Waste Management and Resource Recovery Act 2016

A2016-51

Republication No 2

Effective: 22 December 2017 – 19 February 2018

Republication date: 22 December 2017

Last amendment made by [A2017-36](#)

About this republication

The republished law

This is a republication of the *Waste Management and Resource Recovery Act 2016* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 22 December 2017. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 22 December 2017.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$150 for an individual and \$750 for a corporation (see *Legislation Act 2001*, s 133).

Waste Management and Resource Recovery Act 2016

An Act to provide for the minimisation of waste, the recovery, recycling and re-use of resources, and for other purposes

Part 1 Preliminary

1 Name of Act

This Act is the *Waste Management and Resource Recovery Act 2016*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere in this Act.

For example, the signpost definition ‘*affected person* for an original decision, for part 16 (Reconsideration of decisions)—see section 114.’ means that the term ‘affected person’ is defined in that section for part 16.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 Criminal Code

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 Penalty units

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

6 Relationship with Emergencies Act 2004

- (1) This Act does not apply to the exercise or purported exercise by a relevant person of a function under the [Emergencies Act 2004](#) for the purpose of protecting life or property, or controlling, extinguishing or preventing the spread of a fire.

- (2) In this section:

emergency service—see the [Emergencies Act 2004](#), dictionary.

relevant person means—

- (a) the chief officer or a member of an emergency service; or
- (b) any other person under the control of the chief officer of an emergency service; or
- (c) a police officer.

7 Relationship with other laws

This Act does not affect the operation of any other territory law.

Part 2 Objects and principles

8 Objects of Act

The objects of this Act are to—

- (a) manage waste according to the following hierarchy:
 - (i) minimise the generation of waste;
 - (ii) maximise the recovery and re-use of resources;
 - (iii) minimise the amount of waste that goes to landfill; and
- (b) support innovation and investment in waste management; and
- (c) promote responsibility for waste reduction; and
- (d) promote best-practice waste management.

9 Principles to be taken into account

- (1) The objects of this Act are to be achieved by taking into account the following principles:
 - (a) the inter-generational equity principle;
 - (b) the polluter pays principle;
 - (c) the precautionary principle;
 - (d) the proximity principle;
 - (e) the waste minimisation principle.

- (2) In this section:

inter-generational equity principle means that the present generation should ensure that the health, diversity and productivity of the environment is maintained or enhanced for the benefit of future generations.

polluter pays principle means that polluters should bear the appropriate share of the costs that arise from their activities.

precautionary principle means that, if there is a threat of serious or irreversible environmental damage, a lack of full scientific certainty should not be used as a reason for postponing measures to prevent environmental degradation.

proximity principle means that waste and recovered resources should be managed as close to the source of generation as possible.

waste minimisation principle means that waste is handled in a way that minimises and, if practicable, eliminates harm to the environment.

 - (iv) the day stated in the licence.

Part 6 Waste transporter registration

30 Requirement to be registered as waste transporter

- (b) refuse the application.

Note 1 A fee may be determined under s 126 for an application.

Note 2 Failure to approve an application is taken to be a decision refusing to approve the application (see [ACT Civil and Administrative Tribunal Act 2008](#), s 12).

Note 3 A decision under this section is a reviewable decision (see s 120).

- (2) However, the waste manager—
- (a) may approve the application only if satisfied that the applicant complies, and is likely to continue to comply, with the requirements of this Act; and

- (b) may refuse the application if—
- (i) the application is materially false or misleading; or
 - (ii) the applicant has, within 2 years before the application was made, committed an offence under this Act or a corresponding law of a State.

- (3) If the waste manager refuses the application, the waste manager must as soon as practicable tell the applicant in writing the reason for the refusal.

Note For how documents may be served, see the [Legislation Act](#), pt 19.5.

- (4) If the waste manager approves the application the waste manager must—
- (a) as soon as practicable after deciding the application, tell the applicant—
 - (i) that the application is approved; and
 - (ii) that the applicant must pay a fee for the registration (the **registration fee**) before the applicant's details can be entered in the register; and
 - (iii) the day the registration fee is due; and
 - (b) as soon as practicable after the applicant has paid the registration fee—

- (b) any other condition the waste manager imposes on the registration when the application is approved.

Examples—par (b)

- 1 limiting the kind and quantity of waste to be transported

- (5) A financial assurance must be provided—
 - (a) for the period stated in the licence; or
 - (b) if no period is stated, until the end of the licence.

- (6) The waste manager may require the licensee to give a financial assurance under this part, even though the person has given a financial assurance under the *Environment Protection Act 1997*, division 9.4.

53 Show cause why financial assurance should not be provided

If a financial assurance required as a condition of a licence is not provided by the due date, the waste manager must cancel the licence.

- (2) The waste manager must, within 20 working days after the date stated in the invitation under subsection (1) (d) and taking into account any representations made in response to the invitation—
- (a) decide whether or not to make a claim on or realise the financial assurance or part of it; and
 - (b) give the licensee written notice of the decision.

- (b) any other action that might be taken or is required to be taken in relation to any contravention or other circumstances to which the assurance relates.

