

EXPLANATORY STATEMENT
AUSTRALIAN CAPITAL TERRITORY
DENTAL TECHNICIANS AND DENTAL PROSTHETISTS
REGISTRATION ACT 1988
DETERMINATION OF FEES NO: 94 1991

This Determination comes into effect on the date of Gazettal. In late May 1991 the ACT Government approved an increase in fees levied by the Health Profession Registration Boards as part of the 1991/1992 Review of Fees and Charges. The Review has subsequently been ratified by the present Cabinet.

The fees charged by Dental Technicians and Dental Prosthetists Board of the ACT are in line with fees charged by other Australian States and in particular New South Wales.

The increases are the result of deliberations by the Dental Technicians and Dental Prosthetists Board arising out of the recent Review of the Australian Capital Territory Health Professional Registration Boards and are intended to assist the Board in working towards financial autonomy. No fees have been set since the legislation commenced in 1988.
