1.0 INTRODUCTION

1.1 Outline of the process

Minor plan amendment 2024-I (MA2024-I) to the Territory Plan is minor plan amendment (MA) prepared under section 84 1) c) of the *Planning Act 2023* (the Planning Act).

Section 84 of the Planning Act outlines the different types of MAs, some which require limited consultation to be undertaken and some which require no consultation to be undertaken.

Under Section 85 of the Planning Act a MA can only be made where:

- any required limited consultation has taken place and the authority is satisfied that the content of the MA meets the requirements of the Planning Act
- if the MA is not inconsistent with the planning strategy or any relevant district strategy
- any comments received during the consultation period and from the National Capital Authority have been considered.

This MA does not require limited consultation to be undertaken under the *Planning Act 2023*.

The MA is not inconsistent with the planning strategy or any relevant district strategy. Further details of the changes are contained in section 2 of this document.

The National Capital Authority has received a copy of this MA.

- remove part of the future urban area overlay from land in the division of Amaroo and add ongoing provisions consistent with the approved estate development plan.

This section contains details of the proposed changes to be made to the Territory Plan.

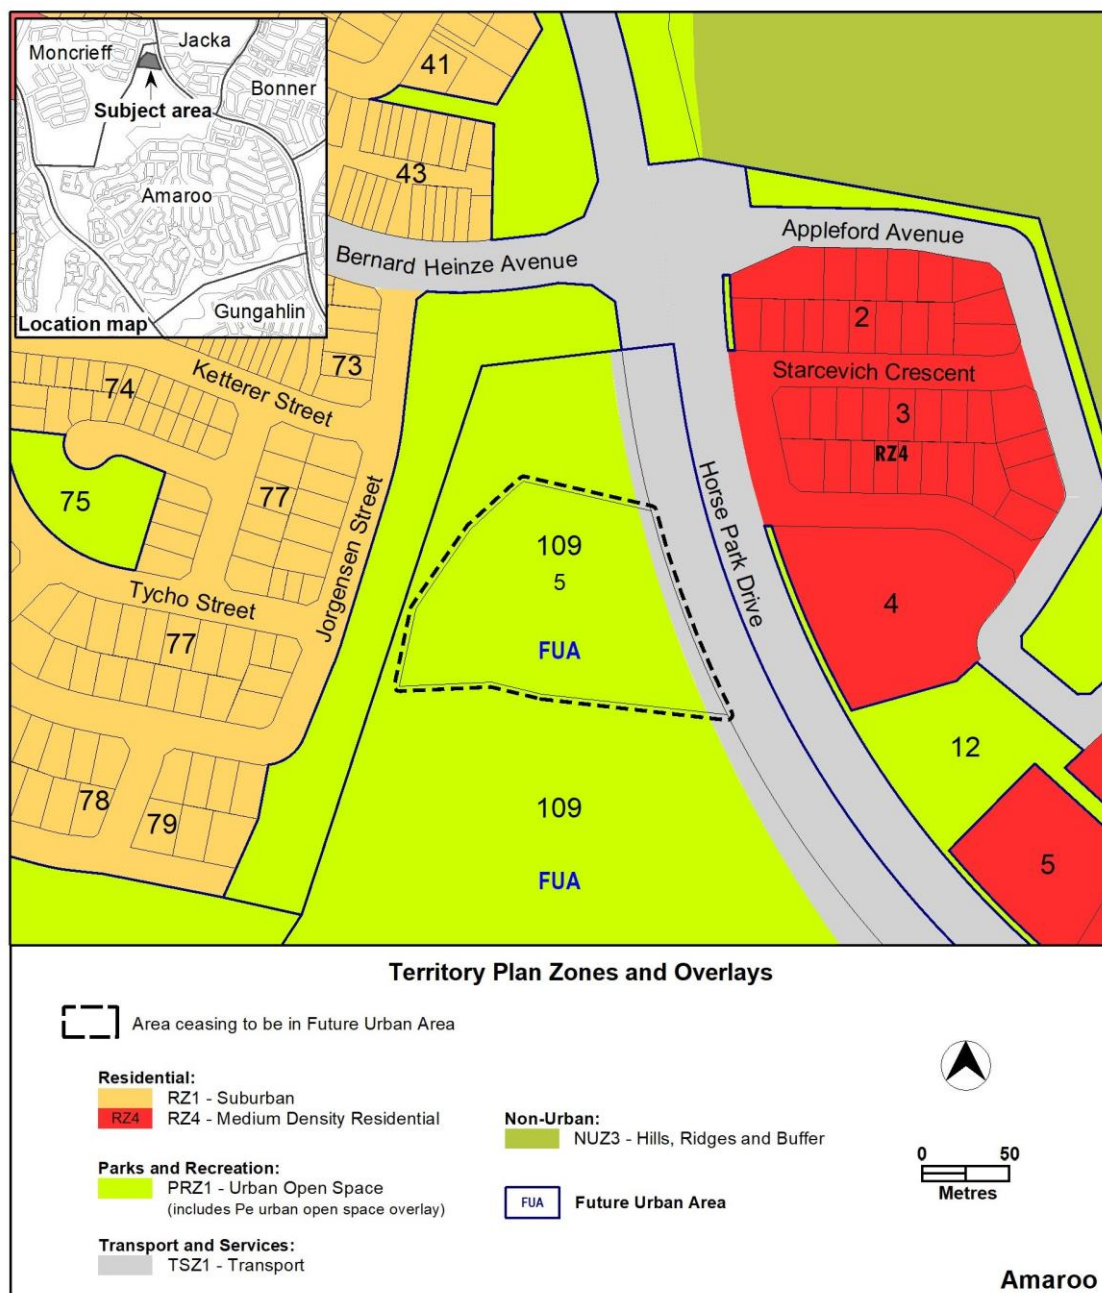

MA2024-I proposes changes to parts of the following Territory Plan documents:

