

# Electricity Feed-in (Large-scale Renewable Energy Generation) FiT Capacity Release Determination 2020 (No 1)\*

Disallowable instrument DI2020–250

made under the

**Electricity Feed-in (Large-scale Renewable Energy Generation) Act 2011,  
s 10 (FiT capacity release)**

---

## 1 Name of instrument

This instrument is the *Electricity Feed-in (Large-scale Renewable Energy Generation) FiT Capacity Release Determination 2020 (No 1)*.

## 2 Commencement

This instrument commences the day after its notification.

## 3 Determination of FiT capacity release

I determine that:

- 1) a FiT capacity release of 250 MW is to be made available for the grant of FiT entitlements; and
- 2) the release is to be made available by competitive process; and
- 3) for a FiT entitlement that may be granted under this release:
  - a) the term is to be either 10 or 14 years, to be determined after completion of the competitive process; and
  - b) wind, solar or an energy source declared by the Minister, under section 6 of the Act, is to be used; and
  - c) large renewable energy generators must be located within the Australian capital region or any other participating jurisdiction.
- 4) the minimum capacity of a large renewable energy generator's generating system in relation to which a FiT entitlement may be granted under this release is 20 MW.

Shane Rattenbury MLA  
Minister for Climate Change and Sustainability  
10 November 2019
