Effective: 16 December 2025 – 21 May 2026

About this republication

The republished law

This is a republication of the *Planning Act 2023* (including any amendment made under the *Legislation Act 2001*, part 11.3 (Editorial changes)) as in force on 16 December 2025. It also includes any commencement, amendment, repeal or expiry affecting this republished law to 16 December 2025.

The legislation history and amendment history of the republished law are set out in endnotes 3 and 4.

Kinds of republications

The Parliamentary Counsel's Office prepares 2 kinds of republications of ACT laws (see the ACT legislation register at www.legislation.act.gov.au):

- authorised republications to which the *Legislation Act 2001* applies
- unauthorised republications.

The status of this republication appears on the bottom of each page.

Editorial changes

The *Legislation Act 2001*, part 11.3 authorises the Parliamentary Counsel to make editorial amendments and other changes of a formal nature when preparing a law for republication. Editorial changes do not change the effect of the law, but have effect as if they had been made by an Act commencing on the republication date (see *Legislation Act 2001*, s 115 and s 117). The changes are made if the Parliamentary Counsel considers they are desirable to bring the law into line, or more closely into line, with current legislative drafting practice.

This republication includes amendments made under part 11.3 (see endnote 1).

Uncommenced provisions and amendments

If a provision of the republished law has not commenced, the symbol **U** appears immediately before the provision heading. Any uncommenced amendments that affect this republished law are accessible on the ACT legislation register (www.legislation.act.gov.au). For more information, see the home page for this law on the register.

Modifications

If a provision of the republished law is affected by a current modification, the symbol **M** appears immediately before the provision heading. The text of the modifying provision appears in the endnotes. For the legal status of modifications, see the *Legislation Act 2001*, section 95.

Penalties

At the republication date, the value of a penalty unit for an offence against this law is \$160 for an individual and \$810 for a corporation (see *Legislation Act 2001*, s 133).

Australian Capital Territory

Planning Act 2023

An Act about planning and development in the ACT, and for other purposes

Chapter 1 Preliminary

1 Name of Act

This Act is the *Planning Act 2023*.

3 Dictionary

The dictionary at the end of this Act is part of this Act.

Note 1 The dictionary at the end of this Act defines certain terms used in this Act, and includes references (*signpost definitions*) to other terms defined elsewhere.

For example, the signpost definition ‘*district*—see the *Districts Act 2002*, dictionary.’ means that the term ‘district’ is defined in that dictionary and the definition applies to this Act.

Note 2 A definition in the dictionary (including a signpost definition) applies to the entire Act unless the definition, or another provision of the Act, provides otherwise or the contrary intention otherwise appears (see [Legislation Act](#), s 155 and s 156 (1)).

4 Notes

A note included in this Act is explanatory and is not part of this Act.

Note See the [Legislation Act](#), s 127 (1), (4) and (5) for the legal status of notes.

5 Offences against Act—application of Criminal Code etc

Other legislation applies in relation to offences against this Act.

Note 1 *Criminal Code*

The [Criminal Code](#), ch 2 applies to all offences against this Act (see Code, pt 2.1).

The chapter sets out the general principles of criminal responsibility (including burdens of proof and general defences), and defines terms used for offences to which the Code applies (eg *conduct*, *intention*, *recklessness* and *strict liability*).

Note 2 *Penalty units*

The [Legislation Act](#), s 133 deals with the meaning of offence penalties that are expressed in penalty units.

6 Application of Act

This Act applies only to territory land.

Note Under the *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth), an area of land in the ACT is territory land unless it is declared to be national land. An area may be declared to be national land if it is, or is intended to be, used by or on behalf of the Commonwealth.

Chapter 2 Object, principles and important concepts

Part 2.1 Object and key elements

7 Object of Act

- (1) The object of this Act is to support and enhance the Territory's liveability and prosperity, protect its natural environment, and promote the well-being of residents by creating an effective, efficient, accessible and enabling planning system that—
 - (a) is outcomes-focussed; and
 - (b) promotes and facilitates the achievement of ecologically sustainable development; and
 - (c) provides a scheme for public participation.
- (2) As part of achieving the object mentioned in subsection (1), the planning system is intended to—
 - (a) be based on policies, processes and practices that are easy to understand; and
 - (b) promote certainty of processes and consistent and transparent application of policies while at the same time providing scope for innovation in development proposals; and
 - (c) provide a clearly defined hierarchy of planning strategies that inform the content of the [territory plan](#); and
 - (d) engage with other laws to support the efficient, appropriate and effective delivery of other related government policy objectives; and

- (e) promote high standards for the built environment through an emphasis on design quality and universal design for the benefit of people with differing needs and capabilities; and
 - (f) provide for public participation in relation to the development of planning strategies and policies, and development assessment.
- (3) The following matters are integral to achieving the object of this Act:
- (a) the ACT's biodiversity values and its landscape setting, including—
 - (i) the protection and conservation of biodiversity, habitat, ecological processes and natural systems; and
 - (ii) the integration of natural, built, cultural and heritage elements;
 - (b) high-quality, people-focussed and design-led built outcomes that respond and contribute to the distinctive characteristics of the local area, and sense of place;
 - (c) the knowledge, culture and tradition of, and cultural and spiritual connections held by, the traditional custodians of the land;
 - (d) planning for population growth and development of the ACT while protecting those aspects that make the ACT an attractive place in which to live;

- (e) a sustainable and climate-resilient environment that is planned, designed and developed to adapt to climate change, reduce greenhouse gas emissions and achieve a net-zero greenhouse gas future using integrated mitigation and adaptation best practices and considers food and water security.

Note 1 The territory planning authority must exercise its functions, if relevant, in accordance with the object of this Act (see s 18 (3) (a)).

Note 2 The object of this Act must be considered in developing planning strategies, plans and policies (see s 10 (1)) and the planning strategy must be consistent with the object of this Act (see s 36 (1)).

The [territory plan](#) must give effect to the planning strategy (see s 47 (b)) and the Territory, the Executive, a Minister or a territory authority must not do any act, or approve the doing of an act, that is inconsistent with the [territory plan](#) (see s 52).

8 Key elements of Act

- (1) This Act provides a planning regime for the ACT consistent with the responsibilities of the Territory under the [Australian Capital Territory \(Planning and Land Management\) Act 1988](#) (Cwlth).
- (2) The key elements of this Act are as follows:
- (a) the *planning strategy*—setting out the long-term strategic direction and desired future planning outcomes for the Territory;
 - (b) *district strategies*—setting out the strategic direction and desired future planning outcomes for districts;
 - (c) the [territory plan](#)—setting out the desired planning outcomes, land use zones and development assessment provisions;
 - (d) the *leasing system*—setting out the tenure and use arrangements for land in the ACT;

- (e) the *development assessment and approval system*—setting out the processes for assessing and deciding development applications and promoting desired planning outcomes for the Territory by—
 - (i) categorising development; and
 - (ii) providing the application and assessment requirements for different categories of development; and
 - (iii) providing a process for making, receiving, assessing and deciding development applications; and
 - (iv) establishing rights and responsibilities in relation to development approvals;
 - (f) *Ministerial powers*—to identify priority development proposals for progressing through the development approval system;
 - (g) the *compliance and enforcement framework*—which sets out a variety of offences and enforcement arrangements;
 - (h) *review processes*—for internally and externally reviewing administrative decisions;
 - (i) *access to information provisions*—which outline what information is available to the public and how it is accessible.
- (3) Subsection (2) is intended only as a guide to readers.

9 **Meaning of *ecologically sustainable development***

- (1) In this Act:

ecologically sustainable development means development involving the effective integration of the following principles:

- (a) the protection and enhancement of ecological processes and natural systems at local, territory and broader landscape levels;
- (b) the achievement of economic prosperity;

- (c) the maintenance and enhancement of cultural, physical and social wellbeing of people and communities;
- (d) the precautionary principle;
- (e) the inter-generational equity principle.

(2) In this section:

achievement of economic prosperity includes achieving a diverse, efficient, resilient and strong territory economy that allows communities to meet their needs without compromising the ability of future generations to meet their needs.

maintenance and enhancement of cultural, physical and social wellbeing of people and communities includes—

- (a) creating and maintaining well-serviced, healthy, prosperous, liveable and resilient communities with affordable, efficient, safe and sustainable development; and
- (b) conserving or enhancing places of special aesthetic, architectural, cultural, heritage, historic, scientific, social or spiritual significance; and
- (c) providing for integrated networks of pleasant and safe public areas for aesthetic enjoyment and cultural, recreational or social interaction; and
- (d) accounting for the potential adverse impacts of development on climate change, and seeking to address the impacts through sustainable development and design.

protection and enhancement of ecological processes and natural systems includes—

- (a) conserving, enhancing or restoring the life-supporting capacities of air, ecosystems, soil and water for present and future generations; and
- (b) conserving biological diversity and ecological integrity; and

(c) appropriately valuing and pricing environmental resources.

the inter-generational equity principle means that the present generation should ensure that the health, diversity and productivity of the environment is maintained or enhanced for the benefit of future generations.

the precautionary principle means that, if there is a threat of serious or irreversible environmental damage, a lack of full scientific certainty should not be used as a reason for postponing measures to prevent environmental degradation.

 - (b) the conditions in subsection (2) (a) and (b) are satisfied.

88 Rezoning—development encroaching on adjoining land

- (1) The territory planning authority may amend the [territory plan](#) under section 85 (Making minor plan amendments) to change the boundary of a zone consistent with a development proposal under section 158 (Declaration for development encroaching on adjoining land if development prohibited) if the authority makes a declaration that the proposal satisfies the criteria in section 158 (2).

Note Under s 158 and s 159, a person may apply for development approval of a development proposal that encroaches on adjoining land if the development would otherwise be prohibited on the land. However, development approval must not be given until the minor plan amendment has commenced under s 85 (see s 185 (2) (b)).

- (2) However, the territory planning authority must not amend the [territory plan](#) under section 85 to change the boundary of the zone if the adjoining land is a future urban area.
- (3) In this section:
adjoining land—see section 87 (1).

89 Minor plan amendments—future urban areas

- (1) The territory planning authority may amend the [territory plan](#) under section 85 (Making minor plan amendments) to rezone land in a future urban area, and make or amend a district policy in relation to the land, unless the amendment is inconsistent with the principles and policies in the relevant district strategy.
- (2) The territory planning authority may amend the [territory plan](#) under section 85 to change the boundary of a future urban area if the change is consistent with the relevant district strategy.
- (3) However, the territory planning authority must not amend the [territory plan](#) under section 85 to change the boundary of a future urban area if part of the boundary proposed to be changed is aligned with the boundary of an existing leasehold.

Part 5.4 Review of territory plan

90 Consideration of whether review of territory plan necessary

- (1) The Minister must, at least once every 5 years—
 - (a) decide whether the [territory plan](#) should be reviewed; and
 - (b) if the Minister decides that the [territory plan](#) should be reviewed—direct the territory planning authority to review the [territory plan](#).

Note 1 The territory planning authority must also review the [territory plan](#) if directed to do so by the Minister (see s 19 and s 20 (1) (b)).

Note 2 A direction mentioned in s (1) (b) is a notifiable instrument (see s 20 (3)).

- (2) In deciding whether the [territory plan](#) should be reviewed, the Minister—
 - (a) must consider whether the [territory plan](#)—
 - (i) is consistent with the object of this Act; and
 - (ii) is consistent with the object of the [territory plan](#); and
 - (iii) gives effect to the plan's object in a way that is not inconsistent with the national capital plan; and
 - (iv) gives effect to the plan's object in a way that gives effect to the principles of good planning; and
 - (v) promotes the planning strategy; and
 - (b) may consult with the public on whether the [territory plan](#) should be reviewed.
- (3) The Minister may delay making a decision to review the [territory plan](#) for not more than 1 year.

- (4) The territory planning authority must publish on the authority website notice of—
 - (a) the decision under subsection (1); and
 - (b) any decision under subsection (3).
- (5) A decision by the Minister not to review the [territory plan](#) does not affect the territory planning authority's function under section 18 (1) (b) of continually reviewing the [territory plan](#).

91 Review of territory plan

- (1) This section applies if the Minister directs the territory planning authority under section 20 (1) (b) to review the [territory plan](#).

Note See also s 90 (1) (b).

- (2) The territory planning authority must review the [territory plan](#) and consider the following:
 - (a) whether the [territory plan](#) remains consistent with the national capital plan;
 - (b) whether the [territory plan](#) continues to further the object of this Act and the object of the [territory plan](#) in accordance with the principles of good planning;
 - (c) whether the [territory plan](#) remains consistent with the planning strategy and district strategies;
 - (d) whether the [territory plan](#) takes into account any planning outcomes contained in other government strategies and policies that may be relevant;
 - (e) anything else prescribed by regulation.
- (3) After reviewing the [territory plan](#), the territory planning authority must prepare a report (a *draft review report*)—
 - (a) stating that the authority has reviewed the plan; and

- (b) stating the authority's findings on the review; and
 - (c) if the authority considers that the [territory plan](#) should be amended—including the proposed amendment of the [territory plan](#).
- (4) The territory planning authority must consult with each of the following in relation to the draft review report:
- (a) the public;
 - (b) the national capital authority;
 - (c) the conservator of flora and fauna;
 - (d) the environment protection authority;
 - (e) the heritage council;
 - (f) each referral entity;
 - (g) if any [territory plan](#) amendment in the review report would, if made, be likely to affect unleased land or leased public land—each custodian of the land likely to be affected.

92 Action after consultation about draft review report

- (1) After the end of the consultation period for a draft review report, the territory planning authority may revise the draft review report.
- (2) In revising the draft review report, the territory planning authority must consider written comments (including consultation comments) about the draft review report received in the consultation period.
- (3) The territory planning authority may, at any time before the draft review report is given, or given again, to the Minister, revise the report to correct a formal error.

93 Draft review report to be given to Minister etc

- (1) The territory planning authority must give the draft review report to the Minister, together with the following documents:
 - (a) a written report about the authority's consultation with the following:
 - (i) the public;
 - (ii) the national capital authority;
 - (iii) the conservator of flora and fauna;
 - (iv) the environment protection authority;
 - (v) the heritage council;
 - (vi) each referral entity;
 - (vii) if any [territory plan](#) amendment in the review report would, if made, be likely to affect unleased land or leased public land—each custodian of the land likely to be affected;
 - (b) a copy of any written document given to the Minister by the national capital authority in relation to the draft review report.
- (2) The written report mentioned in subsection (1) (a) must include a statement about the issues raised in any consultation comments about the draft review report.

Note If the Minister accepts the draft review report, the Minister may direct the territory planning authority to amend the [territory plan](#).

Chapter 6 Significant development

Part 6.1 Preliminary

94 **Meaning of *significant development***

A proposed development is a *significant development* if it requires any of the following:

- (a) a subdivision design application under section 43;
- (b) consultation with the design review panel under section 100 (1) or (2);
- (c) an environmental impact statement (*EIS*) under section 105.

Note A regulation cannot exempt a significant development from requiring development approval (see s 145 (2)).

Part 6.2 Design review panel

95 Establishment of design review panel

The Design Review Panel is established.

96 Functions of design review panel

The design review panel has the following functions:

- (a) to provide design advice to proponents of development proposals;
- (b) to exercise any other function given to the panel under this Act or another territory law.

97 Members of design review panel

- (1) The design review panel consists of at least 3 of the following members:
 - (a) the person engaged as the government architect;
 - (b) a representative of the national capital authority;
 - (c) 1 or more members contracted under subsection (2) to provide design review services to the panel.
- (2) The territory planning authority may, on behalf of the Territory, enter into a contract for services with a person to provide design review services to the design review panel.
- (3) However, the territory planning authority may enter into a contract with a person only if satisfied that the person has appropriate expertise in architecture, urban design, urban planning, landscape architecture, engineering or another area relevant to the urban environment.

- (4) The contract must include conditions to ensure the accountability, transparency and independence of contracted panel members, including conditions about the following:
- (a) ending the member's contract;
 - (b) disclosure of interests;
 - (c) conflicts of interest.

98 Rules for design review panel

- (1) The Minister may make rules (*design review panel rules*) for the design review panel, including rules about—
- (a) terms of reference for the panel; and
 - (b) constitution of the panel; and
 - (c) conducting meetings of the panel; and
 - (d) processes and procedures for reviewing development proposals.

Examples—pars (a) to (c)

- 1 the quorum at meetings
- 2 who presides at meetings
- 3 how questions are resolved at meetings
- 4 how conflicts of interest are dealt with at meetings

Examples—par (d)

- 1 site inspections
- 2 sources of best practice for design review

- (2) The design review panel rules may apply, adopt or incorporate an instrument as in force from time to time.
- (3) The [Legislation Act](#), section 47 (6) does not apply to an instrument applied, adopted or incorporated under subsection (2).

Note The instrument does not need to be notified under the [Legislation Act](#) because s 47 (6) does not apply (see [Legislation Act](#), s 47 (7)).

- (4) The design review panel rules must be published on the authority website.

99 Design principles

- (1) The Minister may make principles (*design principles*) to be used by the design review panel in assessing development proposals under this Act.
- (2) The design principles must be published on the authority website.

100 When design review panel consultation is required

- (1) Before submitting a development application for a prescribed development proposal, the proponent must consult the design review panel about the proposal.
- (2) Also, if the Minister is satisfied that a development proposal is likely to be of economic, social or environmental significance to the Territory, the Minister may require the proponent to consult the design review panel about the proposal.
- (3) In addition, the proponent of any other development proposal may consult the design review panel about the proposal.
- (4) If the proponent of a development proposal consults the design review panel about the proposal, the consultation must be undertaken in accordance with any design review panel rules.

101 Advice of design review panel

- (1) This section applies if—
 - (a) the proponent of a development proposal consults the design review panel about the proposal under section 100; or
 - (b) the territory planning authority refers a development proposal in a development application to the design review panel under section 171 (2) (b).

- (2) The design review panel must—
- (a) consider the proposal; and
 - (b) either—
 - (i) provide the proponent with advice about how the proposal could be made consistent, or more consistent, with any design principles (*design advice*); or
 - (ii) tell the proponent that the panel has no advice about the proposal; and
 - (c) if the panel provides the proponent with design advice—give a copy of the design advice to the territory planning authority.
- Note* If design advice is given, the proponent’s response to the design advice must be included in the development application (see s 166 (2) (d)).
- (3) If the proponent does not submit a development application for the development proposal within 18 months after the design advice is provided, the design advice expires.

Part 6.3 Environmental impact assessment

Division 6.3.1 Outline and key concepts

102 Outline of environmental impact assessment

- (1) Formal assessment of a development proposal's potential environmental impact (*environmental impact assessment*) is required for certain proposals.
- (2) Environmental impact assessment is typically in the form of an environmental impact statement (see s 105), but in some cases a proponent may instead apply for an opinion indicating that the proposal is not likely to have a significant adverse environmental impact (an *environmental significance opinion*) (see s 138).
- (3) A development application for a development proposal requiring environmental impact assessment must include a finalised EIS or an environmental significance opinion (see s 166 (2) (d)).
- (4) If an environmental significance opinion is given for a proposal, the proposed development is no longer a significant development.
- (5) Environmental impact assessment is taken into account in deciding a development application but is not itself a development application or a development approval process.
- (6) This section is intended only as a guide to readers.

103 Outline of EIS process

- (1) If this Act requires an EIS for a development proposal, the proponent of the proposal must apply to the territory planning authority for a document to identify the matters to be addressed in the EIS (see s 109).
- (2) The territory planning authority must prepare and give a scoping document to the proponent (see s 109 to s 111).

- (3) The proponent must prepare a draft EIS (see s 112).
- (4) The territory planning authority must publicly notify the draft EIS (see s 114), and anyone may make a representation about the draft EIS (see s 115).
- (5) The proponent must revise the draft EIS and give the revised EIS to the territory planning authority (see s 118).
- (6) The territory planning authority must consider the EIS (see s 121) and—
 - (a) accept the EIS (see s 121 (2)); or
 - (b) give the proponent another opportunity to revise the EIS (see s 122); or
 - (c) reject the EIS (see s 123).
- (7) If the territory planning authority accepts an EIS, the authority must—
 - (a) give the EIS to the Minister (see s 125); and
 - (b) prepare an EIS assessment report (see s 126).
- (8) After receiving an EIS, the Minister may—
 - (a) establish an inquiry panel to inquire about the EIS (see s 132); or
 - (b) give the authority a notice of no action on the EIS (see s 127).
- (9) An EIS generally expires 5 years after the day it is finalised (see s 131).
- (10) This section is intended only as a guide to readers.

104 Meaning of *significant* adverse environmental impact

- (1) For this Act, an adverse environmental impact is *significant* if—
 - (a) the environmental function, system, value or entity that might be adversely impacted by a proposed development is significant;
or
 - (b) the cumulative or incremental effect of a proposed development might contribute to a substantial adverse impact on an environmental function, system, value or entity.
- (2) In deciding whether an adverse environmental impact is *significant*, the following matters must be taken into account:
 - (a) the kind, size, frequency, intensity, scope and length of time of the impact;
 - (b) the sensitivity, resilience and rarity of the environmental function, system, value or entity likely to be affected.
- (3) In deciding whether a development proposal is likely to have a significant adverse environmental impact, it does not matter whether the adverse environmental impact is likely to occur on the site of the development or elsewhere.

Division 6.3.2 EIS requirements

105 When EIS is required

- (1) An EIS is required for a development proposal if—
 - (a) the proposal is prescribed by regulation; or
 - (b) the Minister makes a declaration in relation to the proposal under section 106; or

- (c) the Commonwealth Minister responsible for administering the [EPBC Act](#) advises the Minister in writing that the proposed development—
 - (i) is a controlled action under that [Act](#), section 78 (Minister may request more information for making decisions); and
 - (ii) does not require assessment under that [Act](#), part 8 (Assessing impacts of controlled actions) because a bilateral agreement between the Commonwealth and the Territory under that Act allows the proposal to be assessed under this Act; or
 - (d) the Public Health Act Minister makes a declaration under the [Public Health Act 1997](#), section 134 in relation to a development application for the proposal and—
 - (i) the application is publicly notified; and
 - (ii) the declaration is made during the public notification period for the application.
- (2) However, an EIS is not required for a development proposal if an environmental significance opinion has been given for the proposal.

Note See s 138 for when a proponent may apply for an environmental significance opinion.

