A2006-50

Republication No 15

Effective: 14 May 2020 – 25 February 2021

Republication date: 14 May 2020

Last amendment made by [A2020-14](#)

About this republication

The republished law

This is a republication of the *Powers of Attorney Act 2006* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 14 May 2020. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 14 May 2020.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see *Legislation Act 2001*, s 133).

Powers of Attorney Act 2006

An Act about powers of attorney, and for other purposes

Chapter 1 Preliminary

1 Name of Act

This Act is the *Powers of Attorney Act 2006*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition ‘*decision-making capacity*—see section 9 (1).’ means that the term ‘decision-making capacity’ is defined in that subsection.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

Chapter 2 General overview and important concepts

6 ***Principal and attorney***

An *attorney* is a person who is authorised under a power of attorney to make decisions and do particular other things for the person (the *principal*) who made the power of attorney.

7 **What is a *general power of attorney*?**

A *general power of attorney* is a power of attorney under this Act that operates only while the principal has decision-making capacity.

8 **What is an *enduring power of attorney*?**

An *enduring power of attorney* is a power of attorney under this Act that is not revoked by the principal becoming a person with impaired decision-making capacity.

Note An enduring power of attorney operates as a general power of attorney in relation to property matters while the principal has decision-making capacity (see s 31).

9 **What are *decision-making capacity* and *impaired decision-making capacity*?**

- (1) For this Act, a person has *decision-making capacity* if the person can make decisions in relation to the person's affairs and understands the nature and effect of the decisions.

- (2) For this Act, a person has *impaired decision-making capacity* if the person cannot make decisions in relation to the person's affairs or does not understand the nature or effect of the decisions the person makes in relation to the person's affairs.

Note 1 A person is not taken to have impaired decision-making capacity only because of certain attributes or behaviours (see s 91).

Note 2 For the criteria to work out if a person understands the nature and effect of making an enduring power of attorney, see s 17.

10 Meaning of *property matter*

In this Act:

property matter, for a principal, means a matter relating to the principal's property.

Examples of property matters a power of attorney may deal with

Examples of personal care matters a power of attorney may deal with

- 4 what education or training the principal gets
- 5 whether the principal applies for a licence or permit

12 Meaning of *health care matter*

In this Act:

health care matter, for a principal, means a matter, other than a special health care matter or medical research matter, relating to the principal's health care.

Note **Special health care matter**—see s 37.

12A Meaning of *medical research matter*

- (1) In this Act:

medical research matter, for a principal, means a matter relating to the principal's participation in—

- (a) medical research; or
- (b) low-risk research.

Note The power given to an attorney under an enduring power of attorney in relation to medical research matters must be exercised in accordance with pt 4.3A (Medical research matters).

- (2) In this section:

low-risk research, in relation to a person—see section 41A.

medical research, in relation to a person—see section 41A.

Chapter 3 How to appoint an attorney

Part 3.1 What the principal needs to do

13 Appointment of attorneys

- (1) An adult (the *principal*) may, by a power of attorney, appoint 1 or more people to do anything for the principal that the principal can lawfully do by an attorney.

Note 1 If a form is approved under s 96 for this provision, the form must be used.

Note 2 The principal must understand the nature and effect of making the power of attorney (see s 17 and s 18).

Note 3 Section 14 contains limits on this general power of appointment in relation to enduring powers of attorney.

Note 4 A power to appoint a person to do something includes a power to appoint a corporation to do the thing (see [Legislation Act](#), s 160 (1)).

- (2) By an enduring power of attorney, an adult (the *principal*) may also appoint 1 or more people to do anything in relation to 1 or more property matters, personal care matters, health care matters or medical research matters for the principal that the principal could lawfully do by an attorney if the principal had decision-making capacity for the matter when the power to do the thing is exercised.
- (3) However, an adult must not, by a power of attorney, appoint a person younger than 18 years old as an attorney.

