Schedule of Fees and Concessions

The standard fee schedule for public access courses and programs from 1 January 2010 is as follows:

A Registration Fee of \$8.13 per registered 'billing point'

Billing points are calculated as follows:

- The 'billing hours' value currently associated with each course in the CATALOG module is divided by five (5).
- The result of this division is rounded-up to the next whole number to determine the billing points for that program.
- For very short courses a minimum billing point value of two (2) will be applied.

The following examples show how billing points and fees are calculated for some typical CIT courses:

<u>Example 1: A course with 254 billing hours:</u>			
Divide billing hours by five	=	$254/5$	
	=	50.8	
Billing Points	=	51	
Multiplied by \$8.13 per billing point	=	\$414.63	
<u>Example 2: A course with 6 billing hours:</u>			
Apply the minimum value to billing hours	=	10	
Divide adjusted billing hours by five	=	$10/5$	
	=	2.0	
Billing Points	=	2	
Multiplied by \$8.13 per billing point	=	\$16.26
