**GINNINDERRA CREEK UPGRADING
GIRALANG AND MCKELLAR**

**Preliminary Assessment Report:
Environmental Factors**

ACT Public Works and Services Group has prepared on behalf of the proponent, Department of Environment Land and Planning, Land Development Branch, a Preliminary Assessment Report on Environmental factors relating to the proposed deepening of the creek waterway under the two bridges located on (1) William Slim Drive Giralang/McKellar and (2) Baldwin Drive Giralang.

The Report outlines:

- description of the environment conditions;
- description of the region surrounding the project site;
- current land use policy and lease conditions of the site;
- potential impact of the project on the physical, human and non-human environment;
- potentially beneficial impacts;
- nature of the impacts and their significance;
- feasible alternatives and their significance; and
- Specific environmental safeguards and standards to be adopted.

The purpose of the Report is to invite public comment on the Preliminary Assessment in order to ensure that the proposed work satisfies community concerns.

Copies of the Report may be obtained free of charge from the Civic and Tuggeranong Shopfronts or from the Department of Environment Land and Planning Shopfront at the Sir John Overall Offices, 220 Northbourne Avenue, Braddon.

Written submissions should be forwarded by 13 April 1992 to:

The Chief Planner
ACT Planning Authority