14 Limit on s 13 power to appoint attorneys—enduring powers of attorney

- (1) Under section 13, a principal must not, in an enduring power of attorney, appoint as an attorney for a property matter—

(a) a corporation other than—

(i) the public trustee and guardian; or

- (ii) a trustee company under the *Trustee Companies Act 1947*;
or
 - (b) a person who is bankrupt or personally insolvent.
- (2) Under section 13, a principal must not, in an enduring power of attorney, appoint a corporation, other than the public trustee and guardian, as an attorney for a personal care matter, health care matter or medical research matter.
- (3) A person for whom a guardian or manager is appointed under the *Guardianship and Management of Property Act 1991* cannot make an enduring power of attorney unless the ACAT approves the provisions of the power.

15 Appointment of attorneys by name or position

A principal may appoint a person to act under a power of attorney by—

- (a) naming the person; or
- (b) nominating the occupant of a position (however described), at a particular time or from time to time.

Note The principal may revoke a power of attorney if the principal has decision-making capacity.

16 When and how power under power of attorney exercisable

- (1) A principal may state in a power of attorney when, and how, power under the power of attorney is exercisable.

Examples of when power may be exercisable

- 1 if I am outside Australia for more than 1 month
- 2 if the property at 13 Mae West Drive is sold
- 3 starting on 14 February 2007
- 4 if I do not have capacity to make a decision that needs to be made about my treatment, care or support for a mental illness

- (2) However, if the power of attorney does not state when the power is exercisable, the power can be exercised once the power of attorney is made.

17 Understanding nature and effect of making powers of attorney

Understanding the nature and effect of making a power of attorney includes understanding each of the following:

- (a) that the principal may, in the power of attorney, state or limit the power to be given to an attorney;
- (b) that the principal may, in the power of attorney, instruct the attorney about the exercise of the power;
- (c) when the power under the power of attorney can be exercised;
- (d) that, if the power under a power of attorney can be exercised for a matter, the attorney has the power to make decisions in relation to, and will have full control over, the matter subject to terms or information about exercising the power that are included in the power of attorney;
- (e) that the principal may revoke the power of attorney at any time the principal is capable of making the power of attorney;
- (f) for enduring powers of attorney only—
 - (i) that the power given by the principal continues even if the principal becomes a person with impaired decision-making capacity; and
 - (ii) that, at any time the principal is not capable of revoking the power of attorney, the principal cannot effectively oversee the use of the power.

Note A person has decision-making capacity if the person can make decisions in relation to the person's affairs and understands the nature and effect of the decisions (see s 9 (1)).

**18 Presumption that principal understands nature and effect
of making power of attorney**

In the absence of evidence to the contrary, a principal who makes a power of attorney is taken, for this Act, to understand the nature and effect of making the power of attorney.

Part 3.2 Technical requirements

19 Formal requirements for powers of attorney

- (1) A power of attorney must be signed—
 - (a) by the principal; or
 - (b) by the direction, and in the presence, of the principal, by someone eligible to sign for the principal.

Note See s 20 for who is eligible to sign for the principal.

- (2) The power of attorney must—
 - (a) be signed and dated by 2 adult witnesses in the presence of the principal and each other; and
 - (b) contain a certificate signed by each witness in accordance with section 22.

Note Section 21 sets out who can be a witness to a power of attorney.

20 Who can sign for the principal?

A person is eligible to sign a power of attorney for the principal if the person—

- (a) is an adult; and
- (b) is not a witness for the power of attorney; and
- (c) is not an attorney for the principal.

21 Who can be a witness?

- (1) A person cannot be a witness to a power of attorney if the person is—
 - (a) a person signing the power of attorney for the principal; or
 - (b) a person appointed as attorney under the power of attorney; or
 - (c) a child.

- (2) Only 1 of the witnesses to the power of attorney can be a relative of—
 - (a) the principal; or
 - (b) a person appointed as attorney under the power of attorney.
- (3) For an enduring power of attorney, 1 witness must be a person authorised to witness the signing of a statutory declaration.

22 Certificates by witnesses to powers of attorney

- (1) If a power of attorney is signed by the principal, the power of attorney must include a certificate signed by each witness stating that—
 - (a) the principal signed the power of attorney voluntarily in the presence of the witness; and
 - (b) at the time the principal signed the power of attorney, the principal appeared to the witness to understand the nature and effect of making the power of attorney.

