

# Financial Management (Performance Criteria) Amendment 2025 (No 3)\*

Notifiable instrument NI2025–344

UNDER SECTION 19D OF THE *FINANCIAL MANAGEMENT ACT 1996*

This statement outlines the reasons for amending performance criteria under Section 19D of the *Financial Management Act 1996* (FMA).

Section 19D of the FMA allows for the amendment by notifiable instrument of performance criteria for the Community Services Directorate. The performance criteria may be amended where the responsible Minister and Treasurer are satisfied that other performance criteria should be adopted for the provision of outputs by the Directorate.

**Instrument Amendment:**

Output Class and Output	Description of Performance Criteria	Targets		Action
		2024-25 Published Target	2024-25 Revised target	
1.4b Regulation, Assurance and Quality	Number of regulated service providers	740	4,750	Amend the annual target.

**Statement of Reasons:**

This Instrument proposes to amend the annual target for the Accountability Indicator: 1.4b Regulation, Assurance and Quality - Number of regulated service providers, to align the target with the updated definition of an “active provider” for the purpose of NDIS reporting which has resulted in a significant change in the number of reported NDIS providers in the ACT.

The definition of an “active provider” has been expanded to include all NDIS providers who have received a payment within the reporting period, as opposed to the previous definition which only included providers servicing participants who had their plan managed by the National Disability Insurance Agency.
