principal requires abdominal surgery for injuries sustained in an accident.
- *Note 1 Health care primarily to treat organic malfunction or disease* is used in the definitions of *sterilisation* and *termination*.
- *Note* 2 An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).

non-regenerative tissue—see the *Transplantation and Anatomy Act 1978*, dictionary.

psychiatric surgery—see the Mental Health Act 2015, section 145.

sterilisation, of a principal—

- (a) means health care of the principal that is intended, or reasonably likely, to make the principal, or ensure the principal is, permanently infertile; but
- (b) does not include health care primarily to treat organic malfunction or disease of the principal.

Examples of sterilisation if not primarily to treat organic malfunction or disease

- 1 endometrial oblation
- 2 hysterectomy
- 3 tubal ligation
- 4 vasectomy

termination, of a principal's pregnancy, does not include health care primarily to treat organic malfunction or disease of the principal.

Division 4.3.2 Things attorneys can and cannot do under enduring powers of attorney

38 Enduring powers of attorney do not generally give authority to make gifts

An enduring power of attorney does not authorise the attorney to make a gift of all or any of the principal's property to anyone else unless the power of attorney expressly authorises the making of the gift.

39 Express general authority to make gifts in enduring powers of attorney

- (1) This section applies if an enduring power of attorney contains a general authorisation to make gifts.
- (2) A general authorisation to make gifts (however described) in an enduring power of attorney authorises the following gifts:
 - (a) a gift made to a relative or close friend of the principal for a celebration or special event;
 - (b) a gift that is a donation of a kind that—
 - (i) the principal made when the principal had decision-making capacity; or
 - (ii) the principal might reasonably be expected to make.

Examples of celebrations for par (a)

- 1 birthday
- 2 Easter
- 3 Hanukah

Examples of special events for par (a)

- 1 birth
- 2 marriage
- 3 graduation
- *Note* An example is part of the Act, is not exhaustive and may extend, but does not limit, the meaning of the provision in which it appears (see Legislation Act, s 126 and s 132).
- (3) However, the general authorisation to make gifts in an enduring power of attorney does not authorise making a gift mentioned in subsection (2) if the value of the gift is more than is reasonable to make.
- (4) In working out what is reasonable for subsection (3), and without limiting what must be considered, the principal's financial circumstances and the size of the principal's estate must be considered.
- (5) Subsection (2) does not prevent the attorney, or a charity with which the attorney has a connection, from receiving a gift under the general authorisation to make gifts.

40 Express general authority to provide for reasonable living expenses in enduring powers of attorney

- (1) This section applies if an enduring power of attorney expressly authorises the payment of reasonable living expenses (however described) for a named person.
- (2) Unless the power of attorney expressly provides otherwise, the power of attorney only authorises the payment of reasonable costs of the following in relation to the named person:
 - (a) housing;
 - (b) food;
 - (c) education;
 - (d) transportation;

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

- (e) medical care and medication.
- (3) In working out what are reasonable costs for subsection (2), and without limiting what must be considered, the principal's financial circumstances and the size of the principal's estate must be considered.

41 Powers to maintain principal's dependants—enduring powers of attorney

- (1) An attorney for a property matter under an enduring power of attorney may provide from the principal's estate for the needs of a dependant of the principal.
- (2) However, unless there is a contrary intention expressed in the enduring power of attorney, what is provided must not be more than what is reasonable considering all the circumstances and, in particular, the principal's financial circumstances.

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

- (a) the principal's wishes, as far as they can be worked out, must be given effect to, unless making the decision in accordance with the wishes is likely to significantly adversely affect the principal's interests;
- (b) if giving effect to the principal's wishes is likely to significantly adversely affect the principal's interests—the attorney must give effect to the principal's wishes as far as possible without significantly adversely affecting the principal's interests;
- (c) if the principal's wishes cannot be given effect to at all—the principal's interests must be promoted;
- (d) the principal's life (including the principal's lifestyle) must be interfered with to the smallest extent necessary;

- (4) Before making a decision, the attorney must consult with each of the principal's carers.
- (5) However, the attorney must not consult with a carer if the consultation would, in the attorney's opinion, adversely affect the principal's interests.
- (6) Subsection (5) does not limit the consultation that the attorney may carry out.

(7) In this section:

carer—see the *Guardianship* and *Management* of *Property Act* 1991, section 6.