Note A principal must understand the matters in s 17 to understand the nature and effect of making a power of attorney. However, in the absence of evidence to the contrary, the principal is taken to understand the nature and effect of making the power of attorney (see s 18).

- (2) If a power of attorney is signed by a person for the principal, the power of attorney must include a certificate signed by each witness stating that—
 - (a) the principal directed the person to sign the power of attorney for the principal; and
 - (b) the principal gave the direction voluntarily in the presence of the witness; and
 - (c) the person signed the power of attorney in the presence of the principal and the witness; and
 - (d) at the time the principal gave the direction to sign the power of attorney, the principal appeared to the witness to understand the nature and effect of making the power of attorney.

23 Enduring power of attorney ineffective for attorney unless accepted

An enduring power of attorney is effective in relation to an attorney only if the attorney has accepted the appointment by signing the enduring power of attorney.

Note For what happens if 1 of multiple attorneys does not accept appointment, see section 28.

24 Powers of attorney may be made outside ACT

For this Act, it does not matter whether a power of attorney made under this Act is made in or outside the ACT.

Part 3.3 Authorisation of 2 or more attorneys

Note to pt 3.3

For provisions about multiple attorneys and revocation, see s 65 to s 68.

25 Authorisation of 2 or more attorneys under power of attorney

A principal may, under a power of attorney, authorise 2 or more attorneys in either or both of the following ways:

- (a) by authorising the attorneys to act together or separately, or in any combination;
- (b) by authorising different attorneys to act in different circumstances, on the happening of different events or in relation to different matters.

Examples

- 1 A power of attorney authorises Jo to act for the principal only if Wilhelm (another attorney) becomes a person with impaired decision-making capacity.
- 2 A power of attorney authorises Frank to act for the principal until Melissa turns 18 and becomes the attorney.
- 3 A power of attorney authorises Violet and Ian as attorneys act separately for the principal, except in relation to health care matters when they must make decisions together.

26 Multiple attorneys usually joint

- (1) This section applies if—
 - (a) 2 or more attorneys are authorised under a power of attorney in relation to a matter; and
 - (b) the power of attorney does not state how they are to share a power given to them.
- (2) The attorneys are authorised to exercise the power together but not separately.

27 If multiple attorneys cannot exercise power unanimously

- (1) This section applies if—
 - (a) 2 or more attorneys are authorised under an enduring power of attorney by a principal in relation to a matter; and
 - (b) the power of attorney does not state how they are to share a power given to them; and
 - (c) the principal has impaired decision-making capacity; and
 - (d) it is impracticable or impossible for the attorneys to exercise the power unanimously.
- (2) One or more of the attorneys, or another interested person in relation to the power of attorney, may apply to the ACAT for directions or an order.
- (3) In this section:
interested person—see section 74.

28 Effect of joint attorney not accepting enduring power of attorney

- (1) This section applies if—
 - (a) an enduring power of attorney authorises 3 or more attorneys to exercise a power together but not separately; and
 - (b) the power of attorney does not require a stated number of attorneys to accept the power of attorney before the attorneys may exercise the power; and
 - (c) not all, but at least 2, of the attorneys have accepted the power of attorney.

- (2) The attorneys who have accepted the power under the enduring power of attorney may exercise the power.

Example

Alex authorises Beryl, Claude and David to act together as attorneys under an enduring power of attorney. Beryl and David accept the power of attorney, Claude does not. Beryl and David may exercise a power under the power of attorney together. Claude accepts the enduring power of attorney later. After Claude accepts, Beryl and David cannot exercise the power without Claude.

- (3) However, if the enduring power of attorney requires a stated number of attorneys to exercise a power together, the power must not be exercised unless that number of attorneys accepts the power of attorney.

Chapter 4 Operation of powers of attorney

Part 4.1 Operation of powers of attorney generally

29 Powers of attorney are deeds

- (1) A power of attorney that complies with this Act is, for all purposes, taken to be a deed, even though it is not expressed to be a deed or to be sealed.

Note A deed may be registered (see [Registration of Deeds Act 1957](#)) and must be registered for a dealing with land by the attorney to be registered (see [Land Titles Act 1925](#), s 130).

- (2) In this section:

power of attorney includes—

- (a) an amendment of a power of attorney; and
- (b) a revocation of a power of attorney.

