

EXPLANATORY STATEMENT

Instrument Number 333 of 2000

DETERMINATION MADE UNDER SECTION 6(2) OF THE *Legislative Assembly (Members' Staff) Act 1989*

TERMS AND CONDITIONS OF EMPLOYMENT OF STAFF OF OFFICE-HOLDERS

Legislative Context

The *Legislative Assembly (Members' Staff) Act 1989* ("the Act") provides for the employment of staff by Office-Holders of the Legislative Assembly. Section 5; subsection 5(1) of the Act gives the authority for Office-Holders to employ staff. Section 6; subsection 6(2) of the Act provides for the Chief Minister to determine in writing the terms and conditions of employment of staff of Office-Holders.

Outline

This Determination varies the terms and conditions of staff of Office-Holders as previously determined in Determination Number 82 of 2000, relating to contracts of employment entered into on or since 1 July 1997.

This Determination provides for staff employed under the *Legislative Assembly (Members' Staff) Act 1989*, upon termination of their employment under the Act, to be paid in lieu for long service leave accrued after 1 July 1997. The purpose of the amendment is to remove an anomaly regarding differing entitlements of staff to payment in lieu of long service leave.

Under the contract arrangements introduced on 1 July 1997 staff are able to elect either, to accrue long service leave, or to receive additional fortnightly payments instead of long service leave. Currently, staff who elect to accrue long service leave are generally not entitled to receive payment in lieu upon termination of their employment unless they are entitled to be paid severance benefits, or in the case of resignation, have completed a period of ten years' employment. For example, a person who elected to accrue long service leave who resigns after nine years and eleven months service, would not receive any payment in lieu for accrued leave, whereas a person who elects not to accrue long service leave is paid an additional annual allowance in lieu of that accrual, irrespective of their length of service.

Schedule 2 provides for the following changes in employment conditions. Paragraphs 8(c) and 8(d) of Schedule 2 to the Determination vary long service leave provisions for staff of Office Holders to allow the payment in lieu of accrued long service leave upon termination of employment where staff have less than ten years service, and are not entitled to the payment of severance benefits. This provision shall apply retrospectively from 1 July 1997 to reflect the original intention of the flexible long service leave provisions.

Consistent with existing entitlements, long service leave accrued before 1 July 1997 would be paid in lieu only if the aggregate period of employment (including recognised prior service) at the date of termination is not less than ten years, or where severance benefits are paid (eg where an Office-Holder ceases to be a Member). A staff member with less than one year's service at the date of termination of their employment will not be eligible for payment in lieu for long service leave, consistent with similar conditions that apply in the ACT Public Service.

(3) Payment for Extra Duty

- (a) An employee will only be entitled to payment for extra duty if this is provided in the Contract of Employment and suitable records of attendance are maintained in accordance with paragraph 6.
- (b) Payment for extra duty will only be payable in exceptional and special circumstances on an as incurred basis and subject to the limitation of the staff salary allocation provided for in the Chief Minister's Arrangements made under Section 5; subsection 5(2) of the Act.

- (b) Leave loading may be paid as an additional annual allowance which will accrue and be paid by fortnightly instalments, or by a lump sum. In the case of a lump sum a pro-rata payment may be made when 5 days accrued leave is taken.
- (c) If an entitlement to a leave loading is provided, an employee shall be entitled to an amount of annual leave loading which is the lesser of:
 - (i) fortnightly salary divided by fortnightly hours, multiplied by the number of hours recreation leave accrued per year multiplied by 0.175; or

 - (iii) In the case of part-time employees, the amounts specified in paragraph 4(c) are to be reduced by the ratio of part-time hours to full-time hours.

 - (ii) a sum equal to two (2) weeks' salary for each completed year of continuous service, plus a pro-rata payment for additional completed months of service, up to a maximum of forty eight (48) weeks' salary.

- (c) A person who receives severance benefits under this provision and is subsequently re-employed under the Act, shall repay to the employer the severance benefit received to the extent that their re-employment covers the same period of time as their severance benefit.

For example, where a person's employment is terminated under this provision and is entitled to severance benefits equal to 10 weeks gross annual salary but is subsequently re-employed 8 weeks after termination then the amount of severance benefit repayable under this provision would be severance benefits equal to 2 weeks gross annual salary.
