CANBERRA INSTITUTE OF TECHNOLOGY
REGULATIONS

EXPLANATORY MEMORANDUM

Circulated by authority of

Mr Bill Wood MLA
Minister for Education and Training

**Explanatory Memorandum
Canberra Institute of Technology Regulations**

The Canberra Institute of Technology Act 1987 provides for the Minister to set the amount for contracts above which ministerial approval must be obtained. The amount set by this regulation applies to both Institutions, the Canberra Institute of Technology and the Australian International Hotel School.

The amount proposed by this regulation is \$500,000 which would enable most of the routine contracts of the Institutions to be approved by the Director, in the case of the Institute, and the Dean, in the case of the Hotel School.