30 Principal may act despite giving power of attorney

To remove any doubt, the giving of a power of attorney does not affect the principal's power to do anything that the principal is otherwise legally capable of doing.

31 How does enduring power of attorney operate while principal has capacity?

- (1) This section applies to an enduring power of attorney that operates while the principal has decision-making capacity.
- (2) While the principal has decision-making capacity, the power of attorney operates as a general power of attorney in relation to property matters.

Part 4.2 Operation of enduring powers of attorney

32 Enduring power of attorney—principal's impaired decision-making capacity

- (1) An enduring power of attorney giving power in relation to a matter is not revoked by the principal becoming a person with impaired decision-making capacity, either generally or in relation to the matter.
- (2) Also, a power under an enduring power of attorney can be exercised—
 - (a) while the principal has impaired decision-making capacity; and
 - (b) whether or not a condition about when the power is to start to operate is satisfied.

Example

An enduring power of attorney appointing Jack is stated to take effect on 3 January 2007. However, the principal becomes a person with impaired decision-making capacity on 27 October 2006. Jack can exercise a power under the enduring power of attorney starting on 27 October 2006.

Note A medical certificate can be evidence that the principal had, or did not have, impaired decision-making capacity (see s 87).

Part 4.3 Things attorneys can and cannot do

Division 4.3.1 Things attorneys can and cannot do generally

33 Others acting for attorney

- (1) An attorney under a general power of attorney may authorise someone else to exercise 1 or more of the attorney's powers, whether or not there is express power for the authorisation.

Examples of authorisations

- 1 substitute decision-maker
- 2 delegate
- 3 sub-attorney

Note If a form is approved under s 96 for this provision, the form must be used.

- (2) An enduring power of attorney does not authorise an attorney to authorise anyone else to exercise the powers of the attorney while the principal has impaired decision-making capacity.
- (3) However, if an enduring power of attorney expressly authorises an attorney to authorise someone else to exercise 1 or more of the attorney's powers, the attorney may, in accordance with the express authorisation, authorise someone else to exercise the attorney's powers if—
- (a) the person could be appointed as an attorney under an enduring power of attorney; and
 - (b) the person authorised is known to the principal, or was known to the principal when the principal had decision-making capacity.
- (4) To remove any doubt, a person authorised under this section to exercise an attorney's powers is taken to be the attorney for this Act.

34 Powers of attorney do not generally give authority to benefit attorneys

A power of attorney does not authorise an attorney to execute an assurance or other document, or do anything else, that would result in a benefit being given to the attorney unless the power of attorney expressly authorises the giving of a benefit of that kind to the attorney.

35 Things that cannot be lawfully done by attorneys

A principal cannot do the following by an attorney under a power of attorney:

- (a) authorise the attorney to exercise power in relation to special personal matters;
- (b) authorise the attorney to exercise power in relation to special health care matters.

Note *Special personal matter*—see s 36. *Special health care matter*—see s 37.

36 Special personal matters

- (1) For this Act, each of the following is a *special personal matter* for a principal:
 - (a) making or revoking the principal's will;
 - (b) making or revoking a power of attorney for the principal;
 - (c) exercising the principal's right to vote in a Commonwealth, Territory, State or local government election or referendum;
 - (d) consenting to the adoption of a child of the principal who is under 18 years;
 - (e) consenting to the marriage of the principal.

- (2) In this section:

 - (b) sterilisation of the principal if the principal is, or is reasonably likely to be, fertile;
 - (c) termination of the principal's pregnancy;
 - (d) electroconvulsive therapy or psychiatric surgery;
 - (e) health care prescribed by regulation.

Note **Health care**—see the dictionary.

- (2) In this section:
electroconvulsive therapy—see the [Mental Health Act 2015](#), section 145.

health care primarily to treat organic malfunction or disease, of a principal, means health care without which an organic malfunction or disease of the principal is likely to cause serious or irreversible damage to the principal's physical health.

Examples of health care covered by par (a)

- 1 Health care involving sterilisation may be primarily to treat organic malfunction or disease if the principal has cancer affecting the reproductive system or cryptorchidism.
- 2 A procedure involving termination of a principal's pregnancy may be primarily to treat organic malfunction if the principal requires abdominal surgery for injuries sustained in an accident.

