WATER RESTRICTION SCHEME APPROVAL 2002 (No 2)

Disallowable instrument DI2002—220

made under the

Utilities Act 2000, s 234: Regulation making power - Utilities (Water Restrictions) Regulations 2002: Part 2, s 5: Approved water restriction scheme

I revoke Disallowable Instrument DI2002-230 made under the Utilities (Water Restrictions) Regulations 2002 and I approve the attached amended water restriction scheme developed by ACTEW Corporation.

Ted Quinlan
Treasurer
12 December 2002

SCHEME OF RESTRICTIONS ON THE USE OF WATER FROM ACTEW CORPORATION WATER SUPPLY SYSTEM

This approved water restrictions scheme may be implemented by ACTEW Corporation Limited making declarations pursuant to Regulation 8 of the *Utilities (Water Restrictions) Regulations 2002* so that water restrictions specified for a stage in the table below are imposed when remaining ACTEW water storages (combined Bendora, Corin, and Googong dams) reach or fall below the percentage level specified in the table for that stage.

ACTEW may impose Stage 1 restrictions at its discretion when water storage levels are between 57.5% and 52.5% of capacity, but must impose such restrictions if storage levels fall below 52.5%. In exercising this discretion, ACTEW may have regard to all relevant considerations including current and predicted storage levels, usage rates and weather conditions.

At the 25% storage level, the ACT Government may declare a State of Emergency under the Emergency Management Act under which supply and/or use of water may be restricted to Emergency Use Only.

Pre-restriction community water use education measures will be initiated by ACTEW when the risk of water restrictions appears real. These measures, while not part of the formal water restrictions scheme, aim to reduce water consumption by 15% on a voluntary basis and hence defer or reduce the risk of mandatory restrictions.

Notes:

1. This scheme applies to water drawn from ACTEW Corporation's potable water supply system only.
2. The "odds and evens" system means that, if your street number ends in an odd number (i.e. 1, 3, 5, 7 or 9), you can only water on days when the date also ends in an odd number. Similarly, if your street number ends

in an even number (i.e. 0, 2, 4, 6 or 8) then you can only water on days when the date also ends in an even number – except for 31st day of any month (bonus day).

3. “Private” includes residential, business and Government and non-Government institutions.
4. “Public” includes government and privately operated for public use
5. Where customers can demonstrate serious detriment from application of restrictions, application can be made for an exemption or partial exemption. Applications for exemption must be made in writing and addressed to “Restriction Exemptions”, ACTEW Corporation Limited, GPO Box 366, Canberra, ACT 2601. Exemptions or partial exemptions will only be granted in writing. Applications should include a statement of the reasons why an exemption or partial exemption is sought and set out, in particular, what serious detriment is claimed will be incurred if the application is not granted. Without limiting the grounds on which ACTEW might grant an exemption or partial exemption, applications may be granted where there is a compelling health or public hygiene reason or where compliance with restrictions would be likely to cause disproportionate or unintended financial damage to the applicant.

	RESTRICTION STAGES ON USE OF WATER				
	Stage 1	Stage 2	Stage 3	Stage 4	Stage 5
Remaining ACTEW Storage	57.5% - 52.5%	45%	40%	35%	30%
Target Reduction	15%	25%	40%	55%	60%

	RESTRICTION STAGES ON USE OF WATER				
	Stage 1	Stage 2	Stage 3	Stage 4	Stage 5
1. Private Gardens and Lawns	<p>Sprinkler systems from mid-night to 7am and 7pm to mid-night on alternate days as per the “odds and evens” system</p> <p>Hand held hoses and buckets anytime</p>	<p>Sprinkler systems from 5am to 8am and 7pm to 10pm on alternate days as per the “odds and evens” system</p> <p>Hand held hoses and buckets anytime</p>	<p>No sprinklers</p> <p>Hand held hoses and buckets from 5am to 8am and 7pm to 10pm on alternate days as per the “odds and evens” system</p>	<p>Watering of lawns not permitted</p> <p>Hand held hoses and buckets from 5am to 8am and 7pm to 10pm on alternate days as per the “odds and evens” system</p>	<p>No external watering (recycled water permitted)</p>
2. Private Ponds and Garden Fountains	<p>Fountains to be switched Off unless they re-cycle water.</p> <p>Small ornamental ponds may be topped up by hand held hose or bucket</p>	<p>Fountains to be switched Off</p> <p>Small ornamental ponds may be topped up by hand held hose or bucket</p>	<p>Ponds that support fish or birds may be topped up by bucket directly filled from a tap but not a hose</p>	<p>Ponds that support fish or birds may be topped up by bucket directly filled from a tap but not a hose</p>	<p>Ponds that support fish or birds may be topped up by bucket directly filled from a tap but not a hose</p>
3. Lawns and plants at Parks, Sports Fields, Golf Courses & Public Gardens	<p>The target of a 15 per cent reduction in water use should be met.</p> <p>Hand held hoses can be used at any time</p>	<p>The target of a 25 per cent reduction in water use should be met.</p> <p>Hand held hoses can be used at any time</p>	<p>The target of a 40 per cent reduction in water use should be met.</p> <p>Hand held hoses can be used at any time</p>	<p>The target of a 55 per cent reduction in water use should be met.</p> <p>Hand held hoses can be used at any time</p>	<p>No watering without prior written exemption</p>
4. Paved Areas	<p>Water must not be used to clean paved area unless cleaning required as a result of accident, fire, health hazard or other emergency</p>	<p>Water must not be used to clean paved area unless cleaning required as a result of accident, fire, health hazard or other emergency</p>	<p>Water must not be used to clean paved area unless cleaning required as a result of accident, fire, health hazard or other emergency</p>	<p>Water must not be used to clean paved area unless cleaning required as a result of accident, fire, health hazard or other emergency</p>	<p>Water must not be used to clean paved area unless cleaning required as a result of accident, fire, health hazard</p>
