## **Building (Cost of Building Work) Declaration 2006**

Notifiable Instrument NI 2006—230

made under the

Building Regulation 2004, Section 10 (1) (a)

- 1. I revoke instrument Building (Cost of Building Work) Declaration 2004 (No 1) NI2004-330.
- 2. I declare that, subject to the following conditions, the attached schedule must be used under Regulation 10 (1) (a) of the *Building Regulation 2004* to calculate the estimated cost of the building work required as a part of an application for building approval under Section 26 (3) of the *Building Act 2004*.
- 3. In cases where an element of the building work does not fit within any category within this document, the cost of building work specified in a written contract, less Goods and Services Tax (GST), may be used for that component of the calculation. If there is no written contract, the cost nett of GST and determined and certified by a cost estimator or quantity surveyor may be used to determine the value.
- 4. If the ACT Construction Occupations Registrar is not satisfied that the cost set by a written contract or determined by a cost estimator or quantity surveyor is fair and reasonable, the value is an amount agreed to by the ACT Construction Occupations Registrar and the applicant, or, if no agreement is reached, an amount that the ACT Construction Occupations Registrar determines to be fair and reasonable.
- 5. The rates given do not include an allowance for any GST payable. GST will be added to the value of work for class 1, 2 & 10 buildings for the purposes of calculating the building levy and other fees.
- 6. This instrument will commence from 1 July 2006.

Craig Simmons ACT Construction Occupations Registrar
