In this Act:

fisheries management plan—

(a) means a plan for the ACT detailing how fish and fisheries may be appropriately managed; and

Examples

1 conservation of fish in certain areas

2 stocking fish into waters

(b) includes anything required to be included by a conservator guideline; and

1 (c) may apply, adopt or incorporate an instrument as in force from
2 time to time.

3 *Note* The text of an applied, adopted or incorporated law or instrument,
4 whether applied as in force from time to time or at a particular time,
5 is taken to be a notifiable instrument if the operation of the
6 [Legislation Act](#), s 47 (5) or (6) is not disapplied (see s 47 (7)).

7 **6 Preparation and public consultation**

8 (1) The conservator may prepare a draft fisheries management plan.

9 (2) If the conservator prepares a draft fisheries management plan, the
10 conservator must also prepare a notice about the draft fisheries
11 management plan (a *public consultation notice*).

12 (3) A public consultation notice must—

13 (a) state that—

14 (i) anyone may give a written submission to the conservator
15 about the draft fisheries management plan; and

16 (ii) submissions may be given to the conservator only during
17 the period starting on the day the public consultation notice
18 is notified under the [Legislation Act](#) and ending on a stated
19 day, being a day at least 6 weeks after the day it is notified
20 (the *public consultation period*); and

21 (b) include the draft fisheries management plan.

22 (4) A public consultation notice is a notifiable instrument.

23 *Note* A notifiable instrument must be notified under the [Legislation Act](#).

24 (5) If the conservator notifies a public consultation notice for a draft
25 fisheries management plan—

26 (a) anyone may give a written submission to the conservator about
27 the draft fisheries management plan; and

28 (b) the submission may be given to the conservator only during the
29 public consultation period; and

- 1 (c) the person making the submission may, in writing, withdraw the
2 submission at any time.
- 3 (6) At the end of the public consultation period, the conservator must—
- 4 (a) consider any submissions received during the consultation
5 period; and
- 6 (b) make any revision to the draft fisheries management plan that
7 the conservator considers appropriate; and
- 8 (c) state in the draft fisheries management plan a date on which the
9 plan will be reviewed.

10 **7 Approval of plan**

- 11 (1) If the conservator has prepared a fisheries management plan under
12 section 6, the conservator—
- 13 (a) if the plan involves a significant activity—must give the plan to
14 the Minister for approval; or
- 15 (b) in any other case—may approve the plan.
- 16 (2) A fisheries management plan approved by the conservator is a
17 disallowable instrument.

18 *Note 1* A disallowable instrument must be notified, and presented to the
19 Legislative Assembly, under the [Legislation Act](#).

20 *Note 2* The power to make a fisheries management plan includes the power to
21 amend or repeal the plan. The power to amend or repeal the plan is
22 exercisable in the same way, and subject to the same conditions, as the
23 power to make the plan (see [Legislation Act](#), s 46).

24 *Note 3* Minor amendments may be made to the plan under s 10.

- 25 (3) In this section:

26 ***significant activity***, for a fisheries management plan, means—

- 27 (a) commercial fishing; or
28 (b) commercial trade of fish; or

1 (c) any other activity prescribed by regulation.

2 **8 Minister to approve plan**

3 (1) If the conservator gives a fisheries management plan to the Minister
4 for approval, the Minister must—

5 (a) approve the plan; or

6 (b) direct the conservator to revise the plan under section 9.

7 (2) A fisheries management plan approved by the Minister is a
8 disallowable instrument.

9 *Note 1* A disallowable instrument must be notified, and presented to the

8 (b) the conservator considers that minor amendments to the existing
9 plan are appropriate.

10 (2) The conservator—

11 (a) may prepare an amended fisheries management plan,
12 incorporating the minor amendments; and

13 (b) need not comply with section 7 (1) (a); and

14 (c) may make the fisheries management plan, as amended.

- 6 conservator must prepare a notice about the review (a *public*
- 7 *consultation notice*).
- 8 (3) A public consultation notice must state—
- 9 (a) that the conservator is reviewing the fisheries management plan;
- 10 and
- 11 (b) that anyone may give a written submission to the conservator
- 12 about the fisheries management plan; and
- 13 (c) that submissions must be given to the conservator only during
- 14 the period starting on the day the public consultation notice is
- 15 notified under the [Legislation Act](#) and ending on a stated day,
- 16 being a day at least 6 weeks after the day it is notified (the *public*
- 17 *consultation period*); and
- 18 (d) where the fisheries management plan is available for inspection.
- 19 (4) A public consultation notice is a notifiable instrument.

- 23 (a) anyone may give a written submission to the conservator about
- 24 the plan; and
- 25 (b) the submission may be given to the conservator only during the
- 26 public consultation period; and
- 27 (c) the person making the submission may, in writing, withdraw the
- 28 submission at any time.

- 1 (6) At the end of the review, the conservator—
2 (a) may make minor amendments to the plan; or

1 (2) A fishing closure is a disallowable instrument.

2 *Note* A disallowable instrument must be notified, and presented to the

5 required urgently, the conservator may commence the fishing closure
6 on a day or at a time earlier than its notification day.

7 **Examples—when fishing closure required urgently**

8 1 to contain an outbreak of disease

9 2 to protect a species of fish that has been significantly impacted by unusual
10 environmental conditions in certain waters

11 (4) If a fishing closure commences on a day or at a time earlier than its
12 notification day, the conservator must—

13 (a) give additional public notice about the closure; and

14 (b) display a notice about the closure in a conspicuous place at or
15 near the public waters.

16 *Note* **Public notice** means notice on an ACT government website or in a daily
17 newspaper circulating in the ACT (see [Legislation Act](#), dict, pt 1). The
18 requirement in s (4) is in addition to the requirement for notification on
19 the legislation register as a disallowable instrument.

20 **8 Sections 14 to 16**

21 *omit*

22 , in writing,

1 **9 New section 16A**

8 waters. Claire goes fishing and catches 2 Murray Cod, taking them home and
9 freezing them for later consumption. The next day, Claire catches another 2 Murray
10 Cod. Because Claire is not in possession of more than 2 Murray Cod within 100m
11 of the public waters, there is no breach of the possession limit.

- 12 (2) A declaration is a notifiable instrument.

13 *Note* A notifiable instrument must be notified under the [Legislation Act](#).

14 **10 Declaration of fishing gear**
15 **Section 17 (1)**

6 (2) In making an exempt species declaration, the conservator must
7 consider—

8 (a) the need to protect native species in the ACT; and

9 (b) the need to conserve the significant ecosystems of the ACT,
10 NSW and Australia.

11 (3) An exempt species declaration is a disallowable instrument.

12 *Note* A disallowable instrument must be notified, and presented to the
13 Legislative Assembly, under the [Legislation Act](#).

14 **18A Declaration of critical habitat**

15 (1) The conservator may declare aquatic habitat, or a part of aquatic
16 habitat to be critical habitat (a *critical habitat declaration*).

17 (2) In making a critical habitat declaration, the conservator must
18 consider—

19 (a) the need to protect native species in the ACT; and

20 (b) the need to conserve the significant ecosystems of the ACT,
21 NSW and Australia.

22 (3) A critical habitat declaration is a disallowable instrument.
