

# Road Transport (Public Passenger Services) Public Transport Fares Determination 2025 (No 1)

Disallowable instrument DI2025–314

made under the

Road Transport (Public Passenger Services) Act 2001, section 23 (Regular route services—power to determine maximum fares) and section 27C (Light rail services – power to determine fares)

## EXPLANATORY STATEMENT

---

This instrument determines maximum fares charged to customers using Transport Canberra bus and light rail services. The instrument revokes the *Road Transport (Public Passenger Services) Regular Route Services Maximum Fares Determination 2024* (DI2024–321).

The instrument determines the maximum fares payable for travel on regular route bus services provided by Transport Canberra and on light rail services by holders of MyWay+ tokens, including single use tickets, commencing on 10 January 2026.

Public transport fares have increased by 2.75 percent, in accordance with the Consumer Price Index (CPI), from those fares set in the *Road Transport (Public Passenger Services) Regular Route Services Maximum Fares Determination 2024* (DI2024–321). Single use fares, previously known as cash fares, for adult or concession passengers have increased by around 2.75 percent. Fares are no longer rounded to the nearest 10 cents with cash no longer accepted on buses or at Ticket Vending Machines.

The definitions and validity arrangements listed in this instrument, including MyWay+ Pass and MyWay+ single use and daily tickets have been clarified to remove any possible ambiguity on the validity period and conditions of these tickets.

The following tables display the fees from the previous determination alongside the new fees.
