## Schedule of Fees

The standard fee schedule for public access courses and programs from 1 January 2012 is as follows:

- ❑ A Registration Fee of \$9.00 per registered 'billing point'

Billing points are calculated as follows:

- ❑ The 'billing hours' value currently associated with each course in the CATALOG module is divided by five (5).
- ❑ The result of this division is rounded-up to the next whole number to determine the billing points for that program.
- ❑ For very short courses a minimum billing point value of two (2) will be applied.

The following examples show how billing points and fees are calculated for some typical CIT courses:

Example 1: A course with 254 billing hours:

$$\begin{array}{rcl} \text{Divide billing hours by five} & = & 254/5 \\ & = & 50.8 \end{array}$$

$$\text{Billing Points} = 51$$

$$\text{Multiplied by \$9.00 per billing point} = \$459$$

Example 2: A course with 6 billing hours:

$$\text{Apply the minimum value to billing hours} = 10$$

$$\begin{array}{rcl} \text{Divide adjusted billing hours by five} & = & 10/5 \\ & = & 2.0 \end{array}$$

$$\text{Billing Points} = 2$$

$$\text{Multiplied by \$9.00 per billing point} = \$18$$
