THE LEGISLATIVE ASSEMBLY
FOR THE AUSTRALIAN CAPITAL TERRITORY

(As presented)

(Minister for Sustainable Building and Construction)

Professional Engineers Bill 2022

A Bill for

An Act to regulate the practice of professional engineering, and for other purposes

The Legislative Assembly for the Australian Capital Territory enacts as follows:

1 **Part 1 Preliminary**

2 **1 Name of Act**

3 This Act is the *Professional Engineers Act 2022*.

4 **2 Commencement**

5 This Act commences on a day fixed by the Minister by written notice.

6 *Note 1* The naming and commencement provisions automatically commence on
7 the notification day (see [Legislation Act](#), s 75 (1)).

8 *Note 2* A single day or time may be fixed, or different days or times may be
9 fixed, for the commencement of different provisions (see [Legislation Act](#),
10 s 77 (1)).

11 *Note 3* If a provision has not commenced within 6 months beginning on the
12 notification day, it automatically commences on the first day after that
13 period (see [Legislation Act](#), s 79).

14 **3 Dictionary**

15 The dictionary at the end of this Act is part of this Act.

16 *Note 1* The dictionary at the end of this Act defines certain terms used in this
17 Act, and includes references (*signpost definitions*) to other terms defined
18 elsewhere in this Act.

19 For example, the signpost definition ‘*internal review notice*, for part 11
20 (Notification and review of decisions)—see the [ACT Civil and](#)
21 [Administrative Tribunal Act 2008](#), section 67B (1).’ means that the term
22 ‘internal review notice’ is defined in that section and the definition
23 applies to this Act.

24 *Note 2* A definition in the dictionary (including a signpost definition) applies to
25 the entire Act unless the definition, or another provision of the Act,
26 provides otherwise or the contrary intention otherwise appears (see
27 [Legislation Act](#), s 155 and s 156 (1)).

28 **4 Notes**

29 A note included in this Act is explanatory and is not part of this Act.

- 1 **5 Offences against Act—application of Criminal Code etc**
- 2 Other legislation applies in relation to offences against this Act.
- 3 *Note 1 Criminal Code*
- 4 The [Criminal Code](#), ch 2 applies to all offences against this Act (see
- 5 Code, pt 2.1).
- 6 The chapter sets out the general principles of criminal responsibility
- 7 (including burdens of proof and general defences), and defines terms used
- 8 for offences to which the Code applies (eg *conduct*, *intention*,
- 9 *recklessness* and *strict liability*).
- 10 *Note 2 Penalty units*
- 11 The [Legislation Act](#), s 133 deals with the meaning of offence penalties
- 12 that are expressed in penalty units.

- 20 *proposed disciplinary action*—see section 37 (1).
- 21 *show cause notice*—see section 37 (2).

- 1 **36 Grounds for disciplinary action**
- 2 Each of the following is a *ground for disciplinary action* against a
- 3 professional engineer:
- 4 (a) the engineer knowingly or recklessly used false or misleading
- 5 information to become a professional engineer;
- 6 (b) the engineer has failed to comply with an obligation imposed

- 5 (j) the engineer has failed to comply with a requirement of any
6 regulatory action taken against the engineer under this part;
- 7 (k) any other ground prescribed by regulation.

8 **37 Notice of proposed disciplinary action**

- 9 (1) The registrar may propose to take disciplinary action (the *proposed*
10 *disciplinary action*) against a professional engineer if the registrar is
11 satisfied that a ground for disciplinary action exists in relation to the
12 engineer.
- 13 (2) If the registrar proposes to take disciplinary action against a
14 professional engineer, the registrar must give the engineer a written
15 notice (a *show cause notice*) that states—
- 16 (a) the grounds on which the registrar considers disciplinary action
17 may be taken against the engineer; and
- 18 (b) details of the proposed disciplinary action; and
- 19 (c) that the engineer may give the registrar a written submission
20 about the proposed disciplinary action not later than 28 days
21 after the day the engineer is given the notice.

22 **38 Taking disciplinary action**

- 23 (1) The registrar may take the proposed disciplinary action against a
24 professional engineer if the registrar—
- 25 (a) has given the engineer a show cause notice in accordance with
26 section 37; and
- 27 (b) has considered any submission given in accordance with
28 section 37 (2) (c); and

- 1 (c) is satisfied that it is appropriate to take the proposed disciplinary
2 action against the engineer.
- 3 (2) If the registrar decides to take the proposed disciplinary action, the
4 registrar must give the professional engineer a written notice (a ***notice***
5 ***of disciplinary action***) that states—
- 6 (a) that the proposed disciplinary action will be taken; and
7 (b) the day on which the disciplinary action will take effect.
- 8 (3) Disciplinary action takes effect—
- 9 (a) if the disciplinary action is suspension or cancellation of the
10 professional engineer's registration—
- 11 (i) 14 days after the notice of disciplinary action is given to
12 the engineer; or
- 13 (ii) if a later date is stated in the notice—that date; or
- 14 (b) in any other case—on the day stated in the notice of disciplinary
15 action.

16 **39 Not taking disciplinary action**

- 17 (1) This section applies if the registrar—
- 18 (a) has given a professional engineer a show cause notice in
19 accordance with section 37; and
- 20 (b) has considered any submission given in accordance with
21 section 37 (2) (c); and
- 22 (c) is satisfied that disciplinary action against the professional
23 engineer—
- 24 (i) may not be taken; or
- 25 (ii) may be taken, but that, in all the circumstances, it is not
26 appropriate to take the action.

