

# Electricity Safety (Fees) Determination 2017

## Disallowable instrument DI2017-151

made under the

**Electricity Safety Act 1971, s 64 (Determination of fees)**

---

### **1 Name of instrument**

This instrument is the *Electricity Safety (Fees) Determination 2017*.

### **2 Commencement**

This instrument commences on 1 July 2017.

### **3 Determination of fees**

I determine the fee payable for a matter listed in column 2 of the schedule to be the fee listed in the corresponding entry in column 4 of the schedule.

### **4 Payment of fees**

A fee mentioned in the schedule is payable to the ACT Government by the person requesting the goods or services described in the schedule.

### **5 Revocation**

This instrument revokes the *Electricity Safety (Fees) Determination 2016* (DI2016-127).

Mick Gentleman MLA  
Minister for Planning and Land Management  
22 June 2017

**Schedule**  
(see s 3)

<b>Column 1</b>	<b>Column 2</b>	<b>Column 3</b>	<b>Column 4</b>
<b>Relevant Section for which a fee is payable</b> (for information only)	<b>Description of Matter for which fee is payable</b>	<b>Fee Payable GST Exempt \$</b> <b>2016-17</b> (for information only)	<b>Fee Payable GST Exempt \$</b> <b>2017-18</b>
Section 64	Additions and alterations  Only payable in instances when the Building Levy is not payable or the electrical wiring work is not carried out as part of the installation of an energy storage system for which a grant has been given under the ACT Government programme known as the Next Generation Energy Storage Grants programme, including the pilot stage of that programme.	<i>27.00 per notice</i>	<b>27.50 per notice</b>
Section 64	Repairs	<i>Nil</i>	<b>Nil</b>
Section 64	Electrical wiring work for a new building or structure of class 1 and/or an associated structure of class 10a.  Only payable in instances when the Building Levy is not payable or the electrical wiring work is not carried out as part of the installation of an energy storage system for which a grant has been given under the ACT Government programme known as the Next Generation Energy Storage Grants programme, including the pilot stage of that programme	<i>232.00</i> <i>As described in the notes to the schedule</i>	<b>237.00</b> <b>As described in the notes to the schedule</b>
Section 64	Electrical wiring work to replace, extend or modify the electrical installation relating to consumer mains or sub-mains in an existing building or structure of class 1 and/or an associated structure of class 10a  Only payable in instances when the Building Levy is not payable or the electrical wiring work is not carried out as part of the installation of an energy storage system for which a	<i>232.00</i> <i>As described in the notes to the schedule</i>	<b>237.00</b> <b>As described in the notes to the schedule</b>

grant has been given under the ACT Government programme known as the Next Generation Energy Storage Grants programme, including the pilot stage of that programme..

Section 64	<p>Electrical wiring work for a new building or structure of class 2 to 10 (where the class 10 is not associated with a building or structure of class 1)</p> <p>Only payable in instances when the Building Levy is not payable or the electrical wiring work is not carried out as part of the installation of an energy storage system for which a grant has been given under the ACT Government programme known as the Next Generation Energy Storage Grants programme, including the pilot stage of that programme.</p>	<p>232.00</p> <p><i>Per switchboard, distribution board, floor level or unit as described in the notes for the schedule.</i></p>	<p><b>237.00</b></p> <p><b>Per switchboard, distribution board, floor level or unit as described in the notes for the schedule.</b></p>
Section 64	<p>Electrical wiring work to replace, extend or modify the electrical installation in an existing class 2 to 10 (where the class 10 is not associated with a building or structure of class 1)</p> <p>Only payable in instances when the Building Levy is not payable or the electrical wiring work is not carried out as part of the installation of an energy storage system for which a grant has been given under the ACT Government programme known as the Next Generation Energy Storage Grants programme, including the pilot stage of that programme..</p>	<p>232.00</p> <p><i>As described in the notes to the schedule</i></p>	<p><b>237.00</b></p> <p><b>As described in the notes to the schedule</b></p>
Section 64	<p>Electrical Installation First Re-inspection</p> <p>Second Re-inspection</p> <p>Third Re-inspection</p> <p>All subsequent re-inspections</p>	<p>232.00</p> <p>463.00</p> <p>926.00</p> <p>1,851.00</p>	<p><b>237.00</b></p> <p><b>472.00</b></p> <p><b>944.00</b></p> <p><b>1,888.00</b></p>

## **Notes for the schedule**

### **For building of Class 1 and 10 when 10 is associated with class 1**

<b>Class</b>	<b>Item</b>	<b>Fee Multiplier</b>
<b>New Work</b>		
<b>Main Switch Board</b>		
	Main Switchboard	1
	POS Incorporated in MSB	0
	POS Separate from MSB	0
	Meter Cubicle / Box	0
<b>Distribution Boards</b>		
	1st DB	0
	> 1 DB	0
<b>Temporary Supply</b>		
	At MSB	0
	Pole mount or separate from MSB	0
<b>Co-Generation</b> (For systems under 30KW the max fee multiplier is 1)		
	Control DB (where separate from MSB)	1
	Per Type Per Location	1
	Per Inverter > 1	1

### **Additions & Alterations**

The Fee Multiplier as per New applies to work that is required to be inspected. Additions and Alterations work is on an algorithm that typically calls up 1 in 10 Certificates of Electrical Safety (CES) to be inspected, unless defect notice issued then a higher rate of inspection applies. A fee will apply for all CES forms that require an inspection.

### **For building of Class 2 to 10 (when 10 is not associated with class 1)**

<b>Class</b>	<b>Item</b>	<b>Fee Multiplier</b>
<b>New Work</b>		
<b>Main Switch Board</b>		
	1st Main Switchboard	2
	> 3m: per 3 Metres	1
	> than 1 supply: per Supply	1
	With Safety Services	1
	POS Incorporated in MSB	0
	POS Separate from MSB	1
	Power Factor Correction	0
	Meter Cubicle / Box	1
<b>Distribution Boards</b>		
	1st DB	1
	With Safety Services	1
	Split Services: Per Service	

(Example: Tenant + House)	1
Rising Main T-off Box	0

### **Mechanical Boards**

1st Mechanical Board	2
> 3m: per 3 Metres	1
With Safety Services	1
> than 1 supply: Points per Supply	1
Addition DB & Sub Boards: Per DB	
(Example: Hydraulic services, Control Panels)	1

### **Co-Generation**

Control DB	1
Per Type Per Location	1
Per Inverter > 1	1

### **Additions & Alterations**

The Fee Multiplier as per New applies to work that is required to be inspected. Additions and Alterations work is on an algorithm that typically calls up 1 in 10 Certificates of Electrical Safety to be inspected, unless defect notice issued then a higher rate of inspection applies. A fee will apply for all CES forms that require an inspection.