- Part B - Territory Plan Maps

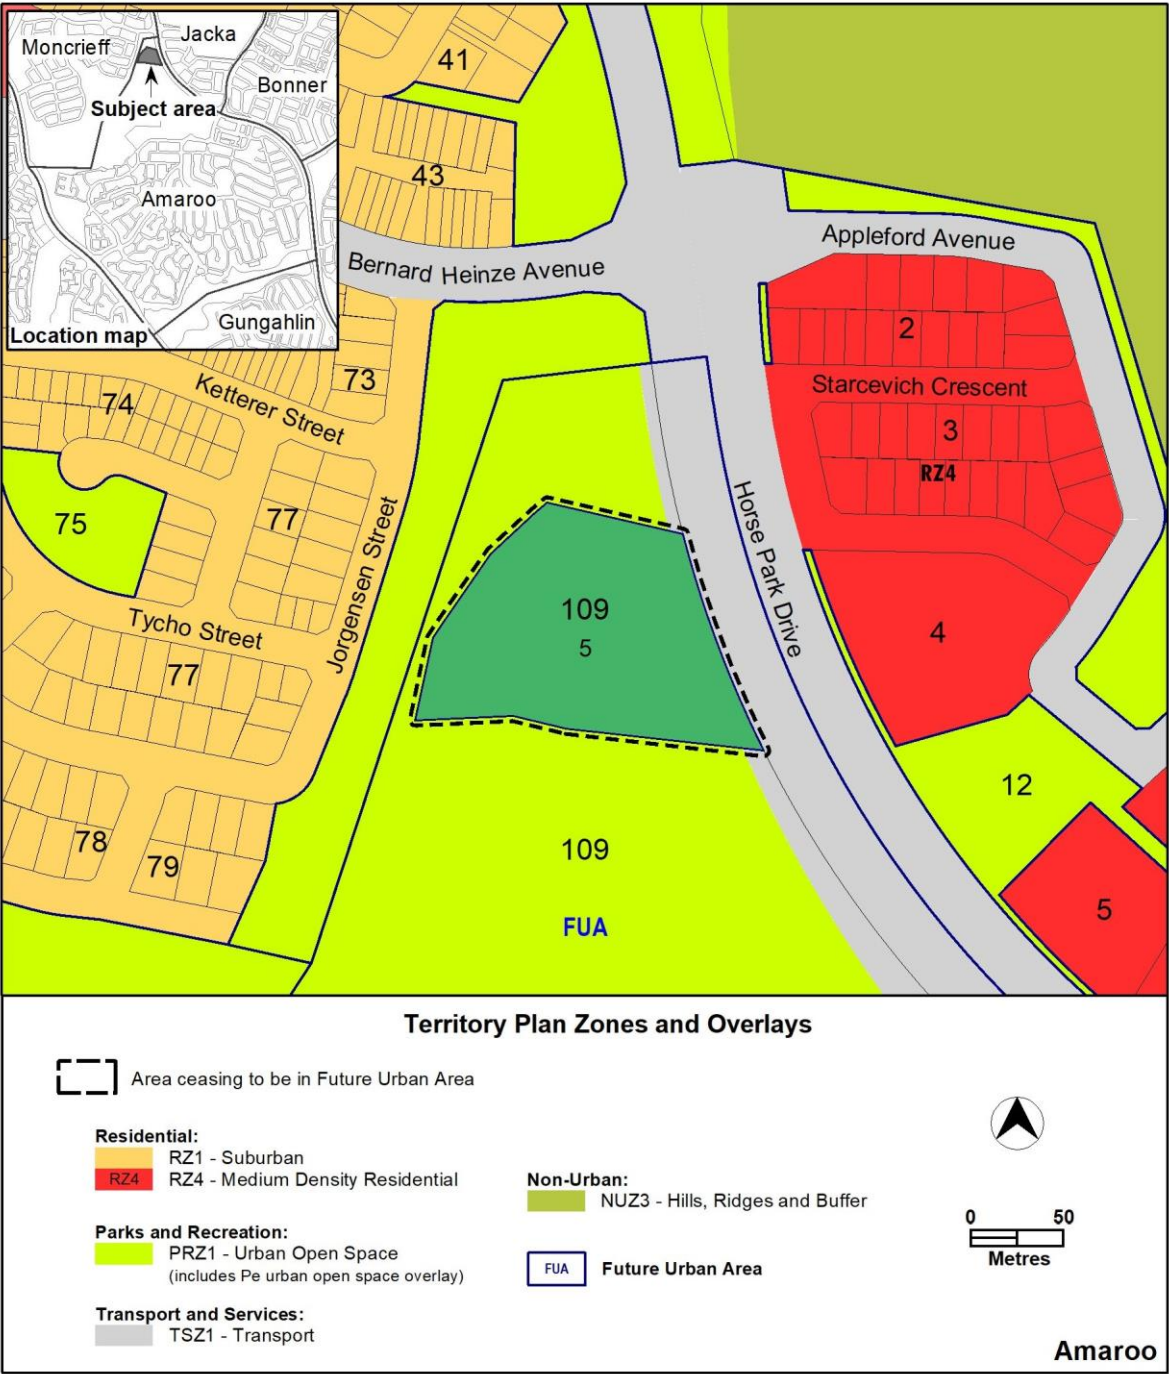

2.1 Part B – Territory Plan Maps

The Territory Plan map is varied to identify the zones and overlays that apply to land ceasing to be in a future urban area.

Amaroo – Existing Territory Plan map

Amaroo – Proposed Territory Plan map

3.0 Consequential changes to the Design Guides, Technical Specifications and Exempt Development Declarations.

As the Planning Technical Specifications do not form part of the Territory Plan, they cannot be amended through an MA process. However, the following changes are being made to the Gungahlin District Specifications to support the changes being undertaken as part of this MA:

1. Addition of one new figure to show ongoing provisions for the uplifted area.
2. Insertion of new provisions.
3. Updating figure numbers and references to figures to reflect the above changes.

