

Water Resources (Fees) Determination 2022 (No 2)

Disallowable instrument DI2022–194

made under the

Water Resources Act 2007, s 107 (Determination of fees)

EXPLANATORY STATEMENT

Section 107 of the *Water Resources Act 2007* (the *Act*) permits the Minister to determine fees for the Act.

The purpose of this instrument is to determine the fees for goods and services under the Act for the 2022-23 financial year and to provide a fee exemption to facilitate meeting commitments under the *Basin Plan 2012* (Cwlth).

The regulatory fees in the determination have been further increased by 0.29% for the 2022-23 financial year from 1 September 2022 to provide additional resources to the Territory to address cost pressures in accordance with announced government policy.

The instrument includes an exemption from the payment of the grant of water access entitlement (**WAE**) fee where the intended use of the water involves the Territory complying with its commitments under the *Basin Plan 2012* (Cwlth).

This exemption relates to the grant of WAE fee where the entitlement would be granted (a) to provide the shared reduction amount for the southern Basin Australian Capital Territory zone or (b) to facilitate the Territory's participation in the Murray-Darling Basin Water Efficiency Program – ACT Led Efficiency Project.

The instrument commences on 1 September 2022.

This instrument revokes the *Water Resources (Fees) Determination 2022* (DI2022-138).

A determination under section 107 of the Act is a disallowable instrument and must be presented to the Legislative Assembly within 6 sitting days after its notification pursuant to section 64 of the *Legislation Act 2001* (**Legislation Act**).

Regulatory Impact Statement (RIS)

A RIS is not required for this fee determination due to section 36 (1) (k) of the Legislation Act, which provides that a RIS need not be prepared for an amendment of a fee consistent with announced government policy.

Human Rights
