- Applications for exemption from this Direction for an **affected person** who is not a **resident of the Australian Capital Territory** must be submitted not more than two weeks in advance of proposed travel to the Australian Capital Territory and no less than 72 hours in advance of the proposed travel date.

- It is highly unlikely that an exemption will be granted at the point of arrival in the Australian Capital Territory.
- Applications are prioritised according to travel date and those with long lead times are unlikely to be processed earlier than two weeks before travel, due to the possibility of changing border restrictions.
- Applications for exemption will only be granted in highly exceptional circumstances. Strict quarantine requirements may still apply even if an exemption to enter the Australian Capital Territory has been granted.
- Only the following exceptional circumstances will be considered for an exemption:
