

Electricity Feed-in (Large-scale Renewable Energy Generation) FiT Capacity Release Determination 2016 (No 1)

Disallowable instrument DI2016–31

made under the

Electricity Feed-in (Large-scale Renewable Energy Generation) Act 2011,
s 10 (FiT capacity release)

1 Name of instrument

This instrument is the *Electricity Feed-in (Large-scale Renewable Energy Generation) FiT Capacity Release Determination 2016 (No 1)*.

2 Commencement

This instrument commences the day after its notification.

3 Determination of FiT capacity release

I determine that:

- 1) 109MW of the FiT capacity provided for under the *Electricity Feed-in (Large-scale Renewable Energy Generation) Act 2011* (Act) be made available for the grant of FiT entitlements, by competitive process;
- 2) any FiT entitlement that may be granted under this release will be for:
 - a) a term of 20 years;
 - b) wind, solar or an energy source declared by the Minister to be a renewable energy source; and

Note Section 6 of the Act permits the Minister to declare an energy source to be a renewable energy source. Such a declaration is a disallowable instrument.
 - c) large renewable energy generators located within the Australian capital region or any other participating jurisdiction.
- 3) the minimum capacity of a large renewable energy generator's generating system in relation to which a FiT entitlement may be granted under this release is 9MW.

Participating jurisdiction see s10(6) of the Act.

Simon Corbell
Minister for the Environment and Climate Change