106 EIS—declaration by Minister

- (1) The Minister may, in writing, declare that an EIS must be undertaken for a development proposal.
- (2) However, the Minister must not make a declaration in relation to the development proposal unless satisfied on reasonable grounds that there is a risk of significant adverse environmental impact from the proposed development.

Note The Minister may publish guidelines about how the Minister will exercise power under this section (see s 519).

107 Effect of declaration made after development application

- (1) This section applies to a development application if, after the application is made—
 - (a) either—
 - (i) the Minister makes a declaration under section 106 in relation to the development proposal to which the application relates; or
 - (ii) the Public Health Act Minister makes a declaration under the *Public Health Act 1997*, section 134 in relation to the application; and
 - (b) the application does not satisfy the application requirements for a development requiring environmental impact assessment.
- (2) The development application is taken to have been withdrawn.
- (3) The territory planning authority must give the applicant notice of the effect of this section.

108 Designated proponents for certain EIS decisions

- (1) The relevant Minister in relation to a defined decision may, in writing, designate a person or territory authority as the proponent in relation to the decision.
- (2) In this section:

defined decision means a decision of the Territory, the Executive, a Minister or a territory authority about a proposal in relation to which a Minister is empowered—

 - (a) to direct that an EIS be prepared; or
 - (b) to establish an inquiry panel to inquire about the EIS.

relevant Minister means the Minister responsible for the administration of the Act or subordinate law under which—

- (a) in relation to an EIS or inquiry—the EIS or inquiry is authorised to be prepared or conducted; or
- (b) in relation to a defined decision—the relevant decision is authorised to be made.

Division 6.3.3 Scope of EIS

109 Application for EIS scoping document

- (1) A proponent of a development proposal must apply to the territory planning authority under this section if an EIS is required under section 105 for the proposal.
- (2) The territory planning authority must—
 - (a) identify the matters that are to be addressed by an EIS in relation to the development proposal; and
 - (b) prepare a document of the matters (the *scoping document*); and
 - (c) publish the application for the scoping document and documents in support of the application on the authority’s website.

Note The time for giving a scoping document to the applicant is set out in s 111.

- (3) A regulation may prescribe consultation requirements for the preparation of a scoping document.

110 Contents of scoping document

- (1) The matters identified in the scoping document for a development proposal must include any minimum content for scoping documents prescribed by regulation.

- (2) The territory planning authority may, in the scoping document for a development proposal—
 - (a) require the proponent to engage a consultant to help prepare an EIS for the proposal; and
 - (b) set a shorter period within which a draft EIS must be provided to the authority under section 112; and
 - (c) request any other information relevant to the proposal.
- (3) In this section:

consultant means a person who satisfies the criteria prescribed by regulation.

111 Time to provide scoping document

- (1) The territory planning authority must give a scoping document for a development proposal to the proponent of the proposal within—
 - (a) 30 working days after the day the proponent makes an application under section 109; or
 - (b) if the chief planner extends the period to give the scoping document under subsection (2)—the extended period.
- (2) The chief planner may, in writing, extend the period to give a scoping document for a development proposal if satisfied that, because of the complexity of the proposal and the consultation required, the extension is necessary.
- (3) The chief planner must give written notice of an extension under subsection (2) to the proponent of the development proposal.

Division 6.3.4 Drafting EIS

112 Preparing draft EIS

- (1) After the territory planning authority gives a scoping document for a development proposal to the proponent of the proposal, the proponent must—
 - (a) prepare a document that addresses each matter raised in the scoping document (a *draft EIS*); and
 - (b) give the draft EIS to the territory planning authority for public notification within—
 - (i) 18 months starting on the day after the scoping document is completed; or
 - (ii) if a shorter period was set under section 110 (2) (b)—the shorter period; or
 - (iii) if the authority extends the period to give the draft EIS under subsection (2)—the extended period.
- (2) The territory planning authority may extend the period for the proponent to give a draft EIS to the authority, but only once.

113 Recent studies to support draft EIS

- (1) This section applies if the expected environmental impact of a development proposal has been addressed by a recent study, whether or not the recent study relates directly to the development proposal.

Examples—recent study that may address the expected environmental impact of a development proposal

- 1 a report about the ecological value of an area
- 2 an environmental impact statement under the [EPBC Act](#), pt 8 (Assessing impacts of controlled actions)
- 3 an endorsed policy, plan or program under the [EPBC Act](#), pt 10 (Strategic assessments)

- (2) The draft EIS may refer to the recent study to address a matter identified in the scoping document for the proposal.
- (3) In deciding whether the environmental impact of the proposal has been sufficiently addressed by the recent study, the territory planning authority must consider—
 - (a) whether the recent study was conducted by an appropriately qualified person with relevant expertise and experience in relation to the environmental values of the land in the proposal; and
 - (b) if the recent study does not relate directly to the proposal—whether the study is sufficiently detailed to allow assessment of the environmental impacts likely to occur if the proposal proceeds; and
 - (c) whether the part of the recent study relevant to the proposal required public consultation through a statutory process or as part of a government policy development.

Example—par (c)

the public consultation process for a draft major plan amendment under div 5.2.3

- (4) If the recent study is more than 18 months old, the draft EIS must include a statement, from an appropriately qualified person with no current professional relationship with the proponent, verifying that the information in the recent study is current.
- (5) In this section:
recent study means a study that is less than 5 years old.

Division 6.3.5 Consultation on EIS

114 Public notification of draft EIS

The territory planning authority must do the following things in relation to a draft EIS to *publicly notify* the draft EIS:

- (a) give public notice stating—
 - (i) that the draft EIS is available for public inspection and for purchase at stated places and times; and
 - (ii) how representations may be made on the draft EIS; and
 - (iii) the period, at least 30 working days, during which representations may be made on the draft EIS (the *public consultation period*);
- (b) make 1 or more copies of the draft EIS available as stated in the public notice;
- (c) make a copy of the draft EIS available on the authority website;
- (d) display a sign on the site of the development to which the draft EIS relates stating the matters under paragraph (a).

115 Representations about draft EIS

- (1) Anyone may make a representation about a draft EIS publicly notified under section 114.
- (2) A representation about a draft EIS must be made during the public consultation period for the draft EIS.
- (3) The territory planning authority may give public notice to extend the public consultation period.
- (4) If the territory planning authority extends the public consultation period, the authority must give the proponent of the development proposal written notice of the extension.

- (5) A person who makes a representation about a draft EIS may, in writing, withdraw the representation at any time before the territory planning authority accepts the EIS under section 121 (2) (a).

116 Publication of representations about draft EIS

- (1) This section applies if a person makes a representation about a draft EIS in accordance with the public notice for the draft EIS under section 114.
- (2) The territory planning authority must—
- (a) make a copy of the representation available on the authority website until—
 - (i) the EIS is finalised; or
 - (ii) the representation is withdrawn; and
 - (b) give a copy of the representation to the proponent of the development proposal as soon as practicable after the public consultation period for the draft EIS ends.

Note This section is subject to s 502 and s 503.

117 Entity consultation on draft EIS

The territory planning authority may—

- (a) consult on a draft EIS with any entity prescribed for section 109 (3); and
- (b) give a copy of any submission made by the entity to the proponent of the development proposal.

Division 6.3.6 Revision of EIS

118 Revision of draft EIS

- (1) After the public consultation period for a draft EIS, the territory planning authority must give the proponent of the development proposal written notice of the period within which the proponent must—
 - (a) revise the draft EIS; and
 - (b) give the *revised EIS* to the authority.
- (2) The period in subsection (1) must be at least 30 days, but not more than 18 months, after the day the territory planning authority gives the notice.
- (3) The territory planning authority may extend the period in subsection (1), but only once.
- (4) The revised EIS must—
 - (a) address each matter identified in the scoping document for the development proposal; and
 - (b) if a matter is raised in a representation made during the public consultation period—address the matter and demonstrate how the matter has been taken into account; and
 - (c) if a matter is raised in a submission under section 117 for the draft EIS—address the matter and demonstrate how the matter has been taken into account.

119 Public notification of revised EIS

- (1) The territory planning authority may publicly notify a revised EIS as if it were a draft EIS under section 114 if the authority is satisfied that—
 - (a) the revised EIS is significantly different from the draft EIS; and

- (b) public notification of the revised EIS is justified because of the difference.
- (2) However, there is no minimum period during which representations may be made on a revised EIS.
- Note* Normally the public consultation period for a draft EIS cannot be less than 30 working days (see s 114 (a) (iii)), but this does not apply to a revised EIS.
- (3) If the territory planning authority publicly notifies a revised EIS, the following provisions apply to the revised EIS as if it were a draft EIS:
- (a) section 115 (Representations about draft EIS);
 - (b) section 116 (Publication of representations about draft EIS);
 - (c) section 117 (Entity consultation on draft EIS);
 - (d) section 118 (Revision of draft EIS).

Division 6.3.7 Consideration of EIS

120 Rejection of EIS before consideration

- (1) This section applies if the proponent of a development proposal fails to give the territory planning authority a revised EIS within the time required by a written notice under section 118 (1).
- (2) The territory planning authority must reject the EIS and give the proponent written notice of the rejection.

Note If the EIS is rejected, the EIS process ends and a new process must be started.

121 Authority consideration of EIS

- (1) This section applies if the proponent of a development proposal gives the territory planning authority a revised EIS—
- (a) within the time required by written notice under section 118 (1);
- or

- (b) in accordance with a written notice under section 122 (2).
- (2) The territory planning authority must—
 - (a) if satisfied that the revised EIS meets the requirements mentioned in section 118 (4)—accept the revised EIS; or
 - (b) if section 122 applies—take action under section 122; or
 - (c) if section 123 applies—take action under section 123.
- (3) In making a decision under this division, the territory planning authority must consult each entity that made a submission to the authority about the scoping document for the draft EIS under section 109 (3).

122 Chance to address unaddressed matters

- (1) This section applies in relation to a revised EIS for a development proposal if the territory planning authority—
 - (a) is not satisfied that the revised EIS meets the requirements mentioned in section 118 (4); and
 - (b) has not given a second written notice in relation to the revised EIS under subsection (2).
- (2) The territory planning authority must give the proponent of the development proposal written notice stating the following:
 - (a) that the authority does not accept the EIS;
 - (b) why the authority does not accept the EIS;
 - (c) that the proponent must provide a new revised EIS within a stated period of at least 20 working days.

123 Rejection of EIS after consideration

- (1) This section applies if the territory planning authority gives the proponent of a development proposal a second written notice under section 122.

- (2) The territory planning authority must reject the revised EIS if—
- (a) the proponent does not provide a new revised EIS within the period stated in the notice; or
 - (b) the proponent responds within the period stated in the notice but the authority remains unsatisfied in relation to a matter mentioned in section 118 (4).

Note If the EIS is rejected, the EIS process ends and a new process must be started.

124 Cost recovery

The territory planning authority may recover from the proponent of a development proposal to which an EIS relates the direct and indirect costs incurred by the authority—

- (a) in preparing an EIS assessment report for the proposal under section 126; and
- (b) in engaging a consultant to assist with the collection or analysis of information relevant to the authority's assessment of matters under any of the following provisions:
 - (i) section 109 (3) (Application for EIS scoping document);
 - (ii) section 120 (Rejection of EIS before consideration);
 - (iii) section 121 (3) (Authority consideration of EIS);
 - (iv) section 122 (Chance to address unaddressed matters);
 - (v) section 123 (Rejection of EIS after consideration).

125 Giving EIS to Minister

- (1) This section applies if the territory planning authority accepts an EIS under section 121 (2) (a).
- (2) However, this section does not apply if the territory planning authority has sent an invoice to the proponent of a development proposal for costs recoverable under section 124 and the invoice remains unpaid.
- (3) The territory planning authority must give the EIS to—
 - (a) the Minister; and
 - (b) for a public health EIS—the Public Health Act Minister.

126 EIS assessment report

- (1) If the territory planning authority accepts an EIS under section 121 (2) (a), the authority must prepare a report (an *EIS assessment report*) that—
 - (a) confirms that the authority is satisfied in relation to the matters mentioned in section 118 (4); and
 - (b) may contain additional information about how the authority came to be satisfied in relation to those matters.
- (2) The territory planning authority must—
 - (a) if an EIS is given to the Minister under section 125—give the EIS assessment report to the Minister; and
 - (b) if a public health EIS is given to the Public Health Act Minister under section 125—give the EIS assessment report to the Public Health Act Minister.
- (3) An EIS assessment report must be published on the authority website.

127 Notice of no action on EIS

- (1) This section applies if—
 - (a) the territory planning authority gives the Minister an EIS under section 125; and
 - (b) the Minister decides not to establish an inquiry panel to inquire about the EIS.
- (2) The Minister must give the territory planning authority written notice that the Minister has decided to take no action in relation to the EIS.

Note If the Minister gives notice under this section, the EIS to which the notice relates is finalised (see s 128).

Division 6.3.8 Finalisation and expiry of EIS

128 When EIS is *finalised*

For this Act, an EIS (other than a public health EIS) is *finalised* if—

- (a) the Minister gives the territory planning authority notice under section 127 (Notice of no action on EIS) in relation to the EIS; or
- (b) the Minister has established an inquiry panel for the EIS and—
 - (i) the panel has reported the results of the inquiry; or
 - (ii) the time for reporting under section 134 has ended.

129 When public health EIS is *finalised*

For this Act, a public health EIS is *finalised* if—

- (a) notice in relation to the EIS is given to the territory planning authority by—
 - (i) the Minister under section 127 (Notice of no action on EIS); and

- (ii) the Public Health Act Minister under the *Public Health Act 1997*, section 134 (3) (b); or
- (b) at least 15 working days have elapsed since the EIS was given to the Minister and the Public Health Act Minister and—
 - (i) the Minister has not decided, within the 15-day period mentioned in section 132 (1), to establish an inquiry panel to inquire about the EIS; and
 - (ii) the Public Health Act Minister has not decided, within the 15-day period mentioned in the *Public Health Act 1997*, section 134 (4), that an inquiry panel to inquire about the EIS must be established; or
- (c) both of the following apply:
 - (i) notice in relation to the EIS is given to the authority by—
 - (A) the Minister under section 127; or
 - (B) the Public Health Act Minister under the *Public Health Act 1997*, section 134 (3) (b);
 - (ii) at least 15 working days have elapsed since the EIS was given to the Minister and the Public Health Act Minister and—
 - (A) if the Minister gave the authority notice in relation to the EIS under section 127—the Public Health Act Minister has not decided, within the 15-day period mentioned in the *Public Health Act 1997*, section 134 (4), that an inquiry panel to inquire about the EIS must be established; or
 - (B) in any other case—the Minister has not decided, within the 15-day period mentioned in section 132 (1), to establish an inquiry panel to inquire about the EIS; or

- (d) the Minister has established an inquiry panel for the EIS and—
 - (i) the panel has reported the results of the inquiry; or
 - (ii) the time for reporting under section 134 has ended.

130 Publication of finalised EIS

A finalised EIS must be published on the authority website.

131 When EIS expires

- (1) An EIS expires 5 years after the day it is finalised.
- (2) However, subsection (3) applies if an EIS refers to a recent study in accordance with section 113 and—
 - (a) the recent study is an environmental impact statement prepared under the [EPBC Act](#), part 8 (Assessing impacts of controlled actions) and approval of action in relation to the development has been given under that [Act](#), part 9 (Approval of actions); or
 - (b) the recent study is an endorsed policy, plan or program under the [EPBC Act](#), part 10 (Strategic assessments) and approval of action in relation to the development has been given under that [Act](#), part 10.
- (3) The EIS expires on the latest of—
 - (a) the expiry of the approval mentioned in subsection (2) (a) or (b) (whichever applies); and
 - (b) 5 years after the day the EIS is finalised.

Division 6.3.9 EIS inquiry panels

132 When to establish inquiry panel

- (1) The Minister must, within 15 working days after the day an EIS is given to the Minister under section 125—
 - (a) decide whether to establish a panel (an *inquiry panel*) to inquire about the EIS; and
 - (b) if the Minister decides to establish an inquiry panel—tell the territory planning authority about the decision.
- (2) If the Minister decides to establish an inquiry panel to inquire about an EIS, the Minister may establish the panel to inquire about 1 or more aspects of the EIS.
- (3) However, if the Public Health Act Minister gives notice under the *Public Health Act 1997*, section 134 that a panel to conduct an inquiry about an EIS should be established, the Minister must establish an inquiry panel to inquire in relation to the effects on public health of the proposal that is the subject of the EIS.
- (4) If the Minister establishes an inquiry panel to inquire about an EIS, the Minister must—
 - (a) prepare terms of reference for the inquiry; and
 - (b) give written notice of the inquiry to the proponent of the development proposal to which the EIS relates.
- (5) The terms of reference are a notifiable instrument.

133 How to establish inquiry panel

- (1) The Minister establishes an inquiry panel for an EIS by—
 - (a) appointing 1 or more people to the panel; and
 - (b) preparing written terms of reference for the inquiry.

- (2) If the Minister appoints more than 1 person to an inquiry panel, the Minister must, in writing, nominate a person appointed to be the presiding member of the panel.
- (3) However, the Minister must not appoint a person to an inquiry panel unless satisfied that the person has the expertise necessary to exercise the functions of the panel in relation to the matter inquired into.
- (4) Also, the Minister must not appoint any of the following people to an inquiry panel for an EIS:
 - (a) the chief planner;
 - (b) a member of the territory planning authority's staff;
 - (c) a member of the city renewal authority's staff;
 - (d) a member of the suburban land agency's staff;
 - (e) a person prescribed by regulation in relation to the EIS.

134 Time for reporting by inquiry panels

- (1) An inquiry panel must report in writing to the Minister on the result of the inquiry within—
 - (a) 60 working days after the day the Minister establishes the panel;
or
 - (b) if the period under paragraph (a) is extended under subsection (2)—the extended period.
- (2) The Minister may, on application by the panel, extend by written notice the period for reporting.

135 Inquiry panel findings and report to be independent

- (1) The report of an inquiry panel must be the view of the inquiry panel based on the findings of the panel.
- (2) The Minister must not direct an inquiry panel in relation to the findings or report of the panel.

136 Protection of people on inquiry panels from liability

- (1) A person appointed to an inquiry panel is not personally liable for anything done, or omitted to be done, honestly and without recklessness—
 - (a) in the exercise of a function under this Act; or
 - (b) in the reasonable belief that the conduct was in the exercise of a function under this Act.
- (2) Any liability that would, apart from this section, attach to a person appointed to an inquiry panel attaches instead to the Territory.

137 Recovery of inquiry panel costs

The direct and indirect costs to the Territory of conducting an inquiry about an EIS are recoverable from the proponent of the development proposal to which the EIS relates.

Example—indirect costs

the administrative overheads of staff exercising functions in relation to the inquiry

Note An amount owing under a law may be recovered as a debt in a court of competent jurisdiction or the ACAT (see [Legislation Act](#), s 177).

Division 6.3.10 Environmental significance opinions

138 Application for environmental significance opinion

- (1) A proponent may apply for an environmental significance opinion for a proposal if a regulation states that an opinion may be given for the proposal.

Note An EIS is not required for a proposal if an environmental significance opinion is given for it (see s 105 (2)).
- (2) A regulation may prescribe an agency to which a proponent may apply for an environmental significance opinion (the *relevant agency*).

139 Environmental significance opinions given by authority

- (1) If the territory planning authority is the relevant agency for an environmental significance opinion, the authority must not give an opinion unless it has consulted each of the following entities:
 - (a) the work health and safety commissioner;
 - (b) the environment protection authority;
 - (c) the emergency services commissioner;
 - (d) the technical regulator under the *Utilities (Technical Regulation) Act 2014*, section 77;
 - (e) the director-general of the administrative unit responsible for the *Health Act 1993*;
 - (f) if an area adjacent to the ACT could be adversely affected by development that is the subject of the development proposal—the council for the area;
 - (g) an entity prescribed by regulation.

- (2) In this section:

area—see the *Local Government Act 1993* (NSW), dictionary.

council—see the *Local Government Act 1993* (NSW), dictionary.

140 Deciding environmental significance opinion application

- (1) A relevant agency may, by written notice, require an applicant for an environmental significance opinion to give more information in support of the application.
- (2) The notice must state the period, not shorter than 20 working days, within which the applicant must respond to the notice.
- (3) The relevant agency may refuse to decide the application if the requested information is not given to the agency within the stated period.

- (4) A relevant agency deciding an application must—
- (a) if the relevant agency considers that the proposal is not likely to have a significant adverse environmental impact—give the environmental significance opinion; or
 - (b) if the relevant agency considers that the proposal is not likely to have a significant adverse environmental impact if the development satisfies certain conditions—give the environmental significance opinion subject to the stated conditions (a *conditional environmental significance opinion*); or
 - (c) reject the application.

Note If a conditional environmental significance opinion has been given for a development, the development approval must include a condition that the development comply with the condition in the environmental significance opinion (see s 187 (1) (d)).

In addition, an application to amend a development approval must be refused if the changed development proposal would be in breach of a condition included in the approval relating to a conditional environmental significance opinion (see s 206 (2) (a)).

- (5) If a relevant agency other than the territory planning authority rejects the application, the relevant agency must give written notice of the rejection to the authority.
- (6) If the territory planning authority rejects the application or receives notice under subsection (5), the authority must give written notice of the rejection to the applicant.
- (7) A relevant agency is taken to have rejected an application for an environmental significance opinion if the agency does not give the opinion or notice under subsection (5) within—
 - (a) if no information is requested under subsection (1)—30 working days after the application is made to the agency; or

- (b) if information is requested and the information is given to the agency—30 working days after the information is given to the agency; or
 - (c) if information is requested and the information is not given to the agency within the period stated—30 working days after the stated period has ended.
- (8) However, the relevant agency may decide the application despite the rejection of the application under subsection (7).

141 Costs of environmental significance opinion

- (1) A relevant agency may recover from an applicant for an environmental significance opinion the direct and indirect costs incurred by the agency—
- (a) in deciding an application for the opinion; and
 - (b) in preparing the opinion; and
 - (c) in engaging a consultant to assist with deciding the application or preparing the opinion.
- (2) If the relevant agency has sent an invoice to the applicant for the costs recoverable under subsection (1), the agency must give a copy of the invoice to the territory planning authority.
- (3) Despite section 140 (4) and (5), the relevant agency may wait until the invoice has been paid by the applicant before giving the environmental significance opinion or giving notice under section 140 (5).

142 Notice of environmental significance opinion

- (1) This section applies to an environmental significance opinion given by a relevant agency to the applicant for the opinion.

- (2) The relevant agency must give a copy of the environmental significance opinion to the territory planning authority when the opinion is given to the applicant.
- (3) The territory planning authority must prepare a notice including the text of the environmental significance opinion and publish it on the authority website.
- (4) An environmental significance opinion and the notice including the text of the opinion expire 18 months after the day the opinion is given to the applicant.
- (5) Giving an environmental significance opinion does not limit any power the relevant agency has under this Act or any other territory law.

Chapter 7 Development assessment and approvals

Part 7.1 Outline and important concepts

143 Outline—ch 7

- (1) This chapter sets out the following:
 - (a) the main types of development;
 - (b) requirements for development approval;
 - (c) the development approval process.
- (2) The main types of development are as follows:
 - (a) *assessable development* needs development approval and includes significant development under chapter 6;
 - (b) *prohibited development* is unlawful unless development approval is allowed under division 7.3.1;
 - (c) *exempt development* does not need development approval.
- (3) This section is intended only as a guide to readers.

144 Meaning of *decision-maker*—ch 7

In this chapter:

decision-maker—

- (a) for a development application, means—
 - (i) if the application is for the removal of the concessional status of a lease or for a territory priority project—the Minister; and

- (ii) in any other case—the territory planning authority; and
- (b) for a development approval, means—
 - (i) if the approval is for the removal of the concessional status of a lease or for a territory priority project—the Minister; and
 - (ii) if the territory planning authority decided the application for the approval under section 185—the authority.

Part 7.2 Exempt development

Division 7.2.1 Preliminary

145 Meaning of *exempt development*

(1) In this Act:

exempt development means—

- (a) development that is exempt from requiring development approval under—
 - (i) section 147 (Exempt development—authorised use); or
 - (ii) a regulation; and
- (b) a land management practice undertaken in accordance with Aboriginal tradition and prescribed by regulation.

Note The territory planning authority may tell a proponent of a development proposal whether the development is likely to be exempt if asked by the proponent (see s 164 and s 165). A person may apply for an exemption assessment to work out whether a development is an exempt development (see s 151).

(2) For the definition of *exempt development*, a regulation may not exempt any of the following from requiring development approval:

- (a) a significant development;
- (b) a development that is inconsistent with an essential design element identified in a development approval.

Note *Essential design element*, of a development proposal—see s 188.

(3) In this section:

Aboriginal tradition means the customs, rituals, institutions, beliefs or general way of life of the traditional custodians of the land.

146 **Meaning of *authorised use*—pt 7.2**

In this part:

authorised use, of land, or of a building or other structure on land—

- (a) means a use authorised by any of the following:
 - (i) a lease;
 - (ii) a licence under this Act;
 - (iii) a public unleased land permit under the *Public Unleased Land Act 2013*;
 - (iv) a sign approval or work approval under the *Public Unleased Land Act 2013*;
 - (v) a preserved lease; and
- (b) includes a use authorised by a lease that expired not more than 6 months before the use and is renewed within 6 months after the expiry; but
- (c) does not include a use authorised by section 276 (Use of land for leased purpose).

147 **Exempt development—authorised use**

- (1) An authorised use of land, or of a building or other structure on land, is exempt from requiring development approval.
- (2) To remove any doubt, an authorised use of a building or other structure on land is exempt from requiring development approval if the construction of the building or other structure is exempt from requiring development approval.

- (3) To remove any doubt, if an authorised use of land, or of a building or other structure on land, is exempt from requiring development approval under subsection (1), the right to use the land, building or other structure as authorised does not end only because 1 or more of the following apply:
- (a) the use is not continuous;
 - (b) someone deals with the lease (the *affected lease*) that authorises the use;
 - (c) a further lease is granted for the affected lease on application under section 289 (Grant of further leases), whether or not the grant happens immediately after the expiry of the affected lease.
- (4) This section is subject to section 148.

148 Authorised use that is not exempt

- (1) An authorised use of land, or of a building or other structure on land, requires development approval if—
- (a) earthworks or other construction work is undertaken on the land; and
 - (b) the work requires development approval.
- (2) Also, an authorised use of land, or of a building or other structure on land, requires development approval if—
- (a) a building or other structure is constructed on the land, or a building or other structure on the land is altered or demolished; and
 - (b) the construction, alteration or demolition requires development approval.

- (3) Also, an authorised use of land, or of a building or other structure on land, requires development approval if—
- (a) the placard quantity or more of a Schedule 11 hazardous chemical is to be stored on the land or in the building or other structure; and
 - (b) the land, building or other structure is not mentioned in the *Planning and Development (Placard Quantity Premises) List 2018* (NI2018-532) (repealed).

- (4) In this section:

placard quantity—see the *Work Health and Safety Regulation 2011*, dictionary.

Schedule 11 hazardous chemical—see the *Work Health and Safety Regulation 2011*, dictionary.

Note Because the use of land, or of a building or other structure on land, is development (see s 14 (1)), if the use of the land, building or other structure stops being exempt under this section, development approval will be required for the use.

149 Effect of s 148 on development approval

- (1) This section applies if—
- (a) there is a development proposal in relation to land; and
 - (b) undertaking the proposal would result in an authorised use of the land, or of a building or other structure on the land, requiring development approval because of section 148.
- (2) The proponent of the proposal must apply for development approval for—
- (a) the proposal; and
 - (b) any authorised use of the land, or of a building or other structure on the land, that is intended to continue to apply after the proposal is undertaken (the *proposed use*).

- (3) In deciding the development application, the decision-maker—
- (a) must not refuse to approve the application only on the ground that, if the application were an application only for the proposed use, the application would be refused; and
 - (b) must not approve the application on a condition only because, if the application were an application only for the proposed use, the application would be approved on the condition.

Example

Maria is the lessee of land for which the authorised uses are retail and commercial and on which there are office buildings and shops. Maria wants to undertake earthworks to clear an area of vegetation for people to park on the land, which will require development approval. If the earthworks were undertaken, the authorised uses of the land would stop being exempt under s 148.

In addition to applying for development approval to undertake the earthworks, Maria must also apply for development approval to use the land for retail and commercial purposes.

The decision-maker cannot refuse to approve the application, or approve it on a condition, only on the ground that, if the application were only for the use of the land for retail purposes or commercial purposes, or use of the office buildings and shops, the decision-maker would refuse the application or approve it on conditions.

Division 7.2.2 Exempt development and approvals

150 Exempt development—no need for approval

An exempt development may be undertaken without any of the following:

- (a) a development application;
- (b) a development approval;
- (c) an exemption assessment.

Note The proposal for the exempt development may still need a building approval under the *Building Act 2004*.

Division 7.2.3 Exemption assessments

151 Application for exemption assessment

- (1) A person may apply to a works assessor or building surveyor (the *exemption assessor*) for an assessment of whether a development is an exempt development (an *exemption assessment*).

Note Applying for an exemption assessment is not a requirement of the development approval or building approval process (see s 150 and [Building Act 2004](#), s 14A). If a person believes that a development is an exempt development, the person need not apply for an exemption assessment from a works assessor or building surveyor.

- (2) An application must be—
 - (a) in writing submitted by the applicant; and
 - (b) approved in writing by any other prescribed person; and
 - (c) accompanied by information, plans and other documents prescribed by regulation.
- (3) The application may relate to development that is to be undertaken or has been undertaken.
- (4) In this section:
 - building surveyor*—see the [Construction Occupations \(Licensing\) Act 2004](#), section 9.
 - works assessor*—see the [Construction Occupations \(Licensing\) Act 2004](#), section 14A.

152 Exemption assessment and notice

- (1) This section applies if—
 - (a) a person applies to an exemption assessor for an exemption assessment under section 151; and
 - (b) the exemption assessor agrees to do the exemption assessment.

- (2) The exemption assessor must—
 - (a) assess the application; and
 - (b) give the applicant a notice (an *exemption assessment D notice*)—
 - (i) stating whether the development is, in the assessor’s opinion, an exempt development; and
 - (ii) including anything else prescribed by regulation.
- (3) The exemption assessor must give a copy of the exemption assessment D notice to the territory planning authority within 5 days after the day the notice is given to the applicant.
- (4) The exemption assessor may, in assessing the application, request more information from the applicant.
- (5) If the applicant does not provide the requested information, the exemption assessor need not assess the application or give the exemption assessment D notice.
- (6) The exemption assessor may charge a fee for giving the exemption assessment D notice.

153 Effect of exemption assessment D notice

- (1) An exemption assessment D notice in relation to a development yet to be undertaken certifies that the development is, or is not, an exempt development.
- (2) An exemption assessment D notice in relation to a development that has been undertaken certifies that the development is, or is not, exempt from requiring development approval based on whether the development—
 - (a) was exempt from requiring development approval at the time it was done; or
 - (b) is currently exempt from requiring development approval.

Part 7.3 Prohibited development

Division 7.3.1 Applications for prohibited development—general

154 Meaning of *prohibited development*

- (1) For this Act, a development is a *prohibited development* if either of the following applies to the development or a part of the development:
 - (a) the development is prohibited under the [territory plan](#);
 - (b) for a development that is in a future urban area—
 - (i) the development is undertaken by an entity other than the Territory or a territory authority; and
 - (ii) the [territory plan](#) states that the development is not prohibited.
- (2) However, if a development is an exempt development and a prohibited development, the development is taken not to be a prohibited development.

155 Development applications prohibited except in stated circumstances

The territory planning authority must not accept a development application for approval of a prohibited development other than under 1 of the following sections:

- (a) section 156 (Applications for development approval in relation to use for otherwise prohibited development);
- (b) section 157 (Applications in anticipation of major plan amendment);
- (c) section 159 (Applications for development encroaching on adjoining land if development prohibited).

156 Applications for development approval in relation to use for otherwise prohibited development

- (1) This section applies to a development proposal in relation to a use of land, or of a building or other structure on land, if the use is—
- (a) an authorised use to which section 148 (Authorised use that is not exempt) applies; and
 - (b) a prohibited development.

Note Because the use is not an exempt development, s 154 (2) does not apply.

- (2) A person may apply to the territory planning authority for development approval of the development proposal.
- (3) If an application is made under subsection (2), the use is taken not to be a prohibited development.
- (4) In this section:

authorised use, of land, or of a building or other structure on land—

- (a) means a use authorised by—
 - (i) a lease; or
 - (ii) section 276 (Use of land for leased purpose); or
 - (iii) a preserved lease; and
- (b) includes a use authorised by a lease that expired not more than 6 months before the use if the lease is renewed within 6 months after the expiry.

Example

Lisa is the lessee of land on which she operates a service station in accordance with the lease. The [territory plan](#) is amended and it now prohibits using land to operate service stations in her area. Lisa is not affected since her existing use of the land as authorised by the lease is a type of exempt development and taken not to be prohibited (see s 147 and s 154).

However, Lisa has plans to demolish and rebuild the service station. If she does this, her use of the land is no longer exempt (see s 148). Subsection (2) allows Lisa to apply for development approval for the development proposal and s (3) provides that the use is taken not to be prohibited development.

157 Applications in anticipation of major plan amendment

- (1) This section applies if the territory planning authority has—
 - (a) prepared a draft major plan amendment in accordance with section 60; and
 - (b) given the draft major plan amendment to the Minister for approval under section 67.
- (2) A person may apply for approval of a relevant development proposal after the day the draft amendment is given to the Minister as if the draft amendment were in force.
- (3) The development application must—
 - (a) identify the draft amendment; and
 - (b) state that the application is made as if the draft amendment were in force.
- (4) Despite section 52 (Effect of territory plan)—
 - (a) chapter 6 (Significant development), this chapter and chapter 10 (Leases and licences) apply to the development application as if the draft amendment were in force; and
 - (b) the territory planning authority must assess the application as if the draft amendment were in force; and
 - (c) the territory planning authority must, in publicly notifying the development application under division 7.5.4 (Public notification of development applications)—
 - (i) identify the draft amendment; and

(ii) state that the application is made in accordance with the draft amendment.

(5) In this section:

relevant development proposal, in relation to a draft major plan amendment, means a development proposal for a prohibited development that would not be prohibited if the draft amendment were in force.

Note A development application made under this section may be decided only if the draft plan amendment has commenced under s 80 or s 81 (see s 185 (2) (a)).

158 Declaration for development encroaching on adjoining land if development prohibited

- (1) This section applies to a development proposal in relation to a use of land, or of a building or other structure on land, if—
- (a) the land, building or other structure adjoins unleased land or land for which the Territory is the registered proprietor (the *adjoining land*); and
 - (b) the use would encroach no further onto, over or under the adjoining land than the distance prescribed by regulation (the *encroachment*); and
 - (c) the use is a prohibited development on the adjoining land.
- (2) A person may apply to the territory planning authority for a declaration that the development proposal satisfies the following criteria:
- (a) the encroachment is a minor part of the development;
 - (b) undertaking the proposal in relation to the adjoining land would enable a more logical and appropriate development than if there were no encroachment;

- (c) the proposed use of the land would—
 - (i) not detract from the amenity of the surrounding area; and
 - (ii) promote better land management; and
 - (iii) not unreasonably restrict public access to other land;
 - (d) the territory planning authority is not prohibited from granting by direct sale a lease over the encroachment.
- (3) The application must include—
- (a) if the adjoining land is unleased land—written consent by the custodian of the land to the encroachment; and
 - (b) a copy of any written information given to the custodian, with each page—
 - (i) signed by the custodian; and
 - (ii) numbered by stating the page number and the total number of pages provided.
- (4) Not later than 10 working days after the day the person applies to the territory planning authority for a declaration under subsection (2), the authority must—
- (a) make the declaration; or
 - (b) refuse to make the declaration.
- (5) If the territory planning authority makes the declaration—
- (a) the authority must publish the declaration on the authority’s website; and
 - (b) the applicant must obtain a lease or licence over the land.

159 Applications for development encroaching on adjoining land if development prohibited

- (1) If the territory planning authority has made a declaration under section 158 in relation to a development proposal—
- (a) the applicant for the declaration may apply to the authority for development approval of the proposal; and
 - (b) the use is taken not to be a prohibited development on the adjoining land.
- (2) Despite section 52 (Effect of territory plan)—
- (a) chapter 6 (Significant development), this chapter and chapter 10 (Leases and licences) apply to the application as if the [territory plan](#) were amended in accordance with section 88 (Rezoning—development encroaching on adjoining land) to change the boundary of the land consistent with a proposal under section 158; and
 - (b) the authority must assess the application as if the [territory plan](#) were amended in accordance with section 88.

Note 1 A development application made under this section may be decided only if the [territory plan](#) has been amended under s 88 (see s 185 (2) (b)).

Note 2 The territory planning authority must not grant a lease over an encroachment on adjoining land by direct sale unless the [territory plan](#) has been amended under s 88 (see s 266 (1) (i)).

- (3) In this section:

adjoining land—see section 158 (1) (a).

encroachment—see section 158 (1) (b).

Division 7.3.2 Prohibited waste facility development applications

160 Object—div 7.3.2

The object of this division is to contribute to the achievement of the object of this Act by limiting the development of new waste facilities in the division of Fyshwick.

161 Certain development applications for waste facilities prohibited

- (1) The territory planning authority must not accept a prohibited waste facility development application.

- (2) In this section:

handle, in relation to waste, means store, sort, treat, process, recover, recycle, use, reuse or dispose of waste.

prohibited waste facility development application means a development application in relation to a development proposal for the use of land in the division of Fyshwick that would, if it were approved, permit—

- (a) the use of any part of the land as a waste facility; or
- (b) if the land is used, wholly or partly, as an existing waste facility—an increase in the amount of waste handled on the land each year.

waste—see the *Waste Management and Resource Recovery Act 2016*, section 10.

waste facility—

- (a) means a site used for the handling of waste and includes—
 - (i) an incineration facility; and
 - (ii) a landfill site; and

- (iii) a recyclable material collection site; and
 - (iv) a recycling facility; and
 - (v) a waste transfer facility; and
 - (vi) a hazardous waste facility; but
- (b) does not include—
- (i) if the handling of waste on a site is ancillary to the site's primary use—the site; or
 - (ii) a site prescribed by regulation.

Examples—par (b) (i)

- 1 a paint supplier that accepts unused paint from its customers
- 2 an electrical goods retailer that uses large on-site bins for storing cardboard for recycling

162 Compensation—safety net

- (1) This section applies if, apart from this section, the operation of this division would result in the acquisition of property from a person otherwise than on just terms under the [Self-Government Act](#), section 23 (1) (a).

Note The Legislative Assembly has no power to make a law in relation to an acquisition otherwise than on just terms (see [Self-Government Act](#), s 23 (1) (a)).

- (2) The Territory must pay reasonable compensation to the person for the acquisition in accordance with this section.
- (3) The Territory and the person may agree on an amount of compensation or other terms in satisfaction of the Territory's obligation under subsection (2).
- (4) If there is no agreement under subsection (3), the person may, by proceeding in a court of competent jurisdiction, recover from the Territory the reasonable compensation that the court decides.

- (5) In deciding what is reasonable compensation, the court—
- (a) must have regard to any payment made to, or other terms agreed with, the person by or on behalf of the Territory in relation to the acquisition; and
 - (b) may have regard to the following:
 - (i) any reasonable costs incurred by the person in relation to a prohibited waste facility development application;
 - (ii) any loss in value of land or buildings on the land related to the acquisition;
 - (iii) any cost of work lawfully undertaken in developing the land for use as a waste facility; but
 - (c) must not have regard to any loss of opportunity or future profit claimed by the person because of the acquisition.
- (6) In this section:
- prohibited waste facility development application*—see section 161 (2).

Part 7.4 Development in designated areas

163 Development proposal for lease variation in designated area

The following provisions do not apply to a development proposal that is a variation of a lease in a designated area:

- (a) section 52 (Effect of territory plan);
- (b) section 64 (Public consultation—notice of interim effect etc);
- (c) a provision of this Act that refers to any part of the [territory plan](#).

Example—par (c)

s 189 (1) (a)

Part 7.5 Assessable development

Division 7.5.1 Pre-application matters

164 Consideration of development proposals

- (1) The territory planning authority must consider a development proposal if asked by the proponent of the proposal.
- (2) However, the territory planning authority need not consider the development proposal if satisfied that the information provided by the proponent in relation to the proposal would not allow the authority to provide adequate advice under section 165.
- (3) The territory planning authority must tell the proponent if, because the authority is satisfied under subsection (2), the authority will not consider the development proposal.

165 Advice on development proposals

- (1) After considering a development proposal under section 164, the territory planning authority must tell the proponent, in writing, the following in relation to the proposal:
 - (a) whether the proposed development is likely to be exempt, assessable or prohibited development;
- Note* A person may apply for an exemption assessment to work out whether a development is an exempt development (see s 151).
- (b) whether the authority considers the proposal is for a significant development and, if so, the additional processes (if any) that apply in relation to the proposal;

Examples—additional process

- design review panel advice
- EIS
- environmental significance opinion

- (c) whether the authority considers the proposal will be referred to an entity under section 170 (When authority must refer development application);
 - (d) whether public notification under division 7.5.3 (Referral of development applications) will be required for the application;
 - (e) whether the proposed development is consistent with the existing lease applying to the land the subject of the development;
 - (f) if the proposal relates to a variation of a nominal rent lease—
 - (i) whether a lease variation charge is payable under division 10.7.3 (Variation of nominal rent leases) in relation to the variation; and
 - (ii) the process for determining the charge;
 - (g) generally, what additional information may be required.
- (2) The territory planning authority’s advice on a development proposal is intended to guide and assist the proponent in understanding the likely development assessment process applying to the proposal.
- (3) However, the territory planning authority is not bound by that advice when considering a development application made for the development proposal.

Division 7.5.2 Making a development application

166 Application for development approval

- (1) The proponent of a development proposal may apply to the territory planning authority for approval to undertake the proposed development (a *development application*).
- (2) A development application must be—
 - (a) in writing and signed by the proponent and any prescribed person; and

- (b) in the form required by the territory planning authority by notice on the authority website; and
 - (c) accompanied by the plans, drawings, specifications, assessments and other information and documents—
 - (i) sufficient to address each provision of the [territory plan](#) relevant to the proposed development; and
 - (ii) showing how the application meets each mandatory requirement of a provision of the [territory plan](#); and
 - (iii) stating any condition of a previous development approval that affects the proposed development; and
 - (iv) showing how the proposed development integrates with the surrounding leases and other approved developments; and
 - (v) prescribed for this section; and
 - (vi) required by the [territory plan](#) or another provision of this Act; and
 - (d) if the development application is mentioned in an item in schedule 1, part 1.2, column 2—accompanied by the information or documents mentioned in the item, column 3.
- Note 1* Other territory laws may provide additional requirements for development applications under this Act (see for eg [Unit Titles Act 2001](#), s 166).
- Note 2* Other requirements apply to development applications for subdivision development proposals (see s 43).
- Note 3* Other requirements apply to development applications to vary a concessional lease to remove its concessional status (see s 309).
- (3) A regulation may exempt a development application from a requirement under this section.

- (4) The territory planning authority may make guidelines—
 - (a) about the preparation of the information and documents mentioned in subsection (2) (c); and
 - (b) setting out survey information requirements mentioned in schedule 1, part 1.2, item 7.
- (5) A guideline is a notifiable instrument.
- (6) A guideline must be published on the authority website.

Note A development application may be made for development undertaken without approval (see s 215).

167 Development applications—authority may request more information

- (1) The territory planning authority may at any time, by written notice, ask an applicant for development approval to give the authority more information in relation to the development application.
- (2) The territory planning authority may ask for information under subsection (1) more than once.
- (3) The territory planning authority must publish on the authority website—
 - (a) the notice asking for more information; and
 - (b) the information given to the authority by the applicant.
- (4) The development application is taken to have been withdrawn by the applicant if the applicant does not give the territory planning authority the information within 18 months after the day it asked for the information.

Note A request under this section may affect the time to decide an application (see s 192).

168 Amendment of development application

- (1) The territory planning authority may, if asked by an applicant for development approval, amend the development application.
- (2) However, the territory planning authority must not amend the development application unless—
 - (a) the request for amendment is signed by the applicant and any person prescribed for section 166 (2) (a); and
 - (b) the authority is satisfied that the proposed amended application—
 - (i) is substantially the same as the original application; and
 - (ii) if the development in the original application was not a significant development—does not result in the development becoming a significant development; and
 - (iii) meets the requirements of section 166 (2) (b) to (d); and
 - (c) for land under a land sublease—
 - (i) if the applicant is not the sublessee—the sublessee consents, in writing, to the amendment; and
 - (ii) if the applicant is not the lessee—the lessee consents, in writing, to the amendment.
- (3) The applicant must submit the information and documents under section 166 (2) (c) sufficient to allow the authority to assess the proposed amended application in accordance with subsection (2).

Example

Sch 1, pt 1.2, item 12 requires certain development applications to be accompanied by a written endorsement that the proposal is consistent with a development agreement. If the development as amended would no longer be covered by the endorsement, the applicant must submit an updated endorsement.

- (4) The territory planning authority must, not later than 5 working days after the day the information and documents mentioned in subsection (3) are accepted—
 - (a) amend the development application; or
 - (b) refuse to amend the development application.
- (5) The territory planning authority must publish on the authority website—
 - (a) the request for amendment; and
 - (b) the decision made under subsection (4) in response to the request.

169 Correction of development application

- (1) The territory planning authority may, on the authority's own initiative or on application by the applicant, correct a formal error in a development application.
- (2) However, the territory planning authority must not make a correction if making the correction would adversely affect someone other than the applicant.
- (3) If the territory planning authority does not tell the applicant that the authority refuses to correct a development application by not later than 5 working days after the day the applicant asks for the correction, the authority is taken to have refused the correction.
- (4) If the territory planning authority corrects a development application on the authority's own initiative, the authority must give the applicant written notice of the correction.

Division 7.5.3 Referral of development applications

170 When authority must refer development application

- (1) The territory planning authority must refer a development application as follows:
 - (a) to an entity prescribed by regulation (a *referral entity*);
 - (b) if required by the [territory plan](#)—to the entity stated in the [territory plan](#);
 - (c) if the authority is satisfied that a proposed development is likely to have a significant adverse environmental impact on a protected matter—to the conservator of flora and fauna;
 - (d) if the authority is satisfied that a proposed development is likely to have an adverse impact on a matter in which a government entity (other than a referral entity) has an interest, or is relevant to matters over which a government entity (other than a referral entity) has an advisory role—to the government entity;
 - (e) if the authority is satisfied that the proposed development is likely to affect a protected tree or declared site—to the conservator of flora and fauna.
- (2) However, the territory planning authority need not refer a development application to an entity under subsection (1) if—
 - (a) the authority is satisfied that the applicant has adequately consulted the entity—
 - (i) in relation to the same development proposal as the proposal in the application; and
 - (ii) not earlier than 6 months before the day the application is made; and
 - (b) the entity agrees in writing to the proposed development.

- (3) If the requirements under subsection (2) are met—
- (a) the application is taken to have been referred to the entity; and
 - (b) the agreement mentioned in subsection (2) (b) is taken to be advice received in accordance with section 172 in relation to the development application.

171 Further entity referral—more information or amended application

- (1) This section applies to a development application if—
- (a) either—
 - (i) the application was referred to an entity under section 170 (When authority must refer development application); or
 - (ii) the development proposal in the application was given to the design review panel for consultation under section 100 (When design review panel consultation is required); and
 - (b) the application (the *changed application*) is changed in 1 or both of the following ways:
 - (i) the territory planning authority receives more information in relation to the application in response to a request under section 167 (Development applications—authority may request more information);
 - (ii) the territory planning authority amends the application under section 168 (Amendment of development application).
- (2) The territory planning authority must—
- (a) if the application was referred to an entity under section 170—refer the changed application to that entity; and

- (b) if the application was given to the design review panel for consultation under section 100—refer the changed application to the design review panel.
- (3) The territory planning authority may refer the changed application to an additional entity mentioned in section 170 if the authority considers that the changed application is likely to have an adverse impact on a matter—
 - (a) in which the entity has an interest; or
 - (b) in relation to which the entity has an advisory role.
- (4) The territory planning authority need not refer a changed application to an entity under subsection (2) if the authority is satisfied the change—
 - (a) does not impact on the part of the application in relation to which the entity made comments; and
 - (b) is unlikely to raise an issue about which the entity may wish to comment.
- (5) If the territory planning authority decides under subsection (4) not to refer a changed application to an entity, the authority must publish the decision and reasons for the decision on the authority website.
- (6) The territory planning authority must include a brief description of the change to the application if the authority refers the changed application to an entity under this section.

172 Entity advice on development applications

- (1) This section applies if a development application is referred to an entity under section 170 or section 171.

- (2) The entity must give the territory planning authority the entity's advice in relation to the development application within the number of days prescribed by regulation after the day the authority refers the application to the entity.

Note A written agreement to a development proposal under s 170 (2) (b) is taken to be advice given in accordance with this section in relation to a development application for the proposal (see s 170 (3)).

173 Effect of approvals or advice in development applications

- (1) This section applies to an entity if the territory planning authority approves a development application and—
- (a) if an approval of a development or certification of a thing is required by an entity before the authority can approve the development application—the entity gave a written approval or certification; or
 - (b) if the development application was referred to the entity under section 170 or section 171—the approval is substantially consistent with the entity's advice.
- (2) The entity must not act inconsistently with the development approval, certification or the advice unless—
- (a) more information in relation to the proposed development comes to the entity's attention (other than information mentioned in subsection (3)); and
 - (b) the entity did not have the information when the entity approved the development, certified the thing or gave the advice; and
 - (c) the information is relevant to the approval of, or certification or advice in relation to, the development; and
 - (d) the entity would not have approved the development, certified the thing or given the advice if the entity had the information.

- (3) Subsection (2) (a) does not apply to information in relation to a development proposed in an application if the information—
- (a) was not required in the application; and
 - (b) is required by the entity after the application is approved; and
 - (c) is consistent in all significant respects with information already provided by the applicant, except that it is more detailed.
- (4) For this section, an entity *acts inconsistently* with a development approval, certification or advice if—
- (a) the entity has—
 - (i) approved the application or certified the thing; or
 - (ii) given advice that the entity will give an approval or other thing in relation to the development; and
 - (b) the entity—
 - (i) does not give an approval or other thing required for the development; or
 - (ii) gives the approval or other thing in a way, or subject to a condition, that prevents the applicant undertaking the development approved.

Example—advice

that the entity will agree to the digging up of a footpath to allow the development

Example—thing required for development

the entity's agreement to the digging up of a footpath to allow the development

- (5) Also for this section, an entity *acts inconsistently* with a development approval, certification or advice in relation to a development application if—
- (a) the approval, certification or advice states that an activity to which the approval, certification or advice relates does not require a particular authorisation (however described); and

- (b) the entity prosecutes someone, or takes other compliance action, in relation to the activity because the activity is undertaken without the particular authorisation.

Example—acting inconsistently

An Act prohibits activity A without an approval. The entity responsible for administering the Act gives advice under s 172 that the activity (activity B) in the application does not fall within the description of activity A. The application is approved consistent with the advice. The entity cannot prosecute a person for undertaking activity B in accordance with the approved application because activity B does fall within the description of activity A and the person did not have approval.

Division 7.5.4 Public notification of development applications

174 Definitions—div 7.5.4

In this division:

adjoins—land *adjoins* other land if the land touches the other land, or is separated from the other land only by a road, reserve, river, watercourse or similar division.

registered interest holder, in relation to a lease, means each person with a registered interest in the land described in the lease, other than the applicant for a development application relating to the land.

175 Authority must publicly notify development applications

- (1) The territory planning authority must *publicly notify* a development application by—
- (a) giving public notice of the making of the application on the authority website; and
 - (b) if section 176 applies—giving notice in accordance with that section; and
 - (c) if section 177 applies—giving notice in accordance with that section; and

- (d) displaying a sign on the land to which the application relates stating the development proposed to be undertaken.
- (2) A development application must be notified for the period (the *public notification period*)—
 - (a) prescribed by regulation; or
 - (b) if the period prescribed is extended under section 180 (3)—the prescribed period as extended.
- (3) A regulation may prescribe a development application that is exempt from the requirements under—
 - (a) subsection (1) (b) and section 176; or
 - (b) subsection (1) (a) and (d).
- (4) The validity of a development approval is not affected by a failure by the territory planning authority to comply with this section.

Note Additional notification requirements apply to development applications for significant development (see s 179).

176 Notice of development applications—adjoining land

- (1) This section applies in relation to a development application if leased land (the *adjoining land*) adjoins the land to which the application relates.
- (2) The territory planning authority must do the following:
 - (a) if the adjoining land is occupied—give written notice of the making of the development application to the registered proprietor of the lease at the adjoining land;
 - (b) if the adjoining land is unoccupied—give written notice of the making of the development application to the lessee of the adjoining land at the lessee’s last-known address.

- (3) The territory planning authority may give written notice of the making of the development application to a lessee of land that is not adjoining land if the authority considers that the land may be affected by the proposed development in a way similar to adjoining land.
- (4) The territory planning authority may make a guideline for subsection (3) about how land may be affected by a proposed development to which a development application relates.
- (5) A guideline is a notifiable instrument.

177 Notice of development applications—lease variations

- (1) This section applies in relation to a development application if the application is, or includes, a lease variation.
- (2) The territory planning authority must give written notice of the application to each person with a registered interest in the land described in the lease (other than the applicant).

178 Further public notification—changed application

- (1) This section applies if—
 - (a) a development application is publicly notified (an *initial public notification*); and
 - (b) the development application (the *changed development application*) is changed in 1 or both of the following ways:
 - (i) the territory planning authority receives more information in relation to the application in response to a request under section 167 (Development applications—authority may request more information);
 - (ii) the territory planning authority amends the application under section 168 (Amendment of development application); and

- (c) the development application is not for a significant development.
- (2) The territory planning authority must—
- (a) publicly notify the changed development application; and
 - (b) give written notice of the changed development application to each person who made a representation about the development application during the initial public notification.
- Note* **Publicly notify** a development application—see s 175 (1).
- (3) However, the territory planning authority need not publicly notify the changed development application if satisfied there will be no, or minimal, increase in—
- (a) the adverse impact of the development; and
 - (b) the environmental impact of the development.
- (4) Before making a decision under subsection (3), the territory planning authority must consider—
- (a) the representations (if any) received in response to the initial public notification of the development application; and
 - (b) the cumulative impact of the changes to the development application.
- (5) If the territory planning authority decides not to publicly notify the changed development application, the authority must publish the decision and reasons for the decision on the authority website.

179 Further public notification—significant development

- (1) This section applies to a development application for a significant development that has been publicly notified for the first time.
- (2) After the public notification period for the development application ends, the applicant must give a statement to the territory planning authority that includes details of the following:
 - (a) entity advice given, and representations made, in relation to the application;
 - (b) how the applicant has addressed the entity advice and representations;
 - (c) any changes to the application.
- (3) If the territory planning authority is not satisfied that the applicant has met the requirements of subsection (2), the authority may, by written notice, ask the applicant for more information.

Note A request under this subsection may affect the time to decide an application (see s 192).
- (4) The development application is taken to have been withdrawn by the applicant if the applicant does not give the territory planning authority the information within 18 months after the day it asked for the information.
- (5) As soon as practicable after receiving the statement, the territory planning authority must—
 - (a) publish the statement and the development application on the authority website; and
 - (b) publicly notify the development application (whether or not the development application has changed).
- (6) The territory planning authority may make a guideline about the information that must be included in a statement under subsection (2).
- (7) A guideline is a notifiable instrument.

Division 7.5.5 Representations about development applications

180 Making representations about development applications

- (1) Anyone may make a written representation about a development application that has been publicly notified.
- (2) A representation about a development application must be made during the public notification period for the application.

Note **Public notification period**, for a development application—see s 175 (2).

- (3) The territory planning authority may, by public notice, extend the public notification period.
- (4) If the territory planning authority extends the public notification period, the authority must—
 - (a) give the applicant for the development approval written notice of the extension; and
 - (b) publish the decision to extend the public notification period on the authority website.
- (5) A person who makes a representation about a development application may, in writing, withdraw the representation at any time before the application is decided.
- (6) To remove any doubt, a representation about a development application—
 - (a) may relate to how the development proposed in the application meets, or does not meet, any finding or recommendation of the EIS for the development; and
 - (b) must not relate to the adequacy of a finalised EIS.

Note Representations about a draft EIS may be made under s 115.

Division 7.5.6 Notice of development applications to registrar-general

181 Notice of development applications

- (1) The territory planning authority must give written notice of each development application submitted to the authority to the registrar-general for recording under the *Land Titles Act 1925*, part 8A (Record of administrative interests).
- (2) The notice must include the following:
 - (a) a description of the development;
 - (b) the number allocated to the development application by the territory planning authority;
 - (c) the approval status of the application;
Examples—approval status
 - approved
 - approved on conditions
 - pending
 - refused
 - under review by the ACAT
 - (d) anything else prescribed by regulation.
- (3) If the approval status of a development application changes, the territory planning authority must give the registrar-general written notice of the change.

Division 7.5.7 Pre-decision advice

182 Authority may give advice

- (1) The territory planning authority may, at any time before deciding a development application under section 185, give the applicant for the development application advice (*pre-decision advice*) that, in the authority's opinion, the application in its current form does not meet the requirements of the [territory plan](#).
- (2) The territory planning authority may give pre-decision advice more than once.
- (3) The territory planning authority may include advisory notes for the applicant about recommended changes to the application to meet the requirements of the [territory plan](#).
- (4) The applicant may respond to the pre-decision advice by—
 - (a) amending the development application; or
 - (b) requesting that the territory planning authority decide the application in its current form under section 185.

Note A response in accordance with s (4) (b) may affect the time to decide an application (see s 192).

- (5) Pre-decision advice must be published on the authority website.

Division 7.5.8 Development applications— termination

183 Withdrawal of development applications

An applicant may withdraw a development application at any time before the application is decided under section 185 (Deciding development applications).

184 Refusal, rejection or withdrawal of concurrent documents

- (1) This section applies if—
 - (a) a development application is a concurrent development application; and
 - (b) a concurrent document, or a provision of a concurrent document, relating to the application—
 - (i) is refused, rejected or withdrawn; or
 - (ii) is taken to have been refused, rejected or withdrawn; or
 - (iii) for a draft major plan amendment—is revised in a way that no longer permits the proposed development.
- (2) The territory planning authority is taken to have refused the concurrent development application.
- (3) The territory planning authority must give the applicant for the concurrent development application written notice of the effect of this section.
- (4) In this section:

concurrent document, in relation to a concurrent development application, means—

- (a) if the application is made under section 157 (Applications in anticipation of major plan amendment)—the draft major plan amendment that gives effect to the anticipated plan amendment; or
- (b) if the application is made under section 159 (Applications for development encroaching on adjoining land if development prohibited)—the proposed technical amendment.

Part 7.6 Development approval

Division 7.6.1 Deciding development applications

185 Deciding development applications

- (1) The decision-maker for a development application must—
 - (a) approve a development application; or
 - (b) approve a development application subject to a condition under section 187; or
 - (c) refuse a development application.

Note 1 A development application to vary a lease granted as a concessional lease by surrender and regrant of the lease as a market value lease is subject to a condition (see s 308).

Note 2 In some cases a condition may be required (see s 187 (1)).

- (2) However, the decision-maker may decide a concurrent development application only if—
 - (a) for an application made under section 157 (Applications in anticipation of major plan amendment)—the draft major plan amendment has commenced under division 5.2.8 (Commencement and publication of major plan amendments); and
 - (b) for an application made under section 159 (Applications for development encroaching on adjoining land if development prohibited)—the minor plan amendment has commenced under section 85 (4).
- (3) A development application for a territory priority project must be decided by the Minister.

- (4) Before the Minister decides a development application for a territory priority project, the territory planning authority must give the Minister information about whether, in its opinion, the proposal meets the requirements of this Act and the [territory plan](#).
- (5) If the territory planning authority approves a development application that relates to a regulated tree or a public tree, the authority may, under this section—
 - (a) if a tree management plan is already in force for the tree—approve an amendment of, or replacement for, the tree management plan; or
 - (b) in any other case—approve a tree management plan for the tree.

- (6) In this section:

approve a development application includes partly approving the application.

public tree—see the [Urban Forest Act 2023](#), section 9, definition of *protected tree*, paragraph (a) (iii).

regulated tree—see the [Tree Protection Act 2005](#), section 10 (1).

186 Considerations when deciding development applications

In deciding a development application under section 185, the decision-maker must consider the following:

- (a) any applicable desired outcomes in the [territory plan](#);
- (b) any applicable design guidance in a design guide;
- (c) if the territory planning authority gave pre-decision advice in relation to the application—the pre-decision advice and any response by the applicant to that advice;
- (d) if the site of the proposed development adjoins another zone—whether the development proposal achieves an appropriate transition between the zones;

- (e) the suitability of the proposed development in the context of the site and the site surrounds, including the permissible uses for those areas;
- (f) the probable impact of the proposed development, including the nature, extent and significance of probable environmental impacts;
- (g) the interaction of the proposed development with any other adjoining or adjacent development proposals for which a development application has been submitted or development approval given;
- (h) any representation about the development application received by the territory planning authority and not withdrawn;
- (i) any advice given by an entity to which the development application was referred under section 170 (When authority must refer development application) or section 171 (Further entity referral—more information or amended application);
- (j) any environmental significance opinion or conditional environmental significance opinion in relation to the development proposal;
- (k) if the proposed development relates to land that is public land—the public land management plan for the land;
- (l) if the design review panel gave advice on the development proposal—the panel’s advice and the applicant’s response to the panel’s advice.

187 Conditional approvals

- (1) An approval under section 185 (1)—
 - (a) must include any condition required to be included by the [territory plan](#); and

- (b) must not include a condition inconsistent with a condition required to be included by the [territory plan](#); and
- (c) if the development application is for the subdivision of a units plan under the [Unit Titles Act 2001](#), section 165B (Subdivision of units plan—application)—must include a condition that the units plan is cancelled; and
- (d) if a conditional environmental significance opinion has been given in relation to the development—must include a condition that the development comply with the condition in the environmental significance opinion; and

Note An application to amend a development approval must be refused if the changed development proposal would be in breach of the condition relating to the conditional environmental significance opinion (see s 206 (2) (a)).

- (e) if the application is for approval of a development on subleased land—
 - (i) may include a condition that the sublessee develops unleased land in a stated way; and
 - (ii) must not include a condition inconsistent with the lease under which the sublease is granted; and
- (f) if the application is for approval of a development that includes works in a declared site or the protection zone of a protected tree under the [Urban Forest Act 2023](#)—must include a condition that the development comply with any of the following that apply in relation to the declared site or the tree:
 - (i) a tree management plan;
 - (ii) a canopy contribution agreement;
 - (iii) a tree bond agreement;
 - (iv) any other agreement or undertaking to do something or not do something in relation to the declared site or the tree.

- (2) The following are examples of the conditions subject to which development approval in relation to land may be given:
- (a) the development, or a stated stage of the development, must be undertaken to the satisfaction of a stated entity;
 - (b) the development, or a stated stage of the development, must be undertaken within a period stated in or under the approval;
 - (c) the approval does not take effect unless a stated approval is revoked, amended or given;
 - (d) a lease relating to the land must be varied and the variation registered under the *Land Titles Act 1925*;
 - (e) an existing licence must be varied;
 - (f) another approval relating to the land must be surrendered;
 - (g) stated things must be done to prevent or minimise adverse environmental impacts;
 - (h) an offset condition;
 - (i) for an approval relating to use of the land, or of a building or other structure on the land—the use may take place only in stated circumstances or at stated times;
 - (j) for an approval to undertake a development for a stated period—
 - (i) building works or other works undertaken in or on a place the subject of the approval must be removed at the end of the period; or
 - (ii) that the site where the development is to take place is to be restored to a particular state at the end of the period;
 - (k) a bond must be entered into securing performance against the conditions of the approval;

- (l) for an approval in relation to a place registered, or nominated for provisional registration, under the *Heritage Act 2004*—the applicant must enter into a heritage agreement under that Act for the conservation of the heritage significance of the place;
 - (m) the development must be undertaken to a stated standard;
 - (n) stated works, services or facilities that the relevant authority considers reasonable in the circumstances—
 - (i) must be provided by the applicant on or to a place the subject of the approval, or on or to another place; or
 - (ii) must be paid for completely or partly by the applicant; or
 - (iii) must be provided on or to a place the subject of the approval by agreement between the applicant and the Minister responsible for the provision of the works, services or facilities;
 - (o) a plan, drawing, specification or other document must be prepared by the applicant and submitted to the territory planning authority for endorsement before the development, or a stated stage of it, starts;
 - (p) a change must be made to a plan, drawing, specification or other document forming part of the application for approval;
 - (q) for an approval of a development that proposes to remove a protected tree under the *Urban Forest Act 2023*, section 21— the applicant must enter into a canopy contribution agreement in relation to the tree’s removal.
- (3) A condition may modify the proposed development to make it consistent with the [territory plan](#).

- (4) The territory planning authority may endorse a change to a document previously endorsed in accordance with a condition mentioned in subsection (2) (o) if the change—
- (a) would not make the approval inconsistent with table 210 (When development approvals take effect), item 4; and
 - (b) is consistent with the approval, including any conditions of the approval.
- (5) If the change required by a condition mentioned in subsection (2) (o) is minor in nature, the condition may be annotated on the document and attached to the approval.
- (6) In this section:
- canopy contribution agreement*—see the *Urban Forest Act 2023*, section 35 (3).
- tree bond agreement*—see the *Urban Forest Act 2023*, section 92 (2).

188 Essential design elements

- (1) A decision-maker, or the ACAT, may decide that an element of a development proposal is an *essential design element*.
- (2) An essential design element—
- (a) must be identified in a development approval; and
 - (b) may be marked on a plan.

189 Restrictions on development approval

- (1) A decision-maker may approve a development application for a development proposal only if the proposal is consistent with the following:
- (a) the [territory plan](#);
 - (b) for development relating to land described in a rural lease—any land management agreement for the land;

- (c) for development in relation to which an entity has given advice under section 172—the entity’s advice;

Note Advice given outside the time required by s 172 is not entity advice for the purpose of that section, but may be considered under s 186 (h).

- (d) for development that will affect a registered tree, remnant tree located on land outside the built-up urban area or declared site—the advice of the conservator of flora and fauna in relation to the application;

- (e) for development that is likely to have a significant adverse environmental impact on a matter protected by the Commonwealth—any advice given by the Commonwealth Minister under section 191 in relation to the matter.

Note A development application cannot be approved if it is inconsistent with the [territory plan](#) (see s 52) or the National Capital Plan (see *Australian Capital Territory (Planning and Land Management) Act 1988* (Cwlth), s 11).

- (2) Subsection (1) (c) and (d) are subject to section 190 (Development approval contrary to entity advice).
- (3) If an entity mentioned in subsection (1) (c) suggests conditions for the approval in its advice, the suggested conditions are not entity advice for the purpose of this section.
- (4) Also, if an entity mentioned in subsection (1) (c) fails to give advice within the time prescribed for section 172—
- (a) the decision-maker may approve the development application despite or without the advice; and
- (b) the validity of the development approval is not affected by the entity’s failure.

- (5) The decision-maker must refuse the following development applications:
- (a) an application for a development proposal involving affected residential premises other than a remediation development;
 - (b) an application for a development proposal mentioned in section 105 (When EIS is required) if the finalised EIS or environmental significance opinion is not provided.

- (6) The decision-maker may refuse the following development applications:
- (a) an application in which, or in relation to which, the applicant has provided false or misleading information;

Note It is an offence to make a false or misleading statement, give false or misleading information or produce a false or misleading document (see [Criminal Code](#), pt 3.4).

- (b) an application if the design review panel has given design advice in relation to the development proposal under section 101 and—
 - (i) the proponent has not responded to the design advice; or
 - (ii) the decision-maker considers the proponent's response to the design advice unsatisfactory.

- (7) In this section:

affected building—see the [Dangerous Substances Act 2004](#), section 47I.

affected residential premises—see the [Dangerous Substances Act 2004](#), section 47I.

development proposal includes a development proposal as amended in accordance with any conditions of approval.

registered tree—see the [Urban Forest Act 2023](#), section 10.

remediation development, in relation to affected residential premises, means—

- (a) the demolition of each affected building on the premises including asbestos removal related to the demolition; and
- (b) the remediation of the premises.

remnant tree—see the *Urban Forest Act 2023*, section 12.

190 Development approval contrary to entity advice

- (1) A decision-maker may approve a development application if—
 - (a) the application is for—
 - (i) a development proposal that is inconsistent with entity advice mentioned in section 189 (1) (c); or
 - (ii) a territory priority project that is inconsistent with the advice of the conservator of flora and fauna mentioned in section 189 (1) (d); and
 - (b) the proposal or project does not involve a protected matter; and
 - (c) the decision-maker has considered both of the following:
 - (i) the desired outcomes applying to the proposal under the [territory plan](#);
 - (ii) for a proposal or project requiring an EIS—any reasonable alternative development options; and
 - (d) the decision-maker is satisfied that acting contrary to the advice will significantly improve the planning outcome to be achieved.

Note The decision-maker for an application for a territory priority project is the Minister (see s 144).

- (2) Also, the chief planner or the Minister may approve a development application if—
- (a) the application is for a significant development that is likely to have a significant adverse environmental impact on a declared protected matter; and
 - (b) the proposal is inconsistent with the advice of the conservator of flora and fauna mentioned in section 189 (1) (c) in relation to the protected matter; and
 - (c) the chief planner or Minister is satisfied that the proposal—
 - (i) is consistent with the offsets policy; and
 - (ii) would provide a substantial public benefit.

Note The chief planner or Minister's approval must be consistent with approvals required under the [EPBC Act](#).

- (3) A decision-maker must state in their decision the reasons why they were satisfied of the matters mentioned in subsection (1) (d) or (2) (c).
- (4) In this section:
development proposal—see section 189 (7).

191 Referral of matter protected by the Commonwealth

- (1) This section applies if—
- (a) a decision-maker proposes under section 185 to approve a development application (with or without a condition); and
 - (b) the proposed development is likely to have a significant adverse environmental impact on a matter protected by the Commonwealth.
- (2) Before the decision-maker may approve the application, the decision-maker must refer the proposed decision to the Commonwealth Minister responsible for administering the [EPBC Act](#).

- (3) If the Commonwealth Minister does not give the decision-maker advice about the proposed decision within 10 working days after the day the decision-maker gives the application to the Commonwealth Minister, the decision-maker may approve the application.

Note If the Commonwealth Minister gives the decision-maker advice about the proposed approval, development approval must not be given unless the development proposal is consistent with the advice (see s 189 (1) (e)).

192 Time to decide development applications

- (1) The maximum time for deciding, under section 185, a development application mentioned in an item in table 192, is the number of working days mentioned in column 3 of the item, starting on the day mentioned in column 4 of the item.
- (2) However, if the decision-maker has referred the proposed decision to the Commonwealth Minister under section 191, the time for deciding the development application is increased by 10 working days.
- (3) If the territory planning authority asks for more information in relation to a development application under section 167 or section 179, the time for deciding the application—
- (a) stops on the day the authority asks for the information; and
 - (b) recommences on the day the applicant gives the information.
- (4) If an applicant responds to pre-decision advice in relation to a development application under section 182 (4) (b), the time for deciding the application—
- (a) stops on the day the territory planning authority gives the applicant the advice; and
 - (b) recommences on the day the applicant responds.

Table 192 Maximum number of days to decide development application

column 1 item	column 2 type of application	column 3 number of working days for decision	column 4 starting day
1	development application (other than a concurrent application or an application for significant development)— (a) if a representation is made under s 180 (b) if no representation is made under s 180	45 30	the latest of the following days: (a) the day the application is submitted (b) if the application is amended under s 168—the day the application is amended by the authority
2	concurrent development application	10	the latest of the following days: (a) the day the concurrent process is completed (b) the day otherwise applying to the application under this section
3	development application for significant development	60	the latest of the following days: (a) the day the application is submitted (b) if the application is amended under s 168—the day the application is amended by the authority

(5) In this section:

day the concurrent process is completed, in relation to a concurrent development application, means—

- (a) for an application made under section 157 (Applications in anticipation of major plan amendment)—the day the draft major plan amendment commences under division 5.2.8 (Commencement and publication of major plan amendments); or
- (b) for an application made under section 159 (Applications for development encroaching on adjoining land if development prohibited)—the day the minor plan amendment commences under section 85.

working day, for a development application mentioned in table 192, item 1 or 3, means a day that is not—

- (a) a Saturday or Sunday; or
- (b) a public holiday in the ACT; or
- (c) a day in the period beginning on 20 December in a year and ending on 10 January the following year.

193 Development applications not decided within time

- (1) This section applies if—
 - (a) the time for deciding a development application has ended; and
 - (b) the decision-maker has not decided the application under section 185.
- (2) The decision-maker may approve the application under section 185 (with or without conditions) even if the time for deciding the application has ended.

- (3) To remove any doubt, the decision-maker is taken to have decided to refuse an application under the *ACT Civil and Administrative Tribunal Act 2008*, section 12 (When no action taken to be decision) if the decision-maker has not decided the application under section 185.

Note Because a decision of the ACAT on review is taken to have been a decision of the original decision-maker, the original decision-maker will not be able to approve an application if the ACAT has decided an application for review of the deemed refusal (see *ACT Civil and Administrative Tribunal Act 2008*, s 69).

194 Lease to be varied to give effect to development approval

- (1) This section applies if—
- (a) a decision-maker approves a development application under section 185; and
 - (b) the development consists of or includes a lease variation (other than the variation of a concessional lease to remove its concessional status).
- (2) The territory planning authority must vary the lease in accordance with the terms of the approval.
- (3) This section is subject to part 10.7 (Lease variations).

Note Table 210, item 4 and item 5 set out when development approvals requiring lease variations take effect.

195 Refusal does not affect existing use

The refusal of a development application in relation to the use of land does not affect an existing use of land, or use of existing developments on the land.

Division 7.6.2 Notice of decisions on development applications

196 Notice of decision

- (1) A decision-maker who decides a development application under section 185 (other than an application to remove the concessional status of a lease) must give written notice of the decision (the *decision notice*) to—
 - (a) the applicant; and
 - (b) each person who made a representation under section 180 about the application; and
 - (c) each entity to whom the application was referred under section 170 (When authority must refer development application) or section 171 (Further entity referral—more information or amended application); and
 - (d) if the decision is to approve the application under section 185 (1) (a) or (b)—the registrar-general.
- (2) A decision notice given to a person mentioned in subsection (1) (a) or (b) must include the following:
 - (a) a brief description of the place to which the approval relates;
 - (b) a description of the development to which the approval relates;
 - (c) the reasons for the decision;
 - (d) a summary of any advice in relation to the application received from an entity (the *entity's advice*) under section 172 (Entity advice on development applications);
 - (e) if the decision-maker did not follow the entity's advice in making the decision—the reasons for not following the advice;

- (f) if a development application decision was referred to the Commonwealth Minister responsible for administering the [EPBC Act](#)—a summary of the Commonwealth Minister’s advice (if any);
- (g) a statement about whether the development application is for a significant development or a territory priority project;
- (h) the date the development application was submitted;
- (i) the date the development application was decided;
- (j) a statement about whether the development application was—
 - (i) approved; or
 - (ii) approved in part; or
 - (iii) refused;
- (k) if any part of the application was approved—
 - (i) a statement about whether the approval is subject to conditions and, if so, what the conditions are; and
 - (ii) the date the approval takes effect; and
 - (iii) any essential design elements for the approval; and
 - (iv) a summary of any essential design elements marked on a plan for the approval;
- (l) anything else prescribed by regulation.

Note If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 505).

- (3) If a representation in relation to the development application has been made on behalf of 2 or more people (a ***joint representation***) and 1 person is nominated as the contact person for the representation (the ***nominated person***), it is sufficient for subsection (1) (b) if the decision-maker gives the decision notice to the nominated person.

- (4) A decision notice given to the nominated person is taken to be given to each person on behalf of whom the joint representation was made.
- (5) A decision notice must be published on the authority website.

Division 7.6.3 Reconsideration of decisions on development applications

197 Definitions—div 7.6.3

In this division:

original application—see section 198 (1) (a).

original decision—see section 198 (1) (a).

reconsideration application—see section 198 (2).

198 Applications for reconsideration

- (1) This section applies if—
 - (a) a development application, or an application for amendment of a development approval (the *original application*), is conditionally approved (including partly approved) or refused by the territory planning authority (the *original decision*); and
 - (b) an application has not previously been made under this section for reconsideration of the original decision; and
 - (c) an application has not been made to the ACAT for review of the original decision.

Note This section does not apply to a development application, or an application for amendment of a development approval, decided by the Minister.

- (2) The applicant for the original application may apply for reconsideration of the original decision (the *reconsideration application*).

- (3) The reconsideration application must—
 - (a) be in writing signed by the applicant; and
 - (b) if the application is made by someone other than the lessee of the land to which the application relates and the land is not unleased—also be signed by the lessee of the land.
- (4) The reconsideration application must be made not later than—
 - (a) 20 working days after the day the applicant is told about the original decision by the territory planning authority; or
 - (b) any longer period allowed by the territory planning authority.
- (5) The reconsideration application must set out the grounds on which reconsideration of the original decision is sought.
- (6) A reconsideration application must be published on the authority website.

199 Reconsideration

- (1) If the territory planning authority receives a reconsideration application, the authority must—
 - (a) reconsider the original decision; and
 - (b) not later than 20 working days after the day the authority receives the application—
 - (i) make any decision in substitution for the original decision that the authority could have made on the original application; or
 - (ii) confirm the original decision.
- (2) The 20 working days mentioned in subsection (1) may be extended for a stated period by agreement between the territory planning authority and the applicant.

- (3) In reconsidering the original decision, the territory planning authority—
- (a) need not publicly notify the reconsideration application under division 7.5.4; but
 - (b) must—
 - (i) give written notice of the reconsideration application to anyone who made a representation under section 180 about the original application; and
 - (ii) allow the person reasonable time (that is at least 2 weeks) to make a representation on the reconsideration application; and
 - (iii) consider any representation made within the time allowed.

Note Applications for reconsideration must be published on the authority website (see s 198 (6)).

- (4) Also, in reconsidering the original decision, the territory planning authority—
- (a) must consider any information available to the authority when it made the original decision and information given in the reconsideration application; and
 - (b) may consider any other relevant information.

Example—other relevant information
information from representations

- (5) If the original decision was made on the territory planning authority's behalf, the authority or someone holding a position senior to the position held by the person who made the original decision must reconsider the decision.

200 Effect of ACAT application on reconsideration

- (1) This section applies if, after a reconsideration application is made, an application is made to the ACAT for review of the original decision.
- (2) If the application to the ACAT is made by a third party, the reconsideration application is taken to be withdrawn.
- (3) However, if the ACAT makes an order dismissing or striking out the application to the ACAT, the applicant for the reconsideration application may make another reconsideration application not later than 20 working days after the day the order takes effect.
- (4) In this section:

third party means an entity other than the applicant for the development approval or the territory planning authority.

201 Notice of decisions on reconsideration

As soon as practicable after reconsidering an original decision under section 199, the territory planning authority must give written notice of the decision on the reconsideration to—

- (a) the applicant; and
- (b) anyone who was given notice of the reconsideration application under section 199 (3) (b); and
- (c) if the original decision was an approval subject to conditions—
the registrar-general.

Note If the notice is given to a person who may apply to the ACAT for review of the decision to which it relates, the notice must be a reviewable decision notice (see s 505).

202 No action by authority within time

- (1) If the territory planning authority does not make a decision within the time for deciding the reconsideration application under section 199, the authority is taken to have confirmed the original decision.

- (2) However, the territory planning authority may reconsider the original application under section 199 even if the time for deciding the application ends.

Division 7.6.4 Correction and amendment of development approvals

203 Correcting development approvals

- (1) The territory planning authority may, on its own initiative or on application, correct a formal error in a development approval.
- (2) If the territory planning authority corrects a development approval, the authority must give every approval-holder written notice about the correction.

204 Revocation of development approvals

- (1) The territory planning authority may revoke a development approval—
 - (a) if satisfied that the approval was obtained by fraud or misrepresentation; or
 - (b) if the approval is in relation to a place registered or nominated for provisional registration under the *Heritage Act 2004* and the applicant for the approval is convicted of an offence against chapter 13 (Enforcement) or the *Heritage Act 2004*.
- (2) The territory planning authority must tell the registrar-general about the revocation.

205 Applications to amend development approvals

- (1) This section applies if—
 - (a) a development proposal changes and is no longer covered by the development approval for the development; and

- (b) section 209 (When development approvals do not require amendment) does not apply to the changed development proposal.

Note If the development proposal changes in accordance with a condition of the development approval, the change is covered by the approval and this section does not apply.

- (2) The approval-holder may apply to 1 of the following to amend the development approval so that it covers the changed development proposal:
- (a) if the application involves amendment of an essential design element—the entity who decided the essential design element under section 188;
 - (b) in any other case—the territory planning authority.
- (3) An application under subsection (2) must—
- (a) be in writing signed by the applicant; and
 - (b) if the application is made by someone other than the lessee of the land to which the application relates, be signed by—
 - (i) if the land to which the application relates is subject to a lease—the lessee of the land; or
 - (ii) if the land to which the application relates is public land or unleased land—the custodian of the land; or
 - (iii) in any other case—the territory planning authority; or
 - (c) if the application relates to land under a land sublease and—
 - (i) the applicant is not the sublessee—also be signed by the sublessee; and
 - (ii) the applicant is not the lessee—also be signed by the lessee.
- (4) A person who signs an application under subsection (3) (b) (i) or (c) is taken to be an applicant in relation to the application.

206 Deciding applications to amend development approvals

- (1) In deciding whether to amend a development approval in accordance with an application under section 205, the decision-maker must consider the application, and take action in relation to the application, as if—
- (a) the development originally approved is completed; and
 - (b) the application is a development application to be decided under section 185.

Example

Tony has development approval to build a house (the *original approval*). Tony starts to build the house, but discovers that he needs an extra room in the house. He applies to amend the original approval.

In deciding whether to amend the original approval, the territory planning authority must treat the application to amend as if the house has been built in accordance with the original approval, and the application is for approval to add an extra room.

Note 1 A decision of the territory planning authority to amend a development approval subject to a condition, or refuse to amend a development approval, may be reconsidered (see s 198 (1) (a)). The approval-holder may apply for review of a decision under s 199 (1) (b) (ii) to confirm the original decision (see sch 5, pt 5.2, item 5).

Note 2 The decision-maker must decide whether to amend the development approval as soon as possible (see [Legislation Act](#), s 151B).

- (2) The decision-maker must refuse to amend the development approval if satisfied that—
- (a) the changed development proposal would be in breach of a condition included in the approval under section 187 (1) (d); or
- Note* If a conditional environmental significance opinion has been given for a development, the development approval must include a condition that the development comply with the condition in the environmental significance opinion (see s 187 (1) (d)).
- (b) an offset condition for the approval as amended would not provide an offset at least equivalent to an offset provided by the original approval.

- (3) Also, the decision-maker must refuse to amend a development approval unless satisfied that, after the amendment, the development approved will be substantially the same as the development for which approval was originally given.

207 Exception to s 206 (1) (b)—referral requirements

- (1) This section applies if—
- (a) a development application was referred to an entity under section 170 (When authority must refer development application) or section 191 (Referral of matter protected by the Commonwealth); and
 - (b) an application is made under section 205 to amend the development approval to which the application relates (the *amendment application*).
- (2) Despite section 206 (1) (b), the decision-maker need not refer the amendment application to an entity under section 170 or section 191 if the decision-maker is satisfied that the amendment application—
- (a) does not affect any part of the development approval in relation to which the entity gave advice; or
 - (b) is not reasonably expected to contain matters upon which the entity would wish to comment.

Note Under s 206 (1) (b), an amendment to amend a development approval is subject to the same requirements as an application for development approval, which would ordinarily require the amendment application to be referred to relevant entities under s 170.

208 Exception to s 206 (1) (b)—waiver of notification requirement

Despite section 206 (1) (b), the decision-maker may waive the requirement to publicly notify an application to amend a development approval if satisfied that—

- (a) the amendment will not involve any change that would be inconsistent with an essential design element; and
- (b) the amendment will do no more than minimally increase—
 - (i) the adverse impact of the development otherwise than on the applicant; and
 - (ii) the environmental impact of the development.

209 When development approvals do not require amendment

- (1) This section applies if—
 - (a) the decision-maker has given development approval for a development proposal; and
 - (b) the development proposal changes (the *changed development proposal*) so that it is not covered by the development approval; and
 - (c) a circumstance prescribed by regulation under subsection (3) applies.
- (2) The changed development proposal is taken to be in accordance with the development approval.
- (3) A regulation may prescribe circumstances for subsection (1) (c).

Note 1 The development may still need building approval, or further building approval, under the *Building Act 2004*.

Note 2 The development must also comply with the lease for the land on which it is undertaken.

Division 7.6.5 Effect and duration of development approvals

210 When development approvals take effect

- (1) This section applies if a decision-maker approves a development application under section 185 (Deciding development applications).
- (2) If the circumstances mentioned in column 2 of an item in table 210 apply to a development approval, the approval (or an approval as varied or substituted by the ACAT) takes effect on the day mentioned in column 3 of the item.

Table 210 When development approvals take effect

1	<p>(a) no third party may make an application for ACAT review of the approval decision or there are no representations about the development application; and</p> <p>(b) the development does not include an activity not allowed under the lease for the land on which the development is proposed to take place; and</p> <p>(c) the approval is not subject to a condition that something must happen before the approval takes effect</p>	the day after the day the approval decision is made

offset condition, for a development approval, means a condition—

- (a) identifying a protected matter that is likely to suffer a significant adverse environmental impact from the development; and
- (b) requiring an offset to compensate for the likely impact of the development on the protected matter.

(2) An offset condition for a development approval may include a requirement that the proponent of the development have an offset management plan for the offset.

(3) Also, an offset condition for a development approval may include a requirement that—

- (a) if the offset land is not the land to which the approval applies—
the lease for the offset land be subject to a condition requiring the lessee of the offset land to comply with an offset management plan for the offset; and

Note To satisfy an offset condition with this kind of requirement, another development approval may be needed to vary the lease for the offset land to include a condition on the lease for the offset land that the lessee must comply with the offset management plan.

- (b) if the offset will be on public land—
 - (i) a new public land management plan for the land be prepared, including stated matters; or
 - (ii) an existing public land management plan for the land be varied in a stated way; and
- (c) if the offset is to be on land described in a rural lease—
 - (i) a new land management agreement for the land be prepared, including stated matters; or
 - (ii) an existing land management agreement for the land be varied in a stated way.

- (4) In this section:

offset land, for an offset, means the land on which the offset is to be located.

245 Meaning of *offset management plan*

 - (i) section 251 (Offset management plan—amendment initiated by offset manager); or

 - (iii) in any other case—the person identified in the offset management plan as the offset manager; but
- (b) if paragraph (a) (i) does not apply—does not include the lessee of the land.

247 Draft offset management plan—proponent to prepare

- (1) If an offset condition for a development approval requires the proponent to have an offset management plan for the offset, the proponent must prepare a draft offset management plan for the offset.
- (2) The draft offset management plan must—
 - (a) identify the land to which it applies; and
 - (b) include a plan describing how the offset may be achieved; and
 - (c) if the offset management plan will not apply to leased land, unleased land or public land—identify the offset manager for the offset management plan; and

 - (b) apply, adopt or incorporate an instrument as in force from time to time.
 - Note* The text of an applied, adopted or incorporated law or instrument, whether applied as in force from time to time or at a particular time, is taken to be a notifiable instrument if the operation of the [Legislation Act](#), s 47 (5) or (6) is not disapplied (see s 47 (7)).
- (4) In preparing a draft offset management plan, the proponent must consult the following entities and seek their written agreement to the draft offset management plan:
 - (a) the conservator of flora and fauna;
 - (b) if the offset management plan will apply to leased land—the lessee of the land (unless the lessee is the proponent);
 - (c) if the offset management plan will apply to unleased land or public land—the custodian of the land.

248 Draft offset management plan—submission to decision-maker

- (1) The proponent must submit the draft offset management plan to the decision-maker for approval.
- (2) The draft offset management plan must be accompanied by the written agreement of the entities mentioned in section 247 (4).

- (3) If the proponent submits the draft offset management plan to the decision-maker for approval, the decision-maker must—

 - (i) undertake stated further consultation;
 - (ii) consider a relevant report;
 - (iii) revise the draft offset management plan in a stated way; or

 - (b) the offsets policy.