Note **Health care primarily to treat organic malfunction or disease** is used in the definitions of *sterilisation* and *termination*.

non-regenerative tissue—see the *Transplantation and Anatomy Act 1978*, dictionary.

psychiatric surgery—see the *Mental Health Act 2015*, section 145.

sterilisation, of a principal—

- (a) means health care of the principal that is intended, or reasonably likely, to make the principal, or ensure the principal is, permanently infertile; but
- (b) does not include health care primarily to treat organic malfunction or disease of the principal.

Examples of sterilisation if not primarily to treat organic malfunction or disease

- 1 endometrial ablation
- 2 hysterectomy
- 3 tubal ligation
- 4 vasectomy

termination, of a principal's pregnancy, does not include health care primarily to treat organic malfunction or disease of the principal.

Division 4.3.2 Things attorneys can and cannot do under enduring powers of attorney

38 Enduring powers of attorney do not generally give authority to make gifts

An enduring power of attorney does not authorise the attorney to make a gift of all or any of the principal's property to anyone else unless the power of attorney expressly authorises the making of the gift.

39 Express general authority to make gifts in enduring powers of attorney

- (1) This section applies if an enduring power of attorney contains a general authorisation to make gifts.
- (2) A general authorisation to make gifts (however described) in an enduring power of attorney authorises the following gifts:
 - (a) a gift made to a relative or close friend of the principal for a celebration or special event;
 - (b) a gift that is a donation of a kind that—
 - (i) the principal made when the principal had decision-making capacity; or
 - (ii) the principal might reasonably be expected to make.

Examples of celebrations for par (a)

- 1 birthday
- 2 Easter
- 3 Hanukah

Examples of special events for par (a)

- 1 birth
- 2 marriage
- 3 graduation

- (3) However, the general authorisation to make gifts in an enduring power of attorney does not authorise making a gift mentioned in subsection (2) if the value of the gift is more than is reasonable to make.
- (4) In working out what is reasonable for subsection (3), and without limiting what must be considered, the principal's financial circumstances and the size of the principal's estate must be considered.

- (5) Subsection (2) does not prevent the attorney, or a charity with which the attorney has a connection, from receiving a gift under the general authorisation to make gifts.

40 Express general authority to provide for reasonable living expenses in enduring powers of attorney

- (1) This section applies if an enduring power of attorney expressly authorises the payment of reasonable living expenses (however described) for a named person.
- (2) Unless the power of attorney expressly provides otherwise, the power of attorney only authorises the payment of reasonable costs of the following in relation to the named person:
- (a) housing;
 - (b) food;
 - (c) education;
 - (d) transportation;
 - (e) medical care and medication.
- (3) In working out what are reasonable costs for subsection (2), and without limiting what must be considered, the principal's financial circumstances and the size of the principal's estate must be considered.

41 Powers to maintain principal’s dependants—enduring powers of attorney

- (1) An attorney for a property matter under an enduring power of attorney may provide from the principal’s estate for the needs of a dependant of the principal.
- (2) However, unless there is a contrary intention expressed in the enduring power of attorney, what is provided must not be more than what is reasonable considering all the circumstances and, in particular, the principal’s financial circumstances.

41B Attorney must follow decision-making principles

- (1) This section applies in relation to a medical research power of attorney if the principal has impaired decision-making capacity.
- (2) An attorney authorised under a medical research power of attorney for a principal who is asked to consent to the principal participating in medical research or low-risk research must exercise the power in accordance with the following principles (the *decision-making principles*):
 - (a) the principal's wishes, as far as they can be worked out, must be given effect to, unless making the decision in accordance with the wishes is likely to significantly adversely affect the principal's interests;
 - (b) if giving effect to the principal's wishes is likely to significantly adversely affect the principal's interests—the attorney must give effect to the principal's wishes as far as possible without significantly adversely affecting the principal's interests;
 - (c) if the principal's wishes cannot be given effect to at all—the principal's interests must be promoted;
 - (d) the principal's life (including the principal's lifestyle) must be interfered with to the smallest extent necessary;
 - (e) the principal must be encouraged to look after themselves as far as possible;
 - (f) the principal must be encouraged to live in the general community, and take part in community activities, as far as possible.
- (3) If the principal was participating in medical research or low-risk research before the principal became a person with impaired decision-making capacity, it is presumed the principal's wishes include to continue participating in the medical research or low-risk research.