41C Attorney may consent to principal's participation in low-risk research

- (2) An attorney authorised under the medical research power of attorney may consent to the principal participating in low-risk research only if the research is approved.
 - *Note* If a principal has made a health direction under the *Medical Treatment* (*Health Directions*) *Act 2006*, when making a decision under this section, the attorney must comply with—
 - (a) if the health direction is consistent with the power of attorney—the health direction; and
 - (b) if the health direction is inconsistent with the power of attorney the document that was made most recently (see *Medical Treatment (Health Directions) Act 2006*, s 19).
- (3) If an attorney makes an application, the ACAT must give an opinion or advice to assist the attorney to decide whether to give consent under subsection (2).

41D Attorney may consent to principal's participation in medical research

- (1) This section applies in relation to a medical research power of attorney if the principal has impaired decision-making capacity.
- (2) An attorney authorised under a medical research power of attorney for a principal may consent to the principal participating in medical research only if—
 - (a) the research is approved; and

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

 - *Note* An independent doctor must assess the likelihood of a principal regaining decision–making capacity within the time mentioned (see s 41F).
- (c) the attorney is satisfied on reasonable grounds that—
 - (i) the research relates to the diagnosis, maintenance or treatment of a condition that the principal has or has had or to which the principal has a significant risk of being exposed; and
 - (ii) the research may result in benefit to the principal or others with the condition; and
 - (iii) the potential benefit to the principal, or others with the condition, of participating in the research outweighs any potential risk or inconvenience to the principal, or any potential adverse impact on the principal's quality of life; and
 - (iv) participating in the research will not unduly interfere with the principal's privacy.
- *Note* If a principal has made a health direction under the *Medical Treatment* (*Health Directions*) *Act 2006*, when making a decision under this section, the attorney must comply with—
 - (a) if the health direction is consistent with the power of attorney—the health direction; and

- (2) To remove any doubt, subsection (1) (a) does not apply to any personal benefit to the attorney because of an improvement in the principal's health as a result of participating in the research.

41F Assessment of likelihood of principal regaining decision-making capacity

- (1) The likelihood of a principal regaining decision-making capacity within the period mentioned in section 41D (2) (b) must be assessed by an independent doctor, taking into account—

R13 01/09/16

Authorised by the ACT Parliamentary Counsel-also accessible at www.legislation.act.gov.au

- Note 1 An independent doctor must always give a statement under s (2), regardless of whether the ACAT has made a declaration about the decision-making capacity of a principal for an enduring power of attorney under the *Guardianship and Management of Property* Act 1991, s 65.
- *Note 2* In a proceeding, a certificate by an independent doctor under s (2) stating whether the principal is likely to regain decision-making capacity within the required period is evidence of that fact (see s 87).
- (3) In this section:

independent doctor, in relation to medical research, means a doctor who is not involved in, nor connected to, the research, other than a professional interest in the area of the research.

41G Interested person may apply to ACAT for review of attorney's decision

- (1) An interested person for a principal may apply to the ACAT for review of the decision of the attorney to consent, or refuse to consent, to the principal participating in low-risk research under section 41C or medical research under section 41D.

 - (b) either—
 - (i) the interests of the attorney, or a relative, business associate or close friend of the attorney; or
 - (ii) another duty of the attorney.

 - (a) deals with an interest in property jointly held; or
 - (b) acquires a joint interest in property; or
 - (c) obtains a loan or gives a guarantee or indemnity in relation to a transaction mentioned in paragraph (a) or (b).

 - (c) a court or the ACAT makes an order in relation to a power of attorney that affects the appointment of a person (the *relevant person*) under the power of attorney.
- (2) The relevant person must give notice of the event to—
 - (a) any other attorney or person authorised under the power of attorney to exercise the relevant person's powers as attorney; and
 - (b) if the event is the making of a court order or ACAT order in relation to the power of attorney that affects the relevant person's authorisation under the power of attorney—each person dealing with the relevant person as an attorney.
 - *Note* An attorney under a general power of attorney may authorise someone to exercise the attorney's powers (see s 33).
- (3) However, the relevant person need not give notice under subsection (2) to a person (the *informed person*) about an event if the relevant person believes, on reasonable grounds, that the informed person already knows about the event.

 - (ii) were to give serious consideration to the principal's own health and wellbeing.

46A Restrictions on consent by attorney to mental health treatment, care or support

- (1) An attorney under an enduring power of attorney may consent to treatment for mental illness (other than electroconvulsive therapy or psychiatric surgery) only if the principal—
