

Electricity Feed-in (Renewable Energy Premium) (Reporting) Determination 2024

Disallowable instrument DI2024–185

made under the

Electricity Feed-in (Renewable Energy Premium) Act 2008, s 11B (Electricity distributors to give information to Minister)

1 Name of instrument

This instrument is the *Electricity Feed-in (Renewable Energy Premium) (Reporting) Determination 2024*.

2 Commencement

This instrument commences on the day after its notification day.

3 NERL retailer required information

I determine the following information to be the required information for a NERL retailer for each compliant renewable energy generator with which it was associated in a financial year:

- (a) payments made during each quarter of the financial year for the total electricity generated; and
- (b) applicable premium rate; and
- (c) division in which the generator is located; and
- (d) whether the NERL retailer was still associated with the generator at the end of the financial year; and
- (e) information identifying the amount reimbursed by the electricity distributor to the NERL retailer for payments the NERL retailer has made to the generator for electricity generated.

4 Electricity distributor required information

I determine the following information to be the required information for an electricity distributor for each compliant renewable energy generator connected to the electricity distributor's network in a financial year:

- (a) electricity output during each quarter of the financial year; and
- (b) applicable premium rate; and
- (c) installed capacity at the date of connection; and
- (d) division in which the generator is located; and

- (e) whether the generator was still connected to the electricity distributor's network at the end of the financial year; and
- (f) information identifying the total amount it has reimbursed to each NERL retailer during the financial year for the payments made by the NERL retailer to the generator for electricity generated.

5 Timing of reporting requirement

The required information as determined in this instrument must be provided by a reporting entity by 1 September each year in relation to the completed financial year immediately preceding the 1 September date.

6 Revocation

This instrument revokes the *Electricity Feed-in (Renewable Energy Premium) Reporting Determination 2015 (No 1)* [DI2015-263].

Shane Rattenbury
Minister for Water, Energy and Emissions Reduction
23 June 2024
