ASSOCIATIONS INCORPORATION ACT 1991

Notice pursuant to section 93

Whereas by a notice dated 19 January 1994 sent to Weston Creek Tennis Club Inc. in accordance with para. 93(1)(f) of the Associations Incorporation Act 1991 (the Act) and by a notice published in the Canberra Times on 26 January 1994 in accordance with para. 93(1)(g) of the Act the Registrar-General gave notice to show cause why the incorporation of the association should not be cancelled, a notice published in Special Gazette S60 on 29 March 1994 in accordance with Section 93(3) of the Act cancelled the association.

AND WHEREAS the association was cancelled as a result of an error pursuant to sub-section 93(6) of the Act, I Andrew John TAYLOR, Acting Registrar-General, hereby reinstate the incorporation of the association.

Dated this 11th day of January 1996.

Andrew John TAYLOR
Acting Registrar-General

Tenders are invited for:

Canberra Institute of Technology

SUPPLY AND IMPLEMENTATION OF A STUDENT INFORMATION MANAGEMENT SYSTEM T95246
Closing date: **28 March 1996** Document Fee **\$50.00**

The Canberra Institute of Technology is the largest post compulsory education provider in the Australian Capital Territory. It offers annually more than 350 courses across a broad array of disciplines with nationally recognised awards at various levels. In 1995 it enrolled over 18,000 students. Its mission is to develop an educated, skilled and flexible work force within the ACT and surrounding region.

The Institute wishes to replace its current On Line Student Administration System. It requires a new Student Information Management System (SIMS) better suited to its business needs in the rapidly changing Australian and International vocational education and training environment.

The successful tenderer will be responsible for the supply and implementation of application software, a relational database management system, user training and project management support. In addition appropriate part tenders will be accepted for a suitable hardware platform and operating system and the interfacing of SIMS to other Institute management information systems.

The Institute is seeking a low risk solution for the management of its student administration business activities. It is expected that the successful solution will be well proven and currently operating in at least one other institution with an educational and operational environment similar to that of the Institute. The successful tenderer will have demonstrated expertise in the area of student records management and experience in the development, implementation and support of student management systems.

Documents are available from:
