

AUSTRALIAN CAPITAL TERRITORY

AMENDMENTS OF THE EDUCATION REGULATIONS.

EXPLANATORY MEMORANDUM

No. 4 of 1954

The amendments of the Education Regulations are designed to bring the procedure thereunder into line with current practice, particularly regarding their application to the awarding of Bursaries and incidental matters.

Certain functions, which under the present Regulations devolve upon the Bursary Endowment Board of New South Wales, are in practice implemented by the Minister, or the Registrar of Schools appointed under the Education Ordinance, and the purpose of these amendments is to adjust such anomalies, and in addition to make such adjustments of a machinery nature as may be necessary.