58 Recovery of extra costs

- (1) This section applies if the amount recovered by the waste manager by a claim on or by realising a financial assurance (the *realised assurance*) is less than the reasonable costs and expenses that the waste manager incurred or will incur in taking action to remedy the harm caused, or likely to be caused, by a failure to comply with a condition of a licence (the *reasonable costs and expenses*).
- (2) The waste manager may give the licensee written notice requiring the licensee to pay a stated amount that is the difference between the reasonable costs and expenses and the realised assurance.

 - (c) during the period the financial assurance is required, on each anniversary of the payment of the original amount, the licensee is entitled to be paid by the Territory so much of the interest that accrued during the year that ended on the day before the anniversary as remains unclaimed by the waste manager under section 55.

 - (b) any longer period allowed by the waste manager.

Note The waste manager may extend the period after the end of the period being extended (see [Legislation Act](#), s 151C (3)).

116 Notice to ACAT of application

- (1) This section applies if—
- (a) an affected person makes a reconsideration application; and
 - (b) the person also applies to the ACAT for review of the original decision, whether before or after applying for reconsideration; and
 - (c) the ACAT gives the waste manager notice of the application for review.
- (2) The waste manager must tell the ACAT, in writing, about the reconsideration application.

Note A decision under this section is a reviewable decision (see s 120).

- (2) However, the director-general must not take action under subsection (1) (b) if the ACAT has decided an application for review of the original decision.
- (3) The period mentioned in subsection (1) (b) may be extended for a stated period by agreement between the director-general and the applicant.
- (4) In reconsidering the original decision, the director-general—

- (5) The director-general must ensure that, if the original decision is made on the waste manager's behalf by someone else (the *original decision-maker*), the director-general or someone other than the original decision-maker reconsiders the decision.

118 No action by waste manager within time

If the director-general does not make a substitute decision, or confirm the original decision, by the end of the 20 working days, or the extended period, mentioned in section 117 (3), the director-general is taken to have confirmed the original decision.

119 Notice of decisions on reconsideration

As soon as practicable after reconsidering the original decision, the director-general must give written notice of the decision on the reconsideration to—

- (a) the applicant; and
- (b) the waste manager.

Note If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 121).

Part 17 Notification and review of decisions

120 Definitions—pt 17

In this part:

decision-maker, for a reviewable decision, means the decision-maker mentioned in schedule 1, column 5 for the decision.

Note 1 The decision-maker must also take reasonable steps to give a reviewable decision notice to any other person whose interests are affected by the decision (see *ACT Civil and Administrative Tribunal Act 2008*, s 67A).

Note 2 The requirements for a reviewable decision notice are prescribed under the *ACT Civil and Administrative Tribunal Act 2008*.

The following people may apply to the ACAT for a review of a reviewable decision:

- (a) a person mentioned in schedule 1, column 4 in relation to the decision;
- (b) any other person whose interests are affected by the decision.

Note If a form is approved under the *ACT Civil and Administrative Tribunal Act 2008* for the application, the form must be used.

Part 18 Miscellaneous

Note For the making of delegations and the exercise of delegated functions, see the [Legislation Act](#), pt 19.4.

124 Protection from liability

- (1) An official is not civilly liable for conduct engaged in honestly and without recklessness—
 - (a) in the exercise of a function under this Act; or

- (3) In this section:

conduct means an act or omission to do an act.

official means—

- (a) the waste manager; or
- (b) an authorised officer; or

Note The [Legislation Act](#) contains provisions about the making of determinations and regulations relating to fees (see pt 6.3).
- (2) In particular, fees may be determined—
 - (a) so that the fee increases as the quantity of waste increases; and
 - (b) so that different fees apply depending on the waste facility to which waste is being transferred; and

- (c) according to the type of waste to which the waste activity relates.

Example—different fee depending on facility

A lower fee might be set for taking waste to a re-processing facility; a higher fee might apply if the waste were being taken to landfill.

- (3) A determination is a disallowable instrument.

Note A disallowable instrument must be notified, and presented to the Legislative Assembly, under the [Legislation Act](#).

- (4) In this section:

fee includes—

- (a) a fee that is a tax; and
(b) a charge or other amount (whether or not it is a tax).

127 Approved forms

- (1) The waste manager may approve forms for this Act.
(2) If the waste manager approves a form for a particular purpose, the approved form must be used for that purpose.

Note For other provisions about forms, see the [Legislation Act](#), s 255.

- (b) create offences for contraventions of the regulations and fix maximum penalties of not more than 40 penalty units for the offences.

Part 30 Transitional

150 Transitional regulation

- (1) A regulation may prescribe transitional matters necessary or convenient to be prescribed because of the enactment of this Act.
- (2) A regulation may modify this part (including in relation to another territory law) to make provision in relation to anything that, in the Executive's opinion, is not, or is not adequately or appropriately, dealt with in this part.
- (3) A regulation under subsection (2) has effect despite anything elsewhere in this Act.

151 Expiry—pt 30

This part expires 12 months after the day it commences.

Note Transitional provisions are kept in the Act for a limited time. A transitional provision is repealed on its expiry but continues to have effect after its repeal (see [Legislation Act](#), s 88).