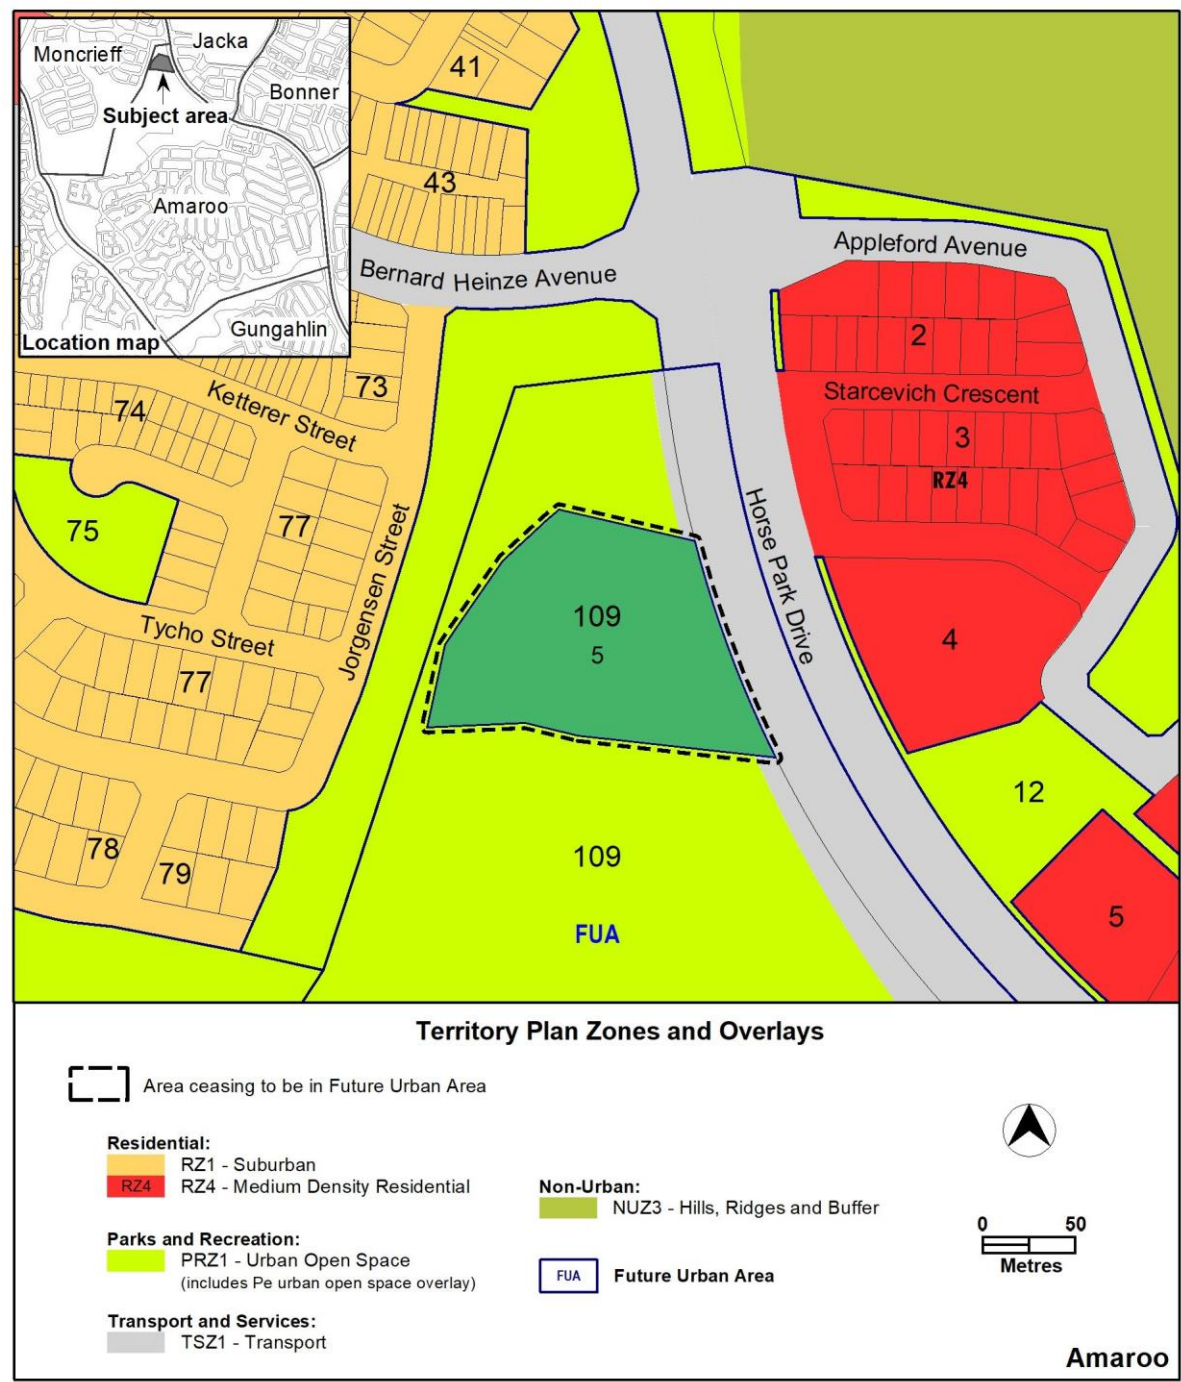

4.0 TERRITORY PLAN AMENDMENT INSTRUCTIONS

This section provides the legal instructions for how MA2024-I amends the Territory Plan.

1.0 Amaroo

The Territory Plan map is varied as indicated below.
