# Childcare Standards Report

1 July 2009 – 30 June 2010

The *Children and Young People Act 2008* (s 775) requires the Chief Executive to publish a *Childcare Standards Report* each financial year about the compliance of licensed childcare services with the *ACT Childcare Services Standards*.

In accordance with section 775 (5) of the *Children and Young People Act 2008*, this report does not include information that –

- (a) identifies a person as a person who made a confidential report; or
- (b) would allow a person's identity as a person who made a confidential report to be worked out; or
- (c) identifies a child; or
- (d) would allow the identity of a child to be worked out; or
- (e) identifies a person as a childcare worker for a childcare service; or
- (f) would allow the identity of a person as a childcare worker for a childcare service to be worked out.

In accordance with section 777 of the *Children and Young People Act 2008*, if there is information about a licensed service being operated in a way that does not comply with an *ACT Childcare Services Standard*, the proprietor of the service has been served with a *Childcare Standards Report Notice* and given opportunity to make a written submission to the Chief Executive. Therefore, if information about a service's noncompliance is included in this report, a copy of the proprietor's submission has also been included in this report, if the proprietor has made a submission.

Childcare Standards Report  
2009 - 2010

Intention to Cancel or Cancellation Notices issued: No

Details of offences against Chapter 20, *Children and Young People Act 2008* (person found guilty or convicted): No

Proprietor Submission: Yes

In respect to **Standard 1.11**, ABC Developmental Learning Centres Limited's view is that the service took precautionary steps to ensure the well being of the child in question and a verbal notification was provided to the relevant parent. Staff directly caring for the child at the time did not associate the behaviour of the child to be consistent with a possible medical illness. As a result an illness notification was not completed at the time.

The staff member responsible for the care of the child did retain a written record of the situation in an effort to ensure effective communication to both parents of the child.

In respect to **Standard 1.62**, ABC Developmental Learning Centres Limited maintain that their policy and procedures are compliant with the legislation. Staff considered the child's individual needs while attempting to observe the principles of the *ACT Children and Young People Act 2008*. Staff continued to monitor the child closely for the remainder of the afternoon.