- (4) Before making a decision, the attorney must consult with each of the principal's carers.
- (5) However, the attorney must not consult with a carer if the consultation would, in the attorney's opinion, adversely affect the principal's interests.
- (6) Subsection (5) does not limit the consultation that the attorney may carry out.
- (7) In this section:
carer—see the *Guardianship and Management of Property Act 1991*, section 6.

41C Attorney may consent to principal's participation in low-risk research

- (1) This section applies in relation to a medical research power of attorney if the principal has impaired decision-making capacity.
- (2) An attorney authorised under the medical research power of attorney may consent to the principal participating in low-risk research only if the research is approved.

Note If a principal has made a health direction under the *Medical Treatment (Health Directions) Act 2006*, when making a decision under this section, the attorney must comply with—

- (a) if the health direction is consistent with the power of attorney—the health direction; and
 - (b) if the health direction is inconsistent with the power of attorney—the document that was made most recently (see *Medical Treatment (Health Directions) Act 2006*, s 19).
- (3) If an attorney makes an application, the ACAT must give an opinion or advice to assist the attorney to decide whether to give consent under subsection (2).

41D Attorney may consent to principal's participation in medical research

- (1) This section applies in relation to a medical research power of attorney if the principal has impaired decision-making capacity.
- (2) An attorney authorised under a medical research power of attorney for a principal may consent to the principal participating in medical research only if—
 - (a) the research is approved; and
 - (b) the principal is not likely to regain decision-making capacity before the latest time that the principal may meaningfully participate in the research; and

Note An independent doctor must assess the likelihood of a principal regaining decision-making capacity within the time mentioned (see s 41F).

- (c) the attorney is satisfied on reasonable grounds that—
 - (i) the research relates to the diagnosis, maintenance or treatment of a condition that the principal has or has had or to which the principal has a significant risk of being exposed; and
 - (ii) the research may result in benefit to the principal or others with the condition; and
 - (iii) the potential benefit to the principal, or others with the condition, of participating in the research outweighs any potential risk or inconvenience to the principal, or any potential adverse impact on the principal's quality of life; and

- (iv) participating in the research will not unduly interfere with the principal's privacy.

Note If a principal has made a health direction under the *Medical Treatment (Health Directions) Act 2006*, when making a decision under this section, the attorney must comply with—

- (a) if the health direction is consistent with the power of attorney—the health direction; and
 - (b) if the health direction is inconsistent with the power of attorney—the document that was made most recently (see *Medical Treatment (Health Directions) Act 2006*, s 19).
- (3) If an attorney makes an application, the ACAT must give an opinion or advice to assist the attorney to decide whether to give consent under subsection (2).

41E Attorney must not benefit etc from attorney's decision

- (1) An attorney must not—
 - (a) accept a fee or other benefit for consenting, or refusing to consent, to a principal participating in low-risk research under section 41C or medical research under section 41D; and
 - (b) be involved in, or connected to, the research.
- (2) To remove any doubt, subsection (1) (a) does not apply to any personal benefit to the attorney because of an improvement in the principal's health as a result of participating in the research.

41F Assessment of likelihood of principal regaining decision-making capacity

- (1) The likelihood of a principal regaining decision-making capacity within the period mentioned in section 41D (2) (b) must be assessed by an independent doctor, taking into account—
 - (a) the principal's medical, mental and physical condition; and
 - (b) the severity of the principal's condition and the prognosis for the principal; and

- (c) the current stage of treatment and care required for the principal;
and
 - (d) any other circumstances relevant to the principal; and
 - (e) the nature of the medical research, including the type of treatment or care provided by the research and the timeframe for the research.
- (2) The independent doctor must state, in writing, the doctor's belief whether the principal is likely to regain decision-making capacity within the period mentioned in subsection (1), and the reasons for the belief.

