CONSULTANCY FOR ACT NOVICE DRIVER SAFETY PROJECT STAGE 1—RESEARCH and DEVELOPMENT T970186

The Territory is calling for consultants for the development and testing of the conceptual framework for a two tiered education program for prelearner and new drivers in Years 10, 11 and 12 of ACT high schools and colleges and for young drivers no longer at school

The project aims to develop safe attitudes and behaviours in new drivers and will complement the move to competency based licensing recently approved by the ACT Government

The Territory is seeking a head consultant to be fully responsible for the development of Stage 1 of the consultancy. The head consultant will bring together the necessary expertise for the successful implementation of the consultancy from a range of specialist areas. It is expected that, apart from a sound knowledge of the broad policy, behavioural change and young driver road safety issues, the education model to be developed will require input from disciplines such as psychology, sociology, education, curriculum development and market testing

It may also be helpful to draw upon experiences in other fields of behavioural change, such as health and industrial safety

This project will be funded by an NRMA ACT Road Safety Trust Grant and supported by the ACT Department of Education and Training

Closing date: 25 September 1997

Fee. \$25 00