Note This section is subject to s 502 and s 503.

249 Draft offset management plan—decision-maker's direction to revise etc

- (1) This section applies if the decision-maker gives the proponent a direction under section 248 (3) (b).
- (2) The proponent must—

 - (c) resubmit the draft offset management plan to the decision-maker for approval.

- (3) The resubmitted draft offset management plan must be accompanied by the written agreement of the entities mentioned in section 247 (4).
- (4) The decision-maker must decide, under section 248 (3), what to do with the resubmitted draft offset management plan.

250 Offset management plan—unleased land or public land

If an offset management plan applies to unleased land or public land, the custodian of the land must take reasonable steps to implement the plan.

Note Failure to implement the offset management plan is a controlled activity (see sch 4, item 5).

251 Offset management plan—amendment initiated by offset manager

- (1) The offset manager for an offset management plan may apply to the decision-maker to amend the offset management plan.
- (2) The application must—
 - (a) be in writing; and

 - (b) consistent with the offsets policy.

252 Offset management plan—amendment initiated by decision-maker

- (1) The decision-maker may, by written notice (an *amendment notice*) given to the offset manager for an offset management plan, amend the offset management plan if satisfied that—
 - (a) the offset for the amended offset management plan is at least equivalent to the offset for the original offset management plan; and
 - (b) the offset for the amended offset management plan is consistent with the offsets policy.
- (2) However, the decision-maker may amend the offset management plan only if—
 - (a) the decision-maker has given the offset manager for the offset management plan written notice of the proposed amendment (a *proposal notice*); and
 - (b) the proposal notice states that written submissions about the proposal may be made to the decision-maker before the end of a stated period of at least 14 days after the day the proposal notice is given to the offset manager; and
 - (c) after the end of the stated period, the decision-maker has considered any submissions made in accordance with the proposal notice.
- (3) The amendment takes effect on the day the amendment notice is given to the offset manager for the offset management plan or a later day stated in the amendment notice.

 - (b) the offset management plan is in force when the development approval ends.
- (2) The offset management plan expires when the development approval ends.

 - (iii) a regranted concessional lease.

Example—par (a) (i)

a condition of the lease or a notation or stamp on the lease

- (2) For this Act, a lease has had its *concessional status removed* if—

 - (b) for a lease granted before 31 March 2008—either of the following amounts has been paid:

- (b) is not **granted on a concessional basis** only because the lease—
- (i) was granted under the *Leases (Special Purposes) Act 1925* (repealed); and

In this Act:

market value lease—

- (a) means a lease other than a concessional lease or a lease that is possibly concessional; and
- (b) includes a lease mentioned in schedule 2, part 2.2.

Note A lease is taken to be a market value lease if, after an application under s 298, the territory planning authority is not satisfied it is a concessional lease (see s 299 (3) (b) and s 300 (4) (b)).

260 **Meaning of *possibly concessional*—Act**

- (1) For this Act, a lease is *possibly concessional* if the lease—
 - (a) was granted before 31 March 2008; and
 - (b) does not include a statement in the lease, or a memorial to the lease, that the lease is granted on a concessional basis or otherwise; and
 - (c) is mentioned in schedule 2, part 2.3.

 - (b) requiring the lessee to give security for the performance of any of the lessee's obligations under the lease.

264 Lease conditional on approval for stated development

- (1) This section applies to a lease granted under section 263 if—
 - (a) a provision of the lease requires the lessee to obtain the approval of the territory planning authority to undertake development on the land described in the lease; and
 - (b) the development is exempt development.
- (2) The lessee does not require the territory planning authority's approval for the development.

265 Eligibility for grant of lease

The territory planning authority may restrict the people eligible for the grant of a lease under section 263 by stating, in the relevant notice of auction, tender, ballot or direct sale, that a class of people is eligible or ineligible for the grant of a lease under the auction, tender, ballot or direct sale.

266 Restriction on direct sale by authority

- (1) The territory planning authority must not grant a lease under section 263 (1) (d) unless—

- (2) The Executive may approve the grant by direct sale of a lease (other than a community lease) if satisfied that—
- (a) the grant meets 1 or more of the grant objectives; and
 - (b) a grant by a means other than direct sale—
 - (i) is not likely to meet any of the grant objectives; or
 - (ii) may meet 1 or more of the grant objectives but is unlikely to meet the objective to the same extent as the grant by direct sale of the lease.
- (3) The validity of a lease granted under section 263 (1) (d) is not taken to be affected by a failure to comply with any criteria or requirement applicable to the grant of the lease.
- (4) In this section:
- adjoining land***—see section 158 (1) (a).
- encroachment***—see section 158 (1) (b).

single dwelling house—see the [territory plan](#).

267 Direct sale if single person in restricted class

- (1) This section applies if—
 - (a) under section 265 (Eligibility for grant of lease), the territory planning authority restricts the people eligible to apply for a lease; and
 - (b) only 1 person is eligible for the grant of the lease.
- (2) The territory planning authority may grant the lease to the person under section 263 (1) (d) without auctioning the lease, calling for tenders or holding a ballot.

 - (4) In this section:

other direct sale lease means a lease granted by direct sale, other than a single dwelling house lease.

prescribed information, for an other direct sale lease, means—

- (a) the amount (if any) paid for the grant of the lease; and

- (1) A lease granted under section 263 (1) (d) must be granted subject to the provisions that are agreed between the territory planning authority and the applicant for the lease.
- (2) A regulation may prescribe a provision or matter that must, or must not, be included in a lease granted under section 263 (1) (d).

270 Authority need not grant lease

- (1) The territory planning authority need not grant a lease to an applicant, even if applications for the lease have been invited.

- (2) If applications for a lease have been invited subject to conditions, the territory planning authority may, without granting a lease, invite fresh applications for the lease subject to the same or other conditions.

271 Report before granting leases

- (1) The territory planning authority may prepare a report in relation to a proposal to grant a lease.
- (2) A regulation may prescribe what must be included in the report.
- (3) The territory planning authority must prepare a report in relation to a proposal to grant a lease if directed in writing to do so by the Minister.

272 Lease must provide for access by road etc

- (1) The territory planning authority must not grant a lease unless satisfied that, during the term of the lease, the lessee will have—
- (a) direct access to the leased land from a road or road related area; or
 - (b) access to the leased land from a road or road related area by an access road or track, or in another way, that the lessee may use for entry or exit only, without charge and at any time.
- (2) Access provided because of subsection (1) (b)—
- (a) must not interfere with a building, garden or stockyard on the land (the *affected land*) through which the access is provided at the time the access is provided; and
 - (b) must be located in a way that causes as little damage to the affected land, or inconvenience to the lessee of the affected land, as possible.
- (3) The validity of a lease granted under this part is not affected by a failure to comply with this section.

(4) In this section:

road—see the *Road Transport (General) Act 1999*, dictionary.

road related area—see the *Road Transport (General) Act 1999*, dictionary.

273 Failure to accept and execute lease

- (1) This section applies if, not later than the end of the period prescribed by regulation, a person who is entitled to the grant of a lease under this chapter fails to—
 - (a) accept and execute the lease; or
 - (b) pay any amount the person is required to pay before being granted the lease.
- (2) The territory planning authority may, by written notice to the person, end the person's right to be granted the lease.
- (3) A notice under subsection (2) must—
 - (a) state the ground on which it is given; and
 - (b) state that it takes effect on the day 20 working days after the day it is given.
- (4) If the territory planning authority does not know the home address of the person to whom the notice under subsection (2) is to be given, the authority may give public notice of the notice.
- (5) A notice given under subsection (2) takes effect on the day 20 working days after the day it is given.
- (6) A person whose right to be granted a lease has been ended under this section does not have any claim for compensation in relation to the ending of the right or for the recovery of any money paid to the territory planning authority in relation to the grant of the lease.

Division 10.2.2 Payment for leases

274 Payment for leases generally

- (1) The territory planning authority must not grant a lease other than for payment of an amount that is not less than the market value of the lease.
- (2) However, subsection (1) does not apply in relation to—
 - (a) a rental lease granted for not less than the market rental value of the lease; or
 - (b) a land rent lease; or
 - (c) a lease mentioned in section 275 (Payment for adjoining concessional leases); or
 - (d) the grant of a community lease by—
 - (i) direct sale in accordance with section 293 (Grant of community lease by direct sale); or
 - (ii) tender in accordance with section 295 (Grant of community lease by tender); or
 - (e) a further lease granted under section 289 (Grant of further leases); or
 - (f) the grant of a lease prescribed by regulation for which the amount prescribed by regulation has been paid; or
 - (g) the grant of a lease of land prescribed by regulation to the University of NSW.
- (3) For subsection (1) and (2) (f), payment for a lease may include monetary and non-monetary components.

Examples—non-monetary components

provision of infrastructure, goods, services or other works

- (4) If before a lease is granted, a contract for the grant of the lease is entered into, the market value of the lease must be determined at the time the contract is entered into.
- (5) The validity of a lease granted by the territory planning authority is not affected by a failure to comply with this section.

275 Payment for adjoining concessional leases

- (1) This section applies to the grant of a lease (a *new lease*) under section 263 (1) (d) if—
 - (a) the new lease adjoins another lease (an *adjoining lease*) granted to the person; and
 - (b) the adjoining lease is a concessional lease.
- (2) The territory planning authority may grant the new lease on payment of an amount worked out in the way the amount payable for the adjoining lease was worked out.
- (3) If the amount payable for the adjoining lease was worked out under a repealed Act, the repealed Act applies to working out the amount payable for the new lease as if the repealed Act had not been repealed.
- (4) In this section:
repealed Act means—
 - (a) the *Land (Planning and Environment) Act 1991* (repealed); or
 - (b) the *Planning and Development Act 2007* (repealed).

Division 10.2.3 Use of leased land

276 Use of land for leased purpose

- (1) Land, or a building or other structure on land, in relation to which a lease has been granted, whether before or after the commencement of this part, must not be used for a purpose other than a purpose authorised by the lease or this Act.

- (2) However, if the lease is a residential lease, the land may also be used for a home business.

Note While the use of a residential lease for a home business is authorised, beginning to use the land for a home business requires development approval unless the use is an exempt development (see pt 7.2).

- (3) In this section:

home business, in relation to a residential lease of land, means a profession, trade or other occupation carried on by a resident of a building or other structure on the land.

277 Authority may authorise temporary use of land for special circumstances

- (1) The territory planning authority may authorise the use of land subject to a lease, or a building or other structure on the land, for a purpose other than a purpose authorised by the lease if satisfied—
- (a) the land, building or other structure is needed urgently for the purpose; and
 - (b) using the land, building or other structure for the purpose will achieve a significant public benefit.
- (2) The territory planning authority must not authorise a use under subsection (1) for a period longer than is reasonably necessary for the purpose.

278 No right to use, flow and control of water

A lease or further lease granted under this chapter does not give a right to the use, flow and control of water (including water containing impurities) under the land described in the lease.

Note This section does not apply in relation to leases or further leases granted before the commencement of the *Water Resources Act 1988* (repealed) on 11 December 1998.

Division 10.2.4 Dealings with leases

279 Leases to which restriction under s 280 applies

- (1) Section 280 applies in relation to the following leases:
- (a) a lease that provides that the lessee cannot deal with the land, or part of the land, described in the lease without the prior written approval of the territory planning authority;
 - (b) a lease granted under section 263 (1) by auction, tender or ballot, if the class of people eligible or ineligible for the grant was restricted under section 265;
 - (c) a lease granted under section 263 (1) (d), other than—
 - (i) a lease granted to the Territory; or
 - (ii) a single dwelling house lease, unless the lease provides that the lessee cannot deal with the land, or part of the land, described in the lease without the prior written approval of the territory planning authority; or
 - (iii) a lease—
 - (A) that was offered for sale under section 263 (1) (a) or (c) but not sold; and
 - (B) for which not less than the market value was paid for the subsequent direct sale; or
 - (iv) a lease—
 - (A) that was sold under section 263 (1) (c) but the contract of sale was rescinded or otherwise ended before the lease was granted under the contract; and
 - (B) for which not less than the market value was paid for the subsequent direct sale;
 - (d) a lease prescribed by regulation.

- (2) Section 280 does not apply in relation to the following leases:
- (a) a concessional lease;
 - (b) a rural lease;
 - (c) a lease granted to the University of NSW of land mentioned in section 274 (2) (g).

Note Dealings with concessional leases and rural leases are restricted under s 306 and s 351.

- (3) If section 280 applies to a lease, the territory planning authority must tell the registrar-general that it applies.

Note If the territory planning authority tells the registrar-general that s 280 applies to a lease, the registrar-general must include a memorial in the register to that effect (see *Land Titles Act 1925*, s 72D).

280 Restriction on transfer, assignment and parting with possession

- (1) This section applies if a memorial in relation to a lease states that this section applies to it.
- (2) The lessee under the lease, or anyone else with an interest in the lease, must not, during the restricted period for the lease, deal with the lease in either of the following ways without the territory planning authority's written approval under section 281:
- (a) assign or transfer the lease;
 - (b) part with possession of the land described in the lease or any part of it.
- (3) However, a regulation may exempt a lease from this section, generally or in relation to a particular dealing.
- (4) A dealing mentioned in subsection (2) in relation to a lease that is made or entered into without the territory planning authority's approval has no effect.

- (5) However, subsection (4) does not apply to a dealing registered under the *Land Titles Act 1925*.

Note The registration of an interest in land under the *Land Titles Act 1925* takes priority over any other interest in the land, subject to some exceptions (see that *Act*, s 58).

- (6) In this section:

restricted period, for a lease, means—

- (a) for a lease that provides that the lessee cannot deal with the land, or part of the land, described in the lease without the territory planning authority's prior written approval—the period stated in the lease or, if no period is stated, the term of the lease; or
- (b) for a lease granted under section 263 (1) by auction, tender or ballot, if the class of people eligible or ineligible for the grant was restricted under section 265—5 years after the day the lease was granted; or
- (c) for a lease granted under section 263 (1) (d)—the period ending 5 years after the day the lease was granted; or
- (d) for a lease prescribed by regulation—
 - (i) the period prescribed by regulation for the lease; or
 - (ii) if no period is prescribed—the term of the lease.

281 Approval to transfer, assign, or part with possession

- (1) The territory planning authority must not approve a dealing under this section in relation to a lease unless—
- (a) satisfied that the person to whom it is proposed that the lease should be assigned or transferred or the person to whom it is proposed that possession of the land should be given, is a person who satisfies the criteria prescribed under section 266 in relation to the class of leases in which the lease is included; or

- (b) if the lease was originally granted by restricted auction, tender or ballot—satisfied that the person to whom it is proposed that the lease should be assigned or transferred or the person to whom it is proposed that possession of the land should be given, is a person who could have been granted the original lease.
- (2) The validity of a dealing made or entered into with the territory planning authority's written approval is not affected—
 - (a) by a defect or irregularity in relation to the giving of the approval; or
 - (b) because a ground, or all grounds, for the approval had not arisen.

282 Restriction on transfer, assignment and parting with possession—certain University of NSW leases

- (1) This section applies to a lease granted to the University of NSW of land mentioned in section 274 (2) (g).
- (2) The territory planning authority must tell the registrar-general that this section applies to the lease.

Note If the territory planning authority tells the registrar-general that this section applies to a lease, the registrar-general must include a memorial in the register to that effect (see *Land Titles Act 1925*, s 72D).

- (3) If a memorial stating that this section applies to the lease is included in the register under the *Land Titles Act 1925*, the University of NSW, or anyone else with an interest in the lease, must not—
 - (a) for 20 years after the day the lease was granted—deal with the lease; and
 - (b) after the 20-year period—deal with the lease without the territory planning authority's approval under section 283.
- (4) A dealing in relation to a lease to which this section applies that is made or entered into in contravention of subsection (3) has no effect.

- (5) However, subsection (4) does not apply to a dealing registered under the *Land Titles Act 1925*.

Note The registration of an interest in land under the *Land Titles Act 1925* takes priority over any other interest in the land, subject to some exceptions (see that *Act*, s 58).

- (6) In this section:

deal, with a lease—

- (a) means—
- (i) assign or transfer the lease; or
 - (ii) vary the lease; or
 - (iii) part with possession of the land described in the lease or any part of it; but
- (b) does not include a subdivision or consolidation of the lease.

**283 Approval to transfer, assign, or part with possession—
certain University of NSW leases**

- (1) The territory planning authority must not approve a dealing under section 282 (3) (b) in relation to a lease—
- (a) without the Executive's approval; and
- (b) unless satisfied that—
- (i) for an assignment or transfer of the lease or change in possession of the land described in the lease—the person to whom it is proposed that the lease should be assigned or transferred or the person to whom it is proposed that possession of the land should be given, is—
 - (A) a registered training organisation under the *National Vocational Education and Training Regulator Act 2011* (Cwlth); or

- (B) a registered higher education provider under the *Tertiary Education Quality and Standards Agency Act 2011* (Cwlth); or
 - (ii) for a variation of the lease—the variation is consistent with the authorised use of the land under the original lease.
- (2) The validity of a dealing made or entered into with the territory planning authority’s approval is not affected—
- (a) by a defect or irregularity in relation to the giving of the approval; or
 - (b) because a ground, or all grounds, for the approval had not arisen.

284 Restriction on subletting of land

- (1) A lessee must not sublease any land described in a lease without the territory planning authority’s prior written approval.

Note A sublessee cannot further sublease the land under the sublease (see *Land Titles Act 1925*, s 88E).

- (2) The territory planning authority must, in writing, approve or refuse to approve a sublease of land not later than 10 working days after the authority is asked, in writing, to approve the sublease.
- (3) The territory planning authority must not approve a sublease of land—
- (a) other than in accordance with criteria prescribed by regulation; and
 - (b) if the sublease—
 - (i) is inconsistent with this Act or the *Land Titles Act 1925*; or
 - (ii) allows—
 - (A) the extension of the initial term of the sublease; or
 - (B) the grant of a further sublease; and

- (c) unless satisfied that, during the term of the sublease (including a declared land sublease), the sublessee will have—
 - (i) direct access to the subleased land from a road or road related area; or
 - (ii) access to the subleased land from a road or road related area by an access road or track, or in another way, that the sublessee may use for entry or exit only, without charge and at any time.
- (4) If the territory planning authority approves a sublease, the lessee must execute and give the executed sublease to the authority.
- (5) The territory planning authority must execute and give the executed sublease to the registrar-general for registration under the *Land Titles Act 1925*.
- (6) Access provided because of subsection (3) (c) (ii)—
 - (a) must not interfere with a building, garden or stockyard on the land through which the access is provided at the time the access is provided; and
 - (b) must be located in a way that causes as little damage to the land, or inconvenience to any sublessee or the lessee of the land, as possible.
- (7) A regulation may prescribe—
 - (a) the form of a sublease; and
 - (b) a document that must accompany or be included in a sublease; and
 - (c) a provision that must or must not be included in the sublease.
- (8) A provision of a sublease is void if—
 - (a) it is inconsistent with this Act or the *Land Titles Act 1925*, to the extent of the inconsistency; or

(b) it allows the extension of the initial term of the sublease; or

(c) it allows the grant of a further sublease.

- (9) Nothing in this Act, by itself, creates an obligation on a lessee under a sublease of land to grant the sublessee a further or new sublease.

Note The *Unit Titles Act 2001*, s 167AA provides for the grant of further leases of units and common property if a declared land sublease is subdivided by a units plan.

- (10) This section does not apply to a part of land sublet under section 285 and section 286.

- (11) In this section:

road—see the *Road Transport (General) Act 1999*, dictionary.

road-related area—see the *Road Transport (General) Act 1999*, dictionary.

285 Subletting part of building

- (1) Any part of a building on land described in a lease may, subject to the lease, any sublease of the land and this Act, be sublet separately from the remainder of the building.
- (2) If a part of a building is sublet separately from the remainder of the building, any part of the parcel of land with the building on it may be sublet with the part of the building separately from the remainder of the parcel, as long as the part of the parcel sublet adjoins the part of the parcel with the building on it.
- (3) To remove any doubt, nothing in this section prevents the subletting of a whole building.

286 Subletting for siting of mobile homes

- (1) This section applies if—
- (a) a lease of land authorises the use of the land described in the lease as a mobile home park; and

- (b) part of the land is being used, or intended to be used, for the siting of a mobile home.
- (2) The part of the land may, subject to the lease and any sublease of the land, be sublet separately from the remainder of the land.
- (3) In this section:

mobile home means a dwelling (whether or not on wheels) capable of being transferred from place to place and re-erected.

mobile home park means land used for the purpose of accommodating mobile homes or caravans, and includes a caravan park or camping ground.

287 Land leased to be held as undivided parcel

- (1) The land described in a lease must at all times be held and occupied by or under the lessee as 1 undivided parcel, unless section 284, section 285 or section 286 provides otherwise.
- (2) The land described in a lease may be sublet and the lease and any interest in it may be assigned, transferred or mortgaged, unless a provision of this chapter provides otherwise.

288 Leases held by Territory not to be transferred or assigned

- (1) The Territory must not transfer or assign a lease if the Territory is the registered proprietor of the lease.
- (2) To remove any doubt, subsection (1) does not prevent the Territory from subletting a lease if the Territory is the registered proprietor of the lease.

Part 10.3 Grants of further leases

289 Grant of further leases

- (1) This section applies if—
- (a) a person who is or was the lessee under a lease of land (the *old lease*) applies to the territory planning authority for the grant of another lease of the land (a *further lease*); and
 - (b) neither the Territory nor the Commonwealth needs the land for a public purpose; and
 - (c) either—
 - (i) before the expiry of the old lease, the lessee surrenders the old lease; or
 - (ii) the old lease expired not more than 6 months before the application for the grant of the further lease; and
 - (d) if the old lease is not a residential lease—all rent due under the old lease is paid; and
 - (e) if the further lease is a rural lease—
 - (i) if the further lease is a rental lease—the amount of rent determined under section 347 is payable under the further lease; or
 - (ii) in any other case—
 - (A) the amount determined under section 347 for the grant of the further lease is paid; or
 - (B) if the determination under section 347 for the grant of the further lease provides for the payment of the amount by instalments—any instalment required, under the determination, to be paid before the further lease is granted is paid; and

- (f) any criteria prescribed by regulation are satisfied.
- (2) For an old lease granted or arising under the *Unit Titles Act 2001*—
- (a) the owners corporation for a units plan may apply on behalf of an owner of a unit for the grant of a further lease of the unit; and
 - (b) for a units plan that subdivides land under a declared land sublease—the owners corporation for the units plan may apply for the grant of a further lease under the *Unit Titles Act 2001*, section 167AA.
- (3) The territory planning authority must grant the lessee the further lease of the land for a term not longer than—
- (a) 99 years; or
 - (b) for a rural lease for which a period shorter than 99 years is determined under section 348—the shorter period.
- (4) A further lease granted under this section must include a statement—
- (a) if the lease is a concessional lease—that the lease is concessional; or
 - (b) if the lease is not concessional—to the effect that the lease is a market value lease.