Note 1 An independent doctor must always give a statement under s (2), regardless of whether the ACAT has made a declaration about the decision-making capacity of a principal for an enduring power of attorney under the *Guardianship and Management of Property Act 1991*, s 65.

Note 2 In a proceeding, a certificate by an independent doctor under s (2) stating whether the principal is likely to regain decision-making capacity within the required period is evidence of that fact (see s 87).

- (3) In this section:

independent doctor, in relation to medical research, means a doctor who is not involved in, nor connected to, the research, other than a professional interest in the area of the research.

41G Interested person may apply to ACAT for review of attorney's decision

- (1) An interested person for a principal may apply to the ACAT for review of the decision of the attorney to consent, or refuse to consent, to the principal participating in low-risk research under section 41C or medical research under section 41D.
- (2) In this section:
- interested person*, for a principal—see section 74.

Part 4.4 Obligations of attorneys and others

Division 4.4.1 Obligations of all attorneys

42 Conflict transactions

- (1) For this section, a *conflict transaction* is a transaction that results, or may result, in conflict between—
 - (a) the duty of an attorney towards the principal; and
 - (b) either—
 - (i) the interests of the attorney, or a relative, business associate or close friend of the attorney; or
 - (ii) another duty of the attorney.
- (2) However, a transaction is not a *conflict transaction* only because, by the transaction, the attorney in the attorney's own right and on behalf of the principal—
 - (a) deals with an interest in property jointly held; or
 - (b) acquires a joint interest in property; or
 - (c) obtains a loan or gives a guarantee or indemnity in relation to a transaction mentioned in paragraph (a) or (b).
- (3) An attorney may enter into a conflict transaction only if the principal authorises the transaction, conflict transactions of that kind or conflict transactions generally, in the power of attorney.
- (4) In this section:
joint interest includes an interest as a joint tenant or tenant in common.

43 Obligation of attorneys to keep interested people informed

- (1) This section applies if any of the following events happen:
 - (a) a person (the *relevant person*) resigns the person's appointment as attorney under a power of attorney;
 - (b) the appointment of a person (the *relevant person*) as an attorney under a power of attorney is revoked;
 - (c) a court or the ACAT makes an order in relation to a power of attorney that affects the appointment of a person (the *relevant person*) under the power of attorney.
- (2) The relevant person must give notice of the event to—
 - (a) any other attorney or person authorised under the power of attorney to exercise the relevant person's powers as attorney; and
 - (b) if the event is the making of a court order or ACAT order in relation to the power of attorney that affects the relevant person's authorisation under the power of attorney—each person dealing with the relevant person as an attorney.

Note 1 An attorney under a general power of attorney may authorise someone to exercise the attorney's powers (see s 33).

Note 2 For how documents may be given, see the [Legislation Act](#), pt 19.5.
- (3) However, the relevant person need not give notice under subsection (2) to a person (the *informed person*) about an event if the relevant person believes, on reasonable grounds, that the informed person already knows about the event.

Division 4.4.2 Obligations of attorneys under enduring power of attorney—principal with impaired decision-making capacity

44 Principles for attorneys under enduring powers of attorney

The principles (the *general principles*) set out in schedule 1 must be complied with to the maximum extent possible by a person who exercises the functions of an attorney under an enduring power of attorney in relation to a principal with impaired decision-making capacity.

46 Conditions on exercise of power in relation to medical treatment—enduring powers of attorney

- (1) This section applies in relation to an enduring power of attorney if the principal has impaired decision-making capacity.

 - (i) the nature of the principal’s illness; and
 - (ii) any alternative forms of treatment available to the principal; and
 - (iii) the consequences to the principal of remaining untreated; and

- (b) the attorney believes, on reasonable grounds, that the principal would ask for the medical treatment to be withheld or withdrawn if the principal—
 - (i) could make a rational judgment; and
 - (ii) were to give serious consideration to the principal's own health and wellbeing.

46A Restrictions on consent by attorney to mental health treatment, care or support

- (1) An attorney under an enduring power of attorney may consent to treatment for mental illness (other than electroconvulsive therapy or psychiatric surgery) only if the principal—
 - (a) does not have decision-making capacity; and
 - (b) does not have an advance consent direction under the *Mental Health Act 2015* authorising the treatment; and
 - (c) expresses willingness to receive the treatment.
- (2) A consent must be in writing.

