

Electoral (Calculation of Prescribed Amount for Public Funding) Determination 2020 (No 1)

Notifiable instrument NI2020–298

made under the

Electoral Act 1992, s 207 (Entitlement to funds)

The prescribed amount for the period 1 July 2020 to 31 December 2020 is determined by the formula:

$$\frac{\mathbf{INM}}{\mathbf{INS}} \times \mathbf{P}$$

where :

INM is the index number* for the last preceding March quarter; and

INS is the index number* for the last preceding September quarter;

P is the prescribed amount in relation to the last preceding relevant period**.

* The index number, in relation to quarter, means the All Groups Consumer Price Index number, being the weighted average of the 8 capital cities, published by the Australian Statistician in respect of that quarter.

** The last preceding relevant period means the period of 6 months commencing on 1 January 2020.

I have determined that:

INM for the March 2020 quarter is 116.6;

INS for the September 2019 quarter is 115.4;

P in relation to the last preceding relevant period is 853.233 cents according to section 207(2) of the *Electoral Act 1992*.

The prescribed amount is therefore:

$$\frac{116.6}{115.4} \times 853.233 = 862.105 \text{ cents}$$

Thus, pursuant to section 207 of the *Electoral Act 1992*, I hereby determine the prescribed amount for the period 1 July 2020 to 31 December 2020 to be 862.105 cents.

Damian Cantwell AM
Electoral Commissioner