Examples—statement in lease

a condition of the lease or a notation or stamp on the lease

Examples—statement to effect that lease is market value lease

the lease is a market value lease or the lease is not concessional

Note A grant must be lodged with the registrar-general under the *Land Titles Act 1925* (see that *Act*, s 17 (2)).

- (5) A further lease begins on the day after—
- (a) the day the old lease is surrendered; or
 - (b) for a further lease granted on application after the expiry of the old lease—the day after the old lease expires.

- (6) If the term of a further lease granted under subsection (3) is not longer than the term of the old lease, any fee payable under subsection (3) for the grant of the further lease must not be more than the cost of granting the further lease.

290 Grant of further lease includes same authorised use

- (1) This section applies if a further lease is granted under section 289 on the surrender of an existing lease.
- (2) The further lease must authorise each use of the leased land, and any building or other structure on the land, that the surrendered lease authorised.
- (3) However, subsection (2) does not apply if a person applies for a change of use of land, or of a building or other structure on land, that involves a lease variation at the same time as applying for the grant of the further lease.
- (4) To remove any doubt, a further lease may include provisions that are different from the lease that it is replacing.

Example—s (4)

A further lease includes a restriction on the number of dwellings that may be built on the land described in the lease, and the old lease did not include a similar provision.

Part 10.4 Grants of concessional leases to community organisations

291 Meaning of *community lease* and *community lease use*

(1) In this Act:

community lease means a concessional lease granted to a community organisation for 1 or more community lease uses.

community lease use means each of the following community uses:

- (a) community activity centre;
- (b) community theatre;
- (c) cultural facility;
- (d) educational establishment;
- (e) indoor recreation facility;
- (f) outdoor education establishment;
- (g) outdoor recreation facility;
- (h) place of worship;
- (i) playing field;
- (j) religious associated use;
- (k) a community use prescribed by regulation.

(2) A term used in subsection (1) has the same meaning as it has in the [territory plan](#).

(3) In this section:

community use includes a minor use incidental to the community use.

292 Meaning of *community lease provisions*

In this Act:

community lease provisions, for a community lease, means the following:

- (a) a provision requiring the lease to be held by a sole lessee;
- (b) a provision stating the restrictions applying to the lease under section 307 (Approval of dealings with concessional leases) when the lease is granted;
- (c) if the lease includes a building and development provision—a provision stating that the provisions mentioned in paragraphs (d) to (f) commence on the issue of a certificate of occupancy stating that the building and development provision has been complied with;
- (d) if the community lease use for which the land described in the lease must be used involves a non-continuous service being provided on the land—a provision stating the minimum requirements for how frequently, and for how long, the service must be provided;
- (e) a provision requiring the lessee to give the territory planning authority prescribed information about the use of the land described in the lease;
- (f) a provision requiring the lessee to give the territory planning authority reports about the use of the land described in the lease;
- (g) any other provision prescribed by regulation.

Example—par (d)

the lessee must provide a place of worship that is open on weekends, and on 3 working days, for at least 8 months per year

293 Grant of community lease by direct sale

- (1) The Executive may approve the grant by direct sale of a community lease if satisfied that—
 - (a) the grant will achieve the objective of delivering a service that provides ongoing benefits to the community; and
 - (b) a grant by a means other than direct sale is unlikely to meet that objective to the same extent as the grant by direct sale of the lease.
- (2) If the Executive approves the grant of a community lease under subsection (1), the approval must—
 - (a) state the reasons why the grant is not to be made by tender under section 295; and
 - (b) state the community lease use for which the land must be used.
- (3) A statement of reasons under subsection (2) must be published on the authority website.
- (4) If the territory planning authority grants a community lease by direct sale, the lease must include—
 - (a) the community lease use for which the land must be used; and
 - (b) the community lease provisions.

Note 1 The territory planning authority may only grant a community lease if the Executive approves the grant under s (1) (see s 266 (1) (d)).

Note 2 The lease must also include a statement that the lease is a concessional lease (see s 263 (2) (a) (i)).

294 Statement of future community land for stated districts

- (1) The territory planning authority may, for a stated district, make a statement setting out the government's priorities in relation to community use of land in the district.

- (2) The statement—
- (a) must identify 1 or more areas of land that may be leased for community lease uses; and
 - (b) for each identified area—must propose the community lease use; and
 - (c) may state that the identified land is to be used only for the proposed community lease use.
- (3) A statement is a notifiable instrument.

295 Grant of community lease by tender

- (1) The territory planning authority may grant a community lease by tender only if—
- (a) the land described in the lease is in an area of land identified under section 294 (2) (a); and
 - (b) the land is to be used only for the community lease use proposed under section 294 (2) (b); and
 - (c) the authority has given notice—
 - (i) identifying the land by the block, section number and division; and
 - (ii) stating the community lease use for which the land must be used; and
 - (d) the tender process is undertaken in the way prescribed by regulation; and
 - (e) the authority is satisfied that the person to whom the lease is granted meets the criteria prescribed by regulation; and
 - (f) the lease includes—
 - (i) the community lease use for which the land must be used; and

(ii) the community lease provisions.

Note The lease must also include a statement that the lease is a concessional lease (see s 263 (2) (a) (i)).

(2) A notice under subsection (1) (c) is a notifiable instrument.

(3) In this section:

section, in relation to land—see the *Districts Act 2002*, dictionary.

296 Community use reports

(1) This section applies if the lessee of a community lease is required under the lease to give the territory planning authority reports about the use of the land described in the lease.

(2) The lessee must, for each financial year, prepare a report about how the lessee's use of the land has benefitted the broader community during the financial year.

(3) The report must—

(a) include any matter prescribed by regulation; and

(b) be given to the territory planning authority within—

(i) 3 months after the end of the financial year; or

(ii) any longer period allowed by the authority.

(4) The territory planning authority may ask the lessee for additional information for the report.

297 Audit of use of community lease land

(1) The territory planning authority may require the lessee of a community lease to commission an audit of the lessee's use of the land described in the lease.

- (2) The audit must be—
 - (a) paid for by the lessee; and
 - (b) undertaken by—
 - (i) an auditor appointed by the territory planning authority; or
 - (ii) if the authority decides not to appoint an auditor—an auditor that is independent of the lessee; and
 - (c) undertaken in accordance with procedures decided by the territory planning authority following consultation with the lessee.
- (3) The lessee must make all records relating to the lessee's use of the land available to the auditor for examination within a reasonable time after the auditor asks for the records.
- (4) The territory planning authority must not require a lessee to commission more than 1 audit in any 6-month period.

Part 10.5 Concessional leases

Division 10.5.1 Deciding whether leases concessional

298 Application for decision about whether lease concessional

A lessee may apply to the territory planning authority for a decision about whether a lease is a concessional lease.

299 Decision about whether lease concessional

- (1) On application under section 298, the territory planning authority must decide if the lease is a concessional lease.
- (2) However, if a person other than the lessee has a registered interest in the lease, the territory planning authority must not make a decision under subsection (1) unless the authority has—
 - (a) given written notice of the application to the person; and
 - (b) in the notice, invited the person to give written representations about the application to the authority at a stated address by not later than the end of a stated period of at least 15 working days after the day the notice is given to the person; and
 - (c) considered any representations made in the time given in the notice.
- (3) If the territory planning authority is not satisfied that the lease is a concessional lease—
 - (a) the authority must decide that the lease is not concessional; and
 - (b) the lease is taken to be a market value lease.

- (4) However, the territory planning authority is taken to have decided that the lease is a concessional lease if the authority has not made a decision on the application at the end of the period of 15 working days after—
- (a) the day the application is made; or
 - (b) if a person other than the lessee has a registered interest in the lease—the day the period for making representations given in the notice ends.
- (5) Despite subsection (4), the territory planning authority may, within 20 working days after the decision under subsection (4) is taken to have been made, decide that the lease is not a concessional lease.
- Note* Because a decision of the ACAT on review is taken to have been a decision of the original decision-maker, the territory planning authority will not be able to make a decision under s (5) if the ACAT has decided an application for review of the deemed decision under s (4) (see *ACT Civil and Administrative Tribunal Act 2008*, s 69).
- (6) The territory planning authority must give written notice of the decision under subsection (1) to the applicant and anyone else with a registered interest in the lease to which the decision relates.
- (7) The *ACT Civil and Administrative Tribunal Act 2008*, section 12 (When no action taken to be decision) does not apply to this section.

300 Authority may decide if lease concessional on own initiative

- (1) The territory planning authority may on its own initiative decide if a lease is concessional.
- (2) However, the territory planning authority must not make a decision under subsection (1) unless the authority has—
- (a) given written notice of the authority's intention to make the decision to each person with a registered interest in the lease; and

- (b) in the notice, invited the person to give written representations about the proposed decision to the authority at a stated address by not later than the end of a stated period of at least 15 working days after the day the notice is given to the person; and
 - (c) considered any representations made in the time given in the notice.
- (3) If the territory planning authority gives a notice under subsection (2), the authority must make a decision under subsection (1) in relation to the lease not later than 15 working days after the day the period for making representations given in the notice ends.
- (4) If the territory planning authority is not satisfied that the lease is a concessional lease—
- (a) the authority must decide that the lease is not concessional; and
 - (b) the lease is taken to be a market value lease.
- (5) The territory planning authority must give written notice of the decision under subsection (1) to each person with a registered interest in the lease to which the decision relates.

301 Review of certain decisions about concessional status of lease

- (1) This section applies to a lease if—
- (a) the lease was granted before 31 March 2008; and
 - (b) the lease does not state in the lease that the lease is a concessional lease; and
 - (c) the territory planning authority made a decision that the lease is concessional (the *original decision*), whether before or after 31 March 2008; and
 - (d) the original decision is stated in a memorial to the lease.

- (2) The lessee of the lease may apply to the territory planning authority for a review of the original decision.
- (3) The territory planning authority must decide the application if satisfied that—
 - (a) there is additional relevant information about the concessional status of the lease; or
 - (b) there is information to indicate that the authority made a formal error when it made the original decision.
- (4) If subsection (3) applies, the application is taken to be an application under section 298.
- (5) Also, if the territory planning authority is satisfied of the matters mentioned in subsection (3), it may on its own initiative, review the original decision in accordance with section 300.

302 Lodging notice of decision about concessional status of lease

- (1) This section applies if the territory planning authority decides, or is taken to have decided, under this division that a lease—
 - (a) is not a concessional lease; or
 - (b) is a concessional lease and—
 - (i) no application is made to the ACAT for review of the decision within the time allowed for applications; or
 - (ii) an application for review of the decision is made and the ACAT—
 - (A) confirms the lease is a concessional lease; or
 - (B) remits the matter for reconsideration by the territory planning authority and the authority decides that the lease is a concessional lease.

- (2) The territory planning authority must lodge a notice with the registrar-general for registration under the *Land Titles Act 1925* that—
- (a) if the authority decides that the lease is a concessional lease—the lease is concessional; or
 - (b) if the authority decides that the lease is not a concessional lease—the lease is a market value lease.

Note The registrar-general must register an instrument lodged in registrable form (see *Land Titles Act 1925*, s 48 (1)).

303 Concessional status of leases

- (1) This section applies to a lease if—
- (a) the lease states, in the lease or a memorial to the lease, that the lease is a concessional lease; or
 - (b) the territory planning authority has lodged a notice that the lease is a concessional lease with the registrar-general for registration under the *Land Titles Act 1925*.

Examples—par (a)

a condition of the lease or a notation or stamp on the lease

- (2) A person may rely on the statement and deal with the lease as a concessional lease.
- (3) The territory planning authority must not make a decision that would change the lease's status as a concessional lease.
- (4) This section is subject to the following:
- (a) a review of a decision about the concessional status of a lease under section 301;
 - (b) a variation of the lease to remove the concessional status of the lease under division 10.5.3;
 - (c) an order of a court or tribunal.

304 Non-concessional status of leases

- (1) This section applies to a lease if—
- (a) the lease includes a statement, in the lease or a memorial to the lease, to the effect that the lease is a market value lease; or
 - (b) the territory planning authority has lodged a notice that the lease is a market value lease with the registrar-general for registration under the *Land Titles Act 1925*.

Examples—par (a)

- 1 a condition of the lease or a notation or stamp on the lease that it is a market value lease
 - 2 a statement that the lease is not concessional
- (2) A person may rely on the statement and deal with the lease as a market value lease.
- (3) The territory planning authority must not make a decision that would change the lease's status as a market value lease.
- (4) This section is subject to an order of a court or tribunal.

305 Concessional status guidelines

- (1) The territory planning authority may make guidelines setting out information to assist people to decide whether a lease is a concessional lease, market value lease or possibly concessional.
- (2) A person who is deciding whether a lease is a concessional lease, market value lease or possibly concessional may take into account the concessional lease guidelines but is not bound by the guidelines.
- (3) A concessional lease guideline is a notifiable instrument.

Division 10.5.2 Restrictions on dealings with concessional leases

306 Restrictions on dealings with concessional leases

- (1) The lessee, or anyone else with an interest in a concessional lease, must not, during the term of the lease, deal with the lease without the written approval of the territory planning authority.
- (2) A dealing in relation to a lease to which this section applies that is made or entered into without the territory planning authority's approval has no effect.
- (3) However, subsection (2) does not apply to a dealing—
 - (a) registered under the *Land Titles Act 1925*; or
 - (b) made under any of the following orders:
 - (i) an order of a court having jurisdiction under the *Family Law Act 1975* (Cwlth);
 - (ii) an order under the *Domestic Relationships Act 1994*, division 3.2 (Adjustment of property interests) adjusting the property interests of parties in a domestic relationship; or
 - (c) that happens by operation of, or under, bankruptcy or insolvency; or
 - (d) in any circumstances prescribed by regulation.

Note The registration of an interest in land under the *Land Titles Act 1925* takes priority over any other interest in the land, subject to some exceptions (see that [Act](#), s 58).

307 Approval of dealings with concessional leases

- (1) The territory planning authority must not approve a dealing under section 306 in relation to a lease unless—
 - (a) satisfied that the person to whom it is proposed that the lease be assigned or transferred, the person to whom it is proposed that a sublease should be granted or the person to whom it is proposed that possession of the land should be given—
 - (i) is a person (an *eligible person*) who could be granted the concessional lease; or
 - (ii) for a dealing with a community lease—
 - (A) is a community organisation; and
 - (B) satisfies the criteria prescribed under section 295 (Grant of community lease by tender); or
 - (b) for a sublease—satisfied that the lessee, or an eligible person, continues to be the main user of the lease.
- (2) In deciding whether the lessee proposing to grant a sublease, or an eligible person, continues to be the main user of the lease, the territory planning authority must consider the following:
 - (a) the proposed area of the sublease;
 - (b) the extent to which the lessee or eligible person continues to provide most of the goods, services or both to be provided from the area leased;
 - (c) the extent to which the use of the area proposed to be subleased will be ancillary to the permitted uses of the area that is not proposed to be subleased;
 - (d) the extent to which the use of the area proposed to be subleased will be complementary to the use of the area that is not proposed to be subleased.

- (3) The validity of a dealing made or entered into with the territory planning authority's approval is not affected—
- (a) by a defect or irregularity in relation to the giving of the approval; or
 - (b) because a ground, or all grounds, for the approval had not arisen.

Division 10.5.3 Varying concessional leases to remove concessional status

308 Removal of concessional status by variation of lease

- (1) The concessional status of a lease may only be removed by a variation of the lease.
- (2) Subsection (1) does not apply to a review of a decision about the concessional status of a lease under section 301.

309 Development application to remove concessional status of lease

- (1) This section applies to a development application to vary a concessional lease to remove its concessional status.
- (2) The territory planning authority must refer the development application to the Minister for decision under section 185 (Deciding development applications).
- (3) In deciding the development application under section 185, the Minister must also consider the following:
 - (a) any information or documents required to accompany the application under section 166 (2) (d);
 - (b) whether the Territory wishes to continue to monitor the use and operation of the concessional lease by requiring approval before the lease is dealt with;

- (c) whether approving the application would cause any disadvantage to the public, taking into account potential uses of the leased land—
 - (i) mentioned in a statement under section 294 (Statement of future community land for stated districts); or
 - (ii) that are consistent with the [territory plan](#), whether or not those uses are authorised by the lease;
 - (d) whether the Territory should buy back, or otherwise acquire, the lease;
 - (e) whether the Territory wishes to encourage the continued use of the leased land for an authorised use under the lease by retaining the concessional status of the lease;
 - (f) whether varying the lease to remove its concessional status would be consistent with any statement under section 294 or notice under section 295 (1) (c) (Grant of community lease by tender) that applies to the lease;
 - (g) any representation about the application received by the territory planning authority and not withdrawn;
 - (h) the availability and leased purpose of any land to which concessional leases or community uses apply in the surrounding area.
- (4) The development application must be for approval to vary the lease to remove its concessional status only.
- (5) The following provisions do not apply to the development application:
- (a) section 170 (When authority must refer development application);
 - (b) section 186 (Considerations when deciding development applications);

- (c) section 187 (Conditional approvals);
 - (d) section 189 (Restrictions on development approval);
 - (e) section 190 (Development approval contrary to entity advice);
 - (f) section 191 (Referral of matter protected by the Commonwealth).
- (6) The Minister must not approve the development application without the approval of the Executive.

310 Development approval to remove concessional status subject to condition

- (1) If the Minister approves a development application under section 185 to vary a concessional lease to remove its concessional status, the approval is subject to the condition that the lessee pays the Territory or a territory entity the amount worked out under section 311.

Note If the variation of the lease is not solely for the purpose of removing the lease's concessional status, a person may also be required to pay a lease variation charge under div 10.7.3.

- (2) The amount payable is taken to be paid to the Territory or a territory entity if the amount is waived by the Treasurer under the *Financial Management Act 1996*, section 131, or part of the amount is waived and the rest of the amount is paid.

311 Working out amount payable to remove concessional status

- (1) This section applies if a development application in relation to a lease is subject to a condition under section 310.
- (2) The amount payable is worked out as follows:

$$MV - \left(\frac{AP}{OV} \times MV \right)$$

AP, for a lease, means the amount (if any) paid for the lease at grant.

MV, for a lease, means the market value of the lease if it were a market value lease.

OV, for a lease, means the market value of the lease at grant if it had been a market value lease.

- (3) To remove any doubt, an amount paid as rent under a lease is not an amount paid for the lease.

312 Uses under leases varied by surrender and regrant to remove concessional status

- (1) This section applies to a lease varied only to remove the concessional status of the lease by surrender and regrant of the lease.
- (2) The regranted lease authorises each use of the land, and any building or other structure on the land, authorised under the lease before the lease was varied to remove its concessional status.
- (3) Subsection (2) applies despite anything to the contrary in the [territory plan](#).

Part 10.6 Rent variations and relief from provisions of leases

313 Application to land rent—pt 10.6

This part does not apply to a variation of land rent in accordance with the provisions of a land rent lease.

314 Variations of rent

- (1) If the rent payable under a lease is varied in accordance with the provisions of the lease, the territory planning authority must give the lessee written notice of the variation.
- (2) A variation of rent mentioned in the notice comes into operation on—
 - (a) the day 20 working days after the day the notice is given; or
 - (b) if the lease under which the variation is made provides that the variation comes into operation on a later day—the later day.

315 Review of variations of rent

- (1) This section applies if—
 - (a) the rent payable under a lease is varied in accordance with the provisions of the lease; and
 - (b) the lease does not provide for the submission to arbitration of differences between the parties to the lease about variation of the rent.
- (2) The lessee may, not later than 20 working days after receiving the notice under section 314 (1) about the variation, ask the territory planning authority in writing to review the variation.
- (3) The making of the request does not affect the operation of the variation to which the request relates or prevent the taking of action to implement the variation.

- (4) If the request is made in relation to a variation, the territory planning authority must review the variation and may—
 - (a) confirm the variation; or
 - (b) set the variation aside and substitute any other variation the authority considers appropriate.

316 Reduction of rent and relief from provisions of lease

- (1) The territory planning authority may approve—
 - (a) a reduction of the rent payable under a lease, or of an amount payable, in relation to any occupation of land; or
 - (b) the grant of relief, to a lessee or occupier of land, from compliance, completely or partly, with any provision to which the person's lease or occupation is subject.
- (2) The reduction or grant of relief may be for a maximum period of 3 years, and may include a period before the approval.
- (3) If the territory planning authority gives an approval under subsection (1), the liability or obligation of the lessee or occupier under the lease, or in relation to the person's occupation, is discharged for the period approved, to the extent of the reduction or grant of relief approved.
- (4) An approval under subsection (1) may be conditional.
- (5) If the territory planning authority approves a grant of relief to a lessee or occupier under subsection (1), the authority must give the lessee or occupier written notice of the reduction of rent or amount payable or other grant of relief approved.

Part 10.7 Lease variations

Division 10.7.1 Lease variations—general

317 Effect subject to pt 10.8

This part has effect subject to part 10.8 (Rural leases).

Division 10.7.2 Variation of rental leases

318 Variation of rental leases

- (1) The territory planning authority must not execute a variation of a rental lease unless any rent, including additional rent, payable under the lease up to the day the variation is executed has been paid.
- (2) If the territory planning authority executes a variation of a rental lease—
 - (a) the authority must reassess the rent payable under the lease, following (as far as possible) the method provided by the rental provisions of the lease; and
 - (b) the rent payable under the lease must be adjusted in accordance with the reassessment with effect from the day the variation is executed.
- (3) Subsection (2) does not apply to a variation of—
 - (a) a rental lease—
 - (i) to reduce the rent payable to a nominal rent; or
 - (ii) otherwise affecting the rental provisions of the lease; or
 - (b) a land rent lease.

