BETTER REGULATION LEGISLATION AMENDMENT BILL 2025

This Supplementary Explanatory Statement is for a government amendment to the Better Regulation Legislation Amendment Bill 2025 (the Bill).

Part 9 of the Bill omits the Motor Vehicle Repair Industry Advisory Committee from the *Fair Trading (Motor Vehicle Repair Industry) Act 2010*. Part 9 also makes consequential and technical amendments.

Clause 2 of the Bill provides for the commencement of the Act.

These two amendments amend Clause 2 of the Bill to provide that Part 9 of the Act commences on a day fixed by the Minister by written notice. This is in addition to Parts 11 and 12, which already had delayed commencement in the Bill.

CLAUSE NOTES

Amendment Clauses 1 and 2

These clauses amend clause 2 of the Bill so that part 9 of the Act will commence on a day fixed by the Minister by written notice, in addition parts 11 and 12.
