1. The relevant amount is referred to in this Schedule as the “Pollutant Fee”.
2. The Pollutant Fee shall equal the assessable load of the pollutant multiplied by the appropriate Pollutant Fee Unit for the particular activity as shown in Table 1 below.
3. The assessable load for each pollutant shall equal the concentration of the pollutant multiplied by the discharge weight or volume as defined in the authorisation for each activity. The unit of measure for assessable load is kilograms.
4. The concentration of the pollutant is the weight in kilograms of pollutant per volume or weight of discharge from the activity. Concentration and volume or weight of discharge shall be measured as set out in the environmental authorisation granted for the activity. The concentration for that pollutant is measured.
5. The Pollutant Fee payable per year shall be:
 - Nil – if the fee shown in **Schedule 2** for the activity is greater than or equal to the Pollutant Fee; or
 - The Pollutant Fee less the fee shown in **Schedule 2** – if the fee shown in **Schedule 2** is less than the Pollutant Fee.
6. The fee payable per year for the purposes of clause 2(g) shall be paid in four instalments of three months each.

The commencement date for the instalments shall be the day after the date of effect or anniversary of effect of the authorisation. The commencement date for the second, third and fourth instalments each year shall be three months, six months and nine months respectively after the commencement date for the first instalment.

Each instalment payments shall be paid within 60 days after the instalment finish date.

7. The fee payable for all other clauses in **Schedule 3** shall be paid within 60 days after the date of effect or anniversary of effect of the authorisation.