319 Advice of rent payable on variation of lease

- (1) This section applies if—
 - (a) the territory planning authority approves a variation of a lease; and
 - (b) the lease is a lease (other than a land rent lease) under which rent or additional rent is payable.
- (2) The territory planning authority must—
 - (a) work out the amount that would be payable under the lease for rent, including additional rent, up to the day when the authority expects the variation will be executed; and
 - (b) give the lessee written notice of—
 - (i) the amount worked out for rent, including additional rent, under paragraph (a); and
 - (ii) the day up to which the amount payable for rent and additional rent has been worked out; and
 - (iii) the day by which the authority requires payment of the amount stated under subparagraph (i) to allow the variation of the lease to be executed on the day stated under subparagraph (ii).

320 Application for rent payout lease variation

- (1) This section applies to the following leases:
 - (a) a land rent lease;
 - (b) a lease that is included in a class of leases prescribed by regulation.
- (2) The lessee may apply to the territory planning authority for a variation of the lease to reduce the rent payable to a nominal rent.

321 Decision on rent payout lease variation application

- (1) Within the period prescribed by regulation after the day the territory planning authority receives an application by a lessee under section 320 (2), the authority must—
 - (a) decide to vary the lease to reduce the rent payable to a nominal rent; or
 - (b) if subsection (2) stops the authority from varying the lease—refuse to vary the lease.
- (2) The territory planning authority must not vary the lease to reduce the rent payable to a nominal rent unless—
 - (a) all amounts payable to the Territory up to the day of variation of the lease for tax levied in relation to the land described in the lease have been paid; and
 - (b) for a land rent lease, all rent and other amounts payable to the commissioner for revenue under the *Land Rent Act 2008* up to the day the variation is executed in relation to the land have been paid; and
 - (c) the provisions of the lease requiring the lessee to develop the land have been complied with up to the day the variation is executed; and
 - (d) the lessee has paid the Territory an amount decided by the authority under any policy direction made under section 322.
- (3) The territory planning authority must give written notice of the decision on the application to the applicant.
- (4) If the amount mentioned in subsection (2) (d) has not been paid within 12 months from the day the notice under subsection (3) is given, the territory planning authority's decision to vary the lease is revoked.

(5) In this section:

tax means a tax under the following tax laws:

- (a) division 10.7.3 (Variation of nominal rent leases);
- (b) the *Duties Act 1999*;
- (c) the *Land Tax Act 2004*;
- (d) the *Rates Act 2004*.

322 Policy directions for paying out rent

- (1) The Minister may make policy directions for section 321 (2) (d).
- (2) A policy direction is a disallowable instrument.

323 Power to decide rent payout applications deemed refused

- (1) This section applies if—
 - (a) an application has been made under section 320; and
 - (b) the time for deciding the application has ended; and
 - (c) the territory planning authority has not decided the application under section 321.
- (2) The territory planning authority is taken to have refused the application.
- (3) However, the territory planning authority may decide to vary the lease to reduce the rent payable to a nominal rent under section 321 despite subsection (2).

Note Because a decision of the ACAT on review is taken to have been a decision of the original decision-maker, the territory planning authority will not be able to make a decision under s (3) if the ACAT has decided an application for review of the deemed decision under s (2) (see *ACT Civil and Administrative Tribunal Act 2008*, s 69).

324 Lease to be varied to pay out rent

- (1) This section applies if the territory planning authority decides to vary a lease under section 321 to reduce the rent payable to a nominal rent.
- (2) The territory planning authority must vary the lease in accordance with the decision.
- (3) The lease as varied must provide that the lessee is to pay a nominal rent if and when that rent is demanded.

325 No variations to extend term

The territory planning authority must not execute a variation of a lease to extend the term of the lease.

326 No variation of certain leases for 5 years

- (1) This section applies to the following leases:
 - (a) a lease granted in accordance with section 267 (Direct sale if single person in restricted class);
 - (b) a lease to which section 280 (Restriction on transfer, assignment and parting with possession) applies.
- (2) However, this section does not apply to a lease exempted by regulation.
- (3) The territory planning authority must not approve a variation of the lease earlier than 5 years after the day the lease is granted.
- (4) However, the territory planning authority may approve a variation of the lease if it does not limit, add or remove an authorised use of the land described in the lease.
- (5) In this section:

authorised use, of land—

 - (a) means a use authorised (whether expressly or by implication) by a lease; and

- (b) includes a use authorised by a lease that expired not more than 6 months before the use if the lease is renewed within 6 months after the expiry.

Division 10.7.3 Variation of nominal rent leases

Note This division is a tax law under the *Taxation Administration Act 1999*. As a tax law, this division is subject to provisions of that Act about the administration and enforcement of tax laws generally.

Subdivision 10.7.3.1 Preliminary

327 Definitions—div 10.7.3

In this division:

chargeable variation, of a nominal rent lease, means a variation of the lease other than—

- (a) a variation, if—
- (i) the only effect of the variation is to alter a common boundary between 2 or more adjoining leases; and
 - (ii) the authorised use of the land described in each adjoining lease (however described) is the same; and
 - (iii) none of the adjoining leases is a rural lease; or
- (b) a variation if the only effect of the variation is to remove the lease's concessional status; or
- (c) a variation prescribed by regulation.

gross floor area—see the [territory plan](#).

non-standard chargeable variation, of a nominal rent lease, means—

- (a) a chargeable variation that is not a standard chargeable variation; or
- (b) a standard chargeable variation if no lease variation charge is determined for the variation under section 331.

original decision—see section 334 (1) (b).

reconsideration application—see section 335 (5).

standard chargeable variation, of a nominal rent lease, means a chargeable variation prescribed by regulation.

working out statement—see section 334 (2).

Subdivision 10.7.3.2 Chargeable variations of nominal rent leases

328 Lease variation charge payable for chargeable variation

- (1) The territory planning authority must not execute a chargeable variation of a nominal rent lease unless—
 - (a) the total lease variation charge for the variation has been paid to the Territory; or
 - (b) a deferral arrangement in relation to the total lease variation charge has been entered into.

Note If the territory planning authority has executed a variation of a nominal rent lease, the authority must lodge a copy of the variation with the registrar-general for registration. A lease variation takes effect on registration (see *Land Titles Act 1925*, s 72A).

- (2) A lease variation charge is taken to be paid to the Territory if—
 - (a) the amount of the charge is waived by the Treasurer under the *Financial Management Act 1996*, section 131 (Waiver of debts etc); or

- (b) part of the amount is waived and the rest of the amount is paid.
- (3) Payment of the lease variation charge, or entering into a deferral arrangement in relation to the lease variation charge, does not affect any right a person may have to apply for reconsideration under section 335.
- (4) In this section:
total lease variation charge, in relation to a chargeable variation of a nominal rent lease, means the following:
 - (a) the standard or non-standard lease variation charge applying to the variation;
 - (b) less any reduction under section 338;
 - (c) plus any increase under section 339.

329 Notice of assessment

- (1) On approval of a development application for a chargeable variation of a nominal rent lease, the commissioner for revenue must give—
 - (a) a notice of assessment of the lease variation charge to the lessee; and
 - (b) if the development application is made by someone other than the lessee—a copy of the notice to the applicant.
- (2) A lease variation charge is taken to be worked out—
 - (a) on the day the development application for the chargeable variation is approved; or
 - (b) if another day is prescribed by regulation—on that day.
- (3) A notice of assessment lapses on the earliest of the following—
 - (a) the day the lease variation charge is paid;
 - (b) the day the development approval of the chargeable variation lapses.

- (4) For the *Taxation Administration Act 1999*, an assessment of a lease variation charge is a tax liability that only becomes payable if the territory planning authority executes the variation of the lease.

Note The territory planning authority must not execute a variation of the lease unless the lessee has paid the assessed lease variation charge or the amount has been deferred (see s 328 (1)).

330 More than 1 chargeable variation

If a development approval relates to more than 1 chargeable variation of a nominal rent lease, the lease variation charge is worked out as follows:

- (a) if all the chargeable variations are standard chargeable variations for which a charge is determined under section 331—in accordance with section 331;
- (b) if all the chargeable variations are non-standard chargeable variations—in accordance with section 332;
- (c) if the chargeable variations are made up of standard and non-standard chargeable variations—as prescribed by regulation.

331 Standard chargeable variations

- (1) The lease variation charge for a standard chargeable variation of a nominal rent lease is the amount determined under this section.
- (2) The Treasurer may, after consulting with the Minister, determine a lease variation charge for a standard chargeable variation of a nominal rent lease.
- (3) In considering whether to determine a lease variation charge under this section, the Treasurer must—
 - (a) obtain advice from an accredited valuer at least once every 3 years; and
 - (b) take into account the advice; and

- (c) comply with any other requirement prescribed by regulation.
- (4) A determination must—
 - (a) as far as is practicable, represent the average market value in relation to the standard chargeable variation; and
 - (b) if a standard chargeable variation increases the number of dwellings permitted on the land under the lease—state an amount for each additional dwelling permitted on the land under the lease; and
 - (c) if a standard chargeable variation increases, or has the effect of increasing, the maximum gross floor area of any building or other structure permitted for non-residential use on the land under the lease—state an amount for each additional square metre of gross floor area permitted on the land under the lease.
- (5) The determination must state—
 - (a) the reasons for determining the lease variation charge; and
 - (b) how the charge was determined.
- (6) A determination under subsection (2) is a disallowable instrument.

332 Non-standard chargeable variations

- (1) The lease variation charge for a non-standard chargeable variation of a nominal rent lease is the amount worked out under this section.
- (2) The commissioner for revenue works out the lease variation charge for a non-standard chargeable variation of a nominal rent lease as follows:

$$LVC = (V_1 - V_2) \times 75\%$$

LVC means the lease variation charge payable for the non-standard chargeable variation of the lease.

V_I—

- (a) for a chargeable variation other than a consolidation or subdivision—means the capital sum that the lease might be expected to realise if—
 - (i) the lease were varied as proposed; and
 - (ii) the lease were genuinely offered for sale immediately after the variation on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) either—
 - (A) the rent payable throughout the term of the lease were a nominal rent; or
 - (B) for a variation that involves the surrender of a lease and issue of a new lease—the rent payable for the term of the new lease were a nominal rent; or
- (b) for a chargeable variation that is a consolidation or subdivision—means the capital sum that the new lease or leases to be granted under the consolidation or subdivision might be expected to realise if—
 - (i) the consolidation or subdivision were to take place as proposed; and
 - (ii) the new lease or leases were genuinely offered for sale immediately after the variation on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the new lease or leases were a nominal rent.

V_2 —

- (a) for a chargeable variation other than a consolidation or subdivision—means the capital sum that the lease might be expected to realise if—
 - (i) the lease were not varied during the remainder of its term; and
 - (ii) the lease were genuinely offered for sale immediately before the variation on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the lease, or lease to be surrendered, were a nominal rent; or
 - (b) for a chargeable variation that is a consolidation or subdivision—means the capital sum that the lease or leases to be surrendered under the consolidation or subdivision might be expected to realise if—
 - (i) no consolidation or subdivision were to take place during the remainder of the term of the surrendered lease or leases; and
 - (ii) the lease or leases were genuinely offered for sale immediately before the consolidation or subdivision on the reasonable terms and conditions that a genuine seller would require; and
 - (iii) the rent payable throughout the term of the lease, or leases to be surrendered, were a nominal rent.
- (3) If the amount worked out as V_1 is equal to or less than the amount worked out as V_2 , no lease variation charge is payable.
- (4) If the development approval for the relevant development application relates to 2 or more non-standard chargeable variations, V_1 and LVC are worked out as if the non-standard chargeable variations were a single non-standard chargeable variation of the lease.

333 Non-standard chargeable variations—improvements

- (1) In working out V_1 and V_2 under section 332, an improvement in relation to the land described in the lease must not be taken into account.
- (2) However, an existing improvement by way of clearing, filling, grading, draining, levelling or excavating the land may be taken into account.
- (3) In this section:

improvement, in relation to land, means an existing or proposed improvement and includes any of the following:

- (a) a building or other structure on or under the land;
- (b) an alteration or demolition of an existing building or other structure on or under the land;
- (c) the remediation of the land;
- (d) earthworks, planting or other work that affects the landscape of the land;
- (e) anything mentioned in paragraphs (a) to (d) that is required—
 - (i) as a condition of a development approval; or
 - (ii) by a statutory approval obtained or required for a development proposal; or
 - (iii) under an agreement between the Territory or a territory entity and—
 - (A) the lessee; or
 - (B) if the lessee is not the applicant for the development approval—the applicant;

- (f) anything mentioned in paragraphs (a) to (d) proposed in a development application in relation to a chargeable variation of a nominal rent lease to be undertaken on land outside of the land under the lease.

remediation—see the *Environment Protection Act 1997*, dictionary.

334 Non-standard chargeable variations—working out statement

- (1) This section applies if—
- (a) a development application in relation to a non-standard chargeable variation of a nominal rent lease is approved; and
 - (b) the lease variation charge in relation to the variation has been worked out in accordance with section 332 (the *original decision*); and
 - (c) the commissioner for revenue gives a notice of assessment of a lease variation charge under section 329 (1); and
 - (d) an application has not previously been made under section 335 for reconsideration of the original decision.
- (2) The applicant for the development application may ask the commissioner for revenue for a statement (a *working out statement*) explaining the commissioner’s working out of the original decision.
- (3) The commissioner for revenue must give the applicant a working out statement within 20 working days after the day the applicant asks for the statement unless—
- (a) the notice of assessment contains the matters that the working out statement would contain; or
 - (b) a document that contains the matters that a working out statement would contain has already been given to the applicant.

335 Non-standard chargeable variations—application for reconsideration

- (1) The applicant for a development application in relation to a non-standard chargeable variation of a nominal rent lease may apply for reconsideration of an original decision on the earliest of the following:
 - (a) the day the applicant receives the working out statement;
 - (b) the end of the 20-working day period mentioned in section 334 (3).
- (2) If a development approval of a development application relates to more than 1 chargeable variation of a nominal rent lease, this section only applies to the part of the lease variation charge that is worked out for a non-standard chargeable variation.

Note The total lease variation charge for a development application that relates to more than 1 chargeable variation is worked out in accordance with s 330.
- (3) This section does not apply to a reassessment of a lease variation charge under section 340.
- (4) If the applicant for the development application is not the lessee, the lessee may apply for reconsideration under this section instead of the applicant.
- (5) An application for reconsideration of the original decision (the **reconsideration application**) must be made not later than—
 - (a) the latest of—
 - (i) 80 working days after the day the notice of assessment under section 329 (1) is given; and
 - (ii) if a later day is prescribed by regulation—that day; or
 - (b) any longer period allowed by the commissioner for revenue.

336 Non-standard chargeable variations—requirements for reconsideration application

- (1) A reconsideration application must be in writing and signed by—
 - (a) the lessee; and
 - (b) if the application is made by the applicant for the development application who is not the lessee—the applicant.
- (2) Also, the reconsideration application must—
 - (a) set out the grounds on which the reconsideration is sought; and
 - (b) include an independent valuation that works out the amounts represented by V_1 and V_2 in section 332; and
 - (c) if the applicant is given a working out statement in accordance with section 334—include the statement.
- (3) If subsection (2) (c) applies, the applicant for the reconsideration must give the valuer for the independent valuation the commissioner for revenue’s working out statement.
- (4) The independent valuation must be prepared by an accredited valuer who—
 - (a) was not involved in working out or advising on the original decision; and
 - (b) is—
 - (i) agreed to by the applicant for the reconsideration and the commissioner for revenue; or
 - (ii) if the applicant and the commissioner cannot agree—appointed in writing by a person prescribed by regulation; and
 - (c) satisfies any requirement prescribed by regulation.
- (5) The applicant for the reconsideration is responsible for the cost of the independent valuation.

337 Non-standard chargeable variations—reconsideration

- (1) Within 20 working days after receiving a reconsideration application, the commissioner for revenue must—
 - (a) reconsider the original decision; and
 - (b) either—
 - (i) make a decision in substitution for the original decision that the commissioner could have made; or
 - (ii) confirm the original decision.
- (2) The 20-working day period mentioned in subsection (1) may be extended for a stated period by agreement between the commissioner for revenue and the applicant for the reconsideration.
- (3) In reconsidering the original decision, the commissioner for revenue—
 - (a) must consider the independent valuation required under section 336 (2) (b) and any other information given in the reconsideration application; and
 - (b) may consider any other relevant information.
- (4) The commissioner for revenue must ensure that, if the original decision is made by the commissioner or a person on the commissioner's behalf (the *original decision-maker*), someone other than the original decision-maker reconsiders the decision.
- (5) If the commissioner for revenue does not make a substitute decision, or confirm the original decision, by the end of the 20-working day period mentioned in subsection (1), or the period as extended by agreement under subsection (2), the commissioner is taken to have confirmed the original decision.
- (6) The commissioner for revenue must give written notice of the decision on the reconsideration to—
 - (a) the lessee; and

- (b) if the application is made by the applicant for the development application who is not the lessee—the applicant.

338 Reduction of lease variation charges

- (1) The Minister may determine circumstances in which the amount of lease variation charge applying under this part to a chargeable variation of a nominal rent lease must be reduced.
- (2) For each circumstance determined under subsection (1), the Treasurer must determine the amount by which the lease variation charge must be reduced.
- (3) The amount must be expressed as a percentage of the lease variation charge.
- (4) A determination is a disallowable instrument.

339 Increase of lease variation charge

- (1) The amount of lease variation charge applying under this part to a chargeable variation of a nominal rent lease must be increased in the circumstances, and for the amount, prescribed by regulation.
- (2) Subject to any disallowance or amendment under the [Legislation Act](#), chapter 7, the regulation commences—
 - (a) if there is a motion to disallow the regulation and the motion is negated by the Legislative Assembly—the day after the day the disallowance motion is negated; or
 - (b) the day after the 6th sitting day after the day it is presented to the Legislative Assembly under that chapter; or

Note Unless payment of the lease variation charge is deferred, it must be paid before the territory planning authority executes the chargeable variation (see s 328).

- (2) The applicant must give the commissioner for revenue any information the commissioner considers necessary to decide the application.
- (3) If the applicant for the development application is not the lessee, the lessee—
 - (a) may apply for the deferral instead of the applicant; or

- (c) the applicant enters into an arrangement under the *Taxation Administration Act 1999*, section 52 (Arrangements for payment of tax) about payment of the amount of the deferred lease variation charge (a *deferral arrangement*).

Note 1 An amount payable under a deferral arrangement is a debt owing to the Territory and is a charge on the land (see *Taxation Administration Act 1999*, s 56H).

Note 2 A decision in relation to an application, the conditions of a deferral arrangement under s 344 or the variation of a deferral arrangement under s 345 are reviewable decisions (see *Taxation Administration Act 1999*, sch 1).

 - (i) if stated in the deferral arrangement—the date a certificate of occupancy is issued for part of the building work for the development to which the chargeable variation relates;

- (ii) the date a certificate of occupancy is issued for all of the building work for the development to which the chargeable variation relates;
 - (iii) 4 years from the day the chargeable variation is executed; and
- (c) include any other condition determined under subsection (2).
- (2) The Treasurer may determine other conditions to which a deferral arrangement is subject, including the rate of interest charged on the amount payable under the arrangement.

Note There may be additional interest and penalty tax payable under the [Taxation Administration Act 1999](#).

- (3) A determination is a disallowable instrument.
- (4) This section does not limit the [Taxation Administration Act 1999](#), section 52, but any arrangement under that section about payment of a deferred lease variation charge under this subdivision must not be inconsistent with the conditions under subsection (1).

345 Lease variation charge changed after reconsideration etc

- (1) This section applies if—
- (a) a person enters into a deferral arrangement in relation to a lease variation charge for the chargeable variation; and
 - (b) after the arrangement is entered into, the amount of lease variation charge payable for the chargeable variation (the ***new amount***) is different to the amount of lease variation charge payable at the time the arrangement was entered into (the ***deferred amount***) because of a reconsideration, reassessment or review under this Act or the [Taxation Administration Act 1999](#).
- (2) The deferral arrangement applies to the new amount.

- (3) If the new amount is more than the deferred amount, the commissioner for revenue may, on application by the other party to the deferral arrangement, vary the conditions of the deferral arrangement.
- (4) If the applicant for reconsideration is not the lessee—
 - (a) the lessee—
 - (i) may apply for the variation instead of the applicant; or

 - (b) any interest and penalty tax payable under this division, a deferral arrangement or the *Taxation Administration Act 1999*.
- (3) The commissioner must give the applicant the certificate.
- (4) The certificate is conclusive proof for an honest buyer for value of the matters certified.
- (5) For this section, the lease variation charge and other amounts payable are taken to be payable immediately even though any necessary time after a date or event, or the service of a notice, has not ended.

(6) In this section:

relevant person, in relation to land to which a lease variation charge applies, means—

420 Guidelines for taking action on complaints

The territory planning authority may make guidelines about the action that may be taken in relation to complaints under this part and the circumstances in which the action may be taken.

421 No further action on complaints under s 419 (1) (a)

In considering whether no further action is necessary in relation to a complaint, the territory planning authority must consider whether the complaint—

(c) has been adequately dealt with.

Examples—par (a)

- 1 the conduct complained about is not a controlled activity
- 2 the conduct complained about has development approval
- 3 the conduct complained about did not happen

Note The authority may take no further action on a complaint for other reasons, eg if the complainant has not complied with a requirement made under s 416 (see s 416 (3)) or if the authority considers it is appropriate after considering the guidelines under s 420.

422 Referral of complaints under s 419 (1) (b)

The territory planning authority refers a complaint to another entity by giving the other entity—

- (a) a copy of the complaint or a summary of the information provided in the complaint; and
- (b) any information relating to the complaint that the authority considers may be helpful to the entity; and
- (c) a statement about why the authority considers that the entity is more appropriate to deal with the complaint than the authority.

 - (b) if the application states that assistance is likely to be necessary to execute the warrant—that the assistance mentioned in the application is reasonably necessary to execute the warrant; and
 - (c) if the application is made remotely under section 488—the application has been made in accordance with that section.
- (3) A monitoring warrant may not be issued in relation to an inspector other than the applicant.

Note 1 While on the premises, the inspector may exercise power under s 468.

Note 2 For when an inspector may require a person to state the person's name and address, see s 473.

488 Remote application for monitoring warrant

- (1) An inspector may apply for a monitoring warrant in relation to premises by phone, email or other form of communication (a *remote application*) if the inspector considers it necessary because consent to the inspector's entry to the premises has been withdrawn while the inspector was on the premises.