Note If a form is approved under s 96 for this provision, the form must be used.
- (3) A consent must be for a stated period, of not longer than 6 months, but can be renewed (and further renewed) for another stated period of not longer than 6 months.
- (4) In considering the stated period necessary for a consent to treatment, a health professional who is giving the treatment must take into account—
 - (a) whether, and when, the principal is likely to regain decision-making capacity; and
 - (b) the likely duration of the treatment required; and
 - (c) the content of any advance consent direction in force for the principal.

- (5) The health professional must tell the ACAT and the public advocate in writing about a consent, including the stated period.

Note 1 If a form is approved under s 96 for this provision, the form must be used.

Note 2 For how documents may be given, see the [Legislation Act](#), pt 19.5.

- (8) A consent ends before the end of its stated period if—

- (a) the ACAT directs that the consent be withdrawn; or
- (b) subsection (1) (a), (b) or (c) no longer apply to the principal.

Note The chief psychiatrist or another relevant person may apply for a mental health order in relation to the principal (see [Mental Health Act 2015](#), s 51).

Division 4.4.3 Obligations in relation to health care

49 Obligations on health care facilities in relation to powers of attorney

The person in charge of a health care facility must take all reasonable steps to ensure that—

- (a) each person receiving care at the facility is asked whether the person has an enduring power of attorney for personal care matters, health care matters or medical research matters; and
- (b) if a person has a power of attorney of that kind—a copy of the power of attorney is kept with the person's records; and
- (c) a process is in place to periodically check the currency of powers of attorney kept.

Part 4.5 If attorneys do not comply with Act

50 Compensation for failure to comply with Act

- (1) An attorney under a power of attorney may be ordered by the Supreme Court to compensate the principal (or, if the principal has died, the principal's estate) for a loss caused by the attorney's failure to comply with this Act in the exercise of a power.

Note Under s 52, the attorney may be relieved from liability.

- (2) Subsection (1) applies whether or not the attorney is convicted of an offence in relation to the attorney's failure.

- (3) If the attorney is an attorney under an enduring power of attorney, in deciding whether the attorney should be relieved of liability, the court must consider the extent to which the attorney has acted consistently with the general principles.

Chapter 5 Ending powers of attorney

Note An enduring power of attorney, or part of the power, may also be revoked by the ACAT.

53 Resignation of attorney's appointment under power of attorney

- (1) An attorney may resign the attorney's appointment under a power of attorney by written notice of resignation given to the principal.
- (2) However, if a principal has impaired decision-making capacity for a matter, an attorney under an enduring power of attorney may only resign as attorney for the matter with the leave of the ACAT.

Note The ACAT may appoint a guardian for the principal (see [Guardianship and Management of Property Act 1991](#), s 7).

- (3) To remove any doubt, a power of attorney is revoked in relation to an attorney if the attorney resigns the attorney's appointment in accordance with this section.

54 No irrevocable powers of attorney

A power of attorney may be revoked under this Act, whether or not the power states otherwise.

55 Advice of revocation of power of attorney

If a principal revokes a power of attorney, the principal must take reasonable steps to tell all attorneys affected by the revocation.

56 Revocation of power of attorney according to its terms

If a power of attorney ceases to have effect according to its terms, the power of attorney is revoked.

Examples

- 1 If a general power of attorney is expressed to operate from 1 January 2006 to 25 January 2006, it is revoked at the end of that period.
- 2 If a general power of attorney is expressed to operate for the sale of a house, it is revoked once the sale is complete.

57 Principal's impaired decision-making capacity—general power of attorney

If the principal for a general power of attorney becomes a person with impaired decision-making capacity, the power of attorney is revoked.

Note A person must not be taken to have impaired decision-making capacity only because of certain attributes or behaviours (see s 91).

58 Enduring power of attorney sometimes revoked by marriage, civil union or civil partnership

- (1) This section applies to an enduring power of attorney if—
 - (a) a person is appointed as attorney under the power of attorney; and
 - (b) after the appointment, the principal marries or enters into a civil union or civil partnership with a person other than the attorney.