5 If the registration of a professional engineer is suspended under this
6 division, the individual is taken not to be a professional engineer
7 during the period of suspension.

11 (1) This section applies if the registrar is satisfied that—

- (a) a ground for disciplinary action exists in relation to a professional engineer (other than a failure to comply with a requirement of any disciplinary action taken under division 6.1); and

- (b) it is in the public interest to immediately suspend or cancel the professional engineer's registration.

- 18 (2) The registrar may—

- (a) immediately suspend the professional engineer's registration for a stated period or until a stated event happens; or

- 21 (b) immediately cancel the professional engineer's registration.

- (3) If the registrar immediately suspends or cancels a registration under subsection (2), the registrar must give the professional engineer written notice (an ***immediate action notice***) that includes the following information:

- (a) a statement that the suspension or cancellation takes effect as soon as the notice is given to the engineer;

- 1 (b) if the registration is suspended—the period of the suspension;
2 (c) the reason for the suspension or cancellation;
3 (d) that the engineer may make an application to the registrar under
4 section 43 (Revoking immediate suspension or cancellation).
- 5 (4) However, the registrar may give a professional engineer an
6 immediate action notice orally if the registrar believes there is an
7 immediate risk to the safety of any person.
- 8 (5) If the registrar gives the immediate action notice orally, the registrar
9 must also give the professional engineer a written notice that includes
10 the information mentioned in subsection (3) as soon as practicable,
11 but not later than 7 days after the notice was given orally.
- 12 (6) Suspension or cancellation under this section takes effect when—
13 (a) for an immediate action notice given orally and in writing—the
14 oral notice is given to the professional engineer; or
15 (b) for an immediate action notice given only in writing—the
16 written notice is given to the professional engineer.
- 17 (7) A suspension under this section ends—
18 (a) if the registrar suspends the registration for a fixed period—on
19 the day stated in the immediate action notice; or
20 (b) if the registrar suspends the registration until a particular event
21 happens—when the event happens; or
22 (c) if disciplinary action is taken against the professional
23 engineer—when the disciplinary action takes effect; or
24 (d) if disciplinary action is not taken against the professional
25 engineer—on the earliest of the following:
26 (i) when the registrar gives the engineer written notice that the
27 registrar will not take disciplinary action against the
28 engineer;

- 1 (ii) 90 days after the immediate suspension notice is given to
2 the engineer; or
- 3 (e) if the registrar revokes the suspension or cancellation under
4 section 43—the day stated in the written notice given to the
5 person under section 43 (4).

6 **42 Effect of immediate suspension**

7 If the registration of a professional engineer is immediately
8 suspended under section 41, the individual is taken not to be a
9 professional engineer during the period of suspension.

10 **43 Revoking immediate suspension or cancellation**

- 11 (1) The registrar may revoke an immediate suspension or cancellation—
12 (a) on written application by the person whose registration is
13 suspended or cancelled; or
14 (b) on the registrar's own initiative.
- 15 (2) An application by a person under subsection (1) (a) must be made not
16 later than 14 days after the day the person is given the immediate
17 action notice.
- 18 (3) The registrar may revoke the immediate suspension or cancellation
19 under subsection (1) if—
20 (a) for an application made under subsection (1) (a)—
21 (i) the application was made in accordance with
22 subsection (2); and
23 (ii) the registrar has considered any reasons given by the
24 person requesting the revocation; and
25 (b) the registrar has considered any matter prescribed by regulation.

- 1 (4) If the registrar revokes the immediate suspension or cancellation, the
2 registrar must give the person a written notice that states—
3 (a) that the suspension or cancellation has been revoked; and
4 (b) the day on which the revocation takes effect.

5 **Division 6.3 Other regulatory action**

6 **44 Voluntary cancellation of registration**

7 The registrar must cancel the registration of a professional engineer
8 if—

- 9 (a) the engineer asks, in writing, for the cancellation; and
10 (b) the registrar is satisfied that it is appropriate to cancel the
11 registration.

12 **45 Application to disqualify person from applying for**
13 **registration**

14 (1) This section applies if the registrar suspends or cancels the
15 registration of a professional engineer under division 6.1
16 (Disciplinary action).

17 (2) On application by the registrar, the ACAT may make the following
18 orders:

19 (a) if the registrar has suspended the professional engineer's
20 registration—

21 (i) an order cancelling the person's registration; and

22 (ii) an order disqualifying the person from applying for
23 registration as a professional engineer—

24 (A) for a stated period of not more than 5 years; or

25 (B) until a stated event happens;

- 1 (b) if the registrar has cancelled the professional engineer's
2 registration—an order disqualifying the person from applying
3 for registration as a professional engineer—
4 (i) for a stated period of not more than 5 years; or
5 (ii) until a stated event happens;
6 (c) an order requiring the person to pay the Territory a stated
7 amount of not more than \$20 000;

10 consider any matter prescribed by regulation.
11 (4) If the ACAT makes an order under subsection (2) (c), the amount may
12 be recovered as a debt payable to the Territory.
13 *Note* An amount owing under a law may be recovered as a debt in a court of
