Belconnen District Precinct Map and Code
Assessment Tracks

The following tables identify the additional prohibited development and additional merit track development for blocks and parcels shown in the Belconnen District Precinct Map (identified as PDn or MTn). Development that is exempt from requiring development approval, other prohibited development and the minimum assessment track applicable to each development proposal is set out in the relevant zone development table.

The following tables constitute part of the relevant zone development table.

Table 1 – Additional prohibited development

Introduction

Name
The name of this code is Belconnen District Precinct Code.

Application
The code applies to the District of Belconnen excluding land or blocks shown separately in Division Precinct Maps.

Purpose
This code provides additional planning, design and environmental controls for specific areas or blocks and may also contain references to provisions in other codes.

In conjunction with other relevant codes it will be used by the Authority to assess development applications and offer guidance to intending applicants in designing development proposals and preparing development applications.

Structure
This code contains additional rules and/or criteria for particular blocks or parcels identified as areas RCn on the precinct map, to be read in conjunction with the relevant development code. It may also contain sub-parts.

Each element has one or more rules and, unless the respective rule is mandatory, each rule has an associated criterion. Rules provide quantitative, or definitive, controls. By contrast, criteria are chiefly qualitative in nature.

In some instances rules are mandatory. Such rules are accompanied by the words “This is a mandatory requirement. There is no applicable criterion.” Non-compliance with a mandatory rule will result in the refusal of the development application. Conversely, the words “There is no applicable rule” is found where a criterion only is applicable.

Code hierarchy
Under the Planning and Development Act 2007, where more than one type of code applies to a development, the order of precedence if there is inconsistency of provisions between codes is: precinct code, development code and general code.

If more than one precinct code applies to the site, the most recent precinct code takes precedence to the extent of any inconsistency.

Definitions
Defined terms, references to legislation and other documents are italicised.

Definitions of terms used in this code are listed in part 13 of the Territory Plan or, for terms applicable only to this code, associated with the respective rule.

### Additional rules and criteria

This part applies to blocks and parcels identified in the Belconnen District Precinct Map (RCn). It should be read in conjunction with the relevant zone development code and related codes.

### RC1 – Lower Molonglo Water Quality Control Centre

Clearance zone

This part applies to blocks and parcels identified in area RC1 shown on the Belconnen District Precinct Map.

#### Element 1: Use

<table>
<thead>
<tr>
<th>Rules</th>
<th>Criteria</th>
</tr>
</thead>
</table>
| **1.1 Compatible uses** | C1 This criterion applies to RC1. Development is compatible with the treatment plant, subject to the objectives and controls in the relevant zone.  

**Note:** Appropriate compatible uses may include the following:  

- a) Ancillary use  
- b) Agriculture  
- c) Communications Facility  
- d) Land management facility  
- e) MAJOR UTILITY INSTALLATION  
- f) Minor use  
- g) Nature conservation area  
- h) Parkland  
- i) Road  
- j) Rural business  
- k) Scientific research establishment  
- l) Temporary use  
- m) Woodlot  

or other uses permitted under the relevant land use policy provided the uses do not provide for on-going habitation by people. |
**RC2 – Belconnen Landfill and Parkwood Egg Farm Clearance Zone**

This part applies to blocks and parcels identified in area RC2 shown on the Belconnen District Precinct Map.

**Element 2: Use**

<table>
<thead>
<tr>
<th>Rules</th>
<th>Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>2.1 COMMUNITY USE and RESIDENTIAL USE</strong></td>
<td></td>
</tr>
</tbody>
</table>
| R2 This rule applies to RC2. Development of the following uses is not permitted:  
   a) COMMUNITY USE  
   b) RESIDENTIAL USE | C2 This criterion applies to RC2. Development for RESIDENTIAL USE or COMMUNITY USE in this area will be restricted to prevent the environmental impacts of existing land uses, such as the spread of odours and wind-blown particulates, conflicting with more sensitive land uses. |
