Other Development Application Requirements

LODGEMENT & PAYMENT

A valid development application comprises of a completed development application form accompanied by all of the required information or documents that address the relevant rules and/or relevant criteria for it to be considered for approval.

Proposals in the merit track have the option to comply with the rules or criteria, unless the rule is mandatory. Where it is proposed to meet the criteria, the onus is on the applicant to demonstrate, by supporting plans and written documentation, that the proposed development satisfies the criteria and therefore the intent of the element.

Once a development application is received, the documentation will be checked to ensure it meets the standard for lodgement. If the documentation provided is acceptable, you will receive written confirmation the application is ready for lodgment and a request for the payment of the application fees. A development application is not considered lodged until full payment of fees is made.

If the DA documentation is not acceptable for lodgement, you will receive written advice detailing the additional information required and/or any other issues with your application. Once these things are provided the Planning and Land Authority will recommence the documentation check and fee payment process outlined above.

DOCUMENTATION & PLANS

All required documentation must be provided in an electronic format on **compact disc/DVD**. Each document must be saved as a PDF and named in accordance with the naming convention as detailed on the ACTPLA website.

All plans must be to scale and rotated to landscape.

All plans are to be clear and concise and consistent with Australian Standard 1100.301 - 1985 and Australian Standard 1100.301 supplementary - as updated from time to time.

The proposal number included in the naming convention is unique to the application and provided by the Planning and Land Authority. If you have already had dealings with the Authority about your proposal through a pre-application meeting or have requested and received pre application advice, you would already have a proposal number allocated for your development application. If you have not been allocated a proposal number, leave this number out of the file name.

The documentation provided on CD/DVD either over the counter or via an electronic lodgment process (email or internet) will be considered to be the relevant documentation associated with this application.

In addition to the documentation provided at the time of lodgment the Planning and Land Authority may, by written notice, request more information from the applicant under section 141 of the *Planning and Development Act 2007* at any time after the lodgment of the development application.
