

AUSTRALIAN CAPITAL TERRITORY
BUILDINGS (DESIGN AND SITING) ORDINANCE 1972
EXPLANATORY MEMORANDUM

The proposed Buildings (Design and Siting) Ordinance 1972 will amend the Buildings (Design and Siting) Ordinance 1964-1970. The proposed amendments will be consequential upon the coming into operation on 1 September of the Building Ordinance 1972, notification of the making of which was published in the Commonwealth Gazette on 4 August 1972.

The proposed Ordinance will replace references to a "proper authority" by references to a "Building Controller"; and references to the Canberra Building Regulations will be replaced by references to the Building Ordinance 1972. The amendments are of a purely formal nature.
