---

The *Government Procurement Act 2001* provides for the creation of the Government Procurement Board, with responsibility for the ongoing improvement of procurement practices and skills in Government agencies.

Section 12 enables the Minister to appoint, by instrument, the Board members to their respective positions and provides that a non public employee member must not be a public employee.

Section 12 further provides that the instrument of appointment must state whether a member is appointed as chairperson, a public employee member or a non-public employee member.

Section 13 provides that the term of appointment be specified in the instrument of appointment.

This decision continues the appointments of two public employee members whose appointments are expiring. One of these public employees will be re-appointed as the chairperson. The continuing appointments have been approved by Cabinet.
